## 1.0 CLIENT MATERIALS

Client shall supply to Cyprotex the following Client Materials by the agreed delivery date:

- Compound identifier, molecular weight and/or molecular formula.
- Compound requirements as listed in the individual protocols below.

Client shall organize shipment and insurance of the Client Material from the Client to Cyprotex and Aptuit, and will bear all costs related to that.

After signing the Work Order, Cyprotex will communicate to the Client the address to which the Client should submit the compounds.

## 2.0 PROJECT DESCRIPTION AND DELIVERABLES

### 2.1 Description of the Services

Cyprotex will perform the Services as described in Appendix 1 attached to this Work Order.

Test compounds will be retained at Cyprotex in case further studies are required; any unused Materials will be retained for a period of 3 months after completion of this Work Order and then discarded.

Raw data electronically generated by any Services will be retained by Cyprotex for a period of six years apart from High Content Screening images which will be deleted three months after generation of the images and High Resolution Mass Spectrometry raw data which will be destroyed six months after generation.

### 2.2 Description of Deliverables

Cyprotex will provide the Client with Deliverables as described in Appendix 1 attached to this Work Order.

Cyprotex will make every reasonable effort to return Deliverables for each compound. However, Cyprotex cannot guarantee Deliverables if a compound cannot be detected using standard generic analytical methods, experimental problems with solubility are experienced, or if incorrect information or Material is supplied by and/or on behalf of the Client. In this case charges will still be payable and any repeats that are requested will be charged at the standard Cyprotex rate. This does not apply to repeats resulting from experimental error or equipment breakdown.

Template Version: 22 December, 2022

### 3.0 COMPENSATION, TIMING

Cyprotex shall provide Fee for Service as outlined below

	Cyprotex Service	Price* per Compound	Number of Compounds	Total Price*
1				
2				
3				
4				
5				
	<b>Total Price*</b>			<b>€11,924</b>

\*All prices are exclusive of VAT.

\*\*An LC-MS/MS method will be developed for the compound using our standard analytical conditions. If the standard conditions are unsuitable for the compound, the Client will be contacted to discuss further method development. If further method development results in bespoke analytical methods being required, this may impact on pricing for assays requiring detection of the test compound.

The Total Price for the Service of €11,924 without VAT under this Work Order is maximum and unexceedable price. 

Cyprotex undertakes to provide the Client with Deliverables as described in Appendix 1 of this Work Order within 1 month from the receipt of the Client Materials (compounds). The
