C-No: 30630

Pos	article-no / description	qty.	price/unit EUR Q	Disc	Del.Date
1	VFK-005372 LUX_Focusing Chamber_Granite_2 1200 x 620 x 728 mm material: Impala hard stone accuracy 0.2 mm manufacture to drawing 00198407/00	1,00 pcs	3.363,00		11.09.2019

Material: Black, natural hard stone, South-African Impala.
Not stained, not oiled, in its original consistence. Original JFA product.

Working

The precision faces = top and bottom faces are finely worked. Accuracies according to the indications of the drawings.
All other faces are slightly polished. The edges are chamfered to supplier's tools.

With threaded inserts and cutouts with holes.

Number, positions and sizes according to the indications of the drawings.

All inserts are of inoxydable steel. The upper side of these inserts are placed approx. 0.5 mm lower to the topside of the faces in which they are fixed. Distance tolerance of inserts with thread: ± 0.2 mm.
