Dear [REDACTED],

I refer to your communication with my colleague [REDACTED].

As far as I understand, the services provided under WO 3 are reduced and the service fee shall be lowered accordingly.

We do not necessarily need amendment to WO 3, however, we should have at least agreement through email on the following:

- how the services were reduced in comparison with the original extent of services under WO 3
- what will be the new price of the services under WO 3 (reflecting the reduced amount of services)

Once we agree on the above stated through email, the invoice can be issued.

Thank you in advance and kind regards,
