ALBERTINA ICOME PRAHA S.R.O.

AND

THE NATIONAL LIBRARY OF TECHNOLOGY

[Note: Information that will often vary from case to case is in *italics*.]

This License Agreement ("**Agreement**") is made between Albertina icome Praha s.r.o., Štěpánská 16, 110 00 Praha 1, ID number 49612158 ("**Distributor**"), a supplier of the product(s) of the following Publisher: **Cambridge University Press & Assessment**, Shaftesbury Road, Cambridge, CB2 8EA, United Kingdom ("**Publisher**")

and

The National Library of Technology, a State Contribution Organization set up by the Ministry of Education, Youth and Sports, with its principal offices at Technická 2710/6, 160 80 Praha 6 – Dejvice, ID No.: 61387142 ("**Licensee**")

(Distributor and Licensee together as the "**Parties**", and separately each as a "**Party**").

The Licensee acts as a central purchasing body within the meaning of Act No. 134/2016 Coll., on Public Procurement, as amended, for concluding license agreements on behalf of Participating Institutions as listed in Appendix B ("**Participating Institutions**") as part of the project CzechELib. In the event the Licensee is listed in Appendix B, all and any provisions related to Participating Institutions shall be without any limitation applicable also to the Licensee.

The Licensee shall be entitled to grant the necessary authorization or sublicense to Participating Institutions.

In consideration of the mutual promises contained herein and other good and valuable considerations, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. Representation, Subject of the Agreement, Content of Licensed Materials; Grant of License

- 1.1 **Representation.** The Distributor hereby represents and warrants that it has all the authority, competence and license to grant a license to the Licensed Materials to the Licensee as defined in this Agreement. Where the performance of the Distributor's obligation depends on the activity and/or cooperation of the Publisher, the Distributor shall ensure and is liable for any violation of the rights and/or obligations stipulated herein as a result of the activity or inactivity of the Publisher and this can serve as a reason for termination of this Agreement pursuant to Section 11.
- 1.2 **Subject of the Agreement.** The subject of this Agreement is to define the conditions of cooperation and the rights and duties of the Parties while providing the Licensed Materials to the Licensee and the Participating Institutions as defined in this Agreement.
- 1.3 **Licensed Materials.** The materials that are the subject of this Agreement are set forth in Appendix A ("**Licensed Materials**").
- 1.4 **Grant of License.** The Distributor hereby grants to the Licensee a non-exclusive, non-transferable (except the following sublicenses or other corresponding authorization), system-wide perpetual right, or if perpetual is not objectively possible under applicable law then to the maximum extent permissible under applicable law (regardless whether in form of a license or a sublicense), to use the Licensed Materials pursuant to this Agreement, limited to the territory of the Czech Republic. The Licensee is entitled to grant the sublicenses or any other corresponding authorization to the Participating Institutions in order to provide the Licensed Materials to the Authorized Users (as defined in Section 4.1 of this Agreement) of the Participating Institutions in accordance with the terms of this Agreement. For the avoidance of doubt, the Licensee will only have perpetual access to Licensed Materials comprising journal volumes published during the term of this Agreement.
- 1.5 **Ownership of Intellectual Property.** Nothing in this Agreement shall be construed, interpreted or understood as transfer of ownership of any copyright, trademarks, service marks or any other intellectual property from the Distributor or its suppliers to the Licensee or the Authorized Users.

2. Delivery & Access

- 2.1 The Distributor will provide the Licensed Materials to the Licensee and to the Participating Institutions in the following manner:

Network Access. The Licensed Materials will be stored at one or more of the Publisher's locations in digital form accessible by telecommunication links between such locations and authorized locations of the Licensee and the Participating Institutions.

3. Fees

- 3.1 **Fees and Payment.** The Licensee shall pay the Distributor a fee for the license concerning the Licensed Materials pursuant to the terms set forth in Appendix A based on an invoice issued by the Distributor ("**Fee**"). All Fees are due and payable by the Licensee by 15 May of the respective calendar year, unless otherwise stipulated in Appendix A.
- 3.2 **Incomplete Payment.** The Licensee may cover the invoice partially if a Participating Institution did not provide its financial contribution in time. In the event of such incomplete payment, the Licensee will notify the Distributor in writing of the intended difference no less than ten (10) days prior to the due date. In such case the Licensee is not in delay with the payment and the Distributor or the Publisher may suspend the IP addresses of such Participating Institution until the Fee is completely paid.
- 3.3 **Change of number of Participating Institutions listed in Appendix B.** In case any Participating Institution shall lose its status as a Participating Institution or in case any Potential Participating Institution and/or new scientific (or similar) institution shall reveal its intent to become a Participating Institution, the Distributor shall enter into negotiations with the Licensee to amend this Agreement and to correspondingly renegotiate the Fee.

4. Authorized Use of Licensed Materials

- 4.1 **Authorized Users.** "**Authorized Users**" are:
- (a) **Persons affiliated with the Participating Institutions.** Full and part-time employees, faculty, staff and students of the Participating Institutions, and registered users, on-site or remotely using secure authentication system implemented by the Licensee or Participating Institutions. For authorized sites of the Participating Institutions, see Appendix B. Should the Licensee be listed in the Appendix B as the Participating Institution, all provisions concerning the Participating Institution and the Authorized Users shall apply also with respect to the Licensee.
 - (b) **Walk-ins.** Persons not affiliated with the Participating Institutions who are physically present at the Participating Institutions' site(s) ("**Walk-ins**").
- 4.2 **Access by and Authentication of Authorized Users.** Authorized Users of the Participating Institutions shall be granted access to the Licensed Materials pursuant to the following:
- (a) **IP Addresses.** Authorized Users shall be identified and authenticated by the use of Internet Protocol ("**IP**") addresses provided by the Licensee to the Distributor. The use of proxy servers by the Licensee or the Participating Institutions is authorized as long as any proxy server IP addresses provided limit remote or off-campus access to the Authorized Users. Authorized IP Addresses are listed in Appendix C. An updated list will be sent to the Distributor on an annual or as-

needed basis without the need to amend this Agreement. Alternatively, if the Publisher is utilizing its own and/or third-party system for IP range change notification (such as e.g. IP Registry), then an updated list may be sent via such system instead. The Distributor shall ensure that the Publisher shall use reasonable efforts to cooperate with the Participating Institutions in the implementation of new authentication protocols and procedures (such as Shibboleth) as they are developed during the term of this Agreement. Both the Licensee and the Distributor will provide cooperation to coordinate or facilitate this process but they will not be liable for correct implementation of such authentication protocols and procedures (which remain the full responsibility of the Publisher and the respective Participating Institution).

- (b) Distributor or Publisher - Administered Authentication. Where the Distributor or the Publisher provides alternative methods of access and authentication beyond the Licensee-administered methods described herein, e.g. by allowing users to establish a personal login from an on-campus IP address (thereby enabling access via username and password when logging in to a website of the Distributor) or device authentication, which affiliates the device or application by use of a token, cookie, or vendor-managed proxy prefix, neither the Licensee nor any Participating Institution will be responsible or liable for claims of breach or validity of such use. Neither the Licensee nor any of the Participating Institutions shall be responsible or liable for the processing of personally identifiable information (personal data) by the Distributor or Publisher in this matter as this remains its full liability.
- (c) Personally Identifiable Information (Personal Data) of Authorized Users. The Licensee, the Distributor and the Publisher together and individually acknowledge and agree that the Licensee neither transfers nor provides any personally identifiable information (personal data) of the Authorized Users to the Distributor. Access to the Licensed Materials is primarily granted via IP Addresses pursuant to Section 4.2(a) of this Agreement which prevent any identification of the Authorized User. In case of the Distributor or the Publisher - Administered Authentication pursuant to Section 4.2(b) of this Agreement, the Distributor and the Publisher are required to ensure lawful processing of any personally identifiable information (personal data). This does not preclude the Licensee to hand over the contact details of the Participating Institutions' contact persons or other personal data where the Licensee has a valid legal basis therefor.

4.3 **Authorized Uses.** The Participating Institutions and the Authorized Users may make all use of the Licensed Materials as is consistent with English copyright law and with these licensing conditions, including but not limited to the following licensing conditions ("**Authorized Uses**"). In addition, the Licensed Materials may be used for purposes of research, education or other non-commercial use as particularly follows:

- (a) Display. The Participating Institutions and the Authorized Users shall have the right to electronically display the Licensed Materials, to the extent permitted by applicable copyright law.

- (b) Digital Copy. The Participating Institutions and Authorized Users may download and digitally copy a reasonable portion of the Licensed Materials, to the extent permitted by applicable copyright law.
- (c) Print Copy. The Participating Institutions and the Authorized Users may print a reasonable portion of the Licensed Materials.
- (d) Recover Copying Costs. The Participating Institutions may impose a reasonable fee on the Authorized Users to cover costs of copying or printing portions of the Licensed Materials by or for the Authorized Users.
- (e) Archival/Backup Copy. Intentionally omitted
- (f) Caching. Intentionally omitted
- (g) Classroom Use. The Participating Institutions may distribute single copies of individual articles or items of the Licensed Materials in print or electronic form to the Authorized Users.
- (h) Collections of Information. The Participating Institutions and the Authorized Users shall be permitted to extract or use information contained in the Licensed Materials for educational, scientific, or research purposes, including extraction and manipulation of information for the purpose of illustration, explanation, example, comment, criticism, teaching, research, or analysis.
- (i) Course Packs (Print and Electronic). The Participating Institutions and the Authorized Users may use a reasonable portion of the Licensed Materials in the preparation of a packet of the materials used in the classroom ("**Course Packs**") or other educational materials.
- (j) Course Reserves (Print and Electronic). The Participating Institutions and the Authorized Users may use a reasonable portion of the Licensed Materials in connection with specific courses of instruction offered by the Participating Institutions.
- (k) Electronic Links. The Participating Institutions and the Authorized Users may provide hyperlinks from the Participating Institutions' and the Authorized Users' web page(s) or website(s) to individual units of content within the Licensed Materials.
- (l) Scholarly Sharing. On an ad hoc basis, the Authorized Users may transmit to a third party, in hard copy or electronically, minimal, insubstantial amounts or a portion of the Licensed Materials for personal use or scholarly, educational, or scientific research or professional use in the nature of collaboration, comment, or scholarly exchange of ideas but in no case for resale or commercial purposes or in a manner that would substitute for direct access to the Licensed Materials via services offered by the Distributor and/or the Publisher.

- (m) Text and Data Mining. The Authorized Users may use the Licensed Materials to perform and engage in text and/or data mining activities for non-commercial academic research, scholarship, and other educational purposes and may utilize and share the results of text and/or data mining in their scholarly work and make the results available for use by others, so long as the purpose or effect is not to create a product for use by third parties that would substitute for the Licensed Materials.
- (n) Interlibrary Loan. Using electronic, paper, or intermediated means, the Participating Institutions may at their discretion fulfill occasional requests from other institutions, a practice commonly called Interlibrary Loan ("ILL"). The Distributor agrees and ensures that the Publisher will agree that the electronic form of the Licensed Materials may be used as a source for the ILL whereby articles and/or chapters can be printed and these print copies can be delivered via postal mail, fax, or fax-based service to fulfill ILL requests from an academic, research or other non-commercial library. Requests received from for-profit companies will not be honored. An ILL through secure electronic transmission, as demonstrated by the ARIEL, is permitted. Files transmitted in this manner must carry copyright notices and comply with the applicable law.
- (o) Bibliographic Citations. The Participating Institutions and the Authorized Users may use, with appropriate credit given, figures, tables, and brief excerpts from the Licensed Materials in the Participating Institutions' and the Authorized Users' own scientific, scholarly, and educational works. For the avoidance of doubt, the Participating Institutions and the Authorized Users may use citation and abstract information in faculty profiling systems, in lists of publications on faculty and institutional web pages, and to create bibliographies, and store a single copy of an individual document being part of the Licensed Materials, including within secure personal bibliographic reference/citation management systems.

4.4 **No Diminution of Rights.** Nothing in this Agreement, including but not limited to the Authorized Uses, shall be interpreted to diminish the rights and privileges of the Licensee, the Participating Institutions or the Authorized Users with respect to any of the Licensed Materials, including exceptions or limitations regarding the exclusive rights of copyright owners. In the event that any content included in the Licensed Materials is in the public domain or has been issued under a Creative Commons or other open license, neither the Distributor nor the Publisher shall place access, use or other restrictions on that content beyond those found in the open license, where applicable.

4.5 **The Rights of the Author to Use Own Work.** Intentionally omitted

4.6 Intentionally omitted

4.7 **Definitions:** Intentionally omitted

4.8 **Scope of Authorized Use and Access to Licensed Materials.**

Unlimited Access. Subject to the terms of this Agreement, the Participating Institutions and the Authorized Users shall have unlimited and simultaneous user access to the Licensed Materials.

5. Specific Restrictions on Use of Licensed Materials

- 5.1 **Unauthorized Use.** The Participating Institutions, or the Authorized Users shall not knowingly permit anyone other than the Authorized Users to access the Licensed Materials.
- 5.2 **Modification of Licensed Materials.** The Participating Institutions or the Authorized Users shall neither modify nor manipulate the Licensed Materials without the prior written permission of the Publisher.
- 5.3 **Removal of Copyright Notice.** The Participating Institutions or the Authorized Users shall not remove, obscure or modify any copyright or other notices included in the Licensed Materials.
- 5.4 **Commercial Purposes.** The Participating Institutions or the Authorized Users may not use the Licensed Materials for commercial purposes, including but not limited to the sale of the Licensed Materials, fee-for-service use of the Licensed Materials; nor may the Licensee and the Participating Institutions impose special charges on the Authorized Users for use of the Licensed Materials beyond reasonable printing or administrative costs. For the avoidance of doubt, research conducted by the Participating Institutions and Authorized Users that is supported by a commercial entity shall not be considered use for commercial purposes.
- 5.5 Licensee, the Participating Institutions, or Authorized Users shall not systematically make printed or electronic copies of the Licensed Materials, or create a database in electronic form by downloading any content from the Licensed Materials.
- 5.6 Except in the course of exercising rights specifically granted in this Agreement, or permitted under any applicable Creative Commons License, Licensee, Participating Institutions and Authorized Users may not:
- a) systematically make printed or electronic copies of any of the Licensed Materials;
 - b) permit access to the Licensed Materials to anyone who is not an Authorized User;
 - c) display or distribute any part of the Licensed Materials on any electronic network (including without limitation the internet and the world wide web) other than the Secure Network;
 - d) create a database in electronic or structured manual form by downloading and storing any content from the Licensed Materials;
 - e) attempt to interfere with the proper workings of any online provision of the Licensed Materials including attempting to circumvent security, tamper with, hack into or otherwise disrupt or compromise the functionality or availability of the Network, or

other internet connected device used as part of the IT system which enables access to the Licensed Materials;

- f) either individually or collectively download Licensed Materials at a rate which exceeds 500 pdfs per hour;
- g) use any automated retrieval devices (such as web robots, wanderers, crawlers, spiders or similar devices) save that this is not intended to prevent Licensee from using a federated search engine or discoverability service as part of its library information services; nor
- h) otherwise download, store, reproduce, transmit, display, print, copy, distribute, extract exploit or use the Licensed Materials.

(for the purposes of this clause 5.6, 'Secure Network' means: a network (whether a standalone network or a virtual network within the internet) which is only accessible to Authorised Users whose identities are authenticated by Licensee at the time of login (and periodically thereafter in line with best practice) by Secure Authentication. 'Secure Authentication' means Athens or Shibboleth (SAML) technology-based authentication, IP ranges, username and password, or such other authentication process agreed between Licensee and the Distributor/Publisher from time to time, and which is consistent with current best practice).

- 5.7 Distributor reserves the right to withdraw access to the Products in the event of a download rate in excess of the limit in section 5.6). The withdrawal of access in such circumstances is generated by an automatic abuse detection process. Upon activation of the process, emails including details of the actual download rate detected will be sent to Distributor's administrator to request an investigation. Distributor shall restore access to the Licensed Materials immediately after being notified by the Licensee that the issue has been resolved.

6. Mutual Performance Obligations

- 6.1 **Notification and Cure of Unauthorized Use.** In the event the Licensee and/or any of the Participating Institutions becomes aware of an unauthorized use of the Licensed Materials and cannot promptly remedy it, the Licensee or the Participating Institution shall without undue delay notify the Distributor or the Publisher. In the event the Distributor or Publisher becomes aware of unauthorized use of the Licensed Materials, the Distributor shall, or shall ensure that the Publisher will, without undue delay notify the Licensee and the respective Participating Institution in writing.

- 6.2 In the case of unauthorized use, the Publisher may temporarily suspend such offending individual Authorized User's access to the Licensed Materials (e.g. by blocking an individual user's IP address), provided that the Distributor without significant delay notifies, or shall ensure that the Publisher immediately notifies the Licensee and the respective Participating Institution of any such suspension, including the reason for the suspension and any supporting details. Such temporary suspensions will be only of the maximally limited extent necessary to terminate the

unauthorized use and prevent its resumption. In the event that such suspension lasts longer than the period necessary to prevent such unauthorized use, the Distributor is obliged to reimburse the Licensee the respective pro rata part of the Fee (calculated with respect to the actual number of excessively suspended Authorized Users) for the period of duration of such excessive suspension. Any excessive suspension of access to the Licensed Materials can serve as a Licensee's reason for termination of this Agreement pursuant to Section 11 of this Agreement.

7. Performance Obligations

- 7.1 The Distributor will use reasonable efforts to ensure that its or the Publisher's performance will meet or exceed industry standards and practices. Additionally, the Distributor agrees to the following performance standards set out in this Section 7.
- 7.2 The Distributor shall acquaint the Publisher with the content of this Agreement. The Distributor shall ensure that all Distributor's obligations under this Agreement will be fulfilled and that the Publisher will not prevent such fulfillment. The Distributor may under no circumstances exclude or limit its liability due to any lack of cooperation from the Publisher. The Distributor shall ensure that the Publisher will provide its cooperation in duly and timely manner so all obligations stipulated herein may be orderly fulfilled.
- 7.3 **Availability of the Licensed Materials.** Upon the Effective Date of this Agreement, Distributor will make the Licensed Materials available to the Participating Institutions and Authorized Users. Upon the Effective Date (as specified in Section 9.1 of this Agreement), the Distributor shall ensure that the Licensed Materials become available to the Participating Institutions and the Authorized Users.
- 7.4 Should the Effective Date of this Agreement occur after 1 January 2023, Distributor shall ensure that the Publisher will make, or has already made, the Licensed Materials available to the Licensee, the Participating Institutions and Authorized Users in the full scope of the license stipulated herein already as of 1 January 2023 due to the necessity of access to the Licensed Material as of 1 January 2023, to the Participating Institutions and Authorized Users in the full scope of the authorization stipulated herein including all and any possible rights and authorizations such as potential archiving rights, extent of the access to the backfile content of Licensed Materials or Open Access publishing under this Agreement. Performance of the Distributor's obligation to ensure that the Licensed Materials become available before this Agreement takes effect shall be considered entirely as a performance according to and in compliance with this Agreement.
- 7.5 **Discovery of the Licensed Materials.** The Distributor shall make reasonable efforts to ensure that the Publisher will make the Licensed Materials available through the Licensee's and/or the Participating Institutions' user interface and search systems for discovering and displaying content from local, database and web-based sources ("**Discovery Service System**") for indexing and discovery purposes. The Distributor shall make reasonable effort to provide the Licensee's and/or the Participating

Institutions' discovery service vendors on an ongoing basis the citation and complete descriptive metadata (including all subject headings, abstracts, and keywords) and full-text content necessary to facilitate optimal discovery and accessibility of the content for the benefit of the Participating Institutions and the Authorized Users. Discovery Service Systems are defined as user interface and search systems for discovering and displaying content from local, database and web-based sources.

- 7.6 **Persistent Linking.** The Distributor shall make reasonable effort to ensure that the Publisher will comply with the most current version of the OpenURL standard (ANSI/NISA Z39.88 or any that replaces it during the term of this Agreement) and will provide a mechanism for persistent links to content.
- 7.7 **Online Terms and Conditions.** In the event that the Distributor or the Publisher requires the Authorized Users to agree to additional terms relating to the use of the Licensed Materials (commonly referred to as "**click-through**" or "**clickwrap**" licenses), or otherwise attempts to impose terms on the Authorized Users through online terms and conditions invoked by the mere use or viewing of the Licensed Materials, such additional terms shall only apply to the Authorized Users who agreed to the respective additional terms. Such additional terms shall not materially differ from the provisions of this Agreement and violation of these additional terms by the Authorized Users will not be considered as breach of this Agreement but merely and exclusively as breach of these additional terms. In the event of any conflict between the additional terms and this Agreement, the terms of this Agreement shall prevail. The Distributor or the Publisher alone shall be liable and responsible for any personal data processing that occurs with respect to these additional online terms and conditions as either the Distributor or the Publisher determines the scope and purpose of such personal data processing. For the avoidance of doubt, the Authorized Users are not a party to this Agreement.
- 7.8 **Documentation.** If available, the Distributor will provide or shall ensure that the Publisher will provide, complete and up-to-date help and operational documentation to the Licensee, the Participating Institutions and the Authorized Users in an electronic format. Such documentation may be provided by means of the Distributor's and/or Publisher's online system and/or system for administrators.
- 7.9 **Support.** The Distributor shall ensure that the Distributor or Publisher will provide activation and installation support, including assisting the Licensee, Participating Institutions and Authorized Users with the implementation of any Publisher software. The Distributor will offer reasonable levels of continuing support to assist the Licensee, Participating Institutions and Authorized Users in the use of the Licensed Materials. The Distributor will make its personnel available by email [REDACTED] and/or phone [REDACTED] during cross section of the Publisher's and the Licensee's and/or the Participating Institutions' regular business hours, Monday through Friday, for feedback, problem-solving, or general questions, and they will respond in a timely manner. If there is a change in a contact for support, either the Distributor or the Publisher will notify the Licensee and the Participating Institutions of such change. The change is effective by the delivery of the notice to the Licensee and the Participating Institutions.

- 7.10 **Training.** The Distributor shall ensure that the Distributor or Publisher will, upon agreement and in a reasonable quantity, provide to the Licensee, the Participating Institutions and the Authorized Users appropriate on-site or online training related to the use of the Licensed Materials and any Publisher software. The Distributor shall also ensure that the Distributor or the Publisher will provide additional training to the Licensee and the Participating Institutions staff if made necessary by any updates or modifications to the Licensed Materials or any of the Publisher's software.
- 7.11 **Updates.** The Distributor shall ensure that the Publisher will provide and implement regular system and project updates to the Licensee and the Participating Institutions as they become available. No additional fee shall be charged for updates.
- 7.12 **Quality of Service.** The Distributor shall ensure that the Publisher will use reasonable efforts to ensure that the Publisher's server or servers have sufficient capacity and rate of connectivity to provide the Participating Institutions and their Authorized Users with all the services pursuant to this Agreement at a level exceeding or at least comparable to current standards in the online information provision industry in the Licensee's and the Participating Institutions' locale. The Distributor shall ensure that the Publisher will use reasonable efforts to provide continuous service seven (7) days a week with an average of 98% up-time per month. The 2% down-time can include periodic unavailability due to server maintenance; software installation or testing; loading or making available additional Licensed Materials as they become available. The Distributor shall ensure that the Publisher may schedule brief unavailability periods provided (a) that the Publisher will use commercially reasonable effort to give at least forty-eight (48) hours' prior notice to the Licensee, and (b) in a way and at times that minimize inconvenience to the Participating Institutions and its Authorized Users, regardless of when notice has been given.
- 7.13 **Problems with Licensed Materials.** If the Licensed Materials fail to operate, display, load, or render in conformance with the terms of this Agreement, the Licensee or the Participating Institution shall immediately notify the Distributor or the Publisher in writing, and the Distributor shall ensure that the Publisher will promptly use best efforts to restore access to the Licensed Materials as soon as possible. In the event that the non-conformity materially affects the Participating Institutions' or the Authorized Users' use of the Licensed Materials, and the Publisher fails to remedy the non-conformity within five (5) business days, the Distributor shall reimburse the Licensee for such problems in an amount that is proportional to the Fee.
- 7.14 **Transfer or Acquisition of Titles.** If any portion of the Licensed Materials is transferred to or acquired from another party, the Distributor shall ensure that the Publisher will use reasonable efforts so the Participating Institutions will not lose access to the Licensed Materials or any rights under this Agreement as a result of the transfer or acquisition. Any archival and perpetual access rights that have been granted shall be retained, whether the Publisher is acting as the transferring or acquiring party. If the Publisher is transferring any portion of the Licensed Materials to another party, the Distributor shall ensure that the Publisher will use reasonable

efforts to assign all rights and obligations under this Agreement to the assignee. If the Publisher is acquiring content that will become subject to this Agreement, the Distributor shall ensure that the Publisher will use reasonable efforts to acquire the rights necessary for its performance under this Agreement, including but not limited to perpetual access rights. The Distributor shall ensure that the Publisher will provide the relevant party with all the relevant payment and rights information. For journal titles, the Distributor shall use reasonable efforts to ensure that the Publisher will comply with the NISO Transfer Code of Practice.¹

- 7.15 **Completeness of Content.** The Distributor shall use reasonable efforts to ensure that the Publisher will inform the Licensee and/or Participating Institutions of instances where the online content differs from print versions of the Licensed Materials. Where applicable, the Distributor shall ensure that the Publisher will cooperate with the Licensee and the Participating Institutions to identify and correct content errors or omissions, and when necessary, the Distributor shall ensure that the Publisher will use reasonable efforts to ensure that the online content: (1) is at least as complete as the print and other physical format versions of the Licensed Materials; and (2) represents complete, accurate, and timely replications of the corresponding content contained within the print and other physical format versions of such Licensed Materials. This clause shall not apply where the online content is more up to date than the physical format versions.
- 7.16 In order to facilitate the assessment of completeness of content, the Distributor shall use reasonable efforts to ensure that the Publisher will provide upon the Licensee's request a report of the content in the Licensed Materials at the title, issue, chapter, or item level. The Distributor shall ensure that the Publisher will disclose to the Licensee content known or found to be missing from the Licensed Materials, including but not limited to images, pages, issues, and chapters.
- 7.17 If the online content is a digitized version of the print content and differs from the print or other physical format versions of the Licensed Materials so as to be substantially less useful to the Licensee, the Participating Institutions or their Authorized Users, the Licensee may seek to terminate this Agreement for breach pursuant to Section 11 of this Agreement.
- 7.18 **Notification of Modifications of Licensed Materials.** From time to time, the Publisher may add, change, or modify portions of the Licensed Materials, or migrate the Licensed Materials to other formats. When such changes, modifications, or migrations occur, the Distributor shall use reasonable efforts to ensure that the Publisher will give prior written notice of any such changes to the Licensee and the Participating Institutions as soon as is practicable, but in no event less than sixty (60) days in advance of such event. Such a notice may also be given directly by the Publisher to the Licensee. If any of the changes, modifications, or migrations render the Licensed Materials substantially less useful to the Participating Institutions or

¹ <http://www.niso.org/workrooms/transfer/>

their Authorized Users, the Licensee may seek to terminate this Agreement for breach pursuant to Section 11 of this Agreement.

- 7.19 **Withdrawal of Licensed Materials.** The Publisher reserves the right to withdraw from the Licensed Materials any item or part of an item for which it no longer retains the right to publish, or which it has reasonable grounds to believe infringes copyright or is defamatory, obscene, unlawful, or otherwise objectionable. The Distributor shall use reasonable efforts to ensure that the Publisher will give prior written notice of the withdrawal to the Licensee and the Participating Institutions as soon as is practicable, but in no event less than thirty (30) days in advance of such withdrawal, specifying the item or items to be withdrawn. Such a notice may also be given directly by the Publisher to the Licensee.
- 7.20 If any such withdrawal renders the Licensed Materials less useful to the Participating Institutions or the Authorized Users, the Distributor shall:
- a) For Licensed Materials purchased on a perpetual access basis, provide a copy of the relevant withdrawn Licensed Materials in pdf format (or such other electronic format as Distributor in its sole discretion determines); otherwise
 - b) Distributor may in its sole discretion either offer broadly equivalent replacement materials or a credit in respect of the unexpired portion of the Fees in relation to the withdrawn Licensed Material (or part thereof). The provision of a pdf copy, replacement or credit (as applicable) shall discharge Distributor's responsibilities to Licensee in respect of the withdrawn Licensed Materials.
- 7.21 **Itemized Holdings/Title List.** Prior to the beginning of every calendar year, the Distributor or the Publisher will provide the Licensee with the current itemized holdings report that will specify the titles included in the Licensed Materials for the next Subscription Period (as specified in Section 9.3 of this Agreement). The Distributor shall ensure that the Publisher will use reasonable efforts to update itemized holdings reports as soon as is practicable when the holdings information changes, and will provide this information in a timely manner to the Licensee on request. This information may also be provided by means of a Publisher's website. If the Licensed Materials include content covered by the NISO Knowledge Bases And Related Tools (KBART) Recommended Practice,² the Distributor or the Publisher will use reasonable efforts to provide itemized holdings lists for the Licensed Materials in a KBART-compliant format, including a column/field for dates (YYYY-MM) of additions.
- 7.22 **Usage Statistics.** The Distributor shall use reasonable efforts to ensure that the Publisher will provide access to both composite system-wide use data and itemized data to the Licensee for the Participating Institutions, on a monthly basis. The statistics shall meet or exceed the most recent project Counting Online Usage of

NeWorked Electronic Resources ("COUNTER") Code of Practice Release,³ including but not limited to its provisions on customer confidentiality. When a release of a new COUNTER Code of Practice is issued, the Distributor shall use reasonable efforts that the Publisher will comply with the implementation time frame specified by COUNTER to provide usage statistics in the new standard format. It is more than desirable that the Standardized Usage Statistics Harvesting Initiative (SUSHI) Protocol⁴ is available for the Licensee to harvest the statistics.

7.23 Neither the Distributor nor the Publisher shall provide the Licensee's usage statistics to any third party without the Licensee's prior written consent, unless the third party owns rights in the Licensed Materials; in such case the Distributor shall ensure that the usage statistics will not be provided to any other third party. The Distributor shall not provide and shall ensure that the Publisher will also not provide usage statistics of any Participating Institution to any third party (with the exception of the Licensee) without the Participating Institution's prior written consent, unless the third party owns rights in the Licensed Materials. In all cases, the disclosure of such data shall fully protect the anonymity of individual users and the confidentiality of their searches, and will comply with all applicable privacy legislation. Neither the Distributor nor the Publisher shall disclose or sell to any third party usage data or information about the Licensee, any Participating Institution or the Authorized Users without the Licensee's and/or the relevant Participating Institution's prior written consent or unless specifically required by law.

7.24 **Confidentiality of Personally Identifiable Information (Personal Data)**. The Distributor agrees and is obliged to ensure that the Publisher ensures that no personally identifiable information (personal data), including but not limited to log-ins recorded in system logs, IP addresses of patrons accessing the system, saved searches, any identification data, usernames and passwords, will be shared with third parties, except in cases required or allowed by the applicable law, particularly by the Data Protection Law (as specified in Section 0 of this Agreement). If the Distributor or the Publisher is compelled by law or court order to disclose personally identifiable information (personal data) of the Authorized Users or patterns of use, the Distributor shall provide the Licensee with adequate prior written notice as soon as is practicable, so that the Licensee, the Participating Institution or the Authorized Users may seek protective orders or other remedies. The Distributor or the Publisher will notify the Licensee and Authorized Users as soon as is practicable if the Distributor's or Publisher's systems are breached and the confidentiality of personally identifiable information (personal data) is compromised.

7.25 **Notice of the Use of Digital Rights Management Technology**. In the event that the Distributor or the Publisher utilizes or implements any type of digital rights management ("DRM") technology to control the access to or usage of the Licensed Materials, the Distributor will provide or shall ensure that the Publisher will provide the Licensee with a description of the technical specifications of the DRM and how it impacts access to or usage of the Licensed Materials. In no event may such DRM

- 15.1 The Distributor shall indemnify and hold harmless the Licensee, the Participating Institutions and Authorized Users from and against any and all liabilities, losses, claims, damages, awards, penalties, or injuries incurred, including reasonable attorney's fees, that arise from actual or alleged infringement of any third-party intellectual property rights regarding the use of the Licensed Materials by the Licensee or any Participating Institution or any Authorized User, provided such use is in accordance with applicable copyright law and the terms of this Agreement. NO LIMITATION OF LIABILITY SET FORTH ELSEWHERE IN THIS AGREEMENT IS APPLICABLE TO THIS INDEMNIFICATION. This Section shall survive the termination of this Agreement.

16. Data Protection

- 16.1 For the purpose of this Agreement, **Data Protection Law** shall mean the General Data Protection Regulation (EU) 2016/679 (the "Regulation") and the European Privacy and Electronic Communications Directive (Directive 2002/58/EC), as amended or replaced from time to time, and the terms "personal data", "processing", "processor", "controller", "personal data breach", "data subject" and "supervisory authority" shall all have the meanings ascribed to them under the applicable Data Protection Law.

- 16.4 If either Party receives any communication from any supervisory authority relating to the processing of personal data in connection with this Agreement, it shall (i) provide the other Party with reasonable details of such communication, and (ii) act reasonably in co-operating with the other Party in respect of any response to the same.

17. Assignment and Transfer

- 17.1 Neither Party may assign, transfer or novate, directly or indirectly, any or all of its rights or obligations under this Agreement without the prior written consent of the other Party, except as otherwise stipulated herein. Neither Party may unreasonably withhold or delay such written consent.

18. Governing Law

- 18.1 This Agreement and all matters arising from or in connection hereto shall be interpreted and construed according to, and governed by, the laws of the Czech Republic, in particular by Act No. 89/2012 Coll., the Civil Code, as amended.

19. Dispute Resolution & Venue

- 19.1 In the event of any dispute or controversy arising out of or relating to this Agreement, the Parties agree to exercise good faith to resolve the dispute amicably and as soon as possible. In the event that the Parties fail to settle the dispute amicably within thirty (30) days, they shall submit the dispute to informal mediation, as further described below in this paragraph. The Parties shall continue to perform their respective obligations under this Agreement unless such performance would be objectively hindered due to the existing dispute. The Party invoking mediation shall inform the other Party with a written notice of its decision to seek informal mediation, and the notice must include a description of the subject to the dispute and a

proposed resolution thereof. Designated representatives of both Parties shall attempt to resolve the dispute within five (5) working days starting from the day after the delivery of such notice to the other Party. The exclusive jurisdiction and venue for any and all actions arising out of or brought under this Agreement is in a state court of competent jurisdiction, situated in Prague, Czech Republic. During such court action, the Parties shall continue to perform their respective obligations under this Agreement unless such performance would be objectively hindered due to the existing dispute.

20. Force Majeure

20.1 Neither Party shall be liable for any damage or have the right to terminate this Agreement for any delay or default in performing its duties hereunder if such delay or default is caused by conditions beyond its control including but not limited to acts of God, government restrictions (including the denial or cancellation of any export or other necessary license), wars, acts of terrorism, insurrections, labor strikes or other work stoppages, and/or any other cause beyond the reasonable control of the Party whose performance is affected. Upon the occurrence of such event of force majeure, the Party affected shall promptly notify the other Party in writing setting forth the details of the occurrence of the force majeure event, its expected duration and how that Party's performance may be affected. The affected Party shall resume the performance of its duties as soon as practicable after the force majeure event ceases.

21. Entire Agreement

21.1 This Agreement constitutes the entire agreement of the Parties and supersedes any and all prior communications, understandings, and agreements relating to the subject matter hereof, whether oral or written. This reservation will be effected, as the case may be, by means of an amendment to this Agreement based on the interest of Potential Participating Institutions mentioned in the preceding sentence to receive performance under this Agreement. The Parties may include the price for the licenses for these Potential Participating Institutions in the Appendix B.

23. Severability

23.1 If any provision or provisions of this Agreement shall be held to be invalid, illegal, unenforceable or in conflict with the law, the validity, legality, and enforceability of the remaining provisions shall not in any way be affected or impaired thereby. The Parties shall replace the invalid, illegal or unenforceable provision with a new provision to achieve the same or, if not possible, the closest possible effect to that of the original invalid, illegal or unenforceable provision and this Agreement as a whole.

24. Waiver of Contractual Right

24.1 Waiver of any right, power or remedy herein shall not be deemed a waiver of any other right, power or remedy herein, nor shall waiver of any right, power or remedy regarding a breach of this Agreement be construed as a continuing waiver of any right, power or remedy regarding other breaches of the same or other provisions of this Agreement.

25.1 All notifications, invitations, information, legal acts and other communications ("**Notices**") made in the matters of and under this Agreement must be made in writing, the written form being retained if Notices are delivered by e-mail.

● Appendix E: Open Access publishing Terms

1 Definitions

This Appendix uses the following defined terms:

Article: a research, case report, brief report, review or rapid communications format article (as defined by Licensor).

Article Processing Charges (APCs): the fee a publisher will sometimes charge for making articles Open Access.

Cambridge Core: Licensor's online platform for books and journals.

Eligible journals: fully Open Access journals and subscription-based hybrid Open Access journals (**Cambridge Journals**)

Cambridge OA Journals: journals which offer an OA publishing option.

Corresponding Author: a student or member of staff affiliated with the Participating Institution who handles the manuscript and correspondence during an Article's publication process – from manuscript correction and proof reading, to the revisions and re-submission of revised manuscripts up to acceptance. They (a) have the authority to act on behalf of all co-authors in all matters pertaining to publication of the manuscript including supplementary material (b) are responsible for informing the co-authors of the manuscript's status throughout the submission, review, and publication process and (c) act as the point of contact for any enquiries after an Article is published.

Creative Commons Licence: a type of licence allowing an author to communicate which rights they reserve and which they agree to waive in order to enable end-users to benefit from a gratis right to reproduce and distribute (and make derivative works from) the original Article. Licensor offers CC-BY, CC-BY-NC-SA, and CC-BY-NC-ND, each described in more detail on the Creative Commons website.

Open Access/OA: a publishing model that allows content to be published digitally and made accessible without charge to the end-user (subject to the terms of an applicable Creative Commons Licence).

OA Publishing Services: the opportunity to publish Articles in Cambridge OA Journals without paying an APC.

Payment Processing Software: RightsLink or other payment processing software

Range of annual Eligible Author (Corresponding Author) publications: unlimited Open Access publishing

Year: calendar year.

Any other defined terms in this Agreement shall have the meaning given in the relevant Section.

2. OA Publishing Process

2.1 Corresponding Authors have the opportunity to publish OA Articles in Cambridge OA Journals without incurring any Article Processing Charges.

2.2 In order to publish in a Cambridge OA Journal, the Corresponding Author must:

2.2.1 have an Article accepted for publication;

2.2.2 provide details of their affiliation with Participating Institutions, when submitting their Article for publication; and

2.2.3 sign a licence to publish form or equivalent documentation, as required by the Cambridge OA Journal publishing the Article, selecting a Creative Commons Licence in the process.

2.3 The OA publishing opportunities the Agreement offers are only available for Articles which have an acceptance date during the Term of this Agreement.

2.4 Articles published non-OA in Cambridge OA Journals during the Term of this Agreement will be eligible for retroactive conversion to OA provided:

2.4.1 the Article was published during the Term of this Agreement; and

2.4.2 the request to convert to OA is made no more than three months after the Year in which the Article was published (for example, an article published in December non-OA will need to be made retroactively OA by 31 March of the following year. Only the Corresponding Author can request their Article be made OA and this must be done through Payment Processing Software, or correspondence directly with the Publisher).

2.5 If a Cambridge OA Journal is transferred to another publisher during the term of this Agreement:

2.5.1 Articles which were accepted for publication will still be published in the Cambridge OA Journal, provided there is space to do so in a journal volume published before the transfer;

2.5.2 All retroactive OA requests must be complete prior to the date of content file transfer to the new OA journal publisher. The Publisher will make reasonable efforts to inform the Licensor about such a transfer in sufficient time.

2.6 Retroactive publishing will remain available until the Publisher considers that this service is no longer necessary.

3. Licensor's Responsibilities

3.1 The Publisher shall:

3.1.1 verify the identity of Corresponding Authors after the acceptance of Article manuscripts, via affiliation, email domain, or ORCID.

3.1.2 provide Licensee with a list of the Cambridge OA Journals;

3.1.3 provide reports to Licensee detailing the Participating Institutions respective publishing outputs, including the following information: name of Corresponding Author, institutional identifier, article title, DOI, journal title, OA licence applied, Creative Commons Licence (if applicable), date first published online;

3.1.4 host information relating to the OA publishing opportunities it offers on Cambridge Core; and

3.1.5 facilitate retroactive OA publishing, as described in clauses 2.5 and 2.6 of this Section.

4. Licensee Responsibilities

4.1 Licensee shall inform their researchers and authors at Participating Institutions about the Licensor's OA publishing process.

5. Exceptions and Exclusions

5.1 Some of Licensor's journals, which are marked as "No OA" in the title list in Appendix D, currently do not permit OA publishing. As such, OA publishing will initially not be available in those journals. These journals will become eligible for OA publishing on an annual basis, if and when OA options are introduced by the journal's proprietors.

5.2 Although Licensor endeavours to include all Cambridge OA Journals in this agreement, it reserves the right to exclude a journal.
