All sales subject to applicable local taxes.

country of acquisition

#### Information about this quotation

This quotation is provided in conjunction with the following conditions:

- Minimum order quantities apply, as described in the conditions of sale
- Quotations provided are valid until the date specified
- Customers shall remain responsible for all shipping and freight charges incurred by shipment. Any charges included within the quotation are for illustration purposes only and are subject to change
- In the event of any questions related to this quotation, please email us at [support@nanoporetech.com](mailto:support@nanoporetech.com)
- Pricing for consumables applies only to the products specified herein
- The tax and shipping figures shown are based on the information you provided and may be subject to change
- All orders placed are subject to the Oxford Nanopore's condition of sale and associated terms found [here](#)
- Quotations are priced in either USD(\$), GBP(£) or EUR(€)

#### Delivery information and shipping

Whilst shipping information varies dependent on your location, there are some uniform rules that can be applied to all deliveries

- All orders placed must have a defined ship schedule, for at least the first 90 days of the period of the contract
- Shipments associated with bulk orders should be split over the period of the contract and should be complete before expiry
- Any changes to shipping schedules must be communicated to Oxford Nanopore with a minimum notice period of 28 days. ONT accepts no responsibility for any losses caused by such changes inside of this period
- Orders received without ship schedules will have a shipping schedule defined for them by Oxford Nanopore, for which the above terms will apply to
- Our standard Inco Terms are DAP (Delivered At Place), although this can differ depending on destination country. Please contact us should you have any questions related to this
- We have three distribution hubs located in the UK, US, and Netherlands, from which your order will be fulfilled

Oxford Nanopore Technologies Ltd.  
Gosling Building, Edmund Halley Road, Oxford Science Park, Oxford, OX4 4DQ, UK
