

<b>ZMĚNOVÝ LIST STAVBY</b>		číslo ZL: 09
Číslo projektu:	CZ.06.3.33/0.0/0.0/16_059/0004500	Datum: 22.10.2020
Název projektu:	Rekonstrukce zámku Moravský Krumlov	
Zhotovitel:	Společnost pro rekonstrukci zámku Moravský Krumlov	
Objednatel:	Město Moravský Krumlov	
Na základě oznámení zhotovitele o skutečnostech, které vyžadují provedení změny smluvní a projektové dokumentace, předkládáme tento změnový list. Změna se týká technického řešení díla s dopadem na jeho smluvní cenu.		
<b>Předmět změny:</b> SO 01-01-1 002_ZL09; SO 01-01-1 003_ZL09 – změny v souladu s rozhodnutími orgánu památkové péče.		
<b>Popis a zdůvodnění změny:</b> 1) <u>SO 01-01-1 002_ZL09 - Věž - část nad římsou - restaurátorské práce</u> Bude vybourán původní nalezený otvor v 8.NP v objektu věže. Následně budou vyrobeny výplně otvoru v renesančním stylu a práce s tím související (restaurování kamenných prvků související s otevřením otvoru, repliky renesančního kování apod.). Dále budou provedeny restaurátorské práce na zlacení malé a velké bání.  2) <u>SO 01-01-1 003_ZL09 - Věž - statika</u> Dle aktualizované projektové dokumentace vypracované Ing. Ladislavem Hurytou bude provedeno stáhnutí táhel dle upraveného návrhu. Dále bude provedena doplňková injektáž v 2. a 3. NP. Následně budou provedeny zkušební injektáže i ve vyšších podlažích.		

Veškeré vykonané práce budou splňovat podmínky smlouvy o dílo a budou provedeny ve stejné kvalitě co do jakosti materiálů, provedení apod. tak, jak požaduje nebo předpokládá dokumentace zakázky pro celé dílo.

[The following text is completely obscured by a large black redaction box.]

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial data. This includes not only sales and purchases but also expenses and income. The document provides a detailed list of items that should be tracked, such as inventory levels, employee salaries, and utility bills. It also outlines the procedures for recording these transactions, including the use of double-entry bookkeeping to ensure that the books balance.

The second part of the document focuses on the analysis of the recorded data. It explains how to calculate key financial ratios and metrics, such as the gross profit margin and the current ratio. These calculations are essential for understanding the company's financial health and performance. The document also discusses the importance of comparing the company's results to industry benchmarks and historical data to identify trends and areas for improvement.

The final part of the document provides a summary of the findings and offers recommendations for future actions. It suggests that regular reviews of the financial records are necessary to stay on top of the company's financial situation and to make informed decisions about its future. The document concludes by emphasizing the value of accurate financial reporting and the role of the accounting department in providing reliable information to management and stakeholders.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial data. This includes not only sales and purchases but also expenses and income. The document provides a detailed list of items that should be tracked, such as inventory levels, employee salaries, and utility bills. It also outlines the proper procedures for recording these transactions, including the use of double-entry bookkeeping and the importance of regular reconciliations.

The second part of the document focuses on the analysis of the recorded data. It explains how to calculate key financial ratios and metrics, such as the gross profit margin and the current ratio. These calculations are essential for understanding the company's financial health and identifying areas for improvement. The document also discusses the importance of comparing the company's performance against industry benchmarks and providing a clear explanation of the reasons for any variances.

The final part of the document provides a summary of the findings and offers recommendations for future actions. It stresses the need for ongoing monitoring and reporting to ensure that the company remains on track with its financial goals. The document concludes by reiterating the importance of transparency and accuracy in financial reporting and encourages the company to continue to refine its processes and improve its overall financial performance.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every receipt, invoice, and bill should be properly filed and indexed for easy retrieval. This not only helps in tracking expenses but also ensures compliance with tax regulations.

Next, the document outlines the various methods used to collect and analyze data. It mentions the use of surveys, interviews, and focus groups to gather qualitative information. Additionally, it highlights the importance of using statistical tools to analyze quantitative data, such as regression analysis and correlation coefficients.

The document also touches upon the ethical considerations of research. It stresses the need for transparency in reporting results and the importance of obtaining informed consent from participants. Furthermore, it discusses the potential biases that can arise in data collection and how to mitigate them through rigorous methodology.

In conclusion, the document provides a comprehensive overview of the research process, from data collection to analysis and reporting. It serves as a valuable resource for anyone looking to improve their research skills and produce high-quality, reliable results.

the 1990s, the number of people in the UK who are employed in the public sector has increased from 10.5 million to 12.5 million, and the number of people in the public sector who are employed in health care has increased from 2.5 million to 3.5 million (Department of Health 2000).

There are a number of reasons why the public sector has expanded. One reason is that the population of the UK has increased, and the population is ageing. Another reason is that the government has increased its spending on health care. A third reason is that the private sector has not been able to meet the demand for health care services.

The expansion of the public sector has led to a number of challenges for the health care system. One challenge is that the public sector has become more expensive. Another challenge is that the public sector has become more bureaucratic. A third challenge is that the public sector has become more fragmented.

There are a number of ways in which the health care system can be reformed. One way is to reduce the size of the public sector. Another way is to increase the efficiency of the public sector. A third way is to increase the competition between the public and private sectors.

The health care system is a complex system, and there are a number of ways in which it can be reformed. The government has a responsibility to ensure that the health care system is able to meet the needs of the population. It is important that the government continues to work on reforming the health care system.

The health care system is a complex system, and there are a number of ways in which it can be reformed. The government has a responsibility to ensure that the health care system is able to meet the needs of the population. It is important that the government continues to work on reforming the health care system.

The first part of the document discusses the importance of maintaining accurate records in a business setting. It highlights how proper record-keeping can help in decision-making, legal compliance, and financial management. The text emphasizes that records should be organized, up-to-date, and easily accessible.

Next, the document addresses the challenges of data management in the digital age. It notes that while digital storage offers convenience, it also introduces risks such as data loss, security breaches, and information overload. Solutions like cloud storage, encryption, and regular backups are suggested to mitigate these risks.

The third section focuses on the role of technology in streamlining business processes. It describes how automation and software solutions can reduce manual errors, save time, and improve overall efficiency. Examples include using accounting software for invoicing and project management tools for task delegation.

Finally, the document concludes by stressing the importance of employee training and awareness. It suggests that regular training sessions can help employees understand the correct use of technology and the importance of data security. A culture of continuous learning and improvement is encouraged to keep the organization competitive in a rapidly changing market.
