

TAILOR Connectivity Fund

TAILOR Financial Support to Third Parties Sub-Grant Agreement

Subject: TAILOR is a European Network of Excellence on Trustworthy Artificial Intelligence. To establish a truly vibrant network, the Connectivity Fund provides funding to AI researchers from across Europe for research visits or workshops. This is implemented as Financial Support to Third Parties (FSTP), under the rules of the European Commission Horizon 2020 program.

This Agreement aimed at providing financial support to third parties (or “Subgrant”), hereinafter referred to as the “Agreement”, is entered into by and between:

Technische Universiteit Eindhoven, organisation established and existing under the laws of The Netherlands, having its registered office at Groene Loper 3, 5612AE Eindhoven, the Netherlands, herein represented by R.C. van der Drift, Managing Director Department of Mathematics and Computer Science

And

USTAV INFORMATIKY AV CR (or “Subgrantee”), an organisation / a natural person, under the laws of **CZECHIA**, having its registered office at **POD VODARENSKOU VEZI 271/2 182 00 PRAHA 8, CZECHIA**, registered with PIC¹ **998949748**, herein represented by **Petr Cintula (director of ICS)** (*for legal entities*):

Hereinafter individually or collectively referred to as “Party” or “Parties”.

Whereas Eindhoven University of Technology (hereinafter “TUE”) has entered into a Grant Agreement effective as from 1 September 2020, Grant Agreement n. 952215 (hereinafter “GA”), establishing a Network of Excellence named TAILOR, (hereinafter “NoE”) and setting out the general terms and conditions and rights and obligations applicable to the specific grant awarded by the European Commission (hereinafter “EC”) for the specific action under H2020 framework programme;

Whereas the EC has awarded to the NoE a grant that includes a budget item dedicated to the financial support to third parties (hereinafter “FSTP”);

Whereas the TUE, on behalf of the NoE, has published a *Call for proposals* on 30/11/2020 through the Connectivity Fund website (<https://tailor-eu.github.io/connectivity-fund>) and strategic dissemination channels, as a result, the Subgrantee has been selected to work with the NoE, as of communication sent to the Subgrantee on **24/08/2023**;

¹ Participant Identification Code: <https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/how-to-participate/participant-register>

TAILOR Connectivity Fund

Whereas in consideration of the satisfactory collaboration in place, TUE is willing to provide financial support under the funding received from the EC to the Subgrantee for certain innovation, research or education activities carried out by the Subgrantee.

Whereas Subgrantee is willing to receive such funding under the terms and conditions of the GA and the terms and conditions of this Agreement;

Now therefore it has been agreed as follows:

1. DEFINITIONS

- 1.1 Programme means an innovation, research or education activity (as described under Attachment 1 to this Agreement) that supports the objectives of the NoE, partially or wholly funded by the NoE under the GA and carried out by the Subgrantee.
- 1.2 Subgrant means the financial support to be given to the Subgrantee in accordance with the terms and conditions of the GA and the terms and conditions of this Agreement. For clarity: a subgrant is not a subcontract. This means that this agreement is not governed by a procurement or invoicing process.

2. TERMS AND CONDITIONS FOR THE SUBGRANT

- 2.1 The Subgrantee will take part in the **Programme: - 46: Boolean Seminar Liblice 2023** as described in Attachment 1 to this Agreement.
The Subgrantee shall carry out the tasks according to Attachment 1 **from 24/09/2023 until 28/09/2023** at the latest and shall report to TUE on the activities' progress on a six-monthly basis. For Programmes shorter than 6 months, a single report is sufficient.
Such reports shall contain detailed information on the problems encountered and results generated by the Subgrantee. TUE shall be entitled to include the main issues regarding the Programme according to Attachment 1 in its reporting towards the NoE governing bodies. Publications of such main issues shall require the Subgrantee's prior information.
- 2.2 TUE shall give financial support for the Programme carried out by the Subgrantee, within the limits specified by the GA. The maximum amount of Subgrant under this Agreement is **5600** EUR for direct costs and indirect costs. This amount is tax included. The subgrantee is also allowed to charge overhead costs in addition to these direct costs, according to a flat rate of 25% of the direct costs. The financial support shall take the form of a lump sum.
- 2.3 The Subgrantee shall be entitled to claim eligible costs for the Programme in accordance with the following items: travel costs, accommodation costs, and other direct costs required for the visit, in addition to the overhead costs. Personnel costs are not eligible for reimbursement. Per diem costs are allowed. All Expenses are capped using the standard per diem rate for Dutch Universities, see Attachment 2. Expenditure incurred before or after the duration of the Programme shall be deemed ineligible for remuneration.
- 2.4 The Subgrantee shall provide a cost report to TUE as follows:

TAILOR Connectivity Fund

- **a cost report with estimates of all eligible costs for the duration of the Programme, to be approved before the start of the Programme. The Subgrantee shall use a cost template to be provided by TUE. The costs must be stated with tax included.**
 - **for Programmes longer than 6 months, an intermediary scientific report and supporting documents every 6 months since the start of the Programme.**
 - **a final scientific and financial report and supporting documents by 28/12/2024.**
- 2.5 The Subgrantee must ensure that proof of actual costs are kept for the European Court of Auditors (ECA) and the European Anti-fraud Office (OLAF) for a period of 5 years. Hence, it is the responsibility of the Subgrantee to collect and keep these proofs, and to present them to the ECA or OLAF upon request. Also see Article 3.
- 2.6 TUE will transfer the amount to the Subgrantee provided that the conditions listed in Clause 2.3 and 2.4 are met by the Subgrantee. Except to the first partial payment defined herein, TUE will transfer the amount of the Subgrant to the Subgrantee on the basis of a written payment request by the Subgrantee served by email, provided the terms and conditions of this Agreement are complied with.
- 2.7 Payments are due by TUE as follows: 60% of the maximum amount under Clause 2.2, as advance payment, to be paid within 30 (thirty) days after signature of this Agreement; the remaining amount, according to the Subgrantees payment request, to be paid after such request has been received and approved by TUE.
- 2.8 The remaining amount requested must match the actual costs incurred. If the reported actual costs are lower than the maximum amount defined in Clause 2.2, the Subgrantee must inform TUE and the funding amount will be reduced to match the actual costs. In case that the Subgrantee is not able to carry out the activities, or the actual costs are lower than the advance payment, the Subgrantee must inform TUE and reimburse part of the advance payment to TUE to match the actual costs.
- 2.9 The Subgrantee shall comply in the execution of this Agreement with all applicable laws, rules and regulations, including, but not limited to safety, security, welfare, social security and fiscal laws and regulations. Especially, if the Subgrantee will be visiting the locations of one of the Tailor consortium members, the Subgrantee must comply with all the local rules and regulations and if necessary will sign an additional declaration. The Subgrantee shall not be entitled to act or to make legally binding declarations on behalf of TUE and shall indemnify it from any third party claim resulting from a breach of these obligations.
- 2.10 The liability of TUE under this Agreement shall in any case be limited to the amount of the financial support provided to Subgrantee hereunder and TUE shall not in any case be liable for any indirect or consequential damages. This limitation of liability shall not apply in cases of willful intent.
- 2.11 The Subgrantee shall fully and exclusively bear the risks in connection with the Programme activities for which financial support is granted. The Subgrantee shall indemnify TUE for all damages, penalties, costs and expenses incurred as a result of such Programme, as well as any damage in general which the EC incurs as a result thereof. In addition, should TUE or the EC, in accordance with the GA, have a right to recovery regarding the financial support under this Agreement, the

TAILOR Connectivity Fund

Subgrantee shall pay the sums in question in the terms and the date specified by TUE or the EC.

3. CONDITIONS FROM THE GA

TUE receives funding from the EC and some of the obligations of TUE under the GA have to be imposed on the Subgrantee, as reported in Attachment 4 to this Agreement. The Subgrantee acknowledges and agrees that these obligations will be fully applicable to it and shall do everything that is necessary in order to enable TUE to comply with these obligations.

The Subgrantee acknowledges and agrees that the EC, the European Court of Auditors (ECA) and the European Anti-fraud Office (OLAF) can exercise their rights under Article 22 of the GA also towards the Subgrantee.

The Subgrantee acknowledges and agrees that all dissemination, including publications, with financing from TAILOR needs to acknowledge this, and that all publications are distributed with open access.

The Subgrantee acknowledges and agrees that Party's obligations under Articles 26, 29, 35, 36, 38, and 46 of the GA also apply to the Subgrantee.

4. INTELLECTUAL PROPERTY RIGHTS

The Subgrantee acknowledges that if it claims rights to the results of the Programme activities, the Subgrantee must grant all necessary rights (transfer, licences or other) to the NoE consortium members, in accordance with Article 26.3 of the GA.

5. CONFIDENTIALITY

The Parties shall keep in confidence for the duration of this Agreement and for a period of 4 (four) years after the termination of this Agreement any technical or business information which was in writing declared as confidential by the disclosing party ("Confidential Information"), and shall not disclose such information to third parties without the prior written consent of the owning Party. This obligation shall not apply to any information which is:

- proven to have been known to the receiving Party prior to the time of its receipt pursuant to this Agreement; or
- in the public domain at the time of disclosure to the receiving Party or thereafter enters the public domain without breach of the terms of this Agreement; or
- lawfully acquired by the receiving Party from an independent source having a bona fide right to disclose the same; or
- independently developed by an employee of the receiving Party who has not had access to any of the Confidential Information of the other Party; or is no longer confidential upon subsequently informing of the receiving Party by the owning Party; or
- required to be disclosed in order to comply with applicable laws or regulations or with a court or administrative order

If any Party becomes aware that it will be required, or is likely to be required, to disclose Confidential Information in order to comply with applicable laws or regulations or with a court or administrative order, it shall, to the extent it is lawfully able to do so, prior to any such disclosure

- notify the owning Party, and

TAILOR Connectivity Fund

– comply with the owning Party’s reasonable instructions to protect the confidentiality of the information.

The EC, as funding management authority, shall not be regarded as a third party.

6. TERMINATION

Each Party can terminate this Agreement with immediate effect through written notice to the other Party:

- 6.1 if the other Party is in breach of any of its material obligations under this Agreement, which breach is not remediable, or, if remediable, has not been remedied within 30 (thirty) days after written notice to that effect from the party not in breach;
- 6.2 if the other Party is declared bankrupt, is being wound up, is having its affairs administered by the courts, has entered into an arrangement with its creditors, has suspended business activities, or is the subject of any other similar proceeding concerning those matters; or
- 6.3 if the other Party is subject to an event of force majeure, which prevents the other Party from correct performance of its obligations hereunder and such circumstances have lasted, or can reasonably be expected to last more than 3 (three) months.

7. CONCLUDING CONDITIONS

- 7.1 Ancillary agreements, amendments, additions hereto shall be made in writing. This applies also if the requirement of the written form shall be waived.
- 7.2 The Subgrantee is itself responsible for the execution of the proposed work. Subcontracting to other parties is not allowed.
- 7.3 If any provision of this Agreement is determined to be unenforceable, illegal, or in conflict with the applicable law, the validity of the remaining provisions shall not be affected. The ineffective provision shall be replaced by an effective provision which is equivalent.
- 7.4 This Agreement will come into force on the date of the last signature.
- 7.5 This Agreement shall be governed by and construed in accordance with the laws of Belgium.
- 7.6 Any disagreement or dispute which may arise in connection with this Agreement and which the Parties are unable to settle by mutual agreement will be brought before the courts of Brussels, Belgium.

Attachment 1 - Description of the Programme
Proposal submitted by Subgrantee

TAILOR Connectivity Fund

Attachment 2 – Reimbursement rates

The maximum rates for reimbursement of travel costs (tax included) following the Dutch agreement for universities are stated in the attached document. The columns stand for:

- 1) The country and/or city to visit
- 2) Maximum costs for lodgings
- 3) Maximum costs for other direct costs (e.g. per diems).

TAILOR Connectivity Fund

Attachment 3 – Budget reporting template

See attached spreadsheet

TAILOR Connectivity Fund

Attachment 4 – Relevant Conditions from the GA

Per Article 15 of the GA, the obligations under Articles 26, 29, 35, 36, 38 and 46 also apply to the third parties receiving financial support.

ARTICLE 26 — OWNERSHIP OF RESULTS

26.3 Rights of third parties (including personnel)

If third parties (including personnel) may claim rights to the results, the beneficiary concerned must ensure that it complies with its obligations under the Agreement. If a third party generates results, the beneficiary concerned must obtain all necessary rights (transfer, licences or other) from the third party, in order to be able to respect its obligations as if those results were generated by the beneficiary itself. If obtaining the rights is impossible, the beneficiary must refrain from using the third party to generate the results.

ARTICLE 29 — DISSEMINATION OF RESULTS — OPEN ACCESS — VISIBILITY OF EU FUNDING

29.1 Obligation to disseminate results

Unless it goes against their legitimate interests, each beneficiary must — as soon as possible — ‘disseminate’ its results by disclosing them to the public by appropriate means (other than those resulting from protecting or exploiting the results), including in scientific publications (in any medium).

29.2 Open access to scientific publications

Each beneficiary must ensure open access (free of charge online access for any user) to all peer-reviewed scientific publications relating to its results.

In particular, it must:

1. (a) as soon as possible and at the latest on publication, deposit a machine-readable electronic copy of the published version or final peer-reviewed manuscript accepted for publication in a repository for scientific publications;
Moreover, the beneficiary must aim to deposit at the same time the research data needed to validate the results presented in the deposited scientific publications.
2. (b) ensure open access to the deposited publication — via the repository — at the latest:
 1. (i) on publication, if an electronic version is available for free via the publisher, or
 2. (ii) within six months of publication (twelve months for publications in the social sciences and humanities) in any other case.
3. (c) ensure open access — via the repository — to the bibliographic metadata that identify the deposited publication.

The bibliographic metadata must be in a standard format and must include all of the following: - the terms “European Union (EU)” and “Horizon 2020”;

- the name of the action, acronym and grant number;
- the publication date, and length of embargo period if applicable, and.
- a persistent identifier.

ARTICLE 35 — CONFLICT OF INTERESTS

TAILOR Connectivity Fund

35.1 Obligation to avoid a conflict of interests

The beneficiaries must take all measures to prevent any situation where the impartial and objective implementation of the action is compromised for reasons involving economic interest, political or national affinity, family or emotional ties or any other shared interest (**‘conflict of interests’**). They must formally notify to the Commission without delay any situation constituting or likely to lead to a conflict of interests and immediately take all the necessary steps to rectify this situation. The Commission may verify that the measures taken are appropriate and may require additional measures to be taken by a specified deadline.

35.2 Consequences of non-compliance

If a beneficiary breaches any of its obligations under this Article, the grant may be reduced (see Article 43) and the Agreement or participation of the beneficiary may be terminated (see Article 50). Such breaches may also lead to any of the other measures described in Chapter 6.

ARTICLE 36 — CONFIDENTIALITY

36.1 General obligation to maintain confidentiality

During implementation of the action and for four years after the period set out in Article 3, the parties must keep confidential any data, documents or other material (in any form) that is identified as confidential at the time it is disclosed (**‘confidential information’**).

If a beneficiary requests, the Commission may agree to keep such information confidential for an additional period beyond the initial four years. If information has been identified as confidential only orally, it will be considered to be confidential only if this is confirmed in writing within 15 days of the oral disclosure. Unless otherwise agreed between the parties, they may use confidential information only to implement the Agreement.

The beneficiaries may disclose confidential information to their personnel or third parties involved in the action only if they: (a) need to know to implement the Agreement and (b) are bound by an obligation of confidentiality. This does not change the security obligations in Article 37, which still apply.

The Commission may disclose confidential information to its staff, other EU institutions and bodies. It may disclose confidential information to third parties, if: (a) this is necessary to implement the Agreement or safeguard the EU’s financial interests and (b) the recipients of the information are bound by an obligation of confidentiality.

Under the conditions set out in Article 4 of the Rules for Participation Regulation No 1290/2013, the Commission must moreover make available information on the results to other EU institutions, bodies, offices or agencies as well as Member States or associated countries.

The confidentiality obligations no longer apply if: (a) the disclosing party agrees to release the other party; (b) the information was already known by the recipient or is given to him without obligation of confidentiality by a third party that was not bound by any obligation of confidentiality; (c) the recipient proves that the information was developed without the use of confidential information; (d) the information becomes generally and publicly available, without breaching any confidentiality obligation, or (e) the disclosure of the information is required by EU or national law.

36.2 Consequences of non-compliance

If a beneficiary breaches any of its obligations under this Article, the grant may be reduced (see Article 43). Such breaches may also lead to any of the other measures described in Chapter 6.

ARTICLE 38 — PROMOTING THE ACTION — VISIBILITY OF EU FUNDING

38.1 Communication activities by beneficiaries

TAILOR Connectivity Fund

38.1.1 Obligation to promote the action and its results

The beneficiaries must promote the action and its results, by providing targeted information to multiple audiences (including the media and the public) in a strategic and effective manner. This does not change the dissemination obligations in Article 29, the confidentiality obligations in Article 36 or the security obligations in Article 37, all of which still apply. Before engaging in a communication activity expected to have a major media impact, the beneficiaries must inform the Commission (see Article 52).

38.1.2 Information on EU funding — Obligation and right to use the EU emblem

Unless the Commission requests or agrees otherwise or unless it is impossible, any communication activity related to the action (including in electronic form, via social media, etc.) and any infrastructure, equipment and major results funded by the grant must: (a) display the EU emblem and (b) include the following text: “This project has received funding from the European Union’s Horizon 2020 research and innovation programme under grant agreement No 952215”.

When displayed together with another logo, the EU emblem must have appropriate prominence. For the purposes of their obligations under this Article, the beneficiaries may use the EU emblem without first obtaining approval from the Commission. This does not, however, give them the right to exclusive use. Moreover, they may not appropriate the EU emblem or any similar trademark or logo, either by registration or by any other means.

38.1.3 Disclaimer excluding Commission responsibility

Any communication activity related to the action must indicate that it reflects only the author's view and that the Commission is not responsible for any use that may be made of the information it contains.

38.2 Communication activities by the Commission

38.2.1 Right to use beneficiaries’ materials, documents or information

The Commission may use, for its communication and publicising activities, information relating to the action, documents notably summaries for publication and public deliverables as well as any other material, such as pictures or audio-visual material received from any beneficiary (including in electronic form). This does not change the confidentiality obligations in Article 36 and the security obligations in Article 37, all of which still apply. If the Commission’s use of these materials, documents or information would risk compromising legitimate interests, the beneficiary concerned may request the Commission not to use it (see Article 52).

The right to use a beneficiary’s materials, documents and information includes: (a) **use for its own purposes** (in particular, making them available to persons working for the Commission or any other EU institution, body, office or agency or body or institutions in EU Member States; and copying or reproducing them in whole or in part, in unlimited numbers); (b) **distribution to the public** (in particular, publication as hard copies and in electronic or digital format, publication on the internet, as a downloadable or non-downloadable file, broadcasting by any channel, public display or presentation, communicating through press information services, or inclusion in widely accessible databases or indexes); (c) **editing or redrafting** for communication and publicising activities (including shortening, summarising, inserting other elements (such as meta-data, legends, other graphic, visual, audio or text elements), extracting parts (e.g. audio or video files), dividing into parts, use in a compilation); (d) translation; (e) giving **access in response to individual requests** under Regulation No 1049/2001, without the right to reproduce or exploit; (f) **storage** in paper, electronic or other form; (g) **archiving**, in line with applicable document-management rules,

TAILOR Connectivity Fund

and (h) the right to authorise **third parties** to act on its behalf or sub-license the modes of use set out in Points (b), (c), (d) and (f) to third parties if needed for the communication and publicising activities of the Commission.

If the right of use is subject to rights of a third party (including personnel of the beneficiary), the beneficiary must ensure that it complies with its obligations under this Agreement (in particular, by obtaining the necessary approval from the third parties concerned).

Where applicable (and if provided by the beneficiaries), the Commission will insert the following information: “© – [year] – [name of the copyright owner]. All rights reserved. Licensed to the European Union (EU) under conditions.”

38.3 Consequences of non-compliance

If a beneficiary breaches any of its obligations under this Article, the grant may be reduced (see Article 43). Such breaches may also lead to any of the other measures described in Chapter 6.

ARTICLE 46 — LIABILITY FOR DAMAGES

46.1 Liability of the Commission

The Commission cannot be held liable for any damage caused to the beneficiaries or to third parties as a consequence of implementing the Agreement, including for gross negligence. The Commission cannot be held liable for any damage caused by any of the beneficiaries or third parties involved in the action, as a consequence of implementing the Agreement.

46.2 Liability of the beneficiaries

Except in case of force majeure (see Article 51), the beneficiaries must compensate the Commission for any damage it sustains as a result of the implementation of the action or because the action was not implemented in full compliance with the Agreement.
