We here kindly request from Zimmer Biomet an educational grant to support HCPs to attend the “21st ESSKA Congress 2024”, an Educational Conference that will take place in Milan/Italy/ 8 - 10 May 2024.

The objective for the individual HCPs is to receive general medical training by having access to scientific knowledge, medical advancement and the delivery of effective healthcare.

All information is in the request form and also additional documents required have been provided.

☒ We also take the opportunity to state that there is NO conflict of interest between our organization and Zimmer Biomet.

☐ We also take the opportunity to state that the following individuals have contractual arrangements for scientific collaborations with your company (Please list the name of the individuals in the space below – if there are none please write “N/A”):

Thank you in advance for your attention.

Sincerely,

.....
