

Dear contractual partner,

We are hereby making you aware that based on a set of contracts concluded on October 18th 2022 **Fyzikální ústav AV ČR, v.v.i.**, seated Na Slovance 1999/2, ZIP 182 21, Prague 8, Id No 68378271 (hereinafter „**FZU**“), **transferred the ELI Beamlines research centre** so far owned by FZU,

To the ownership of organization titled The Extreme Light Infrastructure ERIC, seated Za Radnicí 835, Dolní Břežany, ZIP 252 41, Id No 10974938 (hereinafter „**ELI ERIC**“),

With the legal effect **as of January 1st 2023**.

Within the transfer, all assets, employment relationships, sources of funding are being transferred and all active contracts are being assigned including the contract concluded with you. The transfer is being carried out so that it (except for the change in the contractual party and in the invoicing electronic address) does not anyhow negatively affect the side of our contractual partners.

FZU will in fact lose the ability to perform the contracts that are being assigned as of 1.1.2023. For this reason, and also because the consent is a legal prerequisite of the assignment, **we are hereby asking you for provision of your consent with the assignment of the contract identified in the attached consent with the contract assignment.**

Should there be more contracts concluded between us for the purposes of the operation of the ELI Beamlines facility, this request applies on all the contracts for which we are sending you the attached draft consents.

Furthermore, we are hereby asking you that you send us electronic invoices to the address efaktury@eli-beams.eu, effective as of 1.1.2023 or as of the day of provision of your consent (whatever comes later).

Regarding the attached draft consent, please:

1. **Check correctness of identification data** of your company or of your person
2. **Fill in the name of the person legally representing your side** (should the person not be a statutory representative, an authorization should be provided)
3. **Sign the consent:**
 - a) **With a handwritten signature** and send it to the address below

- b) **With an electronic signature** and send it to the email address from which you have received this request

Should you have any questions relating to this matter, contact please our worker from whom you have received this request. Please be aware that our technical workers with whom you are used to cooperate on regular basis are not entitled to discuss with you this matter (to avoid provision of wrong or inaccurate information).

Address for sending the handwritten signed consents:

Research centre ELI Beamlines

Name of our worker who sent you this request by email

Za Radnicí 835

ZIP 252 41 Dolní Břežany

Czech Republic

Thank you for all your cooperation

With best regards,

RNDr. Michael Prouza, Ph.D.

Director
