eXtyles 10-Day Service Pack	\$17,000	1	\$17,000
Total (US Dollars)			\$36,050

Notes:

1. For the initial setup, Inera proposes to create a custom installer of the ISO/CEN eXtyles configuration for UNMZ-CAS to (a) support Czech language documents and (b) include UNMZ-CAS publisher and publication directories. The cost estimates for customization are based on a review of the standards publications supplied to Inera by UNMZ-CAS on 24 November 2021 and exclude support for dual-language two-column documents.
2. Estimated travel expenses are not applicable if training is conducted online; should training be conducted onsite, actual expenses will be invoiced at direct cost.
3. Inera recommends UNMZ-CAS purchase one 10-day eXtyles Service Pack (see eXtyles Service Pack Pricing) for up to 80 hours of offsite workflow consulting, software customization services, high-level support, and online training, which will be provided on an as-needed basis during the implementation phase.

Subsequent Years

Item	Price	Quantity	Total
eXtyles Desktop annual support and maintenance (ISO configuration)	\$375/seat	3	\$1,125
eXtyles 5-Day Service Pack	\$9,000	1	\$9,000
Total (US Dollars)			\$10,125

Notes:

1. Inera recommends UNMZ-CAS annually purchase one 5-day eXtyles Service Pack (see eXtyles Service Pack Pricing) for up to 40 hours of offsite workflow consulting, software customization services, high-level support, and online training, which will be provided on an as-needed basis.
