Good afternoon,

We have already noted your previous acceptance, but we would need a new short message via email with the current date of acceptance, since we have to publish the order in our Czech contract register, which is required by our czech law. The reason I ask for this is that this date must not be more than 30 days old. I would therefore very much like to ask if you could just email me the message: " *We accept your order No. 1198/0193/24*" (with the new date for example today) and mention your role at ICON in the signature section.

Please contact our Economic department - [REDACTED] (at [\[REDACTED\]@med.muni.cz](mailto:[REDACTED]@med.muni.cz)) regarding the date of payment.

Thank you very much in advance for the positive handling. Have a nice weekend

Dear [REDACTED]

Thank you very much for the attached.

Effective dates and order itself is accepted. As per attached, an invoice has been already sent on 10-SEP-2024, along with the temporary licence expiring on the 10-OCT-2024.

Please be kind to advise when payment is done so I can track the same with our Finance Department, and once payment is cleared I will send you the annual licence.

Have a lovely weekend!
