Date: June 5, 2020

Offer Design, construction, and delivery of custom-made vacuum parts

Preamble

IOM and JHI collaborate on the setup and construction of a particle source for surface science and surface engineering, i.e. surface film generation. It will be a modular component of a particle accelerator at IOM in Leipzig.

JHI will perform/deliver the following tasks:

- Design and construction of vacuum parts of the apparatus (CAD design it attached)

The work will be performed during June 2020 and the device will be delivered in end of July 2020 at the latest (delivery time).

Total: 5 700.- EUR

Conditions/terms of payment: The price does include the material, overhead and labor of JHI and no VAT. The costs have to be paid after delivery in July of 2020. The offer is valid until July 20, 2020.

Date, Signature

05/06/2020
