In consideration of the mutual promises contained herein and other good and valuable considerations, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

## 1. Representation, Subject of the Agreement, Content of Licensed Materials; Grant of License

- 1.1 **Representation.** The Distributor hereby represents and warrants that it has all the authority, competence and license to grant a license to the Licensed Materials to the Licensee as defined in this Agreement. Where the performance of the Distributor's obligation depends on the activity and/or cooperation of the Publisher, the Distributor shall ensure and is liable for any violation of the rights and/or obligations stipulated herein as a result of the activity or inactivity of the Publisher and this can serve as a reason for termination of this Agreement pursuant to Section 11.
- 1.2 **Subject of the Agreement.** The subject of this Agreement is to define the conditions of cooperation and the rights and duties of the Parties while providing the Licensed Materials to the Licensee and the Participating Institutions as defined in this Agreement.
- 1.3 **Licensed Materials.** The materials that are the subject of this Agreement are set forth in Appendix A ("**Licensed Materials**").
- 1.4 **Grant of License.** The Distributor hereby grants to the Licensee a non-exclusive, non-transferable (except the following sublicenses or other corresponding authorization), system-wide perpetual right (where applicable according to Appendix A), or if perpetual is not objectively possible under applicable law then to the maximum extent permissible under applicable law (regardless whether in form of a license or a sublicense), to use the Licensed Materials pursuant to this Agreement, limited to the territory of the Czech Republic. The Licensee is entitled to grant the sublicenses or any other corresponding authorization to the Participating Institutions in order to provide the Licensed Materials to the Authorized Users (as defined in Section 4.1 of this Agreement) of the Participating Institutions in accordance with the terms of this Agreement.
- 1.5 **Ownership of Intellectual Property.** Nothing in this Agreement shall be construed, interpreted or understood to transfer of ownership of any copyright, trademarks, service marks or any other intellectual property from the Publisher, the Distributor or its suppliers to the Licensee or the Authorized Users.

## 2. Delivery & Access

- 2.1 The Distributor will provide the Participating Institutions with access to and rights to use the Licensed Materials as agreed in this Agreement, particularly in the following manner:

Network Access. The Licensed Materials will be stored at one or more of the Publisher's locations in digital form accessible by telecommunication links between such locations and authorized locations of the Licensee and the Participating Institutions.

## 3. Fees

- 3.1 **Fees and Payment.** The Licensee shall pay the Distributor a fee for the license concerning the Licensed Materials pursuant to the terms set forth in Appendix A based on an invoice issued by the Distributor ("**Fee**"). All Fees are due and payable by the Licensee by 15 May of the respective calendar year, unless otherwise stipulated in Appendix A.
- 3.2 **Incomplete Payment.** The Licensee may cover the invoice partially if a Participating Institution did not provide its financial contribution in time. In the event of such incomplete payment, the Licensee will notify the Distributor in writing of the intended difference no less than ten (10) days prior to the due date. In such case the Licensee is not in delay with the payment and the Distributor or the Publisher may suspend the IP addresses of such Participating Institution until the Fee is completely paid.
- 3.3 **Change of number of Participating Institutions listed in Appendix B.** In case any Participating Institution shall lose its status as a Participating Institution or in case any Potential Participating Institution and/or new scientific (or similar) institution shall reveal its intent to become a Participating Institution, the Distributor shall enter into negotiations with the Licensee to amend this Agreement and to correspondingly renegotiate the Fee.

## 4. Authorized Use of Licensed Materials

- 4.1 **Authorized Users.** "**Authorized Users**" are:
- (a) Persons affiliated with the Participating Institutions. Full and part-time employees, faculty, staff and students of the Participating Institutions, and registered users, regardless of the physical location of such persons. For authorized sites of the Participating Institutions, see Appendix B. Should the Licensee be listed in the Appendix B as the Participating Institution, all provisions concerning the Participating Institution and the Authorized Users shall apply also with respect to the Licensee.

- (b) Walk-ins. Persons not affiliated with the Participating Institutions who are physically present at the Participating Institutions' site(s) ("**Walk-ins**").

4.2 **Access by and Authentication of Authorized Users.** Authorized Users of the Participating Institutions shall be granted access to the Licensed Materials pursuant to the following:

- (a) IP Addresses. Authorized Users shall be identified and authenticated by the use of Internet Protocol ("**IP**") addresses provided by the Licensee to the Distributor. The use of proxy servers by the Licensee or the Participating Institutions is authorized as long as any proxy server IP addresses provided limit remote or off-campus access to the Authorized Users. Authorized IP Addresses are listed in Appendix C. An updated list will be sent to the Distributor on an annual or as-needed basis without the need to amend this Agreement. Alternatively, if the Publisher is utilizing its own and/or third-party system for IP range change notification (such as e.g. IP Registry), then an updated list may be sent via such system instead. The Distributor shall ensure that the Publisher shall use reasonable efforts to cooperate with the Participating Institutions in the implementation of new authentication protocols and procedures (such as Shibboleth) as they are developed during the term of this Agreement. Both the Licensee and the Distributor will provide cooperation to coordinate or facilitate this process but they will not be liable for correct implementation of such authentication protocols and procedures (which remain the full responsibility of the Publisher and the respective Participating Institution).
- (b) Administered Authentication. Where the Distributor or the Publisher provides alternative methods of access and authentication beyond the Licensee-administered methods described herein, e.g. by allowing users to establish a personal login from an on-campus IP address (thereby enabling access via username and password when logging in to a website of the Distributor) or device authentication, which affiliates the device or application by use of a token, cookie, or vendor-managed proxy prefix, neither the Licensee nor any Participating Institution will be responsible or liable for claims of breach or validity of such use. Neither the Licensee nor any of the Participating Institutions shall be responsible or liable for the processing of personally identifiable information (personal data) by the Distributor or Publisher in this matter as this remains its full liability.
- (c) Personally Identifiable Information (Personal Data) of Authorized Users. The Licensee, the Distributor and the Publisher together and individually acknowledge and agree that the Licensee neither transfers nor provides any personally identifiable information (personal data) of the Authorized Users to the Distributor. Access to the Licensed Materials is primarily granted via IP Addresses pursuant to Section 4.2(a) of this Agreement which prevent any identification of the Authorized User. In case of the Distributor or the Publisher - Administered Authentication pursuant to Section 4.2(b) of this Agreement, the Distributor and the Publisher are required to ensure lawful processing of any personally identifiable information (personal data). This does not preclude the Licensee to

hand over the contact details of the Participating Institutions' contact persons or other personal data where the Licensee has a valid legal basis therefor.

4.3 **Authorized Uses.** The Participating Institutions and the Authorized Users may make all use of the Licensed Materials as is consistent with the applicable law and with this Agreement, including but not limited to the following licensing conditions ("**Authorized Uses**"). By joining Portico, the Licensee will have assured access in perpetuity through Portico to the Licensed Materials should access via the Distributor no longer be possible.

The Participating Institutions and the Authorized Users are authorized in the course of an automatic process of an internet browser or any other software to make temporary local digital copies of the Licensed Materials in order to ensure proper operation and use of such internet browser or for proper functioning of such software. For the avoidance of doubt, the cached copy is not a derivative work.
- (g) Classroom Use. The Participating Institutions and the Authorized Users may distribute single copies of individual articles or items of the Licensed Materials in print or electronic form to the Authorized Users. For the avoidance of doubt, classroom handouts shall include the distribution of a copy for teaching purposes to all individual Authorized Users in a class at Authorized Sites (Appendix B).
- (h) Collections of Information. The Participating Institutions and the Authorized Users shall be permitted to extract or use information contained in the Licensed Materials for educational, scientific, or research purposes, including extraction and manipulation of information for the purpose of illustration, explanation, example, comment, criticism, teaching, research, or analysis.

- (i) Course Packs (Print and Electronic). The Participating Institutions and the Authorized Users may use a reasonable portion of the Licensed Materials in the preparation of a packet of the materials used in the classroom ("**Course Packs**") or other educational materials.

- (m) Text and Data Mining. The Authorized Users may use the Licensed Materials to perform and engage in text and/or data mining activities for academic research, scholarship, and other educational purposes and may utilize and share the results of text and/or data mining in their scholarly work and make the results available for use by others, so long as the purpose is not to create a product for use by third parties that would substitute for the Licensed Materials. The Distributor and the Publisher will, upon receipt of a written request, cooperate with the Licensee and the Authorized Users as will be reasonably necessary for making the Licensed Materials available in a manner and form most useful to the Authorized User. Publisher will at the utmost charge a nominal fee for this service.
- (n) Interlibrary Loan. Using electronic, paper, or intermediated means, the Participating Institutions may at their discretion fulfill occasional requests from other institutions, a practice commonly called Interlibrary Loan ("**ILL**"). The Distributor agrees and ensures that the Publisher will agree that the electronic form of the Licensed Materials may be used as a source for the ILL whereby articles and/or chapters can be printed and these print copies can be delivered via postal mail, fax, or fax-based service to fulfill ILL requests from an academic, research or other non-commercial library. Requests received from for-profit companies will not be honored. An ILL through secure electronic transmission, as demonstrated by the ARIEL, is permitted. The Publisher retains the right to grant permission against payment of an appropriate fee.

4.4 **No Diminution of Rights.** Nothing in this Agreement, including but not limited to the Authorized Uses, shall be interpreted to diminish the rights and privileges of the Licensee, the Participating Institutions or the Authorized Users with respect to any of the Licensed Materials, including exceptions or limitations regarding the exclusive rights of copyright owners. In the event that any content included in the Licensed Materials is in the public domain or has been issued under a Creative Commons or other open license, neither the Distributor nor the Publisher shall place access, use or other restrictions on that content beyond those found in the open license, where applicable.

4.5 **The Rights of the Author to Use Own Work.** Intentionally omitted.

4.6 **Self-Archiving.** The Publisher permits authors to archive their post-prints (i.e., accepted manuscripts after peer review but before production) on their personal home page or institution's repository, provided that these are not used for commercial purposes, are linked to the Publisher's version, and acknowledge the Publisher's copyright. Such temporary suspensions will be only of the shortest possible duration and the maximally limited extent necessary to terminate the unauthorized use and prevent its resumption. In the event that such suspension lasts longer than the shortest period necessary to prevent such unauthorized use, the Distributor is obliged to reimburse the Licensee the respective pro rata part of the Fee (calculated with respect to the actual number of excessively suspended Authorized Users) for the period of duration of such excessive suspension. Any excessive suspension of access to the Licensed Materials can serve as a Licensee's reason for termination of this Agreement pursuant to Section 11 of this Agreement.

The Directive provides that these rights may not be contractually excluded. The Member States of the European Union will implement this Directive into their national legal orders. - 12.1 **Perpetual License.** Notwithstanding anything else in this Agreement, the Distributor grants or shall ensure that the Publisher will grant to the Licensee and the Participating Institutions a non-exclusive, royalty-free, system-wide perpetual (where applicable according to Appendix A) license, or if perpetual is not objectively possible under the applicable law then to the maximum extent permissible under applicable law, limited to the territory of the Czech Republic to use any Licensed Materials that were subscribed to or for which a perpetual license fee has been paid during the term of this Agreement. Such use shall be in accordance with the provisions of this Agreement, all of which shall survive any termination of this Agreement. The Distributor agrees to cooperate and ensure that the Publisher will also cooperate with such archiving entities and/or initiatives as reasonably necessary to make the Licensed Materials available for archiving purposes. The Licensee and/or Participating Institutions may perpetually use a third-party trusted system or collaborative archive to access or store the Licensed Materials, so long as the Licensee's and Participating Institutions' use is compliant with the terms of this Agreement.

12.5 In the event the Distributor or Publisher discontinues or changes the terms of their participation in a third-party archiving service, they shall notify the Licensee in advance, and shall in good faith seek to establish alternative arrangements for trusted archiving and perpetual access to the Licensed Materials.

Each Party, including the Publisher, shall (i) only process personal data in compliance with, and shall not cause itself or the other Party or the Publisher to be in breach of Data Protection Law and (ii) act reasonably in providing such information and assistance as the other Party may reasonably request to enable it to comply with its obligations under Data Protection Law.

## 17. Assignment and Transfer

- 17.1 Neither Party may assign, transfer or novate, directly or indirectly, any or all of its rights or obligations under this Agreement without the prior written consent of the other Party, except as otherwise stipulated herein. Neither Party may unreasonably withhold or delay such written consent.

## 18. Governing Law

18.1 This Agreement and all matters arising from or in connection hereto shall be interpreted and construed according to, and governed by, the laws of the Czech Republic, in particular by Act No. 89/2012 Coll., the Civil Code, as amended.

## 19. Dispute Resolution & Venue

19.1 In the event of any dispute or controversy arising out of or relating to this Agreement, the Parties agree to exercise good faith to resolve the dispute amicably and as soon as possible. In the event that the Parties fail to settle the dispute amicably within thirty (30) days, they shall submit the dispute to informal mediation, as further described below in this paragraph. The Parties shall continue to perform their respective obligations under this Agreement, unless such performance would be objectively hindered due to the existing dispute. The Party invoking mediation shall inform the other Party with a written notice of its decision to seek informal mediation, and the notice must include a description of the subject to the dispute and a proposed resolution thereof. Designated representatives of both Parties shall attempt to resolve the dispute within five (5) working days starting from the day after the delivery of such notice to the other Party. If the designated representatives cannot resolve the dispute, the Parties shall meet at a mutually agreed location and discuss the dispute and their respective proposals for resolution while being represented by their responsible executives, who shall act in good faith to resolve the dispute.

19.2 If the dispute is not resolved within thirty (30) days of the meeting among the Parties' executives, either Party may pursue legal action in court. The exclusive jurisdiction and venue for any and all actions arising out of or brought under this Agreement is in a state court of competent jurisdiction, situated in Prague, Czech Republic. During such court action, the Parties shall continue to perform their respective obligations under this Agreement unless such performance would be objectively hindered due to the existing dispute.

## 20. Force Majeure

20.1 Neither Party shall be liable for any damage or have the right to terminate this Agreement for any delay or default in performing its duties hereunder if such delay or default is caused by conditions beyond its control including but not limited to acts of God, government restrictions (including the denial or cancellation of any export or other necessary license), wars, acts of terrorism, insurrections, labor strikes or other work stoppages, and/or any other cause beyond the reasonable control of the Party whose performance is affected. Upon the occurrence of such event of force majeure, the Party affected shall promptly notify the other Party in writing setting forth the details of the occurrence of the force majeure event, its expected duration and how that Party's performance may be affected. The affected Party shall resume the

performance of its duties as soon as practicable after the force majeure event ceases.

## 21. Entire Agreement

21.1 This Agreement constitutes the entire agreement of the Parties and supersedes any and all prior communications, understandings, and agreements relating to the subject matter hereof, whether oral or written. For the avoidance of doubt, additional terms and conditions as defined in Section 7.6 of this Agreement shall not modify the terms of this Agreement.

## 22. Amendment

22.1 No modification or claimed waiver of any provision of this Agreement shall be valid except by written amendment signed by authorized representatives of the Parties.

22.2 The Licensee, in compliance with Section 100(1) of Act no. 134/2016 Sb. on public procurement, as amended, reserves the right to change the commitment under this Agreement, which entails a change in the number of licenses, i.e. an increase in the number of licenses, for the purpose of accommodating additional Potential Participating Institutions as the authorizing contracting authorities with whom the Licensee has entered into a central procurement agreement and a list of which is attached as Appendix B. This reservation will be effected, as the case may be, by means of an amendment to this Agreement based on the interest of Potential Participating Institutions mentioned in the preceding sentence to receive performance under this Agreement. The Parties may include the price for the licenses for these Potential Participating Institutions in the Appendix B.

## 23. Severability

23.1 If any provision or provisions of this Agreement shall be held to be invalid, illegal, unenforceable or in conflict with the law, the validity, legality, and enforceability of the remaining provisions shall not in any way be affected or impaired thereby. The Parties shall replace the invalid, illegal or unenforceable provision with a new provision to achieve the same or, if not possible, the closest possible effect to that of the original invalid, illegal or unenforceable provision and this Agreement as a whole.

## 24. Waiver of Contractual Right

24.1 Waiver of any right, power or remedy herein shall not be deemed a waiver of any other right, power or remedy herein, nor shall waiver of any right, power or remedy regarding a breach of this Agreement be construed as a continuing waiver of any right, power or remedy regarding other breaches of the same or other provisions of this Agreement.

## 25. Notices

25.1 All notifications, invitations, information, legal acts and other communications ("**Notices**") made in the matters of and under this Agreement must be made in writing, the written form being retained if Notices are delivered by e-mail.

25.2 Notices regarding the damages, penalties, debts, contacts and this Agreement as such (for example, the notification about breach or termination) must be delivered in person, by registered post or courier service.   - Max 50% on 15 March of the given year for which the Licensed Materials are paid (maturity of the first partial payment);
  - Max 50% on 15 May of the given year for which the Licensed Materials are paid (maturity of the second partial payment);
  - The above-mentioned maturities are applicable only if the invoice (all the invoices) is delivered to the Licensee no later than fifteen (15) days before the stated maturity of the first partial payment, i.e. by the end of February of the given year;

## Appendix E: Workflow for Open Access Publishing

The Distributor shall ensure and is liable that all Publisher's obligations outlined in this Appendix shall be fulfilled.

### 1. Definitions

In this Appendix, the following terms shall have the following meanings:

**“Article Metadata”** means data describing any article or research paper and includes index terms, bibliographic information, headers, references, digital object identifiers (DOIs), unique identifiers, dates, keywords, funder information, grant identifier, author affiliations, abstracts, or any other metadata which the Publisher agrees to make available.

**“Article Processing Charge”** means the charge made to, or any other fee payable by, the Participating Institution or corresponding authors at the Participating Institution in respect of submission and/or publication of Open Access Articles.

**“Eligible Authors”** means authors who want to publish Open Access Articles, are affiliated with one of the Participating Institutions, and the submitting corresponding author.

**“Open Access Article”** means an article published under an open license. Open Access Articles are of one of the following article types: Original Paper, Review, Brief Communication, Correction.

- (i) Eligible Authors, on acceptance of publication, will have Open Access Articles published in the Licensed Materials and in Gold Open Access

journals of the Publisher free of Article Processing Charges. The Publisher will not charge Eligible Authors or their Participating Institutions for publishing services (e.g. APC, page charges, colour-in-print) except charges for reprints and posters.

- (ii) Eligible Authors retain copyright to their publications and only grant Publisher the non-exclusive right to publish all publications immediately and in the first instance under a Creative Commons Attribution license (CC-BY) or a Creative Commons Attribution ShareAlike license (CC-BY-SA). Third-party content included in a publication, for example images or graphics, should be clearly labelled and are not affected by these requirements. The Creative Commons CC0 license will be assigned to the data accompanying the Open Access Article. Nothing in this Agreement shall be taken to restrict, limit or curtail any provisions of the Commons Attribution license used for Open Access Articles.
- (iii) The Publisher will make all published Open Access Articles available to anyone on its website at all times and on a twenty-four-hour basis, save for routine maintenance (which shall be notified in advance wherever possible), and will restore access as soon as possible in the event of an interruption or suspension of the service. In case of prolonged and/or repeated interruption or suspension, the Participating Institution shall be entitled to claim fair damages and/or compensation from the Publisher.
- (iv) Publisher ensures that its server has adequate capacity and bandwidth to support access to published Open Access Articles at a level commensurate with the standards of availability for information services of similar scope operating via the World Wide Web, as such standards evolve from time to time.

## **2. Identification of authors and workflow**

- (v) The Publisher will identify approved Open Access Articles that have been submitted by Eligible Authors and will clearly indicate the availability of this Agreement to Eligible Authors both within its submitting process and on its website. This will make clear that Eligible Authors do not need to pay Article Processing Charges for Open Access Articles.
- (vi) Eligible Authors may opt-out of publishing Open Access Articles and in such cases, the Publisher is not required to seek the approval of the Licensee.

- (vii) In the event that an Eligible Author is not identified on acceptance and their articles are discovered by Participating Institutions not to have been published Open Access, the Publisher on request may contact the Eligible Author and offer them the opportunity to convert to Open Access free of Article Processing Charge.
- (viii) In the event that an Eligible Author is not identified on acceptance and their articles are discovered to have been published Open Access and that an Article Processing Charge was paid, the Publisher will contact the Eligible Author and their Participating Institution and offer to refund the APC.
- (ix) Eligible Author can be identified through at least one of the following parameters:
- IP ranges specified in Appendix C of this Agreement; and/or e-mail domain ('cuni.cz', 'muni.cz')
  - persistent identifier, such as ORCID or other recognized institutional identifier as provided by the Authorized Author and published in the Article Metadata; and/or
  - affiliation as stated in the article to be published.
- (x) The Publisher will send the Licensee details of Open Access Articles on a quarterly basis including the following details (in order to control and monitor the fulfillment of the open access requirements):
- Name and email work address of the Eligible Author who is affiliated to the Institution
  - Participating Institution Name
  - Full name of author's affiliation (e.g. university, institute, department)
  - Date of acceptance
  - Journal Title
  - Article title
  - DOI

The Publisher shall ensure that the Eligible Author(s) are informed that the above stated data are provided to the Licensee and that such data transfer occurs in compliance with the applicable data protection law.

### **3. Annual Account performance reports**

- (i) In addition to regular Account statements, the Publisher shall provide the Licensee with annual reports of the total number of Articles published in conformity with this Agreement. This list shall be provided both in machine

readable form in a structured format as comma separated value file format (csv) and in human readable format and shall include the following details:

- Name of the publisher
