**Zdůvodnění nákupu:**

Jedná se o nepředvídatelný nákup. Cenové srovnání nebylo provedeno – objednávané produkty výrobce ThermoFisher jsou používány dlouhodobě s velmi dobrými zkušenostmi, jsou součástí laboratorních protokolů, které není možné měnit s ohledem na vysokou citlivost buněčných kultur (embryonální kmenové buňky) a probíhající experimenty. Pro zachování kontinuity výzkumu tedy požadujeme objednání uvedených produktů od firmy Life Technologies (člen skupiny ThermoFisher Scientific).
