

## Specification

### Screen Parameter

|    |                     |                       |
|----|---------------------|-----------------------|
| 1  | Panel size          | <b>55"</b>            |
| 2  | Display Ratio       | 16:9                  |
| 3  | Display area(mm)    | 1210×680mm            |
| 4  | Resolution          | <b>1920×1080</b>      |
| 5  | Display color       | 16.7M                 |
| 6  | Brightness (nits)   | 350cd/m2              |
| 7  | Contrast            | 4000:1                |
| 8  | Visual angle        | 178°/178°             |
| 9  | Response time       | 4ms                   |
| 10 | Backlight           | <b>LED</b>            |
| 11 | Touch Point         | <b>IR touch</b>       |
| 12 | CPU                 | <b>I5</b>             |
| 13 | RAM                 | <b>4GB</b>            |
| 14 | Flash storage       | <b>128GB</b>          |
| 15 | Operating System    | <b>Window 10</b>      |
| 16 | LAN                 | 1                     |
| 17 | HDMI                | 1                     |
| 18 | VGA                 | 1                     |
| 19 | L/R audio output    | 1 ( PH3.5MM×2)        |
| 20 | Speaker             | 2×5W(8Ω)              |
| 21 | Color system        | PAL/NTSC/SECAM        |
| 22 | Remote controller   | Special               |
| 23 | USB                 | 2 (USB2.0 interface)  |
| 24 | SD or TF CARD       | 1                     |
| 25 | Menu language       | Chinese/English/Other |
| 26 | AC Input            | AC100~240V            |
| 27 | Life(hrs)           | ≥50,000(hrs)          |
| 28 | Working temperature | 0℃~50℃                |
| 29 | Working humidity    | 15-75%                |
| 30 | Storage temperature | -20℃~60℃              |
| 31 | Storage humidity    | 10%-90%               |
| 32 | Body dimension(mm)  | 1900X778X457mm        |
| 33 | Body color          | <b>Black</b>          |
| 34 | Panel material      | Metal case SPCC       |
| 35 | Installation        | <b>Floor-standing</b> |
