Quote for sequencing services provided by Norwegian Sequencing Centre

To Whom It May Concern:

Norwegian Sequencing Center at the University of Oslo/Oslo University Hospital is able and willing to perform sequencing services for [REDACTED], Faculty of Science, Department of Zoology, Palacký University Olomouc, 17. Listopadu 50, 779 00, Olomouc, Czech Republic. Sequencing will be performed on the Pacific Biosciences Revio instrument.

Projects and pricing:

- Sample QC and library prep: 3500 NOK
- Polymerase binding and sequencing on a 25M SMRT cell: 32 000 NOK

Total price for this project: **35 500 NOK**

Data will be delivered around 8 weeks after sample has passed our quality control.

Disclaimer: The above prices are valid for one month. After that, they are subject to change in case the supplier (Pacific Biosciences) modifies the pricing of consumables.

We are looking forward to contribute with sequencing services to your project.

Yours sincerely

[REDACTED]
