**Subject:** : Prolongation Service Agreement EBP5000+ B045  
**Your reference:** Purchase order 019210054

Dear [REDACTED]

The EBP5 system with serial number B045 installed in your facility is covered under the "Software Only Service Agreement" with us. The current coverage period is expiring on 10 July 2020. We're pleased to offer you our proposal to continue the agreement for a new period. With this letter I'd like to inform you on the new applicable fee. Due to an increase in the labour cost the price is slightly increased.

The services will be provided as are stipulated in the Service Agreement SA-170202.1:

Period : 11 July 2020 – 10 July 2021  
Nominal Fee : EURO 21.432,00 (excl. VAT)  
Special discounted fee for ISI : EURO 15.002,00 (exc. VAT)

After receipt of your purchase order the invoice for the service agreement will be issued at the start of the new period.

I trust that I've been at your service with this information and hope that you will consider to continue the current service agreement. Feel free to contact me at your convenience in case you have any inquiries.

With best regards  
Raith B.V.

Bert Maes
