Due to the high volatility on the procurement markets, the currently offered price/delivery date is subject to any necessary price/delivery date adjustment.
In these cases we will contact you as soon as possible.

For delivery dates beyond December 31, 2022, we only confirm all dates conditionally, as we have not received any price stability promises from the manufacturer.
For delivery dates requested after December 31, 2022, it is highly likely that the manufacturer will increase the price. We reserve the right to increase the prices for your order accordingly.

Our shipments are subject to the General Terms of Delivery issued by the Austrian Electrical and Electronics Industry Association in the currently valid version. We reject the conditions of purchasing mentioned in your company's order explicitly.
