

Hi Daniel,

The current price of a 25 litre keg of Brulin **AquaVantage 1990GD** detergent is £198.75 each.

18 kegs is £3,577.50 BP Sterling

The total carriage charge for this pallet up to 500Kg Gross Weight is £236.50 BP Sterling  
This would include export customs entry.

It is possible to pack up to 24 kegs onto a Euro Pallet.

If you wish to purchase more kegs we can give you the price adjustment for the carriage.  
It is important that the number of kegs is an even number to ensure even packing and pallet wrapping.

Please let us know if you need any further information.

Kind regards,

Lawrie Baggs
