Hi David,

Can you confirm if this is acceptable?

Thank you,

Joel

Hi David,

Can you tell me what number on the order document is the formal PO# that I need to reference?

Thank you,

[REDACTED]

Wonderful, David.

Many thanks!

I will take care of this straight away, and work on the license as well.

Best,,

Many thanks, David.

You may want to let the internal people know that the offer is time-sensitive. We have to record the order by the 31st of this month to retain the legacy product.

I'm here to assist if you need anything from this end.

Hi Joel,
thank you for the offer. I submit an offer for internal approval. Once approved, I'll send you an order.

Best

David

Hi David,

I hope you are well.

Yes, the existing network license will accommodate 5 users, which is a legacy product that's no longer offered (the minimum for network licenses is now 20 seats). However, so long as the license is renewed this month we will allow your organization to retain the 5 seat license.

I've attached a formal discounted quote.

Many thanks for considering!

Best,

Hello

Can you send me a renewal quote for next year?

I have a question: For how many users is an existing license? I have a request to access the app for 5 people.

Thank you

Best

David

Hello Milan,

I hope that this finds you well.

This is a quick note to let you know that the TreeAge License will expire this month.

Would you like me to issue a renewal quote?

Best,
