Licensor, however, shall be free to offer to enter into separate agreements with Affiliated Authors affected by such default for publishing services subject to payment of any applicable article processing charge(s) by the relevant Affiliated Author(s). For clarity, within ten business days after Customer cures its payment default, Licensor shall recommence the activities set forth in subparagraphs (i) – (iii) above, however Licensor shall not be obliged to recommence the activities for any articles processed between cessation of activities and recommencing the activities.

- 3.1.5 Licensor undertakes to use reasonable efforts to use ORCID (<http://orcid.org/>) throughout the workflow from submission to publication and include Eligible Authors' ORCID ID in Eligible Articles. Customer acknowledges that the selection of material to be accepted and published by Licensor or a third party in control of the publishing process is entirely at the discretion of the individual(s) at the relevant journal responsible for editorial decisions of the relevant journal or said third party. Customer waives any claim they may have against individual(s) at the relevant journal responsible for editorial decisions of the relevant journal, or said third party in the event that the individual(s) at the relevant journal responsible for editorial decisions of the relevant journal or said third party declines to publish any material (or part thereof) submitted by an Eligible Author.

3.3 Author Identification

3.3.1 Licensor will provide the technical means for the identification of Affiliated Authors as part of the publication process, which will be enabled by Licensor on Licensor's Platforms, as follows:

3.3.1.1 "Data Elements" means the following identifiers which may be used by Licensor to enable identification of Affiliated Authors as part of the publication process: (i) name of the Licensee, i.e. the legal entity name, or translations or variations thereof ("Data Element Licensee Name"), (ii) e-mail domain of the Licensee ("E-Mail Domain"), (iii) the IP address(es) of the Licensee ("IP Address"), or other identifiers used by Licensor in addition to the foregoing identifiers.

3.3.1.2 Affiliated Authors shall identify themselves by either selecting the Data Element Licensee Name, or by using one of the Data Elements E-Mail Domain or IP Address within the identification process.

3.3.1.3 This Section 3.3.1 does not apply to Non-Standard Journals. Identification of Affiliated Authors will be handled in a manual workflow between Licensor and the publisher of the Non-Standard Journal.

3.3.2 Source of Data Elements

3.3.2.1 In order for Licensor to commence providing the Publishing Services on the Commencement Date, Customer shall have provided the Data Elements set forth in Section 3.3.1.1 (i), (ii) and (iii) to Licensor no later than 6 weeks prior to the Commencement Date of these Product Terms.

3.3.2.2 Customer shall update Licensor with respect to any changes to such Data Elements without undue delay.

3.4.1 Licensor shall notify Verifying Institution by email each time an author is identified as an Affiliated Author.

- 3.4.2 Licensor shall make available to Verifying Institution all Data Elements that identified the author as an Affiliated Author (this does not apply to Non-Standard Journals).
- 3.4.3 On the basis of the Data Elements specified in Section 3.1.1 as provided by Licensor, Verifying Institution shall confirm or deny that the author is an Affiliated Author, within 3 business days following such notification, and in the case of confirmation, shall be deemed to have ordered the Publishing Services for the respective Eligible Article. For clarity, the Verifying Institution is required to confirm that an author is an Affiliated Author, if the conditions set forth in this License Agreement are met. In case Licensor does not receive either a confirmation or a denial within 3 business days after Licensor has notified and provided the Data Elements as specified in Section 3.3.1 to Verifying Institution, Licensor will send a reminder, with a 4-day grace period, which shall inform Verifying Institution that Licensor will deem the author to be an Affiliated Author and continue the publishing process, and charge the APC for such article pursuant to these Product Terms, if the set grace period expires without any declaration by Verifying Institution.

PART B – ACCESS TO CONTENT

4. Access Rights

- 4.1 Continuing Access Journals: During the Term, Licensee shall have access to the Continuing Access Journals listed in Schedule 2: Continuing Access Journals first published during the Term. After the Term, Licensee shall have Continuing Access to the Continuing Access Journals first published during the Term, subject to all the terms and conditions of this License Agreement.
- 4.2 Backfile Access During the Term: In addition, during the Term only, Licensee will be granted access to the Content of titles listed in Schedule 2, published beginning the later of (a) 1997 (b) the first date of publication or (c), the date on which Licensor first acquired publication rights.

5. Cessation of Publication / Transfer / Take-over / DDP

- 5.1 **Cessation of Publication of Continuing Access Journals During the Term** If Licensor ceases to publish new Content for 3% or more of the Continuing Access Journals during any calendar year of the Term, whether because Licensor ceases to have publishing rights or because Licensor ceases to publish those Continuing Access Journals, upon Licensee's written request, Licensor will, at Licensor's sole option, offer to Licensee:
- (1) access to additional Content not presently licensed to Licensee with an approximate value equal to or greater than the value at the date of cessation of the Content associated with the discontinued Continuing Access Journals that was to be published from the date of cessation of publication through the end of the Term, or
 - (2) a credit toward any future acquisition of a Product in the same value as that mentioned in part (1) above.

The value to be applied for additional Content or a credit will be determined by Licensor in good faith, taking into account factors which may include, without limitation, number of articles, number of pages, impact factor, usage factor, and list price of the Content in question, or any other formula including any or all such factors that allows Licensor to calculate the value of the lost Content as a percentage of the Continuing Access Journals under the License.

- 5.2 **Transfer of Publishing Rights to Continuing Access Journals** If Licensor’s publishing rights to a Continuing Access Journal are transferred to another publisher or entity at any time during or after the Term, Licensor will use reasonable efforts to provide Licensee with Continuing Access to the Content of that Continuing Access Journal published by Licensor during the Term, either (a) online on the Platform, (b) online on the new publisher’s website, or (c) offline by providing the same on a digital storage medium. In case of (c) above, use of the Continuing Access Journal shall be subject to the terms of this License Agreement, except for Sections 4.3 and 4.4 of the General Terms and Conditions. If Licensor is unable to do any of the foregoing stipulated in this paragraph, Section 5.1 of the Product Terms for Compact Transformative Agreement will apply accordingly.
- 5.3 If Consortium Member orders the print versions of its Continuing Access Journals from Springer (whether directly or through an intermediary) in addition to the electronic access provided under this Subscription Agreement, then Consortium Member is entitled to a discount of 75% off the list price of the print version, excluding postage and handling fee (“**Deep Discounted Print**” or “DDP”). Consortium Member’s (or Consortium Member’s intermediary’s) order must state that Consortium Member is ordering the print versions of the Continuing Access Journals under the DDP to obtain such discount. This Section only applies to the Continuing Access Journals, as set forth in Schedule 2.

Schedule 1: Payment of Fees and Invoicing for Publishing Services**1. Payment of Fees**

1.1. The Fee(s) for Eligible Articles shall be paid by Customer.

1.1.1. The APC (set forth in Section 2 below) for an Eligible Article will generally be deducted from the APC Fund (set forth in the Product Term and Fee table in the License Agreement Details section) by Licensor on the Approval Date. However, deductions may be delayed in certain cases, and the foregoing shall not limit Licensor's rights to deduct the APC for an Eligible Article at a later time, but not later than the end of the first quarter of the year following the Approval Date.

1.1.2. Licensor shall endeavor to notify Customer 4 weeks before the APC Fund is depleted of the date the APC Fund will be depleted.

1.1.3. When the APC Fund, i.e. the number of Eligible Articles (Article Max) is depleted, Licensor will stop accepting Eligible Articles for open access publication pursuant to these Product Terms. Under such circumstances, Licensor will notify Customer and either] :

1.1.3.1. Customer may elect to pay the standard APC, which is Licensor's standard list price APC for the respective journal (and which for the avoidance of doubt is not the APC set forth in this Schedule 1) for any relevant Eligible Article within 14 calendar days of receipt of the notice. Any remaining portion of the APC Fund can be used as a partial payment for the APC; or

1.1.3.2. where Customer has not notified Licensor according to Section 1.1.3.1, and an Eligible Author approaches Licensor with the desire to publish an article and pay the standard list price APC for the respective journal by himself/herself (and which for the avoidance of doubt is not the APC set forth in this Schedule 1) or by a third party, Licensor reserves the right to publish such article; or

1.1.3.3. if Sections 1.1.3.1 or 1.1.3.2 do not apply, the Eligible Article may be published on a subscription basis.

1.1.4. If Licensees publish less than the Article Base (as defined in the table below) threshold in any calendar year of the Term, the remaining APC Fund will be added to the APC Fund of the following calendar year of the Term. The portion of the APC Fund which was carried over according to the aforementioned sentence shall be depleted according to the Agreed APC Rate of the calendar year where this APC Fund was assigned to. E.g.. if the Licensees only publish 490 Eligible Articles in year 2023, remaining APC Fund for 10 articles would be rolled over in 2024 and the first 10 Eligible Articles in year 2024 should be charged at the Agreed APC Rate of the year 2023.

1.1.5. APC Fund top-up:

1.1.5.1. Prepaid Publication Cap: Means the initial Number of Eligible Articles as set in table "APC Rates" for each calendar year of the Term (Subscription Period).

1.1.5.2. Maximum Publication Cap: means the maximum number of Eligible Articles that the Licensees may publish during the Term according to Section 3 of Product Terms for Compact Transformative Agreement in the respective Subscription Period; Maximum Publication Cap amounts to 700 Eligible Articles per Subscription Period. For clarity, any Eligible Article published above the Prepaid Publication Cap and up to the Maximum Publication Cap, will be, when ordered by Customer, charged at APC value.

1.1.5.3. Order: Means written order sent by the Customer to the Licensor in which the Customer orders publishing of Eligible Articles to be ordered for the respective Subscription Period above the Prepaid Publication Cap. The total of Prepaid Publication Caps together with all Orders in the whole duration of this Agreement cannot exceed the Total Maximum Publication Cap. Customer is entitled to place an Order for the next calendar year (Subscription Period) at least [one (1)] month before the end of the current Subscription Period, unless the Total Maximum Publication Cap has been already fulfilled. If there is no Order from the Customer within the time limit set forth in the previous sentence of this paragraph, it is considered that the Customer does not wish to order any APCs above the Prepaid Publication Cap for the next Subscription Period; for avoidance of doubt the Parties explicitly state that the Customer or the Licensee do not have to use any or all the Maximum Publication Cap.

2. Grant and Scope of License

2.1 Subject to Licensee's compliance with the License Agreement, and except as otherwise stated herein, Licensor hereby grants Licensee a non-exclusive, revocable and non-transferrable license to:

2.1.1 permit Authorized Users to access the Content for the duration and in the manner set forth in the License Agreement;

2.1.2 incorporate links on Licensee's intranet websites to the Content in full text format on the Platforms;

2.1.3 transmit to a non-commercial library single articles, book chapters or portions thereof only for personal educational, scientific, or research purposes ("Interlibrary Loans"). Such transmission shall be reviewed and fulfilled by Licensee's staff, and shall be made by hand, post, fax or through any secure document transmission software, so long as, in the case of any electronic transmission, the electronic file retains the relevant copyright notice and is deleted immediately after printing. The right set out in this clause does not extend to centralized ordering facilities, such as document delivery systems, nor the distribution of copies in such quantities as to substitute for a subscription or purchase of the distributed Content.

2.2 Authorized Users may solely for their personal educational, scientific, or research purposes:

2.2.1 access (including by remote access, with the exception of walk-in-users), browse, view, collate, display, search and retrieve the Content,

2.2.2 download, store on a hard drive or removable media drive, print and copy in paper and digital form single articles, chapters or other individual items of the Content,

2.2.3 use single articles, chapters or other individual items of the Content for the preparation of academic course materials with all rights notices duly presented. This includes also the right to include such course materials in both electronic and printed course

packs and/or both printed and electronic course reserves, managed by Licensee. Authorized Users (with the exception of Authorized Users which are registered users of public and research libraries, and walk-in-users) may for teaching purposes only distribute such course materials to other Authorized Users.

2.2.4 To the extent permitted under applicable Licensor policies, available at <http://www.springernature.com/gp/researchers/sha-redit>, transmit to a third party research collaborator, via the Springer Nature SharedIt functionality, single articles, chapters or other individual items, insubstantial amounts of the Content for personal, scholarly, educational, or scientific research purposes, but in no case for resale or commercial purposes or in a manner or magnitude that would substitute for direct access to the Content via services offered by Licensor.

3. Prohibited Uses

3.1 Neither Licensee nor Authorized Users shall:

3.1.1 remove, obscure or alter any copyright or other notices, trademarks, logos, service marks or any other proprietary rights appearing in or on the Content,

3.1.2 except as permitted by applicable law or this License Agreement, update, change, revise, adapt, modify, translate, transform or create any derivative work of the Content,

3.1.3 except as permitted by Section 2 or by applicable law or this License Agreement, re-distribute, reproduce, or transmit the Content by any means including electronic (e. g., via e-mail, FTP) nor post it on personal or public websites or on public networks,

3.1.4 systematically download any Content to its own or any third-party server, use routines designed to continuously and automatically search and index the Content (full text and meta data), such as web-crawling or spider programs or engage in any activity likely to burden the Platforms, except as expressly allowed in the License Agreement,

3.1.5 directly or indirectly use or assist any third party to use the Content for any commercial or monetary purposes including without limitation any sale, resale, loan, transfer or upload of the Content to a commercial entity's internet website, or otherwise charge a fee for access; or

3.1.6 otherwise use the Content in a manner that would infringe the copyright or other proprietary rights contained therein.

4. Rights and Obligations of Licensor

4.1 Licensor may control access to the Content through Internet Protocol ("IP") authentication or another identification method reasonably determined by Licensor.

4.2 Licensor reserves the right to monitor, investigate and analyze all available data including logfiles to detect misuse of the Content.

4.3 Where feasible, Licensor shall collect data on usage of the Content and process these according to the current version of the COUNTER Code of Practice and according to applicable privacy and data protection laws (the "Usage Data"). The Usage Data will be made available for download by a) Customer (Customer shall have access to Usage Data of all Licensees) and b) each specific Licensee to such Licensee's Usage Data, through a secure website, provided that these statistics are strictly for the Customer's and Licensee's own internal use, except for if disclosure is required by law, funding bodies or public authorities, provided that such request is mandatory under local law or rules of funding bodies, and—Licensor shall not be required to disclose any information to the Customer and/or Licensee which it is prohibited from disclosing to the Customer and/or Licensee due to any legal or regulatory constraint imposed upon it, including without limitation any applicable privacy or data protection legislation or regulations or contractual obligations. It is desirable that the Standardized Usage Statistics Harvesting Initiative (SUSHI) Protocol is available for the Customer and/or Licensee to harvest the statistics, to the extent referred in the current version of the COUNTER Code of Practice.

4.4 Licensor shall use commercially reasonable efforts to provide online access to the Content through the Platforms, subject to periodic unavailability due to (a) unexpected technical issues outside of Licensor's control, or (b) server and software maintenance ("Unavailability"); and to restore access to the Content as promptly as possible in the event of Unavailability, but in all cases no later than two (2) business days from notification (the "Grace Period"). If the Unavailability continues beyond the Grace Period, Customer shall be entitled to a pro-rata credit of any License Fees paid in advance on behalf of the affected Licensee for the affected Product. Licensor will credit the Customer with an amount calculated as follows:

$$[\text{Annual License Fee for affected Product}] \times [\text{Number of full days of Unavailability divided by 365}]$$

All of Licensor's obligations and Licensee's rights under this Section 4.4 are subject to (i) Licensee's full compliance with this License Agreement and Licensor's reasonable instructions regarding access to the Content, (ii) Licensor's receipt of prompt notification of a loss of access or interruption, specifying the circumstances in reasonable detail, including affected Licensee and Product. Further, Licensor shall have no obligation under this Section 4.4 for any Unavailability caused in whole or in part by a Licensee or its Authorized Users, or by events described in Paragraph 10.2.

In the event that Licensor ceases to provide access to Continuing Access and/or Archive Content as a standard offering through the Platforms, Licensor may provide such Content to Licensee on physical media, or through other means, which may include, without limitation, access through the digital preservation services referred to in Section 4.5 below, to the extent Licensor's rights to the Content permit.

For clarity, however, the first two sentences of this Section 7.5 do not apply upon expiration of the Term of a Product with Continuing Access specified in the applicable Product Terms. All indemnification, confidentiality, and payment obligations in the License Agreement up to the termination date shall survive such termination or expiration.
