Information about this quotation

This quotation is provided in conjunction with the following conditions:

- Minimum order quantities apply, as described in the conditions of sale
- Quotations provided are valid until the date specified
- Customers shall remain responsible for all shipping and freight charges incurred by shipment. Any charges included within the quotation are for illustration purposes only and are subject to change
- In the event of any questions related to this quotation, please email us at support@nanoporetech.com
- Pricing for consumables applies only to the products specified herein
- The tax and shipping figures shown are based on the information you provided and may be subject to change
- Quotations are priced in either USD(\$), GBP(£) or EUR(€)

By submitting an order, Customer accepts and agrees that the Terms and Conditions and policies displayed on https://nanoporetech.com/commercial_information is the sole and exclusive agreement between Customer and Oxford Nanopore Technologies with respect to the Oxford Nanopore Technologies products and/or services as described above and accepts all other terms of this quotation. Any additional or different terms, provisions or conditions proposed by the Customer in any current or future purchase order, invoice, acknowledgment, acceptance or other business form that the parties may use in connection with the current or future orders for the purchase of the products and/or services will have no effect on the rights, duties or obligations of the parties under, or otherwise modify, these Terms and Conditions and policies, regardless of any failure of Oxford Nanopore Technologies to object to such (further) terms, provisions or conditions. Notice of objection to them is hereby given and any such proposed terms, provisions and conditions shall be void.

Notwithstanding the foregoing, if Oxford Nanopore Technologies and Customer have entered into a valid and enforceable agreement governing the Oxford Nanopore Technologies products and/or services described above ("the agreement"), the order of precedence between the agreement and the terms and conditions shall be as follows: in the event of a conflict between the terms of the agreement and the Terms and Conditions, or if the agreement includes additional terms not addressed in the Terms and Conditions, the agreement shall govern with respect to such terms.

Delivery information and shipping

Whilst shipping information varies dependent on your location, there are some uniform rules that can be applied to all deliveries

- All orders placed must have a defined ship schedule, for at least the first 90 days of the period of the contract
- Shipments associated with bulk orders should be split over the period of the contract and should be complete before expiry
- Any changes to shipping schedules must be communicated to Oxford Nanopore with a minimum notice period of 28 days. ONT accepts no responsibility for any losses caused by such changes inside of this period
- Orders received without ship schedules will have a shipping schedule defined for them by Oxford Nanopore, for which the above terms will apply to
- Our standard Incoterms are DAP (Delivered At Place), although this can differ depending on destination country. Please contact us should you have any questions related to this
- We have three distribution hubs located in the UK, US, and Netherlands, from which your order will be fulfilled

Early access declaration

By accepting this quotation, you agree that:

- You are able to receive an early access device and understand this will have passed internal safety testing but will not be fully CE certified. You understand that Oxford Nanopore will either provide a CE certified device or other relevant labelling/documentation for any existing device once the CE certification process is complete. The CE certification process is expected to complete in late 2022 (subject to change).*
- Early access programs can include delivery of free trial consumables. You agree that you can receive free materials.*
- You have samples that are ready to sequence before your P2 will arrive in the provided timelines and would like an Oxford Nanopore account manager to get in touch to discuss ways to complete your project earlier.
