na straně druhé jako zhotovitel

(dále jako „zhotovitel“)

(objednatel a zhotovitel dále společně též jako „smluvní strany“ nebo každý samostatně též jako „smluvní strana“)

Smluvní strany se dohodly, v souladu s ustanovením čl. 19 Společná ustanovení odst. 19.3., na uzavření tohoto dodatku č. 5 ke smlouvě o dílo (dále jen „smlouva“) na realizaci akce „Dělostřelecká – decentralizace areálu“ uzavřené mezi výše uvedenými smluvními stranami dne 2. 9. 2024, ve znění dodatku č. 1, 2, 3 a 4. Tímto dodatkem č. 5 se smlouva mění následovně:

1) V článku 5 Cena za dílo, platební podmínky v odstavci 5.1. se stávající znění ruší a nahrazuje se novým zněním následovně:

5.1 Smluvní strany se dohodly na této celkové výši ceny za dílo:

- a. Cena bez DPH **71 145 692,95 Kč** (slovy: sedmdesát jedna milionů jedno sto čtyřicet pět tisíc šest set devadesát dva korun českých devadesát pět haléřů)
- b. DPH 21 % ve výši **14 940 595,52 Kč** (slovy: čtrnáct milionů devět set čtyřicet tisíc pět set devadesát pět korun českých padesát dva haléřů)
- c. Cena včetně DPH ve výši **86 086 288,47 Kč** (slovy: osmdesát šest milionů osmdesát šest tisíc dvě stě osmdesát osm korun českých čtyřicet sedm haléřů)

(dále též „**Cena za provedení díla**“);

2) Článek 20 Závěrečná ustanovení, odstavec 20.4. se doplňuje o:

Přílohu č. 6: Oznámení změny a změnový list č. 5 až 12 vč. rozpočtu a fotodokumentace.

Ostatní ustanovení smlouvy o dílo se dodatkem č. 5 nemění.

Dodatek č. 5 je vyhotoven v elektronické podobě v jednom vyhotovení v českém jazyce s elektronickými podpisy obou smluvních stran v souladu se zákonem č. 297/2016 Sb., o službách vytvářejících důvěru pro elektronické transakce, ve znění pozdějších předpisů.

Smluvní strany prohlašují, že dodatek č. 5 uzavírají po vzájemné dohodě, na základě jejich pravé a svobodné vůle, určitě, vážně a srozumitelně, a nikoliv v omylu. Smluvní strany si smlouvu přečetly a s jejím obsahem souhlasí a na důkaz toho připojují své podpisy.

Dodatek č. 5 nabývá platnosti dnem podpisu oběma smluvními stranami a účinnosti dnem uveřejnění v registru smluv v souladu s § 6 odst. 1 zákona č. 340/2015 Sb., o registru smluv. Zhotovitel bere na vědomí, že uveřejnění v tomto registru zajistí objednatel.

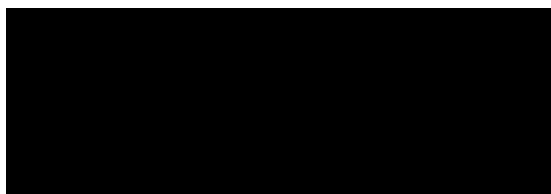

Za objednatele:

V Praze

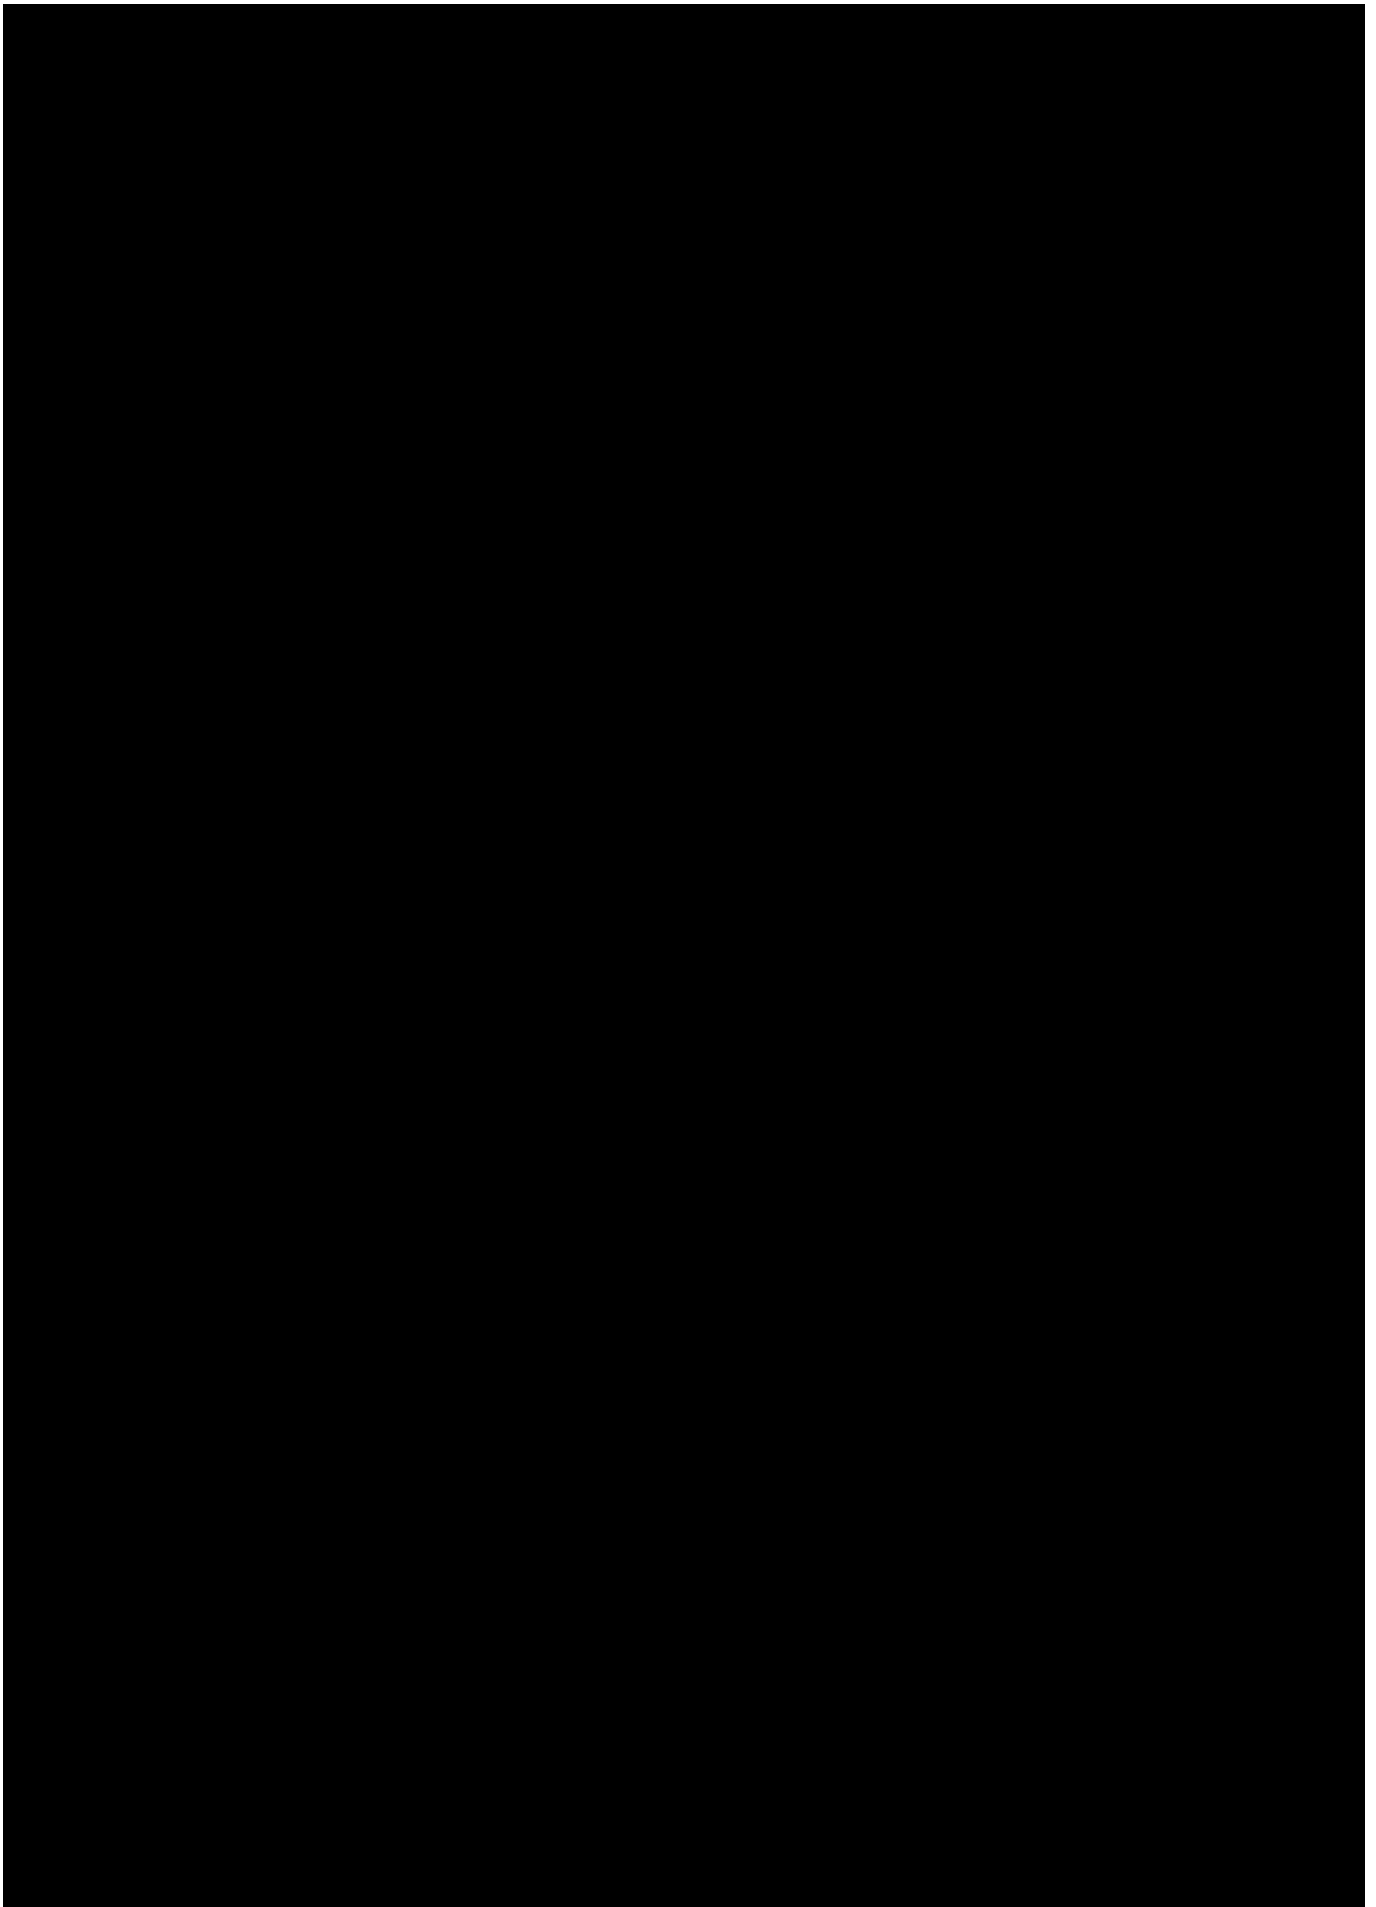

Ing. Martin Lehký
ředitel organizace

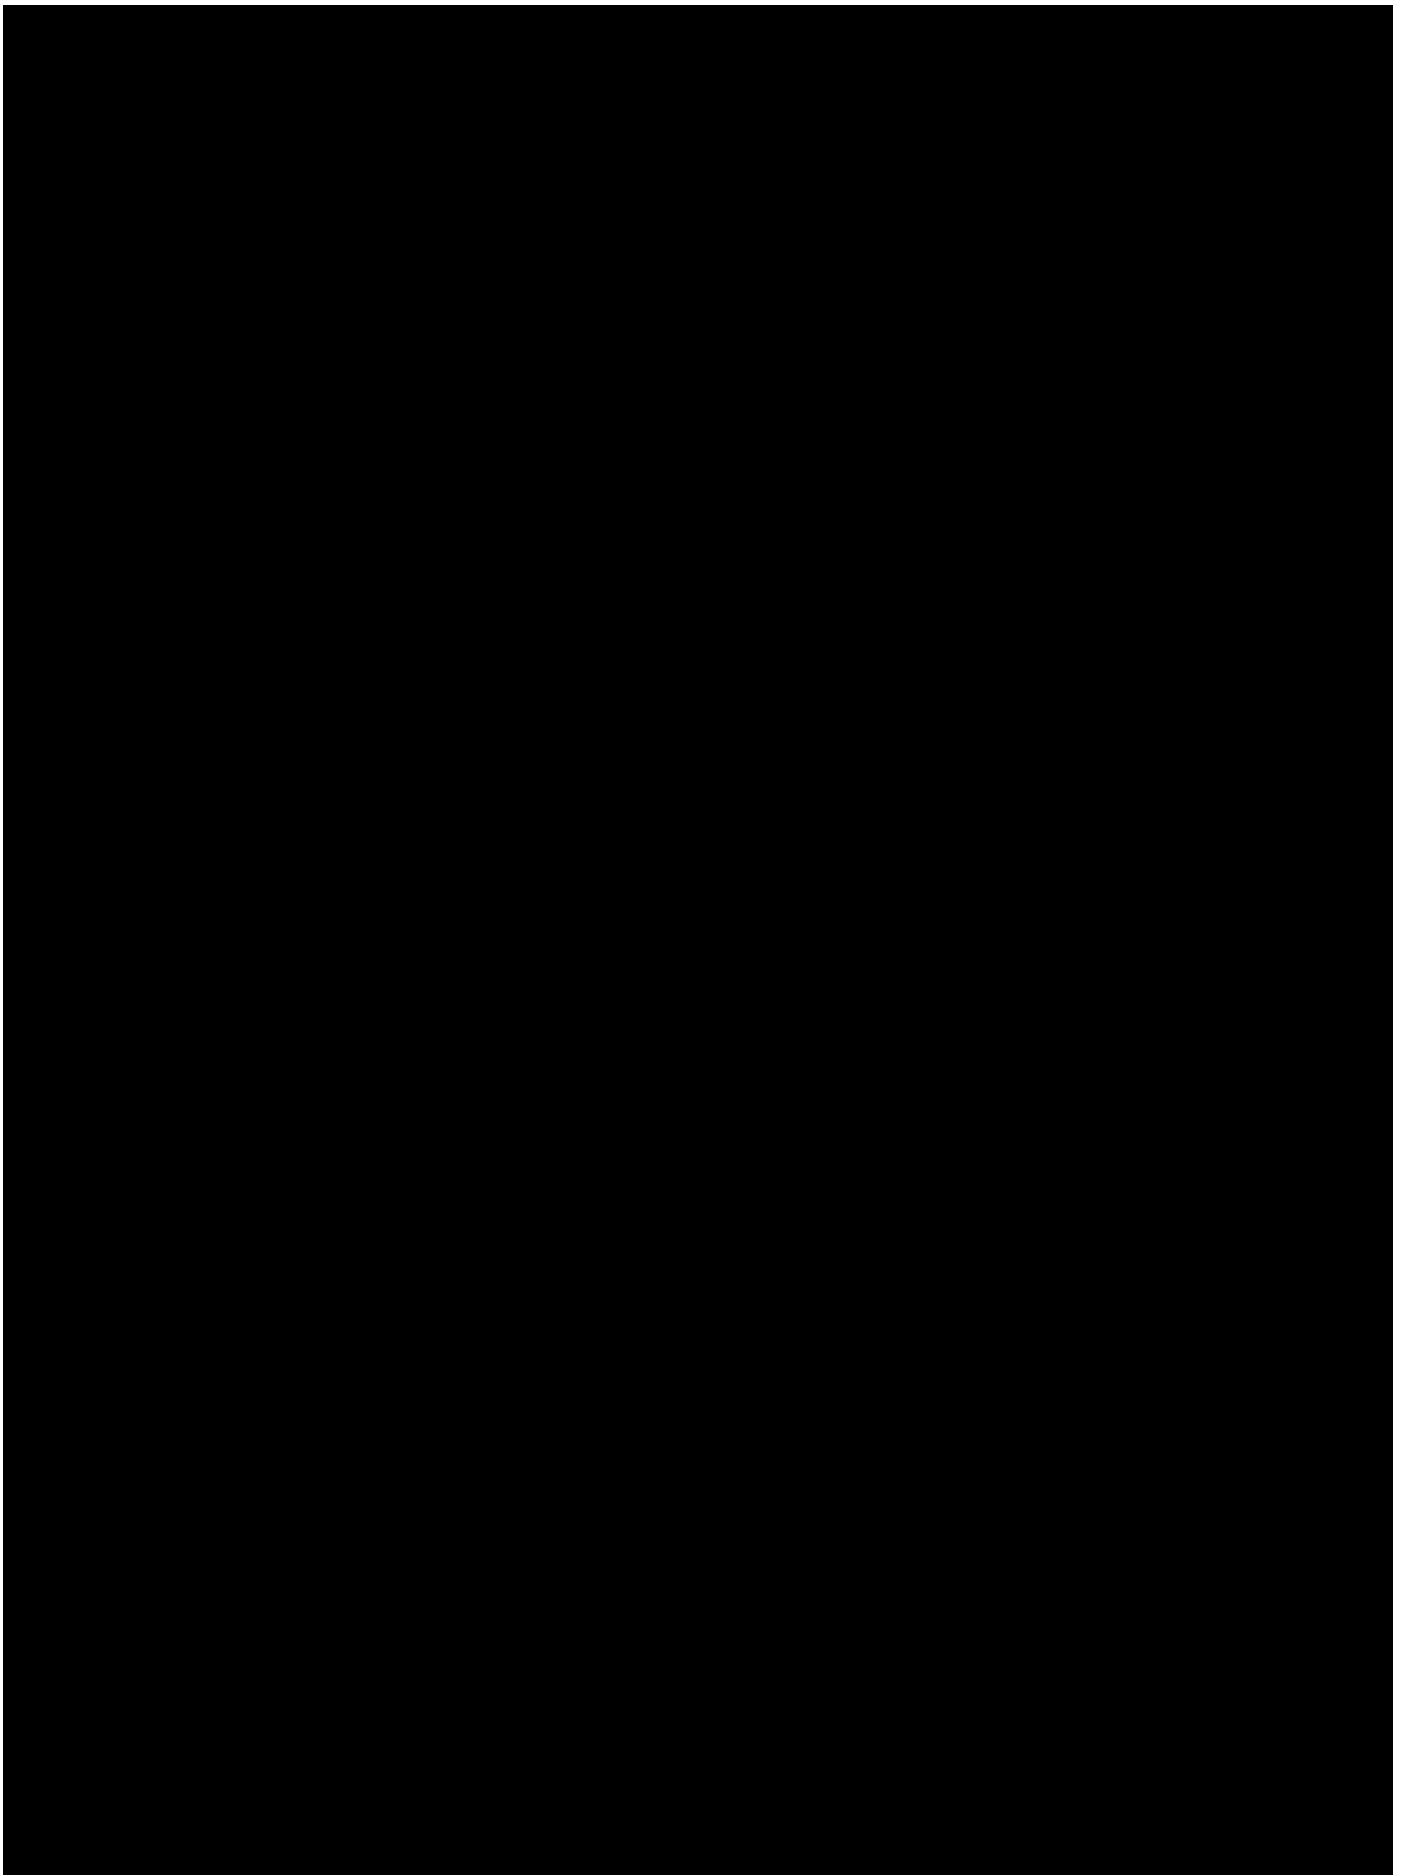

Za zhotovitele:

the 1990s, the number of people in the world who are under 15 years of age has increased by 1.5 billion, from 1.1 billion in 1980 to 2.6 billion in 1999. The number of people aged 15 years and over has increased by 1.1 billion, from 3.9 billion in 1980 to 5.0 billion in 1999.

There is a significant increase in the number of people in the world who are aged 15 years and over, but the increase is not as large as the increase in the number of people who are under 15 years of age. This is because the number of people who are aged 15 years and over has increased by 1.1 billion, while the number of people who are under 15 years of age has increased by 1.5 billion.

The increase in the number of people who are under 15 years of age is due to a combination of factors, including a high birth rate and a low death rate. The increase in the number of people who are aged 15 years and over is due to a combination of factors, including a high birth rate and a low death rate.

The increase in the number of people who are under 15 years of age is due to a combination of factors, including a high birth rate and a low death rate. REKAPITULACE

SOUPIS PRACI

the 1990s, the incidence of *S. flexneri* has increased in the United Kingdom [10]. In the United States, *S. flexneri* has been reported to be the most common serotype of *S. flexneri* isolated from children with acute colitis [11].

There is a paucity of data on the epidemiology of *S. flexneri* in the United Kingdom. In the 1980s, *S. flexneri* was the most commonly isolated serotype of *S. flexneri* from patients with acute colitis in the United Kingdom [12]. In the 1990s, *S. flexneri* was the most commonly isolated serotype of *S. flexneri* from patients with acute colitis in the United Kingdom [13].

The aim of this study was to determine the prevalence of *S. flexneri* in the United Kingdom. The study was designed to determine the prevalence of *S. flexneri* in the United Kingdom. The study was designed to determine the prevalence of *S. flexneri* in the United Kingdom.
