Volume Licensing Product Keys (VLKs): Your VLKs are available to you when you log into the Microsoft 365 admin center (MAC) web site at <https://admin.microsoft.com/> and click on the "Volume License Keys" link.

Volume License Key (VLK). To install specific licensed products you will need to use a Volume License Key. This VLK is issued to your company for your exclusive use for each specific license purchase. VLKs must be used with the appropriate Volume License media. You agree to use your best efforts to keep a secure record of this product key including not disclosing this product key to any unauthorized third party. You may see VLKs for older product versions; this is to support downgrade rights under the license agreement where customers can acquire the latest version of a product and use an older version.

VA 1.0 - Volume Activation 1.0 is the first generation of VLKs. This key bypasses product activation.

VA 2.0/MAK - Volume Activation 2.0/Multiple Activation Key: this key will activate Microsoft Windows Vista through the internet or telephone, and have a limited number of activations associated with them. Computers can be activated on an individual basis or by a central computer which can activate multiple computers at a time. If you require a MAK please click on the Request Multiple Activation Key(s) link.

VA 2.0/KMS - Volume Activation 2.0/Key Management Service: this key will be used to enable a new service in your environment that will automatically activate Windows Vista computers. You must have a minimum of 25 Windows Vista computers connected together to use the KMS, and all computers will be required to check back to the central service twice per year to stay activated.

For more information about Volume License Keys, including additional information on key types, best practices, and deployment options, go to:

If you have ordered Russian language products or experience any problems with your Product Keys and wish to obtain your local Microsoft Activation Center phone number, please go to <http://www.microsoft.com/licensing>.

If you have any questions, please contact your Channel Partner who will work with Microsoft on your behalf.

Thank you for doing business with Microsoft
