Open Repository Service Specification

Parties

Palacký University Olomouc ("The Client") Křížkovského 511/8, 779 00 Olomouc, Czech Republic, VAT Number: CZ61989592

Atmire NV ("Atmire") Gaston Geenslaan 14, 3001 Leuven, Belgium BTW BE 0886 066 294

Term and start date

The term covered by this service specification is 1 year, starting on the date of Atmire's invoice. Service provision will be initiated after receipt of payment.

Single Point of Contact (SPOC)

Atmire representatives will interact with the client's appointed SPOC for the initiation and provision of the services:

Standard

Onboarding Services

After receiving a countersigned version of this service specification, an Atmire representative will provide the client with an onboarding document, outlining the input required from the client for the onboarding process.

Atmire reserves the right to finalise the onboarding process and bring the repository live based on the state of information provided in the onboarding document, 8 calendar weeks after the onboarding document was initially sent to the client.

Atmire does not support DSpace LDAP integration configuration. See optional add-on for SSO integration to delegate authentication to an external identity provider.

ONE TIME COST		
$	6,300	Up to **35 hours** of Atmire services for your repository production server setup, standby server setup, staging server setup, theming and configuration.
$	**6,300**	**SUBTOTAL**

Platform - Shared infrastructure

For the duration of the contract term, Atmire wil provide:

- Production server environment with up to **450GB*** of total server storage, split into 100GB of uploaded repository content and 350GB for standby- and testserver storage and backups.
- High Performance Standby server environment (read-only).
- Test server environment.
- Up to 1,500,000* item pageviews and up to 2,500* GB of download and upload traffic.
- Infrastructure maintenance services
- A subscription with handle.net for persistent URLs.
- Unlimited support services to address infrastructure issues.
- Up to 16 support hours per year for Administrator Enquiries and Modification Requests.
- Open Repository platform license
- Open Repository Platform Upgrades to new Open Repository versions.

ANNUAL COST		
$	12,009	Platform charges
$	**12,009**	**SUBTOTAL**

If bandwidth consumption exceeds the provisioned annual amount, the cost associated with the excess consumed bandwidth is charged retroactively at the rate of $300 per TB, at the end of the subscription period. The annual provision can be adjusted at the end of each subscription year according to the pricing in the table above.

Bundles (optional)

PDF viewer bundle

The PDF viewer bundle adds in-browser PDF viewing capabilities to Open Repository.

ANNUAL COST		
$	720	Annual maintenance cost
$	**720**	**SUBTOTAL**
