

# Refinitiv – 2020 Price Increase

## Products and Services

All price changes take effect from 1st January 2020 or your first invoice in 2020. To avoid complexity standard rounding is applied to determine the final 2020 price. Pricing for products and services **will be increased by 3.5%** unless listed below. Pricing for add-ons will increase by the percentage specified for the relevant underlying product or service unless listed below.

A. The list price for the following products and services **will not be changed** (however pricing may change under section B).

Advanced Mortgage Analytics  
CIS Commodities Insight, Russian Petrol Investor, Caspian Investor  
Datascope Solutions Systems Support  
Delivery and Communication Fees
