Where the performance of the Distributor's obligation depends on the activity and/or cooperation of the Publisher, the Distributor shall ensure and is liable for any violation of the rights and/or obligations stipulated herein as a result of the activity or inactivity of the Publisher and this can serve as a reason for termination of this Agreement pursuant to Section 11.
- 1.2 **Subject of the Agreement.** The subject of this Agreement is to define the conditions of cooperation and the rights and duties of the Parties while providing the Licensed Materials to the Licensee and the Participating Institutions as defined in this Agreement.

The Read and Publish Fees are due and payable by the Licensee by 15 May of the respective calendar year, unless otherwise stipulated in Appendix A.
- 3.2 **Incomplete Payment.** Intentionally left blank.
- 3.3 **Change of number of Participating Institutions listed in Appendix B.** The number of Participating Institutions shall remain the same during the Agreement Term (as defined in Section 9.2) and any case of a Participating Institution losing its status as a Participating Institution shall not affect the number of Participating Institutions. After the Agreement Term only, in the case of any Participating Institution losing its status as a Participating Institution or in case any new scientific (or similar) institution becoming a Participating Institution, the Licensee shall give written notice of this change to the Distributor no less than ninety (90) days before the end of a Subscription Period. The Read and Publish Fee for the next Subscription Period may be amended to reflect the new amount of Participating Institutions, as agreed in advance by the Parties both acting reasonably. In the absence of any agreement between the Parties before the commencement of the next Subscription Period, the Read and Publish Fee shall remain the same as the previous Subscription Period. From the following Subscription Period onwards, the list of Participating Institutions in Appendix B shall be treated as amended to reflect this change.

4. Authorized Use of Licensed Materials

- 4.1 **Authorized Users.** "**Authorized Users**" are:
- (a) **Persons affiliated with the Participating Institutions.** Full and part-time employees (including faculty and staff) of the Participating Institutions and students of the Participating Institutions, in the case of the public or research libraries, registered users using secure authentication systems implemented by the Licensee or the Participating Institution, regardless of the physical location of such persons. - (b) Walk-ins. Persons not affiliated with the Participating Institutions who are physically present at the Participating Institutions' site(s) ("**Walk-ins**").

4.2 **Access by and Authentication of Authorized Users.** Authorized Users of the Participating Institutions shall be granted access to the Licensed Materials pursuant to the following:

- (a) IP Addresses. Authorized Users shall be identified and authenticated by the use of Internet Protocol ("**IP**") addresses provided by the Licensee to the Distributor. The use of proxy servers by the Licensee or the Participating Institutions is authorized as long as any proxy server IP addresses provided limit remote or off-campus access to the Authorized Users. Authorized IP Addresses are listed in Appendix C. An updated list will be sent to the Distributor on an annual or as-needed basis, being when there is a change to the Authorized IP Addresses, without the need to amend this Agreement. The Distributor shall ensure that the Publisher shall use reasonable efforts to cooperate with the Participating Institutions in the implementation of new authentication protocols and procedures (such as Shibboleth) as they are developed during the term of this Agreement. Both the Licensee and the Distributor will provide cooperation to coordinate or facilitate this process but they will not be liable for incorrect implementation of such authentication protocols and procedures (which remain the full responsibility of the Publisher and the respective Participating Institution).
- (b) Distributor or Publisher - Administered Authentication. Where the Distributor or the Publisher provides alternative methods of access and authentication beyond the Licensee-administered methods described herein, e.g. by allowing users to establish a personal login from an on-campus IP address (thereby enabling access via username and password when logging in to a website of the Distributor) or device authentication, which affiliates the device or application by use of a token, cookie, or vendor-managed proxy prefix, neither the Licensee nor any Participating Institution will be responsible or liable for claims of breach or validity of such use so long as the Authorized User does not breach any terms of this Agreement in its access and use of the Licensed Materials. Neither the Licensee nor any of the Participating Institutions shall be responsible or liable for the processing of personally identifiable information (personal data) by the Distributor or Publisher in this matter. Distributor and Publisher shall act as data controllers for any personal data collected under this Section 4.2(b), in accordance with Section 16. as this remains its full liability.

or the Publisher. Access to the Licensed Materials is primarily granted via IP Addresses pursuant to Section 4.2(a) of this Agreement which prevent any identification of the Authorized User. In case of the Distributor or the Publisher - Administered Authentication pursuant to Section 4.2(b) of this Agreement, the Distributor and the Publisher are required to ensure lawful processing of any personally identifiable information (personal data) in accordance to section 16. This does not preclude the Licensee to hand over the contact details of the Participating Institutions' contact persons or other personal data where the Licensee has a valid legal basis therefor.

4.3 **Authorized Uses.** The Participating Institutions and the Authorized Users may make all use of the Licensed Materials as is consistent with the applicable law and with this Agreement and UK copyright law, including but not limited to the following licensing conditions ("**Authorized Uses**"). - (g) Classroom Use. The Participating Institutions and the Authorized Users may distribute single copies of individual articles or items of the Licensed Materials in print or electronic form to the Authorized Users. For the avoidance of doubt, classroom handouts shall include the distribution of a copy for teaching purposes to all individual Authorized Users in a class at Authorized Sites (Appendix B).
- (h) Collections of Information. The Participating Institutions and the Authorized Users shall be permitted to extract or use information contained in the Licensed Materials for educational, scientific, or research purposes, including extraction

- (i) Course Packs (Print and Electronic). The Participating Institutions and Authorized Users may not use the Licensed Materials in the preparation of a packet of the materials used in the classroom or for a specific course ("**Course Packs**") without the written consent of the Distributor and Publisher, which may set out further terms and conditions for such use. Notwithstanding this Section 4.3(h), where the author of an article which forms part of the Licensed Materials was employed by a Participating Institution at the time the article was written, that Participating Institution may use all or part of such article internally within the Participating Institution, provided that copies are not offered for sale or distribution in any systematic way, and that acknowledgement to prior publication in the relevant Journal is made explicit. - (m) Text and Data Mining. The Authorized Users may use the Licensed Materials to perform and engage in text and/or data mining activities within secure networks for non-commercial reasons such as for academic research, scholarship, and other educational purposes and may utilize and share the results of text and/or data mining in their scholarly work and make the results available for use by others, so long as the purpose is not to create a product for use by third parties that would substitute for the Licensed Materials. Requests received from for-profit companies will not be fulfilled under this Section 4.3(n). An ILL through secure electronic transmission, as demonstrated by the ARIEL, is permitted. 4.4 **No Diminution of Rights.** Nothing in this Agreement, including but not limited to the Authorized Uses, shall be interpreted to diminish the rights and privileges of the Licensee, the Participating Institutions or the Authorized Users with respect to any of the Licensed Materials, including exceptions or limitations regarding the exclusive rights of copyright owners. In the event that any content included in the Licensed Materials is in the public domain or has been issued under a Creative Commons or other open license, neither the Distributor nor the Publisher shall place access, use or other restrictions on that content beyond those found in the open license, where applicable.

Such temporary suspensions will be only of the shortest possible duration and the maximally limited extent necessary to terminate the unauthorized use and prevent its resumption. In the event that such suspension lasts longer than the shortest period necessary to prevent such unauthorized use, the Distributor is obliged to reimburse the Licensee the respective pro rata part of the Read and Publish Fee (calculated with respect to the actual number of excessively suspended Authorized Users) for the period of duration of such excessive suspension. Any excessive suspension of access to the Licensed Materials can serve as a Licensee's reason for termination of this Agreement pursuant to Section 11 of this Agreement.

7. Performance Obligations

- 7.1 The Distributor will use reasonable efforts to ensure that its or the Publisher's performance will meet or exceed industry standards and practices. Additionally, the Distributor agrees to the following performance standards set out in this Section 7.

The Distributor may under no circumstances exclude or limit its liability due to any lack of cooperation from the Publisher. The Distributor shall ensure that the Publisher will provide its cooperation in duly and timely manner so all obligations stipulated herein may be orderly fulfilled.
- 7.3 **Availability of the Licensed Materials.** Upon the Effective Date (as specified in Section 9.1 of this Agreement), the Distributor shall ensure that the Licensed Materials become available to the Participating Institutions and the Authorized Users and that the Open Access publishing terms as detailed in Sections 7.29-7.33 and Appendix A of this Agreement shall take effect.

Should the Effective Date of this Agreement occur after 1 January 2023, Distributor shall ensure that the Publisher will make, or has already made, the Licensed Materials available to the Licensee, the Participating Institutions and Authorized Users in the full scope of the license stipulated herein already as of 1 January 2023 due to the necessity of access to the Licensed Material as of 1 January 2023, to the

Participating Institutions and Authorized Users in the full scope of the authorization stipulated herein including all and any possible rights and authorizations such as potential archiving rights, extent of the access to the backfile content of Licensed Materials or Open Access publishing under this Agreement. Performance of the Distributor's obligation to ensure that the Licensed Materials become available before this Agreement takes effect shall be considered entirely as a performance according to and in compliance with this Agreement.

- 7.4 **Discovery of the Licensed Materials.** The Distributor shall ensure that the Publisher will use reasonable efforts to make the Licensed Materials available through the Licensee's and/or the Participating Institutions' user interface and search systems for discovering and displaying content from local, database and web-based sources ("**Discovery Service System**") for indexing and discovery purposes. Such additional terms shall not materially differ from the provisions of this Agreement and violation of these additional terms by the Authorized Users will not be considered as breach of this Agreement but merely and exclusively as breach of these additional terms. In the event of any conflict between the additional terms and this Agreement, the terms of this Agreement shall prevail. The Distributor alone shall be liable and responsible for any personal data processing that occurs with respect to these additional online terms and conditions as either the Distributor or the Publisher determines the scope and purpose of such personal data processing, and shall be data controllers in this regard under Section 16. For the avoidance of doubt, the Authorized Users are not a party to this Agreement.
- 7.7 **Documentation.** The Distributor will provide or shall ensure that the Publisher will provide, complete and up-to-date help and operational documentation to the Licensee, the Participating Institutions and the Authorized Users in an electronic format. Such documentation may be provided by means of the Distributor's and/or Publisher's online system and/or system for administrators.

- 7.10 **Updates.** The Distributor shall ensure that the Publisher will provide and implement regular system and project updates to the Licensee and the Participating Institutions as they become available. No additional fee shall be charged for regular updates in the ordinary course of business.
- 7.11 **Quality of Service.** The Distributor shall use reasonable efforts to ensure that the Publisher will use reasonable efforts to ensure that the Publisher's server or servers have sufficient capacity and rate of connectivity to provide the Participating Institutions and their Authorized Users with all the services pursuant to this Agreement at a level exceeding or at least comparable to current standards in the online information provision industry in the Licensee's and the Participating Institutions' locale. The Distributor shall ensure that the Publisher will use reasonable efforts to provide continuous service seven (7) days a week with an average of 98% up-time per month. The 2% down-time can include periodic unavailability due to server maintenance; software installation or testing; loading or making available additional Licensed Materials as they become available. The Distributor shall ensure that the Publisher may schedule brief unavailability periods, but will do so only where (a) it has given at least forty-eight (48) hours' prior notice to the Licensee, and (b) in a way and at times that minimize inconvenience to the Licensee, the Participating Institutions and its Authorized Users, regardless of when notice has been given. Any unavailability periods scheduled in this way shall not count towards the downtime calculation as included in this Section 7.11.
- 7.12 **Problems with Licensed Materials.** If the Licensed Materials fail to operate, display, load, or render in conformance with the terms of this Agreement, the Licensee or the

Participating Institution shall immediately notify the Distributor or the Publisher in writing, and the Distributor shall ensure that the Publisher will use reasonable efforts to restore access to the Licensed Materials as soon as possible.

7.13 Transfer or Acquisition of Titles. If any portion of the Licensed Materials is transferred to or acquired from another party, the Distributor shall ensure that the Publisher shall use reasonable efforts to ensure that the Participating Institutions do not lose access to titles listed in the Appendix D of this Agreement as a result of the transfer or acquisition. Any transfer or acquisition must comply with the conditions of the Procedure without Publication (*Jednací řízení bez uveřejnění*) in accordance with the applicable Czech law. Any archival and perpetual access rights that have been granted shall be honored, whether the Publisher is acting as the transferring or acquiring party. If the Publisher is acquiring works that will become subject to this Agreement, the Distributor shall ensure that the Publisher will use reasonable efforts to acquire the rights in the title to include it in the Licensed Materials as part of this Agreement, including but not limited to perpetual access rights to the Core collection. The Distributor shall ensure that the Publisher will use reasonable efforts to communicate with the party from which it is acquiring works to exchange such relevant payment and rights information. For journal titles, the Distributor shall ensure that the Publisher will comply with the NISO Transfer Code of Practice.¹

7.14 Completeness of Content. The Distributor shall use reasonable efforts to ensure that either the Distributor or the Publisher will inform the Licensee and/or Participating Institutions of instances where the online content differs from print versions of the Licensed Materials. Where applicable, the Distributor shall use reasonable efforts to ensure that the Distributor or the Publisher will cooperate with the Licensee and the Participating Institutions to identify and correct content errors or omissions, and when necessary, the Distributor shall ensure that the Publisher will use reasonable efforts to ensure that the online content: (1) is at least as complete as the print and other physical format versions of the Licensed Materials; and (2) represents complete, accurate, and timely replications of the corresponding content contained within the print and other physical format versions of such Licensed Materials.

7.15 In order to facilitate the assessment of completeness of content, the Distributor will provide to the Licensee's request a list of the title, issue, chapter, or item level of the content of the Licensed Materials. The Distributor shall, or shall ensure that the Publisher will disclose to the Licensee any content known or found to be missing from the Licensed Materials, including but not limited to images, pages, issues, and chapters.

7.16 Intentionally left blank.

When such changes, modifications, or migrations occur, the Distributor shall use reasonable efforts to , or shall ensure that the Publisher will use reasonable efforts to give prior written notice of any such changes to the Licensee and the Participating Institutions as soon as is practicable, but in no event less than thirty (30) days in advance of such event. If any of the changes, modifications, or migrations renders the Licensed Materials as a whole to be materially less useful to the Participating Institutions or their Authorized Users, the Licensee may seek to terminate this Agreement for breach pursuant to Section 11 of this Agreement. For the avoidance of doubt, a material change to one of the titles within the Licensed Materials or a small part of the Licensed Materials (not being over twenty five percent (25%) of the Licensed Materials) shall not give right to termination for breach by either Party under Section 11.2 for any of the reasons set out in this Section 7.

- 7.18 **Withdrawal of Licensed Materials.** The Distributor reserves the right to withdraw from the Licensed Materials any item or part of an item for which it no longer retains the right to publish, or which it has reasonable grounds to believe infringes copyright or is defamatory, obscene, unlawful, or otherwise objectionable. The Distributor shall ensure that the Distributor or the Publisher will give prior written notice of the withdrawal to the Licensee and the Participating Institutions, where it is possible to give notice, as soon as is practicable, but in no event less than thirty (30) days in advance of such withdrawal, specifying the item or items to be withdrawn. Where it is not possible for the Distributor or Publisher to give prior written notice of a withdrawal under this Section 7.18, the Distributor shall, or shall ensure that the Publisher shall provide notice of the withdrawal to the Licensee and the Participating Institutions as soon as practicable after the withdrawal.
- 7.19 If any such withdrawal under this Section 7.18 renders the Licensed Materials materially less useful to the Participating Institutions or the Authorized Users, the Distributor shall reimburse the Licensee for the withdrawal in an amount proportional to the Read and Publish Fee for that part of the Licensed Material. If any such withdrawal renders the Licensed Materials as a whole substantially less useful to the Participating Institutions or their Authorized Users, the Licensee may seek to terminate this Agreement for breach pursuant to Section 11 of this Agreement.
- 7.20 **Itemized Holdings/Title List.** Prior to the beginning of every calendar year, the Distributor shall, or shall ensure that the Publisher will provide the Licensee with the current itemized holdings report that will specify the titles included in the Licensed Materials for the next Subscription Period (as defined in Section 9.3 of this Agreement). The Distributor shall, or shall ensure that the Publisher will use reasonable efforts to update itemized holdings reports as soon as is practicable when the holdings information changes, and will provide this information to the Licensee on request. If the Licensed Materials include content covered by the NISO Knowledge Bases And

Related Tools (KBART) Recommended Practice,² the Distributor shall, or shall ensure that the Publisher shall use reasonable efforts to provide itemized holdings lists for the Licensed Materials in a KBART-compliant format, including a column/field for dates (YYYY-MM) of additions.

- 7.21 **Usage Statistics.** The Distributor will provide the Licensee with administrator access to usage data within the institutions, which can be accessed on demand. The statistics shall meet or exceed the most recent project Counting Online Usage of NeTworked Electronic Resources ("COUNTER") Code of Practice Release,³ including but not limited to its provisions on customer confidentiality. When a release of a new COUNTER Code of Practice is issued, the Distributor shall ensure that the Publisher shall comply with the implementation time frame specified by COUNTER to provide usage statistics in the new standard format to the Licensee. It is more than desirable that the Standardized Usage Statistics Harvesting Initiative (SUSHI) Protocol⁴ is available for the Licensee to harvest the statistics.

The Distributor shall not provide and shall ensure that the Publisher will also not provide usage statistics of any Participating Institution in any form to any third party (with the exception of the Licensee) without the Participating Institution's prior written consent, unless the third party owns rights in the Licensed Materials. In all cases, the disclosure of such data shall fully protect the anonymity of individual users and the confidentiality of their searches, and will comply with all applicable privacy legislation. The Distributor shall not, and shall ensure that the Publisher shall not disclose or sell to any third party usage data or information about the Licensee, any Participating Institution or the Authorized Users without the Licensee's and/or the relevant Participating Institution's prior written consent or unless specifically required by law.

The invoice shall be delivered to the Licensee either originally or electronically to the e-mail address [REDACTED]. The invoice shall include a summary of all the Licensed Materials pursuant to this Agreement. The Distributor shall bear any and all costs connected with a change of the exchange rate, including but not limited to any costs which might arise due the invoice containing incorrect or incomplete information.
 7. If the invoice does not contain the requisites set forth in this Agreement or by the applicable legislation or these are incorrect or incomplete, the Licensee is entitled to return such invoice to the Distributor for completion/correction. In such case, the term of payment shall be interrupted and the new term of payment shall run from the provable corrected invoice delivery date to the Licensee and pursuant to the rules set forth above. The procedure under the previous sentence may also be repeated. The Distributor shall correct the invoice in each case within 15 days as of written notification by the Licensee on incorrect or incomplete invoice. Denial of monetary performance and the related return of an invoice in accordance with this paragraph do not constitute a default in the payment by the Licensee.
 8. Fulfillment of any financial duty associated with performance under this Agreement shall be understood as the moment of debiting the full amount from the bank account of the Party.
 9. The Distributor is not entitled to require any advance payments under this Agreement.
 10. Each Party shall bear its own costs in connection with this Agreement. The bank fees for the bank transfer are shared between the Parties.
 11. The Distributor declares that it is a VAT payer and that is not an unreliable VAT payer within the meaning of the Section 106a of the VAT Act. In the event that the tax administrator starts a procedure that the Distributor is an unreliable VAT payer, the Distributor undertakes to notify such fact to the Licensee in writing without undue delay.

12. The Distributor further declares that it fulfills all the conditions set forth in the Section 109 of the VAT Act, i.e. that it has not breached any obligation under the VAT Act which could lead to the liability of the Licensee for the unpaid tax under the Section 109 of the VAT Act. The Distributor undertakes that if there is a threat or even a breach of any Distributor's obligation that could lead to the liability of the Distributor for an unpaid tax, it shall notify such fact in writing to the Licensee without undue delay.
13. Any payments made under this Agreement in favor of the Distributor shall be made to the Distributor's bank account, which is registered with the tax authority within the meaning of the Section 109 of the VAT Act, which the Distributor confirms. In the event that the Distributor becomes an unreliable VAT payer under the preceding paragraphs or there is a threat that the Distributor will become an unreliable VAT payer under the preceding paragraphs, or the Distributor's account shall not be registered with the tax administrator, or in the event that the Licensee is aware of the facts decisive for the legal liability of the Licensee for the payment of VAT within the meaning of Section 109 of the VAT Act, the Distributor expressly agrees that the VAT from the Fee under this Agreement shall be paid directly to the tax administrator's account in accordance with the applicable legislation.

The Distributor takes on the risk of a change in circumstances under Section 1765 (1) of Act No. 89/2012 Coll., the Civil Code, as amended.

Open Access terms (for any Open Access publishing under Sections 7.29 – 7.33 of the Agreement)

Definitions:

Article Publishing Charge (APC): means the charge levied by the Distributor on the acceptance of an article for publication in an Open Select Journal that is not covered by the Prepaid Publishing Cap up to the amount of Maximum Publish Cap, the rates can be found at <https://www.taylorfrancis.com/authorcharges/>

Eligible Author: means a corresponding author that is affiliated to a Participating Institution (as set out in Appendix B), including:

- a student enrolled at or accredited to a Participating Institution;
- a member of the teaching and research staff employed by or otherwise accredited to a Participating Institution;
- any other member of staff employed by or otherwise engaged by a Participating Institution;
- if the Participating Institution is a society, a current member of the Participating Institution.

Qualifying Article: means an original article submitted and accepted for publication in an Open Select Journal, in this case not a subject to payment of the Article Publishing Charge but included in this agreement up to the Prepaid Publication Cap or the Maximum Publication Cap, if applicable, amount

Open Access Workflow: means the procedure by which an article by an Eligible Author may be submitted, peer reviewed and accepted for publication in an Open Select Journal, as set out in Appendix E. This procedure may be subject to change and the Distributor reserves the right to modify any part of the procedure either in general or in respect of a specific journal, for whatever reason and at any time.

Open Select Journal: means a Taylor & Francis and Routledge open access option within a hybrid subscription-based journal (Taylor & Francis / Routledge Open Select) as published by the Publisher from time to time and as set out in Appendix G, including but not limited to Premium APC and Super Premium APC journals.

Prepaid Publication Cap:

Means the total number of Tokens convertible to Qualifying Articles for which the Distributor shall allow the Licensee to publish on an Open Access basis as part of the Read & Publish Fee, without charging a separate Articles Publishing Charge. The Prepaid Publication Cap shall be represented by number of maximum Tokens for each Subscription Period of this Agreement as listed in the table in Appendix B.

Maximum Publication Cap:

Means the maximum number of Qualifying Articles above the Prepaid Publication Cap that the Participating Institutions can demand to be published in the respective Subscription Period; the amounts of Maximum Publication Cap per respective years are listed in the table in Appendix B

Token:

Means a mean for converting the Qualifying Articles and establishing their number for the purposes of the Prepaid Publication Cap and the Maximum Publication Cap, that the Participating Institutions can collectively demand to be published up to the Maximum Publication Cap.

Order:

Means written order sent by the Licensee to the Distributor in which the Licensee orders publishing of Qualifying Article with specification of the amount of Tokens to be ordered for the respective Subscription Period above the Prepaid Publication Cap. The total of Prepaid Publication Caps together with all Orders in the whole duration of this Agreement cannot exceed the Total Maximum Publication Cap specified for each Subscription Periods in the table in Appendix B. Licensee is entitled to place an Order for the next calendar year (Subscription Period) at least [one (1)] month before the end of the current Subscription Period, unless the Total Maximum Publication Cap has been already fulfilled. If there is no Order from the Licensee or if an Order does not specify a certain Participating Institution within the time limit set forth in the previous sentence of this paragraph, it is considered that the Licensee or the respective Participating Institution does not wish to order any Tokens above the Prepaid Publication Cap for the next Subscription period; for avoidance of doubt the Parties explicitly state that the Licensee or the Participating Institution do not have to use any or all the Maximum Publication Cap.

Additional business terms:

The Publisher will not charge Eligible Authors, or the Participating Institution, any service fees (e.g. colour-in-print, reprints, posters) for any Qualifying Articles that fall below the total of Prepaid Publication Cap and Order for the respective Subscription Period. In case of Article Publishing Charges, it can happen that an Eligible Author may be sent the corresponding invoice, only in the case outlined in Appendix E.

In the case of a shortfall of Open Access publishing by the Licensee in any year (Subscription Period) so that the total of Qualifying Articles falls below amount specified for the respective Subscription Period (total of Prepaid Publication Cap and the Order) in a given year (Subscription Period), the Distributor agrees to transfer and add the amount of non-used Qualifying Articles from that year to the following year, according to the following rules, without any additional payment or fee:

- a) if the total of Qualifying Articles is higher than Prepaid Publication Cap, then 100% of non-used Qualifying Articles and up to the amount specified by Order for the then current Subscription Year will be transferred;
- b) otherwise, if the total of Qualifying Articles is less or equal to the Prepaid Publication Cap, then the total of the two following will be transferred:
 - a. 100% of non-used Qualifying Articles above the Prepaid Publication Cap and up to the amount specified by Order for the then current Subscription Year;
 - b. up to a 10% of non-used Qualifying Articles below the Prepaid Publication Cap. The 10% calculation shall be based on the original Prepaid Publication Cap as set in Appendix B not including any additional Qualifying Articles that have transferred from the previous year (Subscription Period). For the avoidance of doubt, up to 14 Qualifying Articles can be transferred from 2023 to 2024, and up to 14 from 2024 to 2025.

For the avoidance of doubt, all non-used Qualifying Articles ordered via Order shall be transferred. The Distributor shall not have any further obligations in relation to any unused Publication Cap in addition to the obligation to roll the Qualifying Articles under this paragraph.

The APC for any Qualifying Articles that are over the Prepaid Publication Cap will have a 10% discount applied to the prevailing price of a Token. Nothing in this Agreement shall oblige either the Licensee or the Participating Institution to publish any articles on an Open Access basis in accordance with Appendix E, and in the event that it is not published in an Open Select Journal, such publishing shall not be covered under this Appendix A. In the event that the Licensee or the Participating Institution indicates that they do not want an article by an Eligible Author to be deemed a Qualifying Article whose APC is to be paid for by the Publishing Fees, the Distributor will ensure that the Publisher invoices the author directly for the APC in the usual way and that article shall not be counted towards the Publication Cap.

In case any of an Open Select Journal flipping to a different Open Access journal type e during the Agreement Term (for which the APC rate is higher than the standard APC rate),

that Journal will remain eligible for the coverage by Publishing Fee(s) under this Appendix A for the Agreement Term.

The Distributor will report annually to the Licensee on how many Publisher's journals under this Agreement have flipped during the year from Open Access Select to full Open Access.

In the event that a Qualifying Article from an Eligible Author is not identified by the Publisher on acceptance and is thereafter discovered to have been published Open Access the Publisher will contact the Eligible Authors and their Participating Institution and offer to manually include the Qualifying Article in the Research Dashboard but only in the case such article could be covered by the Read and Publish Fee of this Agreement and such coverage is approved both by the Licensee and Participating Institution. When applicable and if a separate Article publishing Charge was paid, the Distributor can consider to issue a refund.

The Licensee and Participating Institutions are under no obligation to publish additional Open Access articles above the equivalent amount of the Publishing Fee.

The Distributor shall, or shall procure that the Publisher shall work with appointed representatives of the Licensee to discuss, agree and make any agreed improvements to the workflow and the functionality of the Research Dashboard. For the purpose of this Agreement, the Research Dashboard means the online administration tool for managing the Open Access Workflow.

Appendix B: Participating Institutions, Potential Participating Institutions and Fees

Appendix E: Open Access workflow

- (a) Licensee / Participating Institution's workflow:
- i. Licensee or Participating Institutions can approve or decline the APC to be funded as part of this Agreement where the article is a Qualifying Article and falls under the Publication Cap, as specified in Appendix A;
 - ii. Each Participating Institution and Licensee are able to log into their Research Dashboard account and verify the eligibility of an article to be published open access under Sections 7.29 to 7.33 and Appendix A of this Agreement;
 - iii. Once an article is accepted for publication, both the Licensee and the applicable Participating Institution will be informed via email, to their institutional notification email address, shared with the Distributor;
 - iv. Licensee and/or Participating Institutions will verify whether an article is to be considered as a Qualifying Article under Appendix A as quickly as possible (ideally within 5 working days) to ensure the timely production and publication;
 - v. Neither Licensee nor Participating Institutions are under any obligation to approve or decline funding for the accepted articles as Qualifying Articles under the Publication Cap which feed into the Research Dashboard;
 - vi. If either Licensee or Participating institution approves an article for OA funding under Section 7.32 and Appendix A, such article will be counted against the Prepaid Publication Cap in accordance with Appendix A;
 - vii. If either the Licensee or Participating Institution declines an article for OA funding, such article will not be counted against the Publication Cap as stated in Appendix A. The declined article can still be published in either OA or traditional subscription license and the author shall be invoiced directly by the Distributor or the Publisher for the APC;
- (b) Both Licensee and the individual Participating Institutions can download metadata from the Research Dashboard, in xls format, such as:
- i. Institution member's name
 - ii. article's title;
 - iii. DOI;
 - iv. Submission Date;
 - v. Submission ID;
 - vi. Funding Body (when provided by author at submission);
 - vii. OA Status of the article;
 - viii. Entered Date;
 - ix. Acceptance Date;
 - x. Article Type;
 - xi. Currency
 - xii. Author's Name;
 - xiii. Author's email;
 - xiv. Author's Orcid ID (when provided);
 - xv. Multiple Organisations' status;
 - xvi. Journal's title;
 - xvii. Journals' reference acronym;

- xviii. Journal's OA profile;
- xix. Status of the article

(c) Author's workflow:

- i. Author submits article via the standard submission process on Taylor & Francis Online.
- ii. Author's Identification:
 - 1. The Author will be identified at acceptance of their article. The identification will be based on email domain or by Organisation name (as included in the list specified in Appendix B); or by persistent identifier, such as Ringgold, ORCID or other recognized institutional identifier as provided by the Author and published in the Article metadata; or affiliation as stated in the article to be published.
- iii. It will be possible for the Author to select the Participating Institution name from a normalised list of institution names.
- iv. If an Author with a double affiliation is identified to a Participating Institution which is part of this Agreement, the Publisher will contact the Licensee to check whether the Author is eligible for being covered under this agreement. If the publication process of an article is at a very advanced stage, meaning that it has entered the production system, it might not be possible to change the affiliation or be included as a Qualifying Article, in which case the author would be liable for the APC.

(d) Peer Review of the article:

- i. Rejection: The Publisher will inform the Author;
- ii. Acceptance:
 - 1. Corresponding Author identified as affiliated to a Participating Institution (Appendix B). The identification of authors is dependent on them entering this information at submission (using Participating Institution's email address or entering the Participating Institution name as Organisation); or by persistent identifier, such as Ringgold, ORCID or other recognized institutional identifier as provided by the Author and published in the Article metadata; or affiliation as stated in the article to be published.
 - 2. Author is sent an email from Publisher (Taylor & Francis Production team) with a URL to the Electronic Copyright System, where they are able to select and sign the Creative Commons License online.
 - 3. Accepted article metadata feeds into the Research Dashboard;
 - 4. If an article in the Research Dashboard is approved funding by either the Licensee or Participating Institution, the Author will be informed accordingly via email;
 - 5. Article is published online under an Open Access license.
 - 6. If an article in the Research Dashboard is declined funding by the Licensee, no further communication will be sent to the author regarding the Agreement, unless the Author has specifically requested funding;

7. If the Licensee takes no action in the Research Dashboard, this will not hold up publication of the article. The Author will continue with the standard process and will be able to choose to publish the article behind the paywall or request an APC invoice to publish open access.

(e) General

- i. The date of validity used will be the date the article enters the production system (i.e. acceptance).

 6. Short Communication
 7. Case Report
