1. Introduction

This document provides the definitions of the terms used in the Agreement and sets forth an overview of the terms and abbreviations used between the PXs and DBAG in the context of the Agreement.

Section 2 contains the definitions of the capitalised terms used in the main text of the XBID-MSA and the XBID-DSAs.

Section 3 contains a glossary of the functional and technical terms that are used or intended to be used in the context of the XBID-project and the XBID ICT operations.

The definitions of Section 2 prevail over the descriptions in Section 3 except if explicitly provided otherwise in writing.

Capitalised terms used in the definitions of Section 2 but not defined in Section 2 have the meaning set forth in section 3.
