Crossing the Species Barrier: Bidirectional Transmission of Blastocystis Between Pets and Their Owners

Dear Dr. Heneberg,

Thank you for submitting your manuscript to One Health.

I am pleased to inform you that your manuscript has been accepted for publication.

My comments, and any reviewer comments, are below.

Your accepted manuscript will now be transferred to our production department. We will create a proof which you will be asked to check, and you will also be asked to complete a number of online forms required for publication. If we need additional information from you during the production process, we will contact you directly.

We appreciate you submitting your manuscript to One Health and hope you will consider us again for future submissions.

We encourage authors of original research papers to share the research objects – including raw data, methods, protocols, software, hardware and other outputs – associated with their paper. More information on how our open access Research Elements journals can help you do this is available at https://www.elsevier.com/authors/tools-and-resources/research-elements-journals?dgcid=ec_em_research_elements_email.

Kind regards,
Malcolm Jones
Editor-in-Chief

One Health

Editor and Reviewer comments:

Reviewer #2: The author carefully responded to the suggestions for revision I had made and made the necessary changes in the manuscript. Suggestion for acceptance.
