Dear Sir,

I'm the new manager of the drug information center. On 20 September our hospital approved Your proposed contract and asked us to send the Micromedex charge to You. However, my associate did not do so. Please send us Your acceptance so that we can publish the order in our hospital's Contract Register.

Thank You for Your patience and once again I am very sorry for this misunderstanding.

Sincerely and respectfully, yy

In case of any questions I will be happy to answer everything.
