- 6.4. The Seller provides a quality warranty on the Object of Purchase and all its parts of twelve (12) months. The warranty period for the Object of Purchase or partial performance shall start on the day of the signature of the Handover Protocols of Acceptance by both Parties in compliance with this Contract. If the Handover Protocols of Acceptance list any deficiencies, the warranty period shall begin on the day, which follows the day, in which the last deficiency was removed.

CU_DIAG-010-011_PTD_Annex No. 2 - Binding draft of Contract_Polychromators

- 6.5. The Seller shall pass any existing components warranty to the Buyer along with acceptance of the Handover Protocols of Acceptance. If on the warranty list or other document submitted by the Seller the warranty period is of longer duration, then this longer warranty period shall have priority over the period stated in this Contract.
- 6.6. The Buyer shall request the Seller to remove the defects of the Object of Purchase or any part thereof during the warranty period in writing without undue delay upon their discovery, but no later than on the last day of the warranty period (hereinafter the "**Claim**"). Even the Claim asserted by the Buyer on the last day of the warranty period is considered to have been asserted in due time.
- 6.7. The Seller undertakes to arrive to examine the Claim, notify the Buyer of whether or not he accepts the Claim, and provide in writing the deadline for the removal of the defect within two (2) weeks from the delivery of the Claim by the Buyer.
- 6.8. The Seller undertakes to gratuitously remove any defects of the Object of Purchase or any part thereof without undue delay and shall bear all the expenses related to the removal of the defects. The deadline for the removal of the defect is thirty (30) calendar days from the delivery of the Claim, unless otherwise agreed between the Parties. In case that the character, significance and extent of the defect objectively does not allow to fulfil the stipulated period to remove the defect by the Seller, a reasonable longer period can be agreed with the Buyer. If it shows that a defect in the Object of Purchase or any part thereof is irremovable, the Seller agrees to deliver free of charge, without undue delay, to the Buyer a replacement Object of Purchase or any part thereof having the same quality and parameters as it was agreed for the Object of Purchase herein.
- 6.9. The Seller shall be obliged to remove the defects within the specified time limit, even if he believes that he is not liable for the defects. The costs of removing the defects in these disputed cases shall be borne by the Seller until the clarification or resolution of the conflict.
- 6.10. The Parties shall make a report concerning the removal of the claimed defect which will confirm such removal. The warranty period is extended by the period that elapsed between the assertion of the Claim and the removal of the defect.
- 6.11. In case that the Seller does not remove the defect within the stipulated or mutually agreed period or if the Seller refuses to remove the defect, the Buyer shall be entitled to remove the defect at his own costs and the Seller shall reimburse these costs within one (1) month after the Buyer's request to do so. In such a case the existing warranty remains intact.
- 6.12. The acts of the Parties constitute the Claim if they are made in writing or by electronic communication by one of the representatives of one Party stipulated herein to the address of the representative of the other Party stipulated herein.
- 6.13. Usage and storage of the delivered Object of Purchase and/or any part thereof must be done by the Buyer in accordance with the Seller's instructions provided in writing. In the event that a defect of the Object of Purchase is caused by the Buyer's non-compliance with these instructions, the defect is not covered by the quality warranty.

- 7.1. This Article applies only if in connection with the performance of this Contract, the Object of Purchase or any of its part constitute an author's work within the meaning of Act No. 121/2000 Coll., on copyright, on rights related to copyright and amending certain acts, as amended (hereinafter the "**Copyright Act**"). In such case it is deemed to be a contract work in the sense of Section 61 of the Copyright Act (hereinafter the "**author's work**") and the Seller grants to the Buyer a royalty-free license to use the author's work (or any of its parts) for the purposes of this Contract and for the purposes of research, developmental and education or publication activities for the duration of the property rights to the author's work on the territory of the whole world, including sub-license for the purpose of implementing the Project, including its follow-up phases.
- 7.2. For the purposes of this Contract, author's work and industrial rights are hereinafter jointly referred to as intellectual property rights. The Buyer shall be entitled to disclose the results of the author's work to any third party without the prior consent of the Seller.
- 7.3. The Parties declare that they have agreed that the Seller's remuneration for license(s) granted under this Article is already reflected and included in the Total Purchase Price agreed herein.
- 7.4. The Seller declares that the provision of license(s) to the Buyer does not infringe the intellectual property rights of third parties and that he is entitled to transfer the license to the Buyer. If the Seller fails to comply with this provision, he undertakes to pay all third-party claims for infringement of the intellectual property rights of third parties and compensation for damages caused by the Buyer.
- 7.5. The Seller undertakes to transfer the complete documentation created in connection with the performance of this Contract, which is relating to the subjects of intellectual property under this Article.
- 7.6. In the event that the author's work or its part has been produced as a result of joint effort of the Seller and the Buyer, the Parties undertake to submit a joint application for any industrial rights as co-applicants. All natural persons participating on the creation of the author's work or its part shall be co-authors.
- 7.7. All licences and other entitlements under this Article shall be provided as irrevocable. Termination of this Contract has no influence on granting of licences.
- 7.8. The intellectual property rights according to this Article shall pass to the legal successor of the Buyer or to the future operator/owner of the Object of Purchase, for the duration of the protection period granted to that particular intellectual property right and/or period of existence of ownership rights to copyrighted work or without any restriction to other intangible goods within the meaning of this

8. LIABILITY, SANCTIONS

- 8.1. In the event that the Seller is in delay with delivery of the Polychromators by the deadline specified in the Price Schedule and Deliverables, the Seller shall be obliged to pay to the Buyer a contractual penalty in the amount of 0.055 % from the aggregate value of the undelivered Polychromator(s) excluding VAT per each commenced day of delay, while the maximum total amount of the agreed contractual penalty shall not exceed 10 % of the Total Purchase Price excluding VAT.
- 8.2. The Seller shall be further obliged to pay to the Buyer contractual penalties in the following cases:
 - 8.2.1. if the Seller is in delay with any of his obligation according to Article 5.13 hereof in connection with international sanctions, the Seller shall be obliged to pay to the Buyer a contractual penalty in the amount of EUR 250.- per each commenced day of delay.
 - 8.2.2. if the Seller fails to remove ascertained defects of Polychromator(s) in the Handover Protocols of Acceptance within the deadline stipulated therein, the Seller shall be obliged to pay to the Buyer a contractual penalty in the amount of 0.05 % of Total Purchase Price (i.e., the Total Purchase Price excluding VAT according to Article 4.1**Error! Reference source not found.** hereof) per each commenced day of delay beyond any of these deadlines;
 - 8.2.3. if the Seller is in delay with the removal of a defect (including those under warranty) which timely removal is not secured by other contractual penalty explicitly agreed above, the Seller shall be obliged to pay to the Buyer for each of such defect a contractual penalty in the amount of EUR 1000.- per each commenced week of delay.
- 8.3. For the sake of avoidance of any doubt, the Parties have agreed that in the event of a simultaneous Seller's default on more his obligations under this Contract, the contractual penalties imposed hereunder shall add up.
- 8.4. The due date of all contractual penalties stipulated herein shall be thirty (30) days from delivery of the complaining Party's notification to the other Party. The notification under this paragraph shall include description and date of the particular event that entitles one of the Parties to impose a contractual penalty on the other Party. In case of delay with payment of the contractual penalty the breaching Party undertakes to pay to the other Party also an interest at the statutory rate.
- 8.5. In derogation from the provisions of Section 2050 of the Civil Code, the Parties agree that the Buyer shall be entitled to seek damages for the Seller's breach of the same obligation as the contractual penalty hereunder, in addition to the contractual penalty, up to 100 % of the Total Purchase Price excluding VAT, if the Seller's breach has caused the Buyer to be withdrawn from, to lose, or not to be awarded the financial subsidy and/or funding for the implementation of the Project. Neither the accrual of the Seller's obligation to pay the contractual penalty nor its actual payment shall affect the Buyer's right to seek the damages or to withdraw from the Contract. Withdrawal from the Contract shall not extinguish the right to the contractual penalty.
- 8.6. The Buyer shall be entitled to set off any receivables he may have at any time on the basis of his right

CU_DIAG-010-011_PTD_Annex No. 2 - Binding draft of Contract_Polychromators

to claim contractual penalty hereunder, against any of the Seller's receivables arising from his right to claim the Total Purchase Price or the purchase prices of the delivered individual partial performance.

- 8.7. In case of delay with the payment of the Total Purchase Price or any part thereof the Buyer undertakes to pay to the Seller also an interest at the statutory rate.
- 8.8. If either Party breaches its duty arising from this Contract or it should or could know about such a breach, it shall inform the other Party, which may incur damage, without undue delay and warn it of potential consequences; in such a case, the Party suffering damage has no right to be compensated for damage which it could avoid after being notified hereunder.

9. TERMINATION OF CONTRACT, VIS MAIOR

- 9.1. This Contract may be terminated by its completion, by agreement of the Parties or by withdrawal from the Contract for reasons specified by law or the Contract.
- 9.2. The Buyer is entitled to withdraw from this Contract without any sanction if any of the following circumstances occur:
 - 9.2.1. the Buyer is withdrawn from or loses the financial subsidy and/or funding for the implementation of the Project or will not be awarded such subsidy and/or funding;

 - 9.2.4. the Seller enters liquidation;
 - 9.2.5. insolvency proceedings were commenced against the assets of the Seller (or similar proceedings under the laws of another country), where a decision on bankruptcy was issued, or insolvency petition rejected because of insufficient assets to cover the costs of insolvency proceedings, or where bankruptcy was cancelled because property was completely insufficient or receivership was introduced by special legislation;
 - 9.2.6. it has become obvious, considering all pertinent facts and circumstances, that the Seller's activities do not lead to the fulfilment of a material part of objectives defined herein due to reasons on the part of the Seller;
 - 9.2.7. it is apparent from the Seller's conduct or from circumstances of an objective nature that the Seller will be unable to meet its obligations, including but not limited to the Seller's failure to possess the necessary authorizations, permits, expertise and practical experience necessary to properly perform the subject matter of the Contract, or the subject matter of the Contract will not be performed exclusively by persons with appropriate professional qualifications;
 - 9.2.8. the Seller has ceased to meet the qualification requirements set by the Buyer in the Tender documentation, the level of qualification demonstrated in the Tender, or has failed to provide

CU_DIAG-010-011_PTD_Annex No. 2 - Binding draft of Contract_Polychromators

evidence of its qualification at the Buyer's request during the term of the Contract which shows that it continues to meet such qualification;

- 9.2.9. it is revealed that the Seller stated in the Bid certain information or submitted documents which do not correspond to reality and which had or could have had impact on the results of the Tender that lead to the execution of this Contract [Section 223 Paragraph 2 letter c) PPA];
- 9.2.10. it is revealed that, at the time of the procurement procedure for the Tender including the period from the expiry of the deadline for the submission of bids to the date of signature of this Contract by both Parties, there were prohibitions or restrictions resulting from international sanctions in force, for instance, in connection with a Russian involvement on part of the Seller or any of its subcontractors affecting the Tender or Contract, especially if contrary to the affidavit of the Seller or any of its subcontractors on no Russian involvement declared in the Seller's Bid;
- 9.2.11. international sanctions imposed after signing this Contract apply on any part of the Object of Purchase, the Seller and/or at least one of its subcontractors; or
- 9.2.12. the Seller breaches this Contract in a material manner (as presumed in Article 9.3 hereof).

9.3. The following shall be considered to constitute a material breach hereof by the Seller:

- 9.3.1. the Seller is in delay with delivery of any supply hereunder for a period exceeding four (4) months, except where the delay has been caused solely by the Buyer;
- 9.3.2. the Object of Purchase or any of its parts delivered to the Buyer under this Contract do not meet the technical or other parameters foreseen by this Contract, even after the Buyer has requested the Seller twice to meet them, or the defects have shown irreparable;
- 9.3.3. in the event that the Seller yields, transfers or assigns its rights and obligations hereunder to a third party without prior consent in writing from the Buyer;
- 9.3.4. the Seller breaches his obligations in relation to the processing of personal data within the meaning of Article 5.7 hereof;
- 9.3.5. the Seller violates continuously or repeatedly laws, regulations, technical standards and norms of the Czech Republic or other countries, which he agreed to observe herein; or
- 9.3.6. the Seller breaches this Contract in such a manner that the Buyer will not be able to meet his objectives for which he concluded this Contract, or if such conduct on the part of the Seller causes considerable damage to the Buyer.

9.4. The Seller is entitled to withdraw from this Contract without any sanction if the Buyer is in delay with the payment of the Total Purchase Price or its part for more than two (2) months after an additional period for the payment of the relevant part thereof specified by the Seller in written notification had been provided.

9.5. The Party which is hereunder entitled to withdraw from this Contract may withdraw entirely or just with respect to a part of the Object of Purchase. If in the act of withdrawal not expressly stated otherwise, it means entire termination of this Contract.

9.6. The act of withdrawal from this Contract shall become effective on the day of delivery of the notification

CU_DIAG-010-011_PTD_Annex No. 2 - Binding draft of Contract_Polychromators

in writing from one Party to the other. Withdrawal for reasons specified by the Contract shall terminate the Contract with effects and consequences in the "ex tunc" regime, unless stipulated hereby or by the Parties otherwise. In case of the Contract's termination due to reasons given in Article 9.4 hereof, the Seller shall be eligible for payment for the actually delivered, handed-over and accepted parts of Object of Purchase (i.e. the partial performance) to the Buyer, if such had been executed in accordance with the terms and conditions agreed herein.

- 9.7. The withdrawal from the Contract is without prejudice to the arrangements on a contractual penalty and indemnification.
- 9.8. Circumstances precluding liability shall be deemed to have been constituted by such obstacle(s) which arose independently of the will of the obliged Party, and which temporarily or constantly prevent fulfilment of that Party's obligation, provided that it could not be reasonably expected that the obliged Party could overcome or avert this obstacle or its consequences, and furthermore that such Party could foresee such obstacle when it entered into the respective covenants (hereinafter the "**Vis Maior**"). Liability cannot be precluded by obstacles that arose only after the obliged Party was in default with fulfilment of its obligations, or which arose in connection with its economic situation. The effects precluding liability shall be limited to the period during which the obstacles causing these effects persist.
- 9.9. As long as the definition in Article 9.8 above is satisfied, a Vis Maior event shall also include exceptional events or circumstances of the following kind: (i) war, hostilities, invasion, military attack or similar act of foreign enemies, (ii) terrorism, revolution, rebellion, military or usurped power or civil war, (iii) munitions of war, explosive materials, ionizing radiation leakage or contamination by radio-activity, (iv) pandemic or local spread of a severe disease and (v) natural catastrophes such as earthquake, volcanic activity, tsunami, flooding, hurricane or typhoon, etc.
- 9.10. Should a situation occur, which the Party could reasonably consider to constitute Vis Maior, and which could affect fulfilment of its obligations hereunder, such Party shall immediately notify the other Party and shall attempt to continue in its performance hereunder in a reasonable degree. Simultaneously, such Party shall inform the other Party of any proposals, including alternative modes of performance; however, without consent of the other Party, it shall not proceed to effect such alternative performance.
- 9.11. If a situation constituting Vis Maior occurs, the deadlines imposed hereunder shall be extended by the period of the duration of the said Vis Maior event.
- 9.12. In case of withdrawal from Contract under Article 9.2.10, the Buyer is entitled to keep (it depends on his discretion) and acquire ownership to all already performed and/or obtained parts of the Object of Purchase free of any payment for these parts of the Object of Purchase (without obligation to pay any part of the Total Purchase Price or any other price) and to claim repayment of all advance payments already paid to the Seller; the Seller shall bear this in consequence for his misrepresentation or assumption of unreasonable risk with respect to the international sanctions, save for the Buyer's right to pay any part of the price either to the Seller or directly to his subcontractor(s), provided that the payment does not conflict with applicable international sanctions.

CU_DIAG-010-011_PTD_Annex No. 2 - Binding draft of Contract_Polychromators

- 9.13. In the event of termination of this Contract by the Buyer for other reasons than for the reasons of a breach of obligations on the part of the Seller, the Seller shall have the right to payment of costs which he demonstrably and reasonably accrued in connection with the fulfilment of his obligations hereunder prior to the Contract termination by the Buyer, which could demonstrably not be cancelled in time and if such costs accrued by the Seller are not covered from other sources, including the payment provided for in Article 9.6 hereof. In any case, the total amount of such payments shall be limited to the Total Purchase Price excluding VAT. All things (e.g. procured materials, electrical components, etc.) delivered by the Seller and paid for by the Buyer to the Seller according this Article shall be delivered by the Seller to the Buyer at the Seller's expense and shall become the property of the Buyer on acceptance.
