## ELSEVIER SUBSCRIPTION AGREEMENT

This agreement (“Agreement”) is entered into as of [REDACTED] 2025 by and between **National Library of Technology, Technická 2710/6, 160 80 Praha 6 - Dejvice, Czech Republic (the “Lead Institution”)**, for and on behalf of itself and the institutions identified on Schedule 2 (the “Institutions”) known collectively as CzechELib Consortium (all, collectively, the “Subscriber”), and **Elsevier B.V.**, Radarweg 29, 1043 NX Amsterdam, The Netherlands (“Elsevier”). For the purposes of this Agreement, the Subscriber means the Lead Institution and the Institutions individually and collectively..

The Lead Institution acts as a central purchasing body within the meaning of Act No. 134/2016 Coll., on Public Procurement, as amended, for concluding subscription agreements on behalf of the Institutions as listed below as part of the project CzechELib.

The parties hereto agree as follows:

### SECTION 1. SUBSCRIPTION.

#### 1.1 *Subscribed Products.*

Elsevier hereby grants to the Subscriber the non-exclusive, non-transferable right to access and use the products and services identified in Schedule 1 (“Subscribed Products”) and provide the Subscribed Products to its Authorized Users (as defined herein) subject to the terms and conditions of this Agreement.

#### 1.2 *Authorized Users/Sites.*

Authorized Users are the employees, full-time and part-time students, faculty, staff and, researchers and registered users in case of public libraries in Czech Republic of the Subscriber and individuals who are independent contractors or are employed by independent contractors of the Subscriber affiliated with the Subscriber’s locations listed on Schedule 2 (the “Sites”) as well as individuals at the Sites permitted by the Subscriber to access the Subscribed Products for purposes of personal research, education or other non-corporate use (“Walk-in Users”). With the exception of Authorized Users that are Walk-in Users, remotely accessing the Subscribed Products through a secure network that requires a secure ID card or other protective security safeguards enabling to distinguish Authorized Users from non-authorized users is permitted.

#### 1.3 *Authorized Uses.*

Each Authorized User may:

- access, search, browse and view the Subscribed Products;
- print, download, save for storing purposes and store a reasonable portion of individual items from the Subscribed Products for the exclusive use of such Authorized User;
- incorporate links to the Subscribed Products on the Subscriber’s intranet and internet websites, provided that the appearance of such links and/or statements accompanying such links will be changed as reasonably requested by Elsevier;
- provide print or electronic copies of individual items from the ScienceDirect Subscribed Products to other Authorized Users and to a limited number of third-party colleagues, inclusive of colleagues who are part of an invitation only work group on non-commercial platforms or tools, for their personal scholarly or research use;
- store individual journal articles from the ScienceDirect Subscribed Products in the private library of a social networking site for the Authorized User’s own personal use only;
- share individual journal articles from the ScienceDirect Subscribed Products with third party

colleagues individually for their personal, scholarly or research use;

- access, search, browse, view, print, make electronic copies and store for the exclusive use of such Authorized User certain journal articles and book chapters from the ScienceDirect® online service that are not subscribed to as part of the Subscribed Products, with each twenty-four (24) hour access period for a selected article or chapter, a “Transaction.”; and
- if the Authorized User is a librarian/information specialist, access, search, browse, view, print, make electronic copies and store a Transaction for the exclusive use of another Authorized User.

The Subscriber may:

- print and deliver journal articles from Subscribed Titles (as defined herein) and, if any, book chapters from the ScienceDirect Subscribed Products to fulfill requests as part of the practice commonly known as “interlibrary loan” from non-commercial libraries located within the same country as the Subscriber, provided that such print and delivery is without commercial gain and not routinely or systematically provided (whether on one occasion or over a period of time) in such a manner or in such quantities as to substitute for a subscription by the receiving library or the end user. whereby the requested article is supplied by secure electronic transmission, using Ariel or its equivalent. Upon Elsevier’s request once per subscription year, the Subscriber is required to provide detailed statistics on interlibrary loan requests by the receiving library or the end user. These statistics must allow for the accurate identification of the individual receiving library or the end user that placed the request, the date and recipient of the publication, and the method of delivery.
- extract and index Data from the Published Journal Articles/Published Book Chapters from Authors included in the Subscribed Products to index and store these in perpetuity in the Subscriber’s Institutional Repository by implementing the ScienceDirect application programming interfaces (“API”) as outlined in the use case at: [http://dev.elsevier.com/ir\\_cris\\_vivo.html](http://dev.elsevier.com/ir_cris_vivo.html).
- Abstracts may only be displayed on the abstract records on the Subscriber data’s websites, all other services of the Institutional Repository, such as (but not limited to) alerts, e-mail services and API’s may only display Snippets but not abstracts.

In connection with the storage of Data from the Published Journal Articles/Published Book Chapters from Authors in the Subscriber’s Institutional Repository, the Subscriber will:

- integrate the Institutional Repository software with Elsevier’s APIs in accordance with the API Documentation;
- display clear indicators informing users of the Institutional Repository in case they are entitled to the Published Journal Article/Published Book Chapter next to each instance where Data are displayed;
- ensure links to the relevant Published Journal Article/Published Book Chapter landing page in the Subscribed Product are available as part of the displayed Data. In the event links to multiple instances of the full text article/book chapter are displayed, the Subscriber will ensure that the link to the Published Journal Article/Published Book Chapter is displayed more prominently than the links to the other versions of the article/book chapter;
- undertake reasonable efforts to ensure that Accepted Manuscripts bear a CC BY-NC-ND

license and link back to the Published Journal Article/Published Book Chapter on ScienceDirect;

- ensure the indexes only include Data and no other parts of the Published Journal Articles/Published Book Chapters; and
- remove illicit versions of Published Journal Articles on the terms which are set out here: <https://www.elsevier.com/about/policies-and-standards/hosting> upon Elsevier's request and allow Elsevier to review the implementation of the Data into the Institutional Repository. Elsevier will have the right to suggest improvements to the display of the search results for the Published Journal Articles/Published Book Chapters that are available on the Elsevier site.

The Subscriber recognizes that Elsevier wants to ensure that the Institutional Repository will not share personal or private information, including user identities. In the event the Institutional Repository collects or otherwise processes or uses personal data the Subscriber will be responsible for complying with the relevant data protection and privacy laws. As used in this section regarding the storage of Data from the Published Journal Articles/Published Book Chapters from Authors in the Subscriber's Institutional Repository:

- "Authors" means employees, students and other staff of the Subscriber and independent contractors appointed by the Subscriber.
- "Accepted Manuscript" means an author's version of the manuscript of a journal article or book chapter that has been accepted for publication. and which typically includes author-incorporated changes suggested during submission, and editor-author communications. Accepted Manuscripts should not be added to or enhanced in any way in order to appear more like, or to substitute for, the Published Journal Article/Published Book Chapter.
- "CC BY-NC-ND" (Creative Commons Attribution - Non Commercial - No Derivatives) means Creative Commons license for non-commercial purposes. CC BY-NC-ND allows others to distribute and copy the Accepted Manuscript for non-commercial purposes, as long as they credit the author(s) (with a link to the formal publication through the relevant DOI), provide a link to the license, and do not represent that the licensor endorses the use made of the article/book chapter. If the user alters or revises the Published Journal Article/Published Book Chapter in any way, it cannot distribute the modified version of the article/book chapter to others.
- "Data" will be limited to the following: index terms, bibliographic information, headers, digital object identifiers, embargo end dates, keywords, author affiliation, Snippets, and abstracts of the full text articles/book chapters.
- "Institutional Repository" means the Subscriber's secure database system that Subscriber uses to collect, preserve, and disseminate information about the intellectual output of the Subscriber's institute(s).
- "Published Book Chapter" means the definitive final record of published research that appears, or will appear, in the book and embodies all value-adding publisher activities including copy-editing, formatting and (if relevant) pagination, and online enrichment.
- "Published Journal Article" means the definitive final record of published research that appears, or will appear, in the journal and embodies all value-adding publisher activities including copy-editing, formatting and (if relevant) pagination, and online enrichment.

- “Snippets” mean a short contextually relevant query-dependent text or data, which may include bibliographic metadata as well as a maximum of 120 words of query-dependent text from individual Published Journal Articles/Published Book Chapters.

#### 1.4 *Restrictions on Use of Subscribed Products.*

Except as expressly stated in this Agreement or otherwise permitted in writing by Elsevier, the Subscriber and its Authorized Users may not:

- abridge, modify, translate or create any derivative work and/or service (including resulting from the use of artificial intelligence tools), based on the Subscribed Products, except to the extent necessary to make them perceptible on a computer screen to Authorized Users;
- remove, obscure or modify in any way any copyright notices, other notices or disclaimers as they appear in the Subscribed Products;
- use any robots, spiders, crawlers or other automated downloading programs, tools, or devices to continuously and automatically search, scrape, extract, deep link, index and/or disrupt the working of the Subscribed Products;
- use the Subscribed Products in combination with an artificial intelligence tool (including to train an algorithm, test, process, analyse, generate output and/or develop any form of artificial intelligence tool) except where such artificial intelligence tool is used in a Closed Hosted Environment solely for use by the Subscriber or Authorized User, does not train the algorithm of a third party artificial intelligence tool and does not share the Subscribed Product or any part thereof with a third party;  
“Closed Hosted Environment” means a hosted infrastructure or service environment in which an AI System is deployed, where access to the AI System and its data is restricted to Authorized Users, and where technical and organizational measures are implemented to ensure that inputs, outputs, and underlying models are not shared or made externally available, but remain confined to a secured, hosted setting in compliance with applicable confidentiality, data protection, and regulatory requirements.
- post abstracts from the Subscribed Products on social networking sites; or
- substantially or systematically reproduce, retain, store locally, redistribute or disseminate the Subscribed Products.

Authorized Users who are individuals who are independent contractors or are employed by independent contractors may use the Subscribed Products only for the purposes of the contracted research work for the Subscriber.

#### 1.5. *Text and Data mining*

##### 1.5.1. *Definitions*

“AI System” means any software, hardware, or combination thereof that employs artificial intelligence techniques to perceive, interpret, reason, learn, generate output, or make decisions, whether autonomously or semi-autonomously, including, but not limited to, intelligent agents, Multimodal Content Processing (MCP) systems, and Retrieval-Augmented Generation (RAG) systems;

“Text and Data Mining” or “TDM” means any automated analytical technique aimed at analyzing text and data in digital form to generate information which includes but is not limited to patterns, trends and correlations as set out in the EU DSM Directive (i.e. Directive (EU) 2019/790).

“TDM Output” means the result(s) of any TDM activity on the ScienceDirect Subscribed Product dataset which may include a limited number of short extracts, analyses or relational expressions from or measurements of the ScienceDirect Subscribed Product.

#### 1.5.2. *Rights granted*

Authorized Users may:

- a) download and store the ScienceDirect Subscribed Product dataset on a secure server in a closed hosted environment for use by the Authorized User only; and
- b) during the Term of the Agreement only, conduct TDM on the ScienceDirect Subscribed Product dataset and create TDM Output for non-commercial scientific research.

#### 1.5.3. *Restrictions*

Authorized Users will not:

- a) use the ScienceDirect Subscribed Product dataset and/or create TDM Output that will or has the potential to compete with, substitute, replicate and/or reverse engineer back to any of Elsevier’s products, services and/or solutions including a substantial part thereof;
- b) use and share the TDM Output in their scholarly work if doing so would substantially reproduce or redistribute the original ScienceDirect Subscribed Product or any part thereof;
- c) release open source or otherwise disclose model weights derived from the ScienceDirect Subscribed Product dataset;
- d) indirectly or directly use the ScienceDirect Subscribed Product dataset and/or the TDM Output for commercial purposes;
- e) remove, obscure or modify in any way any copyright notices, other notices or disclaimers as they appear in the ScienceDirect Subscribed Product dataset;
- f) use any robots, spiders, crawlers or other automated downloading programs, tools or devices to search, scrape, extract, deep link, and index the ScienceDirect Subscribed Product dataset and/or TDM Output;
- g) substantially or systematically reproduce, retain other than as set out in Section 1.5.4, redistribute, or disseminate the ScienceDirect Subscribed Product dataset and/or the TDM Output;
- h) use the ScienceDirect Subscribed Product dataset and/or the TDM Output Elsevier’s prior permission in writing, in combination with an AI System (including to ingest, train an algorithm, test, process, analyze, copy, distribute, make publicly available, generate output and/or develop any form of AI System), except where such AI System (a) is deployed on Subscriber’s internal system, (b) is used in a closed hosted environment, (c) is used solely for the extraction of data by the Authorized User as permitted by (and subject to any restrictions set forth in) the Agreement, (d) is not trained using the ScienceDirect Subscribed Product dataset and/or the TDM Output, (e) does not submit the ScienceDirect Subscribed Product dataset and/or the TDM Output or part thereof to an external AI System, and (f) does not share the ScienceDirect Subscribed Product dataset and/or the TDM Output or any part thereof with a third party;
- i) use the ScienceDirect Subscribed Product dataset and the TDM Output for any other purpose than as set out in this Agreement, and in this Section 1.5 specifically.

The preceding restrictions on TDM, do not apply to content made available under a Creative Commons (CC) license, or another Open Access public license. Use of these publications is subject to the terms and conditions of the applicable Open Access license.

1.5.4. The parties hereby acknowledge and agree that any reproductions and extractions from the ScienceDirect Subscribed Product dataset, in compliance with this Agreement, may be retained by the Authorized User as necessary for the purposes of scientific research, including for the verification of research results, as set out in the Directive (EU) 2019/790. The Authorized User will immediately and permanently delete all other copies (including back-up copies or otherwise) of the ScienceDirect Subscribed Product dataset upon completion of the relevant TDM project and/or expiration or termination

of the Agreement, unless permitted by applicable law to keep them for the statutory allowed period. The reproductions that are retained under this paragraph and the TDM Output shall remain subject to the terms and conditions of this Agreement. Nothing in Section 1.5 shall be interpreted or construed as limiting, restricting, or otherwise affecting any rights or authorisations of the Authorised Users arising directly from applicable law that cannot be contractually excluded, limited, or waived.

1.5.5. The ScienceDirect Subscribed Product dataset and any TDM Output may be accessed, processed, or hosted by third party vendors retained by the Subscriber only with the express written permission of Elsevier and solely for the purposes as set out in this Section 1.5. Subscriber will ensure that the third-party vendor will not ingest the ScienceDirect Subscribed Product dataset and any TDM Output for any other reasons as defined in this Agreement, will keep such ScienceDirect Subscribed Product dataset and any TDM Output secure in accordance with the terms of this Agreement, and will have no right or ability to use the ScienceDirect Subscribed Product dataset and any TDM Output in any other product or service offering. The Subscriber shall ensure that the third-party vendor shall immediately delete the ScienceDirect Subscribed Product dataset and TDM Output from its servers upon termination or expiration of this Agreement or, if earlier, the agreement between Subscriber and the third-party vendor.

#### 1.6 *Intellectual Property Ownership.*

The Subscriber acknowledges that all right, title and interest in and to the Subscribed Products remain with Elsevier and its suppliers, except as expressly set forth in this Agreement, and that the unauthorized redistribution or dissemination online of the Subscribed Products could materially and irreparably harm Elsevier and its suppliers.

Notwithstanding anything to the contrary contained in this Agreement, more extensive usage terms might be permitted for open access content in the Subscribed Products as identified in the individual journal article as stated in the applicable user (e.g. CC) license.

#### 1.7 *Open Access.*

Parties have agreed to the Open Access terms as attached hereto as Schedule 4.

## **SECTION 2. ELSEVIER PERFORMANCE OBLIGATIONS.**

#### 2.1 *Access to Subscribed Products.*

Elsevier will make the Subscribed Products accessible to the Subscriber and its Authorized Users from the internet address set forth on Schedule 1 or as may be otherwise set forth herein, upon receipt by Elsevier of this Agreement document in the territory of The Netherlands, as duly electronically signed by the Subscriber, which acceptance will be evidenced and timestamped by an authorised representative of Elsevier in the Netherlands. However, the parties must proceed pursuant to Section 5.1 of this Agreement.

#### 2.2 *Quality of Service.*

Elsevier will use reasonable efforts to provide the Subscribed Products with a quality of service consistent with industry standards, specifically, to provide continuous service with an average of 98% up-time per month, with the 2% down-time including scheduled maintenance and repairs performed at a time to minimize inconvenience to the Subscriber and its Authorized Users, and to restore service as soon as possible in the event of an interruption or suspension of service. If, due to causes within its reasonable control, Elsevier is unable to provide the Subscriber with access to the service for a period exceeding twenty-four (24) consecutive hours, then Elsevier shall extend the term of the Agreement for corresponding period at no additional cost to the Subscriber. If Elsevier is unable to provide the Subscriber with access to the service for a period exceeding five (5) consecutive days, then Elsevier will refund to the Subscriber the amount of the Fees calculated by dividing the number of days of downtime by 365 and multiplied by the amount of the Fees for the current year. The remedy provided herein is in addition to and not exclusive of any other rights and remedies that the Subscriber may have under this Agreement and at law or in equity.

#### 2.3 *Withdrawal of Content.*

Elsevier reserves the right to withdraw from the Subscribed Products content that it no longer retains the

right to provide or that it has reasonable grounds to believe is unlawful, harmful, false or infringing. If the withdrawal represents ten per cent (10%) of the content comprising the Subscribed Products, Elsevier will refund the Subscriber an amount which is proportional to the withdrawn content and remaining unexpired portion during the period in which the Fees were paid.

#### 2.4 *Usage Data Reports.*

Elsevier will make usage data reports on the usage activity of each Subscriber available as described at <https://www.elsevier.com/librarian/usage-reports/>. Such reports may be shared with internal stakeholders and including Ministry of Education, Youth and Sports without prior permission of Elsevier; may be accessed by vendors or other third parties retained by the Subscriber only with the express written permission of Elsevier, which shall not be unreasonably withheld, and for the purpose of usage analysis of the Subscriber. Elsevier will make all reasonable efforts to comply with the currently valid Code of Practice as specified at [Code of Practice - COUNTER Metrics](#). Elsevier will maintain as confidential and not disclose to any third party any search or other usage data except in aggregated, collective or anonymized form and as set forth in the Elsevier privacy policy applicable to the Subscribed Products at <https://www.elsevier.com/legal/privacy-policy>.

#### 2.5 *Interoperability with Prevailing Web Browsers.*

Elsevier will use reasonable efforts to ensure that the Subscribed Products are accessible and interoperable with prevailing web browsers and internet access tools, including, at a minimum, the most recent two major versions (current version and one version prior) and all the associated releases for those versions.

#### 2.6 *Federated Search.*

Subscriber may construct a federated search interface to enable federated searching of the Subscribed Products by Subscriber and its Authorized Users. The terms and conditions of federated searching shall be governed by a separate federated search gateway agreement to be entered into between Elsevier and the Subscriber and its Institutions.

### **SECTION 3. SUBSCRIBER PERFORMANCE OBLIGATIONS.**

#### 3.1 *Authentication.*

Access to the Subscribed Products will be authenticated by the use of Internet Protocol (“IP”) address(es) and/or usernames and passwords and/or a delegated authentication mechanism requiring at least two different credentials, as identified on Schedule 2. Access to the Subscribed Products by Authorized Users who are Walk-in Users is permitted provided that access is provided solely by the Subscriber and limited to library Sites only. The distribution of usernames/passwords, access credentials or otherwise by Walk-in Users is not permitted.

#### 3.2 *Protection from Unauthorized Access and Use.*

The Lead Institution undertakes to perform the obligations set out below and to impose and enforce these obligations upon the Institutions:

- take appropriate measures to protect against the misuse or unauthorized access, whether by the Subscriber or any third party, through or to (a) the Subscriber’s credentials used to access the Subscribed Products; and (b) the Subscribed Products and/or information derived therefrom;
- manage identification, use, access and control of all credentials used to access the Subscribed Products in an appropriately secure manner, including, but not limited to, by:
  - limiting access to and use of the Subscribed Products to Authorized Users and notifying all Authorized Users of the usage restrictions set forth in this Agreement and that they must comply with such restrictions;
  - issuing any passwords or credentials used to access the Subscribed Products only to

Authorized Users, not divulging any passwords or credentials to any third party, and notifying all Authorized Users not to divulge any passwords or credentials to any third party; and

- providing true, complete and accurate IP addresses, as identified on Schedule 2, (if any) for the exclusive use by each Subscriber (including, if requested by Elsevier, written confirmation by the relevant third party internet service provider) and proactively informing Elsevier of any changes to each Subscriber's IP addresses, including the addresses no longer being used exclusively by each Subscriber.
- immediately deactivate any credentials when no longer needed or where access presents a security risk;
- implement and maintain its own appropriate program for credentials management and ensure access to the Subscribed Products via such credentials is reviewed on an appropriate basis; and
- promptly upon discovering itself, or being notified by Elsevier or a third party, that there has been unauthorized use of the Subscribed Products or a security issue permitting unauthorized use, Subscriber will take appropriate steps to end such activity and to prevent any recurrence, including, but not limited to, implementing required updates and configuration where needed to rectify the issue. When notified by a third party or upon discovering the unauthorized use directly, Subscriber must promptly notify Elsevier of the unauthorized use. Subscriber will cooperate with Elsevier and share information, subject to any applicable confidentiality or nondisclosure obligations, concerning the unauthorized use or security issue.

In the event of any unauthorized use of the Subscribed Products, Elsevier may suspend the access and/or require that the Subscriber suspend the access from where the unauthorized use occurred upon notice to the Subscriber. The Subscriber will not be liable for unauthorized use of the Subscribed Products by any Authorized Users provided that the unauthorized use did not result from the Subscriber's own negligence or willful misconduct and that the Subscriber did not permit such unauthorized use to continue after having actual notice thereof.

### 3.3 *Security Requirements.*

The Subscriber agrees that the Subscriber will have in place documented policies and procedures, which will be reviewed by the Subscriber periodically, and if appropriate, tested and updated, covering the administrative, physical and technical safeguards in place and relevant to the access, use, loss, alteration, disclosure, storage, destruction and control of information. The Subscriber will promptly notify Elsevier if it determines that there has been a failure of such safeguards if such failure results in a compromise of the confidentiality or security of any part of the ScienceDirect Subscribed Products dataset or TDM Output provided hereunder and cooperate with Elsevier's reasonable requests surrounding such failure, including taking appropriate steps to end such activity and to prevent any recurrence. In addition, and subject to the rights granted above, upon termination, Subscriber will promptly and permanently delete all copies (including back-up copies) of the ScienceDirect Subscribed Product dataset.

## **SECTION 4. FEES AND PAYMENT TERMS.**

The Lead Institution will pay to Elsevier the fees set forth in Schedule 1 (the "Fees") for the Complete Freedom Collection within one hundred fifty (150) days of date of invoice. Notwithstanding the aforementioned, the Fees due for each year of the Term shall not be payable by Lead Institution before [redacted] of the then current year. The Lead Institution will pay to Elsevier the fees set forth in Schedule 1 (the "Fees") for the Backfile Collection within [redacted] of date of invoice. Notwithstanding the aforementioned, the Fees due must be paid by Lead Institution before [redacted]. Late payments will be subject to interest charges of [redacted] per month on the unpaid balance. In addition to other remedies provided in this Agreement, Elsevier will suspend an Institution's access to the Subscribed

Products upon thirty (30) days' prior written notice and without incurring liability if 1) the full amount of any Elsevier invoice hereunder has not been paid within the agreed payment deadline due to an Institution's failure of payment of their portion of the Fees to the Lead Institution. The Lead Institution will notify Elsevier of such Institution to ensure access is suspended. Elsevier and the Lead Institution acknowledge that the Fees payable under this Agreement are not in the nature of royalties however, should be considered business income according to article 7 of the Double Tax Convention between the Czech Republic and The Netherlands and consequently no withholding tax should be applied to the Fees. The Fees will be exclusive of any sales, use, value added, withholding or similar tax and the Lead Institution will be liable for any such taxes in addition to the Fees. Any sum to be paid by the Lead Institution to Elsevier under this Agreement will be paid by way of transfer to Elsevier's bank account [REDACTED]

The Fees under this Agreement are set forth as final, unchangeable and the maximum allowable and cover and include all activities relating to the performance under the Agreement. Elsevier may not charge any additional costs or expenses to the Subscriber. For the avoidance of doubt, any addition of new institutions to this Agreement will be subject to additional fees under this Agreement, which will be mutually agreed in an amendment to this Agreement.

The invoice shall contain all the requisites set forth by the applicable legislation, especially Act No. 235/2004 Coll., VAT Act, as amended ("VAT Act"). The invoice shall be delivered to the Lead Institution either in hard copy or electronically to the e-mail address [REDACTED]. The invoice shall include a reference to the Subscribed Products pursuant to this Agreement. The currency of account and the currency of payment for any sum to be paid by the Lead Institution to Elsevier under this Agreement will be EUR (meaning the lawful currency of the European part of the Netherlands at the effective date of this Agreement), notwithstanding any changes in Euro zone membership that might occur after the effective date of this Agreement, except in the event that (a) the Netherlands cease to be a member of the Euro zone of the European Union or (b) all participating members of the Euro zone cease to do so and the Euro ceases to exist, in which event the sum will become payable in the currency that will be officially adopted as the legal currency in the Netherlands. . The Lead Institution waives any right it may have at any time in any jurisdiction to pay any sum under this Agreement in a currency unit other than that in which it is expressed to be payable under this clause.

The Lead Institution will be charged local value added tax (VAT), based on the Lead Institution's place of establishment, unless the Lead Institution is a foreign relevant business person and provides to Elsevier its VAT Identification Number. The Lead Institution will promptly notify Elsevier of any changes to its VAT Identification Number or VAT status. Elsevier may charge the Lead Institution any VAT, fines, penalties, interest and other costs that Elsevier may incur as a result of incorrect VAT information.

Each party shall bear its own costs in connection with this Agreement. The bank fees for the bank transfer are shared between the parties.

The Lead Institution may cover the invoice partially if an Institution did not provide its financial contribution in time. In the event of such incomplete payment, the Lead Institution will notify Elsevier in writing of the intended difference no less than ten (10) days prior to the due date and will specify the Institution that failed to provide its financial contribution in time. In such case the Lead Institution is not in delay with the payment and Elsevier may suspend access to the Subscribed Products to this Institution in delay with providing its financial contribution without incurring liability from this suspension. The suspension of access to this Institution can last until the fee is completely paid in full.

## **SECTION 5. DURATION.**

### **5.1 Complete Freedom Collection Term.**

This Agreement becomes valid on the date of execution by the parties to this Agreement. This Agreement

takes effect on the date of publication in the Czech Register of Contracts or on 1 January 2026 (whichever occurs later) and continue until 31 December 2030 (“Initial Term”). The parties to this Agreement declare that should the Agreement take effect after 1 January 2026, they will commence to perform their obligations and Elsevier provides access to the Subscribed Products as of 1 January 2026, i.e. before the commencement of this Agreement due to the necessity of access to the Subscribed Products of 1 January 2026, to the Subscriber and Authorized Users in the full scope of the authorization stipulated herein. The Fees set forth in Schedule 1 are agreed with regards to this availability of Subscribed Products. Performance of the Elsevier’s obligation to make the Subscribed Products available before the Agreement takes effect shall be considered entirely as a performance according to and in compliance with this Agreement.

#### 5.2 Subject Backfile Collection *Term*.

This Agreement becomes valid on the date of execution by the parties to this Agreement. This Agreement takes effect on the date of publication in the Czech Register of Contracts or on 1 January 2026 (whichever occurs later) and continue in perpetuity in accordance with the provisions of this Agreement for a one-time fee for as long as the Subscriber maintains an annual subscription on ScienceDirect online (“Term”).

#### 5.4 *Early Termination by Institution Due To Insufficient Funds*.

The Lead Institution may terminate this Agreement in writing within 90 days for subscription years 2026, 2027, 2028, 2029 and 2030. The Lead Institution may further terminate this Agreement in writing within 30 days for subscription year 2027 if sufficient funds are not provided or allotted in future government-approved budgets of the Subscriber (or reasonably available or expected to become available from other sources at the time the Subscriber’s payment obligation attaches) to permit the Subscriber, in the exercise of its reasonable administrative discretion, to continue this Agreement. After termination pursuant to this section 5.3 the Subscriber shall be due the prorated Fees relating to the period prior to termination as well as any differences between the Deep Discounted Price (as defined in Schedule 1.1 of this Agreement) and the full print price.

An Institution may terminate its participation in this Agreement upon at least thirty (30) days written notice to Elsevier, effective the first day of the then following contract year, if sufficient funds are not provided, allocated or allotted in future budgets of such Institution, or reasonably available or expected to become available from other sources at the time the Subscriber’s payment obligation attaches to permit such Institution, in the exercise of its reasonable administrative discretion, to continue this Agreement. The Subscriber shall provide proof thereof in the form of a letter from the authorized representative of the Subscriber and/or a definitive budget decision letter from the relevant funding body. Notwithstanding the foregoing, if access to the Subscribed Products was provided but not yet paid for prior to termination, Elsevier will be entitled to receive a pro rata portion of the Fees attributable to the period of time that access was provided to such Institution.

#### 5.5 *Termination for cause*.

Either party may terminate this Agreement upon prior written notice (i) in the event of a material breach or (ii) persistent non-material breaches by the other party of any of its obligations under this Agreement and the party said to be in breach fails to cure the breach within thirty (30) days after receipt of the notice of breach.. However, if such material breach would concern or relate merely to a certain Institution or Institutions, Elsevier has the right to terminate the Agreement only or partially with respect to this or these Institutions if the material breach arose only due to this particular Institution. Termination of this Agreement is effective immediately by the date of delivery of such a notice. The obligation of the parties to also remedy any other breach shall not be affected by this provision.

#### 5.5 *Termination in the event of dissolution of an Institution without a legal successor*.

In the event that any Institution is dissolved without a legal successor during the term of this Agreement, this Agreement shall automatically terminate with respect to that Institution on the date of such dissolution. The Lead Institution is entitled to a proportional reduction of the Fee corresponding to the unused portion of the subscription period for such Institution. The Lead Institution shall notify Elsevier of this fact of dissolution of the Institution. In the event Lead Institution has already paid the Fee, the

Licensors shall return the unused pro rata portion of the Fee within three (3) months after being notified by Lead Institution pursuant to this Section. In the event the Fee has not yet been paid by Lead Institution, the Fee shall be automatically reduced by the pro rata amount corresponding to the dissolved Institution, and Lead Institution shall be obliged to pay only the reduced amount

#### 5.6 *Termination of Access*

Upon termination of this Agreement, Elsevier may terminate access to the Subscribed Products by the Subscriber and the Authorized Users (in case of a partial termination of this Agreement only with respect to the particular Institution and their Authorized Users). In addition, authorized copies of the Subscribed Products made by the Authorized Users may be retained for educational purposes and used subject to the terms of this Agreement even after the termination of this Agreement.

### **SECTION 6. ELSEVIER WARRANTIES AND INDEMNITIES.**

#### 6.1 *Warranties.*

Elsevier warrants that use of the Subscribed Products in accordance with the terms and conditions herein will not infringe the intellectual property rights of any third party.

#### 6.2 *Indemnities.*

Elsevier will indemnify, defend and hold harmless the Subscriber and its Authorized Users from and against any loss, damage, costs, liability and expenses (including reasonable attorneys' fees) arising from or out of any third-party action or claim that use of the Subscribed Products in accordance with the terms and conditions herein infringes the intellectual property rights of such third party. If any such action or claim is made, the Subscriber will promptly notify and reasonably cooperate with Elsevier. This indemnity obligation will survive the termination of this Agreement.

#### 6.3 *Disclaimer.*

EXCEPT FOR THE EXPRESS WARRANTIES AND INDEMNITIES STATED HEREIN AND TO THE EXTENT PERMITTED BY APPLICABLE LAW, THE SUBSCRIBED PRODUCTS ARE PROVIDED "AS IS" AND ELSEVIER AND ITS SUPPLIERS EXPRESSLY DISCLAIM ALL WARRANTIES AND REPRESENTATIONS OF ANY KIND WITH REGARD TO THE SUBSCRIBED PRODUCTS AND ANY OTHER DATA, DOCUMENTATION OR MATERIALS PROVIDED IN CONNECTION WITH THIS AGREEMENT, INCLUDING BUT NOT LIMITED TO ANY ERRORS, INACCURACIES, OMISSIONS, OR DEFECTS CONTAINED THEREIN, AND ANY IMPLIED OR EXPRESS WARRANTY AS TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

#### 6.4 *Limitation of Liability.*

Except for the express warranties and indemnities stated herein and to the extent permitted by applicable law, in no event will Elsevier or its suppliers be liable for any indirect, incidental, special, consequential or punitive damages including, but not limited to, loss of data, business interruption or loss of profits, arising out of or in connection with this Agreement, nor will the liability of Elsevier and its suppliers to the Subscriber exceed a sum equal to the Fees paid by the Subscriber hereunder during the twelve (12) month period immediately preceding the date on which the claim arose, even if Elsevier or any supplier has been advised of the possibility of such liability or damages.

### **SECTION 7. GENERAL.**

#### 7.1 *Force Majeure.*

Neither party's delay or failure to perform any provision of this Agreement (including provisions regarding payment obligations) as a result of circumstances beyond its control (including, but not limited to, war, strikes, fires, floods, power failures, acts of authority or governmental measures, telecommunications or Internet failures or damage to or destruction of any network facilities or servers) that prevents it from fulfilling its obligations under this Agreement (any such circumstances being "Force Majeure") will be deemed a breach of this Agreement. The parties agree that the departure of one or

more members of the Euro zone will not, in and of itself, be a “circumstance beyond its control” and will not have the effect of discharging or excusing performance of (any obligation under) this Agreement. Notwithstanding the foregoing, a party’s financial inability to perform its obligations will in no event constitute a Force Majeure.

#### 7.2 *Severability.*

The invalidity or unenforceability of any provision of this Agreement will not affect any other provisions of this Agreement.

#### 7.3 *Entire Agreement.*

This Agreement contains the entire understanding and agreement of the parties and replaces and supersedes any and all prior and contemporaneous agreements, communications, proposals and purchase orders or Subscriber terms, written or oral, between the parties with respect to the subject matter contained herein.

#### 7.4 *Modification.*

No modification, amendment or waiver of any provision of this Agreement will be valid unless in writing and signed by the parties, except for changes reflecting substituted titles, IP addresses, authentication mechanisms, invoicing and contact address details which may be notified by Elsevier or the Lead Institution and confirmed by the other party in an email notice sent to the other party.

7.4.2 The Subscriber, in compliance with Section 100(1) of Act No. 134/2016 Sb., on Public Procurement, as amended, reserves the right to change the commitment under this Agreement, which entails a change in the number of Institutions, i.e. for the purpose of accommodating additional Potential Participating Institutions with whom the Subscriber has entered into a central procurement agreement and, a list of which is provided in Schedule 1. This reservation will be effected, as the case may be, by means of an amendment to this Agreement based on the interest of the Potential Participating Institutions mentioned in the preceding sentence in receiving performance under this Agreement. The parties may include the price for the subscriptions for the Potential Participating Institutions in Schedule 1.

#### 7.5 *Assignment.*

The Subscriber will not assign, transfer or license any of its rights or obligations in whole or in part under this Agreement unless it obtains the prior written consent of Elsevier, which consent will not unreasonably be withheld.

#### 7.6 *Privacy*

The Lead Institution shall not transfer or provide any personal data of Authorized Users to Elsevier. To the extent that the Institution or its Authorized Users provide any personal data to Elsevier during account registration or otherwise, the parties acknowledge that such information will be processed by Elsevier in accordance with the Elsevier privacy policy at <https://www.elsevier.com/legal/privacy-policy> and the Elsevier Data Processing Addendum at <https://www.elsevier.com/legal/data-processing-terms> (“DPA”). The parties acknowledge that each party acts as an independent controller of any personal data shared or otherwise processed under this Agreement and has complied and will comply with its obligations under the Data Protection Laws. Terms used but not defined in this section shall have the meanings ascribed to them in the DPA.

#### 7.7 *Notices.*

All notices given pursuant to this Agreement will be in writing and delivered to the party to whom such notice is directed at the address specified below or the electronic mail address as such party will have designated by notice hereunder.

If to Elsevier: Elsevier B.V., Radarweg 29, 1043 NX Amsterdam, The Netherlands. E-mail: [•]

If to the Lead Institution and/or the Subscriber: National Library of Technology, Technická 2710/6, 160 80 Praha 6 - Dejvice, Czech Republic. E-mail: [REDACTED]

For the sake of clarity, the parties confirm that the term “written” or “in writing” shall include also electronic communication, including email, if the Agreement does not provide otherwise.

#### 7.8 *Confidentiality.*

The Subscriber and its employees, officers, directors and agents will maintain as confidential and not disclose to any non-affiliated third party without Elsevier's prior written consent the financial terms and commercial conditions of this Agreement except to authorities who may require such terms and conditions to comply with applicable law. Elsevier may only disclose such information (i) to applicable service providers to the extent necessary to perform their functions in support of this Agreement and (ii) where reasonably necessary to address security, safety, fraud or other legal issues.

The confidentiality obligation does not apply to information which:

- must be disclosed in the Czech Register of Contracts, except for personal information, trade secrets and sensitive information that shall be blacked out in the relevant publication of the contract, as permitted by the applicable law and to the extent required by Elsevier;
- which has been a matter of public domain as of the date of the disclosure thereof;
- which has become or will become publicly known or available otherwise than through the breach of the obligations of the disclosing party, its employees, subcontractors, advisers or consultants resulting from this Agreement;
- which has been disclosed based on an obligation resulting from the generally binding legal regulations or a final decision of courts or public authorities; and
- to the disclosure of which the other party has granted an explicit written consent to the disclosing party.

#### 7.9 *Compliance with Laws.*

Each party will comply with all applicable laws and regulations relating to its duties and obligations under this Agreement. Elsevier reserves the right to deny access to the Subscribed Products to any person or entity who is prohibited from receiving such access based on any applicable export control and trade sanctions laws or embargo programs.

#### 7.10 *Execution.*

This Agreement and any amendment thereto may be executed in counterparts, and signatures exchanged by facsimile or other electronic means are effective to the same extent as original signatures. Each party declares that the electronic execution is valid and effective in the jurisdiction the party executes the Agreement.

#### 7.11 *Contracting Authority and Power of Attorney.*

Each Institution has authorized the Lead Institution to enter into this Agreement based on the executed "*Agreement on Centralized Procurement*" wherein the Institution has authorised the Lead Institution to conduct this public procurement and to enter into this Agreement for their benefit. The Lead Institution has also entered into agreements with each individual Institution to legally bind them to adhere to the terms & conditions of this Agreement and to be able enforce the terms and conditions of this Agreement against them although the individual Institutions are not direct party to this Agreement. The Lead Institution represents and warrants that the Institutions acknowledge and agree to be bound by the terms and conditions of the Agreement, including but not limited to the restrictions on access to and use of the services as set forth in the Agreement. The Lead Institution will inform each individual Institution specified in Schedule 2 of the terms and conditions of access.

#### 7.12 *Governing Law.*

This Agreement will be governed by and construed in accordance with the laws of the Czech Republic without regard to conflict of law principles.

**IN WITNESS WHEREOF**, the parties have executed this Agreement by their respective, duly authorized representatives as of the date first above written.

<b>TOTAL FEES</b>		

### Adjustment of Fees

After the initial year of the Term, the Fees for the Subscriber's Journal Collection(s) will be subject to an adjustment to account for any titles removed from the Journal Collection(s) during the remainder of the Term of this Agreement.

### Journal Collection(s)

The Subscriber's Journal Collection(s) is described in Schedule 1.1.

### Option for expansion of Open Access coverage (Option 1)

The Consortium shall be entitled to switch to this **Option 1** by notifying Elsevier in writing or electronically no later than **31 October 2027**. The subsequent years shall then be governed by the conditions set out in the corresponding table below.

Subscribed Products – publisher	2027 EUR	2028 EUR	2029 EUR	2030 EUR
ScienceDirect® online – Elsevier B.V.				
Complete Freedom Collection				
Open-Access articles	1250	1400	1550	1700
<b>TOTAL FEES</b>				

Upon submission of such notice, clause 2.3 of **Schedule 3** concerning the number of open access articles for 2027–2030 shall be automatically updated in accordance with the parameters listed above. The selection of this Option 1 shall also determine the applicable fees for years 2028-2030, which from that point onward shall be calculated in accordance with the values and terms established therein. This change shall not affect the composition of the Consortium or the list of its members.

### Transaction Fee

The Subscriber may purchase pre-paid Transactions (“PPT”) upon mutual agreement of the parties in writing. Unused PPT will be forfeited one (1) year after issue or upon termination of this Agreement, whichever is earlier.

### Potential Participating Institutions

Per Section 7.4.2, The below Potential Participating Institutions may have access to the Subscribed Products under this Agreement, where the Potential Participating Institution will be added to Schedule 2 of this Agreement, and subject to an appropriate recalculation of the Fees which will be mutually agreed between Elsevier and the Subscriber by means of a signed amendment to this Agreement.

**Journal Subscription**

**Journal Collection(s):**

**Complete Collection:** Electronic access to the full text of all articles from the Elsevier journal titles published since 1 January 1995 identified on Annex A to Schedule 1.1.

**Complete Freedom Collection:** Electronic access to the full text of all articles from the Elsevier journal titles published since 1 January 1995 set forth in the Complete Freedom Collection Journal Title List at [http://www.elsevier.com/solutions/sciencedirect/content/journal-title-lists#journal\\_title\\_list](http://www.elsevier.com/solutions/sciencedirect/content/journal-title-lists#journal_title_list), as may be updated annually with the changes effective as of 1 January of the following calendar year of the term of the Agreement.

**Subject Backfile Collection(s):** Electronic access to the full text of articles from a selection of journal titles in a particular subject or discipline, identified on Annex A to Schedule 1.1, published prior to 1 January 1995, set forth in the relevant Subject Backfile Collection Journal Title List at [http://www.elsevier.com/solutions/sciencedirect/content/journal-title-lists#journal\\_title\\_list](http://www.elsevier.com/solutions/sciencedirect/content/journal-title-lists#journal_title_list) (Subscribed Titles).

**Option to Substitute Subscribed Titles**

An Institution may substitute any of the subscribed journal titles identified on Annex A to Schedule 1.1 (“Subscribed Titles”) with one or more journal titles of total comparable value (in current year list price) once annually upon notice to Elsevier by 1 August prior to the start of the next calendar year or at any time upon mutual agreement of the parties in writing. The foregoing does not apply to the Cell Press Collection.

**Option to Substitute Withdrawn Subscribed Titles**

An Institution may substitute any withdrawn Subscribed Titles with one or more journal titles of total comparable value (in current year list price) at any time upon notice to Elsevier.

**Transferred Titles**

Society journal titles for which the Subscriber holds an electronic subscription through a third-party publisher whose publication rights are transferred to Elsevier and made accessible on ScienceDirect during the Term (“Transferred Titles”) will be deemed Subscribed Titles effective as of the date of transfer and for the then current publication year and the publication years previously paid unless and until the Subscriber notifies Elsevier that it no longer wishes to continue such electronic subscription on ScienceDirect. The option to substitute Subscribed Titles does not apply to Transferred Titles.

**Post Termination Access to Subscribed Titles**

Upon termination of all of an Institution’s annual subscriptions on ScienceDirect online, the Institution may continue to access such Subscribed Titles online for an annual access fee based on the number of full-text articles downloaded from such titles during the prior twelve (12) months at a rate of EUR 0.063 per download, with a minimum annual fee of EUR 400 (adjusted annually for inflation and cost increases) for the Institution’s access to the platform, in accordance with the usage provisions of this Agreement, which provisions will survive the termination of the Agreement. Elsevier will make available for inspection by a duly authorized auditor of the Institution, at the Institution’s sole expense, the records concerning the calculation of the annual access fee once per year during regular business hours upon thirty (30) days written notice to Elsevier. If a particular Subscribed Title is withdrawn by Elsevier or not renewed by the Institution, but the Subscriber remains a ScienceDirect online annual subscription subscriber, the Institution may continue to access online, at no additional charge, such formerly Subscribed Title for the publication years paid, provided that Elsevier continues to hold the electronic rights thereto.

**Deep Discounted Price for Print Subscriptions**

Provided that the Fees have been paid, an Institution will have the option to place orders for annual subscriptions to a selection of Elsevier print publications at a price reduced from the list price (“Deep Discounted Price” or “DDP”), by 1 August prior to the start of the next calendar year from Elsevier or its affiliate directly and from only one (1) authorized service agent, which will be selected by the Subscriber, and Elsevier or its affiliate will fulfill such orders in accordance with its customary practices. The Lead Institution will ensure that the Institution notifies Elsevier of its subscription agent’s contact information upon placing such orders. The Institution may change its service agent no more than once annually by giving Elsevier notice by 1 August prior to the start of the next calendar year. The Institution will not place orders for such DDP subscriptions on behalf of any other person or entity or with the intent to resell, rent, license, lease or otherwise transfer them to another person or entity.

**Annex A to Schedule 1.1  
Subscribed Titles**

Estimated total number of Authorized Users for ScienceDirect: 220,000

For the avoidance of doubt, other institutions and organizations that reside or do business at the above locations (including without limitation companies that are owned wholly or in part by, or affiliated with, the Subscriber) are not Sites, unless expressly stated above.

Institutions may be added to Schedule 2 provided that written notice is given by the Lead Institution to Elsevier by 1 August prior to the start of the next calendar year of the term hereof and subject to (i) an appropriate recalculation of the Fees which will increase, (ii) the identification of the Sites and authentication methods and (iii) the execution of an amendment to this Agreement.

Institutions may be removed from Schedule 1 and Schedule 2 provided that written notice is given by the Lead Institution to Elsevier by 1 August prior to the start of the next calendar year of the term hereof and subject to (i) an appropriate recalculation of the Fees which will decrease accordingly as specified for the respective Fee of the Institution and (ii) the execution of an amendment to this Agreement.

Institutions may also be removed from Schedule 1 and Schedule 2 due to their corporate changes, as further described and with the relevant process set out in Articles 5.5 of the Agreement.

The Lead Institution will promptly notify Elsevier of any material changes in the number of relevant Authorized Users, which changes may result in Elsevier terminating the Agreement or terminating the participation of an Institution to the Agreement at the end of the year for which the Fees were paid unless the parties are able to agree to appropriate fee adjustments for any subsequent years of the Term, and may add, withdraw or substitute authentication mechanisms upon mutual agreement of the parties in writing.

**Primary Contact**

Name: [REDACTED]  
Title: Head of Licensing Unit  
Name/Address (if different from Section 7.7): [REDACTED]

**Billing Contact**

Name: [REDACTED]  
Title: Head of Licensing Unit  
Name/Address (if different from Section 7.7): [REDACTED]  
E-mail: [REDACTED]  
Phone: NA

The Lead Institution will promptly notify Elsevier of any changes to any of the contact information above.

**ELSEVIER SUBSCRIPTION AGREEMENT**  
**Schedule 3**  
**Open Access Terms**

**1 Background**

1. Corresponding authors affiliated with the CzechELib Consortium (i.e. Lead Institutions and/or Institutions) shall be referred to as “Corresponding Author(s)”. For the purposes of eligibility, the Corresponding Author is the single author who manages the publication process for an article from submission to post acceptance and corresponds with Elsevier on the same.

**2 Open Access Publishing**

- 2.1 From the start date of the Term or the date of last signature of the Agreement, whichever is later, until the end of the Term (hereinafter “Open Access Term”), Corresponding Authors are granted the right to publish open access articles in the Elsevier owned and Elsevier published core hybrid journals set out in Annex A to this Schedule 3 (“Eligible Journals”), subject to the terms of this Schedule 3.

- 2.2 Journal inclusions may from time to time be subject to change, including, but not limited to, changes resulting from the addition of new journal titles, journal transfers and/or changes of business model or ownership. If a core hybrid journal that is also an Eligible Journal converts to fully gold open access during the Open Access Term, such journal will remain an Eligible Journal under this Agreement..

- 2.3 If accepted for publication in an Eligible Journal, Corresponding Authors may publish up to the following maximum number of open access articles during the Open Access Term, without having to pay an article publishing charge (“APC”):

- (a) a total of 1100 open access articles for the calendar year 2026.
- (b) a total of 1166 open access articles for the calendar year 2027.
- (c) a total of 1207 open access articles for the calendar year 2028.
- (d) a total of 1249 open access articles for the calendar year 2029.
- (e) a total of 1293 open access articles for the calendar year 2030.

- 2.4 If there are any unused articles at the end of a calendar year, such articles will not carry over to the next calendar year. Unused articles will expire at the end of the Open Access Term and are not refundable. Corresponding Authors that have published a journal article under a subscription model in an Eligible Journal may notify Elsevier by 31 January of the following year the latest that they wish to retroactively convert the journal article, so that it is published open access. The conversion of the journal article will be reliant on the Corresponding Author’s completion of the rights and access form on the EOA Platform. Once Elsevier receives the completed rights and access form from the Corresponding Author, Elsevier will complete the conversion of the journal article from subscription model to open access. The conversion of the journal article must be completed no later than 31 January of the following year. Corresponding Authors that choose to do so as part of this Agreement will be able to use any remaining unused open access articles from the totals set out under clause 2.3.

- 2.5 In the event the Open Access Term commences after the start date of the Term, Corresponding

Authors will be required to pay an APC for any open access articles accepted for publication in an Eligible Journal prior to the start of the Open Access Term. Elsevier will send the Corresponding Author an invoice in the amount of the then current APCs as set out at <https://www.elsevier.com/books-and-journals/journal-pricing/apc-pricelist> to the address provided by the Corresponding Authors

### **3 Workflow**

- 3.1 The Elsevier publishing workflow will use the acceptance date to determine the eligibility of an article under this Agreement. In order to benefit from the commercial arrangements mentioned in this Schedule 4, articles submitted by the Corresponding Author must be accepted by the relevant Eligible Journal during the Open Access Term.
- 3.2 In Elsevier's journal workflow, the Corresponding Author must specify the Institution to which they are affiliated and the relevant research funding source(s). Based on this data, Elsevier will provide the Corresponding Author with the relevant publishing options. In the event Elsevier has not recognised the Corresponding Author during the workflow, the Corresponding Author that has published a journal article under a subscription model in an Eligible Journal in the first year of the Open Access Term, may notify Elsevier by the end of the first year of the Open Access Term that they wish to retroactively convert the journal article, so that it is published open access. The Corresponding Authors may notify Elsevier by 31 January of the following year the latest that they wish to retroactively convert the journal article, so that it is published open access. The conversion of the journal article will be reliant on the Corresponding Author's completion of the rights and access form and admin approval on the EOA Platform. Once Elsevier receives the completed rights and access form from the Corresponding Author, Elsevier will complete the conversion of the journal article from subscription model to open access. The conversion of the journal article must be completed no later than 31 January of the following year.
- 3.3 The CzechELib Consortium is responsible for informing Corresponding Authors that they are required to identify themselves as a Corresponding Author in Elsevier's journal workflow in order to benefit from the commercial arrangements under this Agreement.
- 3.4 In the event a Corresponding Author has chosen the open access option, the journal article, if accepted for publication in an Eligible Journal, shall automatically be published under a CC BY or CC BY-NC or CC BY-NC-ND license as determined by the Corresponding Author, subject to the conditions and process set forth herein. If a Corresponding Author chooses a license other than CC-BY, Elsevier will facilitate upon request of the Corresponding Author the possibility to change the license to CC-BY within 90 days of publication. The conversion of the license is not considered use of an open access article from the totals set out under clause 2.3.
- 3.5 The Elsevier Open Access Platform ("EOA Platform") requires the CzechELib Consortium to make reasonable efforts to accurately validate that the relevant Corresponding Author is affiliated with the CzechELib Consortium and will provide the CzechELib Consortium with the available relevant details including Corresponding Author name and e-mail address, DOI, article title, article type, journal title, research funding, acceptance date of the article and the APC. The CzechELib Consortium will receive a notification via email to validate a Corresponding Author's eligibility on the EOA Platform.
- 3.6 The Lead Institution shall provide Elsevier with the credentials of at least one individual (name and email) to be set up on the EOA platform as an administrator for each Institution and itself. On completion of setup in the EOA Platform, the administrators at each Institution and Lead Institution shall be responsible for validation of a Corresponding Author's eligibility within 15 business days after Elsevier sends an eligibility validation notification via email to the Institution and the Lead Institution ("Validation Date"). For the avoidance of doubt, the Lead Institution will be the approval manager for some Institutions and will have substitute approval rights for each Institution.

#### **4 Payment and Invoicing**

- 4.1 In the event that (i) the maximum number of open access articles set out under clause 2.3 above has been reached during the relevant contract year, (ii) the CzechELib Consortium does not validate the eligibility of an author by the Validation Date or the relevant Corresponding Author will have an option to pay the APC themselves and Elsevier will send the Corresponding Author an invoice in the amount of the then current APCs as set out at <https://www.elsevier.com/books-and-journals/journal-pricing/apc-pricelist> to the address provided by the Corresponding Author. Alternatively, the Corresponding Author may choose to publish their article under the subscription model without charge.
- 4.2 The Consortium is responsible for informing Corresponding Authors of the terms of this Agreement.

#### **5 Reporting**

- 5.1 The Lead Institution and each Institution will have access to reports that include a breakout of all articles (open access and subscription based) published by Corresponding Authors in the Elsevier journals governed by this Agreement. Minimum metadata requirements are: Corresponding Author name, Corresponding Author affiliation, corresponding e-mail, funding grant IDs (if provided), date of acceptance, journal title, ISSN, article title, article type, article APC, open access Y/N, DOI, and CC license. Elsevier will make best efforts to include open identifiers such as ORCID. Elsevier will also deliver article metadata including license information to CrossRef.

**Annex A to Schedule 4**  
**Core Hybrid Eligible Journals**

Journal inclusions may from time to time be subject to change, including, but not limited to, changes resulting from the addition of new journal titles, journal transfers and/or changes of business model or ownership.
