Vienna, 14<sup>th</sup> of July 2017

Dear Dr. Kozakova,

As discussed we would like to perform a study on the protective effect of mono-colonization of originally germ-free BALB/c mice with probiotic bacteria. We would like to know how this colonization protects mice against induced allergic responses to inhalative allergens. Total sum agreed for the Study 6.300 €.

Please find attached our order ISPTM\_20170701 and please include our VAT number on the invoice: ATU57898804.

The invoice will be issued within 30 days of submission of the study results to the customer. Deadline for submission of the study results: 31.10.2017

With best regards,

**Univ. Prof. Dr. Ursula Wiedermann, MD, MSc, PhD**  
Head of Institute of Specific Prophylaxis and Tropical Medicine  
Medical Director of the Outpatient Clinic for Vaccination
