**Subject:** RE: AOM quotation request

Dear [REDACTED]

Sorry for the delay.

The nickel-plating cost will add ~\$400 per unit in small quantities.

The plating can only be assured on visible surfaces.

Internal water channels will not get fully plated.

So:

1off	M1431-aQ80-9-NP	USD 5,350
1off	RFA681-NP	USD 6,400

Best regards

[REDACTED]
