30 LET SPOLUPRÁCE

An advertisement for Microblot-Array (MBA) technology. On the left, there is a logo with the letters "B" and "G" in a blue box, followed by "MBA" in a white box. Below the logo, the text reads: "Budoucnost patří multiplexu." in a large, bold font, followed by "Poznejte Microblot-Array." and "Multiplexní imunoblot v mikrotitrační jamce." in a smaller font. On the right side of the advertisement, there is a stylized graphic of a DNA double helix and several circular icons representing microblot arrays, each containing a grid of dots.
