Dear xxxxxxxxxxxx,

Re: "Guiding resuscitation in shock: base excess or lactate?"

We're delighted to let you know that your manuscript has been accepted for publication in Critical Care.

Prior to publication, our production team will check the format of your manuscript to ensure that it conforms to the journal's requirements. They will be in touch shortly to request any necessary changes, or to confirm that none are needed.

Checking the proofs

Once we've prepared your paper for publication, you will receive a proof. At this stage, for the main text, only errors that have been introduced during the production process, or those that directly compromise the scientific integrity of the paper, may be corrected.

As the corresponding (or nominated) author, you are responsible for the accuracy of all content, including spelling of names and current affiliations.

To ensure prompt publication, your proofs should be returned within two working days.

Publication policies

Acceptance of your manuscript is conditional on all authors agreeing to our publication policies at: <https://www.springernature.com/gp/policies/editorial-policies>

Licence to Publish and Article Processing Charge

As the corresponding author of an accepted manuscript, your next steps will be to complete an Open Access Licence to publish on behalf of all authors, confirm your institutional affiliation, and arrange payment of your article-processing charge (APC). You will shortly receive an email with more information.

Once again, thank you for choosing Critical Care, and we look forward to publishing your article.

Kind regards,

Jean-Louis Vincent
Editor
Critical Care
