2. Předmět dodatku

Předmětem dodatku č. 1 Smlouvy o dílo uzavřené dne 20.12.2021 na akci „Polánka – Inženýrské sítě pro 19 rodinných domků, ulice Za hřištěm – II. a III. etapa“, je změna čl. 5 Cena díla z důvodu víceprací a méněprací vzniklých v průběhu realizace díla. Soupis víceprací a méněprací je uveden ve Změnovém listu, který je přílohou tohoto dodatku.

3. Cena díla

3.1 Cena stavebních prací (díla) dle původní Smlouvy o dílo činí:

Cena díla dle původní SoD bez DPH	8.483.300,00 Kč
Cena víceprací dle Dodatku č. 1 bez DPH	687 382,98 Kč
Cena méněprací dle Dodatku č. 1 bez DPH	502 402,78 Kč
Cena díla dle Dodatku č. 1 bez DPH	8 668 280,20 Kč
DPH 21 %	1 820 338,84 Kč
Celková cena díla dle Dodatku č. 1 včetně DPH	10 488 619,04 Kč

3.2 Cena dodatku č. 1 ruší a nahrazuje cenu díla dle původní smlouvy o dílo.

4. Zvláštní a závěrečná ustanovení

4.1 Ostatní ujednání smlouvy se nemění.

4.2 Tento dodatek je sepsán ve dvou vyhotoveních s platností originálu. Každá smluvní strana obdrží jedno vyhotovení.

5.3 Nedílnou součástí tohoto dodatku jsou přílohy – Změnový list se soupisem víceprací a méněprací.

5.4 Tento Dodatek č. 1 byl projednán a schválen nadpoloviční většinou hlasů všech členů Zastupitelstva města Moravský Krumlov na jeho 29. zasedání konaném dne 20.6.2022.

the first two years of the study. The mean number of children per household was 2.5.

The study was approved by the ethics committee of the University of Groningen. The study was conducted in accordance with the Declaration of Helsinki.

RESULTS

Study population

The study population consisted of 1,000 children and their parents, living in 200 households.

The children were aged 12 months at the start of the study and were followed up for 2 years.

The parents were interviewed at the start of the study and at 12 months and 24 months.

The children were assessed at the start of the study and at 12 months and 24 months.

Study design

The study was a longitudinal study, following up the children and their parents over time.

The children were assessed at the start of the study and at 12 months and 24 months.

The parents were interviewed at the start of the study and at 12 months and 24 months.

Measures

The children were assessed using the Bayley Scales of Infant Development (BSID-II).

The parents were interviewed using the Parenting Stress Scale (PSS).

The children were assessed using the Bayley Scales of Infant Development (BSID-II).

The parents were interviewed using the Parenting Stress Scale (PSS).

Results

The mean age of the children at the start of the study was 12 months.

The mean age of the children at 12 months was 18 months.

The mean age of the children at 24 months was 24 months.

The mean score on the BSID-II at the start of the study was 100.

The mean score on the BSID-II at 12 months was 100.

The mean score on the BSID-II at 24 months was 100.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial data. This includes not only sales and purchases but also expenses and income. The text suggests that a systematic approach to record-keeping is essential for identifying trends and making informed decisions.

Next, the document addresses the issue of budgeting. It explains that a well-defined budget is a critical tool for managing resources and preventing overspending. The author provides a step-by-step guide to creating a budget, starting with identifying fixed and variable costs. It also discusses the importance of regularly reviewing and adjusting the budget to reflect changes in circumstances.

The third section focuses on the role of technology in modern accounting. It highlights how software solutions can streamline processes, reduce errors, and provide real-time insights into financial performance. The text mentions various types of accounting software and offers advice on how to choose the right one for a business's needs.

Finally, the document touches upon the importance of staying up-to-date with the latest accounting regulations and standards. It notes that the tax and financial reporting environment is constantly evolving, and businesses must adapt accordingly to avoid penalties and ensure compliance. The author recommends consulting with a professional accountant for guidance on these matters.
