A site license allows the use of
Automation Studio by any number of
users at a single company location.
The users must be employed at the
respective company site but can use
Automation Studio regardless of their
location (internationally active
service technicians, for example).

Licensing takes place via activation
over the Internet.
After one year, the license will
automatically be extended an
additional year and invoiced
accordingly as long as the license has
not been canceled before expiration.
