Order form

Date: 21.4. 2021

Order over 50,000CZK without VAT

We order satellite data from the Planet satellite systém (<https://www.planet.com/>) for the territory of the Czech Republic. Part of the data provision is the establishment of web access to the source data of the PlanetScope systém for the Area of Interest (AOI) covering the territory of the Czech Republic with a size of 78,865 km². Data are acquired with a daily periodicity in the spatial resolution of 4.7 m and in 5 Bands (R, G, B, NIR, RedEdge) - PlanetScope Seasonal Basemap Download for Government. The delivery will include 3 mosaics of the whole Czech Republic for the period selected by the user. The downloaded data are subject to license agreements according to the attached invoice.

Deadline for performance: 1.8. 2021

Estimated prices: xxx EUR without VAT

The Supplier agrees to the publication of this order pursuant to Act No. 340/2015 Coll., On Special Conditions for the Effectiveness of Certain Contracts, publication of these contracts and the register of contracts (Act on the Register of Contracts).

Responsible person: xxxx | Phone number. xxx
