### **Number of Students to be Exchanged**

Each university will provide up to **2** undergraduate or graduate students for one academic year of study (equivalent to four [4] semester slots) at the host university. The number of students exchanged need not exactly balance each year, but should balance over a number of years.

### **Selection of Students**

Both universities shall select and nominate exchange students in accordance with criteria, procedures, and deadlines established by the home university.

The host university will reserve the right to make the final decision on whom to admit into academic programs of the host institution.

### **Student Academic Program**

Exchange students will be permitted to enroll in courses at the host institution for which they are qualified as long as places are available. They must maintain full-time student status as defined by their respective home university.

The duration of the students' stay shall not exceed twelve (12) months and not be below one (1) semester.

The host university will provide information on the courses relevant to the students' studies, and assess the course-work of the exchange students at the end of the semester or full academic year of study. Each institution shall provide a record of the courses and grades received by each exchange student.

The host university will ensure that adequate arrival and orientation services are provided for exchange students and continue to provide student services throughout the exchange.

**Student Status**

Exchange students will not be admitted to a degree or other credentialing program at the host institution. Exchange students will be at the host university registered as non-degree exchange students. The host university will not be expected to place exchange students in courses if their enrollment would exceed class maximums.

At the conclusion of the student's exchange, the host university will, without charge, send official academic transcripts to the home university. The granting of credits for courses undertaken at the host university will be at the discretion of the home university in accordance with its own policies and regulations.

**Student Fees**

Each student shall pay all required fees to his/her home institution and will be waived from payment of tuition and academic fees at the host institution. Expenses of accompanying partners and dependents are the responsibility of the exchange student.

**Accommodation**

The host university shall assist exchange students to find suitable housing, the cost of which shall be borne by the student.

**Insurance**

All exchange students are required to have a comprehensive health insurance policy which also provides emergency travel insurance. The cost of any medical insurance required hereunder, as well as any medical expenses not covered by such insurance, shall be the personal responsibility of the exchange students.

**Visa Requirements**

Each exchange student is responsible for obtaining a visa and other related documents required for study at the host institution. The host institution shall provide incoming exchange students with any university certification required to obtain a student visa for the full period of the exchange.

**Exchange Student Obligations**

Exchange students are required to observe the rules and regulations set forth by the host institution as well as the immigration regulations and laws of the host country governing the resident status they possess. Any breach of these rules and laws will be dealt with in accordance with the disciplinary policies of the host institution and the laws of the host country and/or province.

The host institution shall have the right to terminate the participation of any student in the exchange program and in any other program, service, or benefit at any time if such student's academic work or behavior is not suitable in the judgment of the host institution. Whenever practicable, such termination of participation in the exchange program will not be effected without prior consultation by the host institution with the home institution.

## **Exchange Coordinator**

Each university will appoint an exchange coordinator who will be responsible for overseeing implementation and coordination of activities foreseen in this Agreement.
