2.4. TSO Communications

2.4.1. TSOs' messages for the extension of the Nomination deadlines

This section describes the messages that could be sent by the Core TSOs to their Market Participants and stakeholders. The exact target group of the messages and the necessity for these messages depend on local market rules and can differ from one Core TSO to another.

The code and title of the Core TSO communications will remain the same as the linked NEMO communications.
