When notified by a third party or upon discovering the unauthorized use directly, Subscriber must promptly notify Elsevier of the unauthorized use. Subscriber will cooperate with Elsevier and share information, subject to any applicable confidentiality or nondisclosure obligations, concerning the unauthorized use or security issue.

In the event of any unauthorized use of the Subscribed Products, Elsevier may suspend the access and/or require that the Subscriber suspend the access from where the unauthorized use occurred upon notice to the Subscriber. The Subscriber will not be liable for unauthorized use of the Subscribed Products by any Authorized Users provided that the unauthorized use did not result from the Subscriber's own gross negligence or willful misconduct and that the Subscriber did not permit such unauthorized use to continue after having actual notice thereof.

### 3.3 *Security Requirements.*

The Subscriber agrees that the Subscriber will have in place policies and procedures, which will be reviewed by the Subscriber periodically, covering the administrative, physical and technical safeguards in place and relevant to the access, use, loss, alteration, disclosure, storage, destruction and control of information. The Subscriber will promptly notify Elsevier if it determines that there has been a failure of such safeguards if such failure results in a compromise of the confidentiality or security of any Elsevier Content provided hereunder and cooperate with Elsevier's reasonable requests surrounding such failure, including taking appropriate steps to end such activity and to prevent any recurrence. For the purpose of this Section 3.3, "Elsevier Content" means any material or information which Elsevier provides or makes available to the Subscriber in connection with the Subscribed Products and performance of this Agreement.

## **SECTION 4. FEES AND PAYMENT TERMS.**

The Lead Institution will pay to Elsevier the fees set forth in Schedule 1 (the "Fees") within one hundred and fifty (150) days of date of invoice. Notwithstanding the aforementioned, the Fees due for each year of the Term shall not be payable by Lead Institution before [REDACTED] of the then current year. Late payments will be subject to interest charges of [REDACTED] per month on the unpaid balance. The Fees will be exclusive of any sales, use, value added, withholding or similar tax and the Lead Institution will be liable for any such taxes in addition to the Fees. Any sum to be paid by the Lead Institution to Elsevier under this Agreement will be paid by way of transfer to Elsevier's bank account [REDACTED]

All the prices (the fees) under this Agreement are set forth as final, unchangeable and the maximum allowable and cover and include all activities relating to the performance under the Agreement. The invoice shall contain all the requisites set forth by the applicable legislation, especially Act No. 235/2004 Coll., VAT Act, as amended ("VAT Act"). The invoice shall be delivered to the Lead Institution either originally or electronically to the e-mail address [licensing@czechelib.cz](mailto:licensing@czechelib.cz). The invoice shall include a reference to the Subscribed Products pursuant to this Agreement.. The Lead Institution will be charged local value added tax (VAT), based on the Lead Institution's place of establishment, unless the Lead Institution is a foreign relevant business person and provides to Elsevier its VAT Identification Number. The Subscriber will promptly notify Elsevier of any changes to its VAT Identification Number or VAT status. Elsevier may charge the Lead Institutions any VAT, fines, penalties, interest and other costs that Elsevier may incur as a result of incorrect VAT information.

Each party shall bear its own costs in connection with this Agreement. The bank fees for the bank transfer are shared between the parties.

The Lead Institution may cover the invoice partially if an Institution did not provide its financial contribution in time. In the event of such incomplete payment, the Lead Institution will notify Elsevier in writing of the intended difference no less than ten (10) days prior to the due date and will specify the Institution that failed to provide its financial contribution in time. In such case the Lead Institution is not in delay with the payment and Elsevier may suspend access to the Subscribed Products to this Institution in delay with providing its financial contribution without incurring liability from this suspension. The suspension of access to this Institution can last until the fee is completely paid in full.

## **SECTION 5. DURATION.**

### 5.1 *Term.*

This Agreement becomes valid on the date of execution by the parties to this Agreement. This Agreement

takes effect on the date of publication in the Czech Register of Contracts or on 1 January 2023 (whichever occurs later) and continue until 31 December 2025 (“Initial Term”). The parties to this Agreement declare that should the Agreement take effect after 1 January 2023, they will commence to perform their obligations and Elsevier provides access to the Subscribed Products as of 1 January 2023, i.e. before the commencement of this Agreement due to the necessity of access to the Subscribed Products of 1 January 2023, to the Subscriber and Authorized Users in the full scope of the authorization stipulated herein. #### 5.3 *Early Termination Due To Insufficient Budgetary Allotment From Government.*

The Lead Institution may terminate this Agreement in writing within 90 days if sufficient funds are not provided or allotted in future government-approved budgets of the Subscriber (or reasonably available or expected to become available from other sources at the time the Subscriber’s payment obligation attaches) to permit the Subscriber, in the exercise of its reasonable administrative discretion, to continue this Agreement. After termination pursuant to this section 5.3 the Subscriber shall be due to pay the prorated Fees relating to the period prior to termination as well as any differences between the Deep Discounted Price and the full print price.

#### 5.4 *Termination for a Material Breach.*

Each party shall notify the breaching party of a material breach of this Agreement in writing with a detailed description of the breach. The breaching party shall have thirty (30) days from the receipt of such notice to use all reasonable means to cure this alleged material breach and to notify the non-breaching party in writing that a cure has been effected. If the material breach is not cured within the thirty (30)-day period, the non-breaching party shall have the right to terminate the Agreement with a written notice entirely, however, if such material breach would concern or relate merely a certain Institution or Institutions, Elsevier has the right to terminate the Agreement only or partially with respect to this or these Institutions if the material breach arose only due to this particular Institution. Termination of this Agreement is effective immediately by the date of delivery of such a notice. The obligation of the parties to also remedy any other breach shall not be affected by this provision.

#### 5.5 *Termination of Access*

Upon termination of this Agreement, Elsevier may terminate access to the Subscribed Products by the Subscriber and the Authorized Users (in case of a partial termination of this Agreement only with respect to the particular Institution and their Authorized Users). If any such action or claim is made, the Subscriber will promptly notify and reasonably cooperate with Elsevier. This indemnity obligation will survive the termination of this Agreement.

### 6.4 *Limitation of Liability.*

Except for the express warranties and indemnities stated herein and to the extent permitted by applicable law, in no event will Elsevier or its suppliers be liable for any indirect, incidental, special, consequential or punitive damages including, but not limited to, loss of data, business interruption or loss of profits, arising out of or in connection with this Agreement, nor will the liability of Elsevier and its suppliers to the Subscriber exceed a sum equal to the Fees paid by the Subscriber hereunder during the twelve (12) month period immediately preceding the date on which the claim arose, even if Elsevier or any supplier has been advised of the possibility of such liability or damages. This limitation of liability shall not apply in events prescribed by the law, especially if such damage is a result of a gross negligence or if the damage was caused intentionally.

## **SECTION 7. GENERAL.**

### 7.1 *Force Majeure.*

Neither party's delay or failure to perform any provision of this Agreement as a result of circumstances beyond its control (including, but not limited to, war, strikes, fires, floods, power failures, telecommunications or Internet failures or damage to or destruction of any network facilities or servers) that prevents it from fulfilling its obligations under this Agreement (any such circumstances being "Force Majeure") will be deemed a breach of this Agreement. The parties may include the price for the subscriptions for the Potential Participating Institutions in Schedule 1.

**ELSEVIER SUBSCRIPTION AGREEMENT**  
**Schedule 1.1**  
**Journal Subscription**

**Journal Collection(s):**

**Complete Freedom Collection:** Electronic access to the full text of all articles from the Elsevier journal titles published since 1 January 1995 set forth in the Complete Freedom Collection Journal Title List at [http://www.elsevier.com/solutions/sciencedirect/content/journal-title-lists#journal\\_title\\_list](http://www.elsevier.com/solutions/sciencedirect/content/journal-title-lists#journal_title_list), as may be updated annually with the changes effective as of 1 January of the following calendar year of the Term of the Agreement.

**Complete Collection:** Electronic access to the full text of all articles from the Elsevier journal titles published since 1 January 1995 identified on Annex A to Schedule 1.1 (“Subscribed Titles”).

**Option to Substitute Subscribed Titles**

An Institution may substitute any of the subscribed journal titles identified on Annex A to Schedule 1.1 with one or more journal titles of total comparable value (in current year list price) once annually upon notice to Elsevier by 1 August prior to the start of the next calendar year or at any time upon mutual agreement of the parties in writing.

**Option to Substitute Withdrawn Subscribed Titles**

An Institution may substitute any withdrawn Subscribed Titles with one or more journal titles of total comparable value (in current year list price) at any time upon notice to Elsevier. In the event that no substitute journal title is available, Elsevier will refund to the Subscriber the amount of the Fees paid for the withdrawn Subscribed Titles for the remainder of the Term.

**Transferred Titles**

Society journal titles for which the Subscriber holds an electronic subscription through a third-party publisher whose publication rights are transferred to Elsevier and made accessible on ScienceDirect during the Term (“Transferred Titles”) will be deemed Subscribed Titles effective as of the date of transfer and for the then current publication year and the publication years previously paid unless and until the Subscriber notifies Elsevier that it no longer wishes to continue such electronic subscription on ScienceDirect. The option to substitute Subscribed Titles does not apply to Transferred Titles.

**Post Termination Access to Subscribed Titles**

Upon termination of all of an Institution’s annual subscriptions on ScienceDirect online, the Institution may, at its option, (1) acquire, load and technically format on a server that enables access and use by its Authorized Users an electronic copy of all or part of its Subscribed Titles for the publication years paid for cost; this option is for free without an annual access fee, and/or (2) continue to access such Subscribed Titles online for an annual access fee based on the number of full-text articles downloaded from such titles during the prior twelve (12) months at a rate of EUR 0.063 per download, with a minimum annual fee of EUR 400 (adjusted annually for inflation and cost increases) for the Institution’s access to the platform, in accordance with the usage provisions of this Agreement, which provisions will survive the termination of the Agreement. Elsevier will make available for inspection by a duly authorized auditor of the Institution, at the Institution’s sole expense, the records concerning the calculation of the annual access fee once per year during regular business hours upon thirty (30) days written notice to Elsevier. If an electronic copy is selected, the Institution will for a period of five (5) years from delivery of the electronic copy provide, on a monthly basis, to Elsevier complete and accurate usage data reports on the Institution’s on-site usage activity in a mutually agreed upon format. Elsevier will be entitled to inspect the Institution’s records of usage once per year during regular

business hours upon reasonable notice to the Institution. The electronic copy may not contain links and other features and functionality associated with the online version. If a particular Subscribed Title is withdrawn by Elsevier or not renewed by the Institution, but the Institution remains a ScienceDirect online annual subscription subscriber, the Institution may continue to access online, at no additional charge, such formerly Subscribed Title for the publication years paid provided that Elsevier continues to hold the electronic rights thereto.

### **Deep Discounted Price for Print Subscriptions**

Provided that the Fees have been paid, the Institution will have the option to place orders for annual subscriptions to a selection of Elsevier print publications at a price reduced from the list price (“Deep Discounted Price” or “DDP”), as identified in the Deep Discounted Price catalog from Elsevier or its affiliate directly and from only one (1) authorized subscription agent, which will be selected by the Subscriber, and Elsevier or its affiliate will fulfill such orders in accordance with its customary practices. The Lead Institution will cause the Institution to notify Elsevier of its subscription agent’s contact information upon placing such orders. The Institution may change its subscription agent no more than once annually by giving Elsevier notice by 1 August prior to the start of the next calendar year. The Institution will not place orders for such DDP subscriptions on behalf of any other person or entity or with the intent to resell, rent, license, lease or otherwise transfer them to another person or entity.
