program. We are certain that you will be a valuable member of the program and are confident that you will find the course personally, academically and professionally rewarding.

The Clinical Science Scholars Program will challenge you to do your best. You will join a diverse group of colleagues representing multiple specialties who share your professional interests. Lectures, webinars, and interactive workshop activities led by world-class faculty will give you the tools to further your education and knowledge in medical research.

Program Requirements

All participants are required to attend the three workshops that anchor the program. Please note the following program dates to your calendar. Attendance is mandatory in order to earn the certificate:

- **Workshop 1: July 15-18, 2024 (In-person, Budapest)**
- **Workshop 2: November 4-7, 2024 (Virtual)**
- **Workshop 3: March 17-20, 2025 (In-person, Boston)**

Course Materials

All workshop and course materials will be administered through our Learning Management System, Canvas. You will receive an email from the Program Team with your Canvas account set up instructions and course information after we receive your payment.

Tuition and Payments

The tuition for the Clinical Science Scholars Program at Harvard Medical School is \$10,000 USD.

To secure your place in the program, please make a minimum payment deposit of \$2500 USD by July 5th. If you do not make the minimum deposit by July 5, you may be removed from the course roster. Your entire balance due must be paid prior to the start of the course.
