Předmět: RE: Offer Computer Service for Driving Events

Dear Organizer,

I am reaching out to you regarding our previous email about the competition service offer.

Unfortunately, we have not received any information from you to date.
We would appreciate an answer from you as our calendar is slowly filling up.

If you're interested in working with us, please inform us so we can reserve this date for you.

I'm eagerly anticipating hearing back from you, even if the answer is negative

Pozdrowienia
Dagmara Małecka

Subject: Offer Computer Service for Driving Events

Dear Organizer,

I would like to present you with an offer for comprehensive service of carriage driving events.

For more than 20 years we supported driving competitions in Poland and abroad. As the first in Poland, we provided electronic time on the obstacles as well as displays of time on all marathon obstacles and in cones.

Every year we serve CAI3* competitions as well as National competitions in Poland, Estonia and Latvia receiving great feedback from both Organizers and Technical Delegates. We have experience in managing national and international competitions within a single show, so holding them together is not a challenge.

In 2021 we delivered great service in CAIO4* competition in Ptakowice (POL) with very positive feedback from Technical Delegate Mr. Richard Papens (BEL).

We are an experienced team who knows current regulations in carriage driving.

For the organizers, we offer a professional service backed by more than 20 years of experience in computer service - creation of start and result lists, electronic equipment for driving competitions -

photocells, electronic timing with displays on all marathon obstacles, clocks for start and finish on sections as well as photocells and electronic time with display in the cones.

We are growing with every year implementing new features into our equipment.

Few years back we expanded our offer by creating a web portal designed for athletes and event organizers. Where Athletes can sign up for the competition, and the Organizers can view and manage Athletes entries. We also present the results and archive them from supported events on-line.

Standard variant

1. Show Office Service
2. Computer service - the creation of start and result lists. Entering the results to the FEI database.
3. At the request of the organizer, it is also possible to accept competitor applications by e-mail and make applications available via the Internet (registration via the web portal) - an additional option.
4. Digital time measurement (photocells) on marathon obstacles with simultaneous display of the current time on a light board. We provide time measurement on 8 obstacles.
5. Clocks for timing the marathon stages with synchronized time and the possibility of stopping the current time - 6 clocks.
6. Digital time measurement (photocell) in cones with simultaneous displaying on the light board the competitor's data, horse(s), current driving time (the clock also counts down 45s to the start) and penalty points.
7. On-line presentation of results live display of results on the website [https://\[REDACTED\]](https://[REDACTED]) .We cooperate with [https://\[REDACTED\]](https://[REDACTED]) too.

Standard price for this variant is 2500 EUR net

The price includes travel costs.

Organizer provides catering and accommodation for 5 people (depending on the additional options selected).

Additional option

1. Electronic acceptance of entries with the calculation of obligations (entry fees, boxes, etc.) in accordance with the proposals of the competition - 100 EUR net
2. Filming on all marathon obstacles. – 50 EUR net per obstacle
3. Dressage - online collection of results from 5 judges' booths, with the possibility of presentation for television, graphic billboard or web TV. Each judge's booth must be supplied with electricity and Internet network (cable or very stable WiFi connection) and an additional person to operate the computer - 400 EUR net.
4. Preparation of graphic software for TV – 100 EUR net

If you would be interested in the above offer, do not hesitate to contact me to book a date.

We are looking forward to hearing from you.

Best regards

Dagmara Małecka
