3.4. The license referred to above is granted for an indefinite period of time and includes the right to use the Course Materials by the Company for its own purposes, with reservation of the provisions above.

3.5. The license is granted under this paragraph when the Course Materials are provided to the Course participants.

3.6. The provisions of this paragraph are in no breach of author's moral rights. The license granted to the Company does not exclude Czech Technical University in Prague's right to use the piece of work in all the fields of use.

## **4) Acceptance report.**

4.1. The Parties will prepare acceptance report regarding the Course, within ten (10) business days of the date of conducting the Course.

4.2. The acceptance report should include in particular the following:

- a) date and place of its drawing up,

- b) statement of the Company regarding either the absence or existence of any reservations as to the manner and quality of conducting the Course by Czech Technical University in Prague
- c) signatures of the representatives of the Parties.

The reservations referred to in p.(b) above should be specified in the report by the Company, if the training was conducted inappropriately. In such an event, Contractor has the right to take a position, within seven (7) days, on the reservations made by the Company. Then, in the acceptance report, the Company will confirm whether its reservations have been taken into account.

4.3. Czech Technical University in Prague shall attach the approved acceptance report to the invoice.

4.4. The Parties have agreed that in the event the Company avoids preparing the report within the deadline specified above, or without justification refuses to confirm that Czech Technical University in Prague has taken the reservations into account, the Course carried out is considered duly provided, and Czech Technical University in Prague can make out an invoice for the full amount of the remuneration.

## 5) Course Fees.

5.1. The total remuneration for conducting the training (3 reactor sessions, 6 lectures, 2 technical visits) according to the Contractor`s Offer is **EUR 12,500 (twelve thousand five hundred euros 0/100) net**, which will be increased by the VAT at the current rate applicable for the Czech Technical University in Prague, hereinafter referred to as the "Course Fees".
