Quotation Automation Studio, Training

CORPORATE PHILOSOPHY

B&R is a leader in innovative automation and your trusted partner with expertise in a broad spectrum of industries. Our vision of *Perfection in Automation* promises complete solutions tailored to your specific needs with maximum flexibility and efficiency.

Renowned global players put their trust in B&R and benefit from lower costs and higher productivity with unparalleled precision, dynamics, safety and efficiency. We help our customers and their technologies achieve peak performance. From individual controllers for discrete and process manufacturing to comprehensive factory automation, our solutions cover the entire bandwidth.

Short feedback loops between R&D and production at our headquarters in Eggelsberg, Austria, ensure unrivaled quality. Seamless and automated quality control throughout the entire manufacturing process is our hallmark.

Our global presence is evidence of our commitment to customers all over the world. We provide training expertise and technical support wherever it is needed and in whatever language is needed.

Perfection in Automation has provided the foundation of our activities for more than 30 years. We are a strong and reliable partner for your automation needs – anywhere in the world.

1 Software

1.1 Automation Studio

Bill of Material

Pos	Qty	Title
-----	-----	-------

1.1.1	1 items
-------	---------

OTG:SWAS.SNG.00-01

The single license allows the use of Automation Studio by exactly one user for a period of one year.

The license is saved on a Technology Guard (dongle). This permits multiple users to share the right to use Automation Studio on different workstations by connecting the Technology Guard with the single license to the respective workstation computer. After one year, the license will automatically be extended an additional year and invoiced accordingly as long as the license has not been canceled before expiration. The Technology Guard 0TG1000.02 is included.
