The Licensee acts as a central purchasing body within the meaning of Act No. 134/2016 Coll., on Public Procurement, as amended, for concluding license agreements on behalf of Participating Institutions as listed in Appendix B ("**Participating Institutions**") as part of the project CzechELib. In the event the Licensee is listed in Appendix B, all and any provisions related to Participating Institutions shall be without any limitation applicable also to the Licensee.

The Licensee shall be entitled to grant the necessary authorization or sublicense to Participating Institutions.

In consideration of the mutual promises contained herein and other good and valuable considerations, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. Representation, Subject of the Agreement, Content of Licensed Materials; Grant of License

- 1.1 **Representation.** The Distributor hereby represents and warrants that it has all the authority, competence and license to grant a license to the Licensed Materials to the Licensee as defined in this Agreement. Where the performance of the Distributor's obligation depends on the activity and/or cooperation of the Publisher, the Distributor shall ensure and is liable for any violation of the rights and/or obligations stipulated herein as a result of the activity or inactivity of the Publisher and this can serve as a reason for termination of this Agreement pursuant to Section 11.
- 1.2 **Subject of the Agreement.** The subject of this Agreement is to define the conditions of cooperation and the rights and duties of the Parties while providing the Licensed Materials to the Licensee and the Participating Institutions as defined in this Agreement.
- 1.3 **Licensed Materials.** The materials that are the subject of this Agreement are set forth in Appendix A ("**Licensed Materials**").
- 1.4 **Grant of License.** The Distributor hereby grants to the Licensee a non-exclusive, non-transferable (except the following sublicenses or other corresponding authorization), system-wide right to use the Licensed Materials pursuant to this Agreement, limited to the territory of the Czech Republic. The Licensee is entitled to grant the sublicenses or any other corresponding authorization to the Participating Institutions in order to provide the Licensed Materials to the Authorized Users (as defined in Section 4.1 of this Agreement) of the Participating Institutions in accordance with the terms of this Agreement.
- 1.5 **Ownership of Intellectual Property.** Nothing in this Agreement shall be construed, interpreted or understood to transfer of ownership of any copyright, trademarks, service marks or any other intellectual property from the Distributor or its suppliers to the Licensee or the Authorized Users.

2. Delivery & Access

- 2.1 The Distributor grants access to the Licensed Materials to the Licensee and to the Participating Institutions in the following manner:

Network Access. The Licensed Materials will be stored at one or more of the Publisher's locations in digital form accessible by telecommunication links between such locations and authorized locations of IPs under the control of the Licensee and the Participating Institutions.

3. Fees

- 3.1 **Fees and Payment.** The Licensee shall pay the Distributor a fee for the license concerning the Licensed Materials pursuant to the terms set forth in Appendix A based on an invoice issued by the Distributor ("**Fee**"). All Fees are due and payable by the Licensee by 30 April of the respective calendar year, unless otherwise stipulated in Appendix A.
- 3.2 **Incomplete Payment.** The Licensee may cover the invoice partially if a Participating Institution did not provide its financial contribution in time. In the event of such incomplete payment, the Licensee will notify the Distributor in writing of the intended difference no less than ten (10) days prior to the due date. In such case the Licensee is not in delay with the payment and the Distributor or the Publisher may suspend the IP addresses of such Participating Institution until the Fee is completely paid.
- 3.3 **Change of number of Participating Institutions listed in Appendix B.** In case any Participating Institution shall lose its status as a Participating Institution or ceases to exist as such or in case any Potential Participating Institution and/or new scientific (or similar) institution shall reveal its intent to become a Participating Institution, the Distributor shall enter into negotiations with the Licensee to amend this Agreement and to correspondingly renegotiate the Fee.

4. Authorized Use of Licensed Materials

- 4.1 **Authorized Users.** "Authorized Users" are:
- (a) **Persons affiliated with the Participating Institutions.** Full and part-time employees (including faculty, staff, and independent contractors) of the Participating Institutions and students of the Participating Institutions, regardless of the physical location of such persons; and, if the Participating Institution is a public library, an individual holding a valid library membership card and/or other credentials issued by the Participating Institution to registered patrons, while they are on the premises of the Participating Institution or remotely via secure access subject to terms of use enforced by the Participating Institution and this Agreement in matter of confirming the identity of the Authorized User and access to the Licensed Materials. For authorized sites of the Participating Institutions,

see Appendix B. Should the Licensee be listed in the Appendix B as the Participating Institution, all provisions concerning the Participating Institution and the Authorized Users shall apply also with respect to the Licensee.

- (b) Walk-ins. Persons not affiliated with the Participating Institutions who are physically present at the Participating Institutions' site(s) ("**Walk-ins**").

4.2 **Access by and Authentication of Authorized Users.** Authorized Users of the Participating Institutions shall be granted access to the Licensed Materials pursuant to the following:

- (a) IP Addresses. Authorized Users shall be identified and authenticated by the use of Internet Protocol ("**IP**") addresses provided by the Licensee to the Distributor. The use of proxy servers by the Licensee or the Participating Institutions is authorized as long as any proxy server IP addresses provided limit remote or off-campus access to the Authorized Users. Authorized IP Addresses are listed in Appendix C. An updated list will be sent to the Distributor on an annual or as-needed basis without the need to amend this Agreement. Alternatively, if the Publisher is utilizing its own and/or third-party system for IP range change notification, then an updated list may be sent via such system instead. The Distributor shall ensure that the Publisher shall use reasonable efforts to cooperate with the Participating Institutions in the implementation of new authentication protocols and procedures (such as Shibboleth) as they are developed during the term of this Agreement. Access to the Licensed Material via open proxies or other non-authenticated proxy servers is prohibited. Both the Licensee and the Distributor will provide cooperation to coordinate or facilitate this process but they will not be liable for correct implementation of such authentication protocols and procedures (which remain the full responsibility of the Publisher and the respective Participating Institution).
- (b) Distributor or Publisher - Administered Authentication. INTENTIONALLY OMITTED.
- (c) Personally Identifiable Information (Personal Data) of Authorized Users. The Licensee, the Distributor and the Publisher together and individually acknowledge and agree that the Licensee neither transfers nor provides any personally identifiable information (personal data) of the Authorized Users to the Distributor. Access to the Licensed Materials is primarily granted via IP Addresses pursuant to Section 4.2(a) of this Agreement which prevent any identification of the Authorized User. In case of the Distributor or the Publisher - Administered Authentication pursuant to Section 4.2(b) of this Agreement, the Distributor and the Publisher are required to ensure lawful processing of any personally identifiable information (personal data). This does not preclude the Licensee to hand over the contact details of the Participating Institutions' contact persons or other personal data where the Licensee has a valid legal basis therefor.

4.3 **Authorized Uses.** The Participating Institutions and the Authorized Users may make all use of the Licensed Materials as is consistent with the applicable law and with this

Agreement, including but not limited to the following licensing conditions ("**Authorized Uses**"). In addition, the Licensed Materials may be used for purposes of research, education or other non-commercial use as particularly follows:

- (a) Display. The Participating Institutions and the Authorized Users shall have the right to electronically display the Licensed Materials.
- (b) Digital Copy. The Participating Institutions and Authorized Users may download and digitally copy a reasonable portion of the Licensed Materials.
- (c) Print Copy. The Participating Institutions and the Authorized Users may print insubstantial portions of the Licensed Materials for the purposes of scientific research and communication or to be used for the basis of discussion groups provided it is not for any Commercial Use and is consistent with fair use under copyright law.
- (d) Recover Copying Costs. The Participating Institutions may impose a reasonable fee on the Authorized Users to cover costs of copying or printing portions of the Licensed Materials by or for the Authorized Users.
- (e) Archival/Backup Copy. INTENTIONALLY OMITTED.
- (f) Caching. The Participating Institutions and the Authorized Users are authorized in the course of an automatic process of an internet browser or any other software to make temporary local digital copies of the Licensed Materials in order to ensure proper operation and use of such internet browser or for proper functioning of such software. For the avoidance of doubt, the cached copy is not a derivative work.
- (g) Classroom Use. The Participating Institutions and the Authorized Users may distribute single copies of individual articles or items of the Licensed Materials in print or electronic form to the Authorized Users. For the avoidance of doubt, classroom handouts shall include the distribution of a copy for teaching purposes to all individual Authorized Users in a class at Authorized Sites (Appendix B). Each such item shall carry appropriate acknowledgement of the source, listing title and author of the extract, title and author of the work, and the Publisher.
- (h) Collections of Information. The Participating Institutions and the Authorized Users shall be permitted to extract or use information contained in the Licensed Materials for educational, scientific, or research purposes, including extraction and manipulation of information for the purpose of illustration, explanation, example, comment, criticism, teaching, research, or analysis. For the avoidance of doubt, the extraction and use of figures in publications or other externally distributed works is not permitted except as otherwise licensed by the Distributor or the copyright holder.
- (i) Course Packs (Print and Electronic). The Participating Institutions and the Authorized Users may use a reasonable portion of the Licensed Materials in the

preparation of a packet of the materials used in the classroom ("**Course Packs**") or other educational materials. Each item shall carry appropriate acknowledgement of the source, listing title and copyright owner.

- (j) Course Reserves (Print and Electronic). The Participating Institutions and the Authorized Users may use a reasonable portion of the Licensed Materials in connection with specific courses of instruction offered by the Participating Institutions. With Electronic Reserve, the Authorized User or the Participating Institution agrees to remove content at the end of the specific course of instruction. Course packs in non-electronic non-print perceptible form, such as audio or Braille, may also be offered to the Authorized Users who, in the reasonable opinion of the Participating Institution, are visually impaired.
- (k) Electronic Links. The Participating Institutions and the Authorized Users may provide hyperlinks from the Participating Institutions' and the Authorized Users' web page(s) or website(s) to individual units of content within the Licensed Materials on the Publisher's website.
- (l) Scholarly Sharing. On an ad hoc basis, the Authorized Users may transmit to a third party, in hard copy or electronically, minimal, insubstantial amounts or a portion of the Licensed Materials for personal use or scholarly, educational, or scientific research or professional use in the nature of collaboration, comment, or scholarly exchange of ideas but in no case for resale or commercial purposes or in a manner that would substitute for direct access to the Licensed Materials via services offered by the Distributor and/or the Publisher.
- (m) Text and Data Mining. The non-commercial Authorized Users may use the Licensed Materials to perform and engage in text and/or data mining activities for academic research, scholarship, other educational purposes and other internal non-commercial research purposes, for as long as the Licensee maintains a subscription to the Licensed Material, subject to the terms and conditions in Appendix E below.
- (n) Interlibrary Loan. Using electronic, paper, or intermediated means, the Participating Institutions may at their discretion fulfill occasional requests from other institutions, a practice commonly called Interlibrary Loan ("**ILL**") provided that such practice does not act as a substitution for a subscription. The Distributor agrees and ensures that the Publisher will agree that the electronic form of the Licensed Materials may be used as a source for the ILL whereby articles and/or chapters can be printed and these print copies can be delivered via postal mail, fax, or fax-based service to fulfill ILL requests from an academic, research or other non-commercial library. Requests received from for-profit companies will not be honored. An ILL through secure electronic transmission, as demonstrated by the ARIEL, is permitted. For the avoidance of doubt, such secure electronic transmission could also be fulfilled by any system which satisfies all of the following features: 1) ensures that requesting user (researcher/scholar) is affiliated to eligible institution; 2) enables limiting number of items requested per each journal title over a given period; 3) enables limiting

number of requests fulfilled by the delivering library over a given period; 4) before getting access to the delivered pdf file, the requesting scholar (who is fully identifiable) must provably declare his/her full compliance with publisher's intellectual property rights. Limitations imposed in points 1), 2) and 3) of this paragraph could be mutually agreed between Distributor, Publisher and Licensee. Files transmitted in this manner must carry copyright notices and comply with the applicable law.

- (o) **Bibliographic Citations.** The Participating Institutions and the Authorized Users may use, with appropriate credit given, figures, tables, and brief excerpts from the Licensed Materials in the Participating Institutions' and the Authorized Users' own scientific, scholarly, and educational works. For the avoidance of doubt, the use of figures in publications or other externally distributed works is not permitted except as otherwise licensed by the Distributor or the copyright holder. For the avoidance of doubt, the Participating Institutions and the Authorized Users may use citation and abstract information in faculty profiling systems, in lists of publications on faculty and institutional web pages, and to create bibliographies, and store a single copy of an individual document being part of the Licensed Materials, including within secure personal bibliographic reference/citation management systems.

4.4 **No Diminution of Rights.** Nothing in this Agreement, including but not limited to the Authorized Uses, shall be interpreted to diminish the rights and privileges of the Licensee, the Participating Institutions or the Authorized Users with respect to any of the Licensed Materials, including exceptions or limitations regarding the exclusive rights of copyright owners. In the event that any content included in the Licensed Materials is in the public domain or has been issued under a Creative Commons or other open license, neither the Distributor nor the Publisher shall place restrictions on that content that conflict with United States of America or international law with respect to public domain content or with the Creative Commons license.

4.5 **The Rights of the Author to Use Own Work.** Authors of peer-reviewed research articles published in a AAAS journal retain the right to deposit a copy of the final manuscript after peer-review in their institution's repository or archive, in accordance with the terms of AAAS's License to Publish signed directly with AAAS. The rights and responsibilities of Authors and their institutes are established in the License to Publish and not granted in this Agreement. A copy of the Science family of journals License to Publish that is current as of the signing of this Agreement is appended in Appendix F, however each author/institution should review the actual License to Publish signed by the author to confirm the rights granted in each case.

4.6 INTENTIONALLY OMITTED.

4.7 **Definitions:**

- (a) **Author:** An author of a research or a commentary article published in the Licensed Materials who is an Authorized User.

- (b) **Repositories or archives:** Open-access digital repository services, such as those provided by the Author's employing institution, an academic consortium, a discipline-based entity, or a governmental funding agency.

4.8 **Scope of Authorized Use and Access to Licensed Materials.**

Unlimited Access. Subject to the terms of this Agreement, the Participating Institutions and the Authorized Users shall have unlimited and simultaneous user access to the Licensed Materials.

5. Specific Restrictions on Use of Licensed Materials

- 5.1 **Unauthorized Use.** The Participating Institutions, or the Authorized Users shall not knowingly permit anyone other than the Authorized Users to access the Licensed Materials.
- 5.2 **Modification of Licensed Materials.** The Participating Institutions or the Authorized Users shall not modify or manipulate the Licensed Materials without the prior written permission of the Publisher.
- 5.3 **Removal of Copyright Notice.** The Participating Institutions or the Authorized Users shall not remove, obscure or modify any copyright or other notices included in the Licensed Materials.
- 5.4 **Commercial Purposes.** The Participating Institutions or the Authorized Users may not use the Licensed Materials for commercial purposes, including but not limited to the sale of the Licensed Materials, fee-for-service use of the Licensed Materials; nor may the Licensee and the Participating Institutions impose special charges on the Authorized Users for use of the Licensed Materials beyond reasonable printing or administrative costs. For the avoidance of doubt, research conducted by the Participating Institutions and Authorized Users that is supported by a commercial entity shall not be considered use for commercial purposes.

6. Mutual Performance Obligations

- 6.1 **Notification and Cure of Unauthorized Use.** In the event the Licensee and/or any of the Participating Institutions becomes aware of an unauthorized use of the Licensed Materials and cannot promptly remedy it, the Licensee or the Participating Institution shall without undue delay notify the Distributor or the Publisher, and the parties will cooperate in locating and attempting to stop the specific individuals who are abusing the service. In the event the Distributor or Publisher becomes aware of unauthorized use of the Licensed Materials, the Distributor shall, or shall ensure that the Publisher will, without undue delay notify the Licensee and the respective Participating Institution in writing. Should the unauthorized use be persistent and if

the specific abuser(s) cannot be identified or stopped, Publisher has the right to suspend access to the affected portion of the Member's site.

- 6.2 In the case of unauthorized use which is causing serious and immediate material harm to the Publisher, the Publisher may temporarily suspend such offending individual Authorized User's access to the Licensed Materials (e.g. by blocking an individual user's IP address), provided that the Distributor immediately notifies, or shall ensure that the Publisher immediately notifies the Licensee and the respective Participating Institution of any such suspension, including the reason for the suspension and any supporting details. Such temporary suspensions will be only of the shortest possible duration and the maximally limited extent necessary to terminate the unauthorized use and prevent its resumption. In the event that such suspension lasts longer than the shortest period necessary to prevent such unauthorized use, the Distributor is obliged to reimburse the Licensee the respective pro rata part of the Fee (calculated with respect to the actual number of excessively suspended Authorized Users) for the period of duration of such excessive suspension. Any excessive suspension of access to the Licensed Materials can serve as a Licensee's reason for termination of this Agreement pursuant to Section 11 of this Agreement.

7. Performance Obligations

- 7.1 The Distributor will use reasonable efforts to ensure that its or the Publisher's performance will meet or exceed industry standards and practices. Additionally, the Distributor agrees to the following performance standards set out in this Section 7.
- 7.2 The Distributor shall acquaint the Publisher with the content of this Agreement. The Distributor shall ensure that all Distributor's obligations under this Agreement will be fulfilled and that the Publisher will not prevent such fulfillment. The Distributor may under no circumstances exclude or limit its liability due to any lack of cooperation from the Publisher. The Distributor shall ensure that the Publisher will provide its cooperation in duly and timely manner so all obligations stipulated herein may be orderly fulfilled.
- 7.3 **Availability of the Licensed Materials.** Upon the Effective Date (as specified in Section 9.1 of this Agreement), the Distributor shall ensure that the Licensed Materials become available to the Participating Institutions and the Authorized Users.

Should the Effective Date of this Agreement occur after 1 January 2026, Distributor shall ensure that the Publisher will make, or has already made, the Licensed Materials available to the Licensee, the Participating Institutions and Authorized Users in the full scope of the license stipulated herein already as of 1 January 2026 due to the necessity of access to the Licensed Material as of 1 January 2026, to the Participating Institutions and Authorized Users in the full scope of the authorization stipulated herein including all and any possible rights and authorizations such as potential archiving rights, extent of the access to the backfile content of Licensed

Materials or Open Access publishing under this Agreement. Performance of the Distributor's obligation to ensure that the Licensed Materials become available before this Agreement takes effect shall be considered entirely as a performance according to and in compliance with this Agreement.

- 7.4 **Discovery of the Licensed Materials.** The Distributor shall ensure that the Publisher will make reasonable efforts to make the Licensed Materials available through the Licensee's and/or the Participating Institutions' user interface and search systems for discovering and displaying content from local, database and web-based sources ("**Discovery Service System**") for indexing and discovery purposes. The Distributor shall ensure that the Publisher provides to the Licensee's and/or the Participating Institutions' discovery service vendors on an ongoing basis the citation and complete descriptive metadata (including all subject headings, abstracts, and keywords) and full-text content necessary to facilitate optimal discovery and accessibility of the content for the benefit of the Participating Institutions and the Authorized Users.
- 7.5 **Persistent Linking.** The Distributor shall ensure that the Publisher will make reasonable efforts to comply with the most current version of the OpenURL standard (ANSI/NISA Z39.88 or any that replaces it during the term of this Agreement).
- 7.6 **Online Terms and Conditions.** In the event that the Distributor or the Publisher requires the Authorized Users to agree to additional terms relating to the use of the Licensed Materials (commonly referred to as "**click-through**" or "**clickwrap**" licenses), or otherwise attempts to impose terms on the Authorized Users through online terms and conditions invoked by the mere use or viewing of the Licensed Materials, such additional terms shall only apply to the Authorized Users who agreed to the respective additional terms. Such additional terms shall not materially differ from the provisions of this Agreement and violation of these additional terms by the Authorized Users will not be considered as breach of this Agreement but merely and exclusively as breach of these additional terms. In the event of any conflict between the additional terms and this Agreement, the terms of this Agreement shall prevail. The Distributor or the Publisher alone shall be liable and responsible for any personal data processing that occurs with respect to these additional online terms and conditions as either the Distributor or the Publisher determines the scope and purpose of such personal data processing. For the avoidance of doubt, the Authorized Users are not a party to this Agreement.
- 7.7 **Documentation.** The Distributor will provide or shall ensure that the Publisher will provide, complete and up-to-date help and operational documentation to the Licensee, the Participating Institutions and the Authorized Users in an electronic format. Such documentation may be provided by means of the Distributor's and/or Publisher's online system and/or system for administrators.
- 7.8 **Support.** The Distributor shall ensure that the Distributor or Publisher will provide activation and installation support, including assisting the Licensee, Participating Institutions and Authorized Users with the implementation of any Publisher software. The Distributor will offer reasonable levels of continuing support to assist the

Licensee, Participating Institutions and Authorized Users in the use of the Licensed Materials. The Distributor shall ensure that the Distributor or Publisher will make its personnel available by email [REDACTED] and/or phone [REDACTED] during cross section of the Publisher's and the Licensee's and/or the Participating Institutions' regular business hours, Monday through Friday, for feedback, problem-solving, or general questions, and they will respond in a timely manner. If there is a change in a contact for support, either the Distributor or the Publisher will notify the Licensee and the Participating Institutions of such change. The change is effective by the delivery of the notice to the Licensee and the Participating Institutions.

- 7.9 **Training.** The Distributor shall ensure that the Distributor or Publisher will provide to the Licensee, the Participating Institutions and the Authorized Users appropriate training relating to the use of the Licensed Materials and any Publisher software. The Distributor shall also ensure that the Distributor or the Publisher will provide additional training to the Licensee and the Participating Institutions staff if made necessary by any updates or modifications to the Licensed Materials or any of the Publisher's software.
- 7.10 **Updates.** The Distributor shall ensure that the Publisher will provide and implement regular system and project updates to the Licensee and the Participating Institutions as they become available. No additional fee shall be charged for updates.
- 7.11 **Quality of Service.** The Licensed Materials may be subject to periodic unavailability due to regular maintenance, including, but not limited to, maintenance of the server(s) and other equipment used to host the Licensed Materials, installation or testing of software and loading of content as it becomes available. The Distributor shall ensure and is liable that the Publisher will use commercially reasonable efforts to minimize the extent of any period of unavailability due to such regular maintenance.

Neither the Publisher nor the Distributor will be liable for damages or refunds should the Licensed Material become unavailable temporarily or access to the Licensed Material becomes slow or incomplete due to system back-up procedures, internet traffic volume, upgrades, overload of requests to the servers, general network failures or delays, or any other cause beyond the control of the Publisher (including, but not limited to force majeure events, networking problems, IP address changes) which may from time to time make the site inaccessible for the Authorized Users. If the Licensed Material cannot be accessed by the Licensee or a Participating Institution in conformance with the terms of this Agreement, the Licensee or Participating Institution shall immediately notify Distributor and all reasonable efforts will be made to restore access as soon as possible. In the event that access is not repaired within 48 hours, the Publisher shall make adjustments to ensure the Participating Institution receives the access Member has paid for under this License upon Member's request. Licensee shall not be entitled to any credit, reduction or set-off against the License Fee for downtime or any interruption in the availability of the Licensed Products unless such interruption exceeds twenty-four (24) continuous hours in duration. In such event, Licensor shall provide Licensee with a credit equal to 1/365 of the annual License Fee for each continuous twenty-four (24) hour period

from the time of interruption until restoration of Licensee's access to the Licensed Products.

- 7.12 **Problems with Licensed Materials.** If the Licensed Materials fail to operate, display, load, or render in conformance with the terms of this Agreement, the Licensee or the Participating Institution shall immediately notify the Distributor or the Publisher in writing, and the Distributor shall ensure that the Publisher will promptly use best efforts to restore access to the Licensed Materials as soon as possible. In the event that the non-conformity materially affects the Participating Institutions' or the Authorized Users' access and use of the Licensed Materials as contemplated in this agreement, and the Publisher fails to remedy the non-conformity within five (5) business days, the Distributor shall reimburse the Licensee for such problems in an amount that is proportional to the Fee.
- 7.13 **Transfer or Acquisition of Titles.** If any portion of the Licensed Materials is transferred to or acquired from another party, the Distributor shall ensure that the Publisher will use best efforts so the Participating Institutions will not lose access to the Licensed Materials or any rights under this Agreement or rights granted herein as a result of the transfer or acquisition. If the Publisher is transferring any portion of the Licensed Materials to another party, the Distributor shall ensure that the Publisher will assign all rights and obligations under this Agreement to the assignee. If the Publisher is acquiring content that will become subject to this Agreement, the Distributor shall ensure that the Publisher will use best efforts to acquire the rights necessary for its performance under this Agreement. The Distributor shall ensure that the Publisher will provide the relevant party with all the relevant payment and rights information. For journal titles, the Distributor shall ensure that the Publisher will comply with the NISO Transfer Code of Practice.¹
- 7.14 **Completeness of Content.** INTENTIONALLY OMITTED.
- 7.15 INTENTIONALLY OMITTED.
- 7.16 If the online content is a digitized version of the print content and differs from the print or other physical format versions of the Licensed Materials so as to be substantially less useful to the Licensee, the Participating Institutions or their Authorized Users, if no solution that would restore the usefulness of the Licensed Materials can be implemented, the Licensee may seek to terminate this Agreement for breach pursuant to Section 11 of this Agreement.
- 7.17 **Notification of Modifications of Licensed Materials.** From time to time, the Publisher may add, change, or modify portions of the Licensed Materials, or migrate the Licensed Materials to other formats. When such changes, modifications, or migrations occur, the Distributor shall ensure that the Publisher will give prior written notice of any such changes to the Licensee and the Participating Institutions as soon as is practicable, but in no event less than sixty (60) days in advance of such event. If

¹ <http://www.niso.org/workrooms/transfer/>

any of the changes, modifications, or migrations render the Licensed Materials substantially less useful to the Participating Institutions or their Authorized Users and if the Distributor cannot offer a substitution or remedy, the Licensee may seek to terminate this Agreement for breach pursuant to Section 11 of this Agreement.

- 7.18 **Withdrawal of Licensed Materials.** The Publisher reserves the right to withdraw from the Licensed Materials any item or part of an item for which it no longer retains the right to publish, or which it has reasonable grounds to believe infringes copyright or is defamatory, obscene, unlawful, or otherwise objectionable. The Distributor shall ensure that the Publisher will give prior written notice of the withdrawal to the Licensee and the Participating Institutions as soon as is practicable, but in no event less than thirty (30) days in advance of such withdrawal, specifying the item or items to be withdrawn if the withdrawn material represents more than 10% of the e-resource it was withdrawn from.
- 7.19 If any such withdrawal of more than 10% of any journal, renders the Licensed Materials less useful to the Participating Institutions or the Authorized Users, the Distributor shall reimburse the Licensee for the withdrawal in an amount proportional to the Fee. If any such withdrawal renders the Licensed Materials substantially less useful to the Licensee, the Participating Institutions or their Authorized Users, the Licensee may seek to terminate this Agreement for breach pursuant to Section 11 of this Agreement.
- 7.20 **Itemized Holdings/Title List.** Any site admin can go to <https://www.science.org/action/institutionAdmin?page=sfxreport> and request a KBART report. The Distributor will notify the Licensee if the provided link will be changed during the term of the Agreement. The Distributor shall ensure that the Publisher will use reasonable efforts to update itemized holdings reports as soon as is practicable when the holdings information changes.
- 7.21 **Usage Statistics.** The Distributor shall ensure that the Publisher will provide access to both composite system-wide use data and itemized data for the Licensee and the Participating Institutions on a monthly basis. The Publisher will make best efforts to meet or exceed the most recent project Counting Online Usage of NeTworked Electronic Resources ("COUNTER") Code of Practice Release,² including but not limited to its provisions on customer confidentiality. It is more than desirable that the Standardized Usage Statistics Harvesting Initiative (SUSHI) Protocol³ is available for the Licensee to harvest the statistics.
- 7.22 Neither the Distributor nor the Publisher shall provide the Licensee's usage statistics in any form to any third party without the Licensee's prior written consent, unless the third party owns rights in the Licensed Materials; in such case the Distributor shall ensure that the usage statistics will not be provided to any other third party. The Distributor shall not provide and shall ensure that the Publisher will also not provide

³ <http://www.niso.org/workrooms/sushi/>

usage statistics of any Participating Institution in any form to any third party (with the exception of the Licensee and the Publisher's e-resource platform provider) without the Participating Institution's prior written consent, unless the third party owns rights in the Licensed Materials. In all cases, the disclosure of such data shall fully protect the anonymity of individual users and the confidentiality of their searches, and will comply with all applicable privacy and data protection legislation. Neither the Distributor nor the Publisher shall disclose or sell to any third party usage data or information about the Licensee, any Participating Institution or the Authorized Users without the Licensee's and/or the relevant Participating Institution's prior written consent or unless specifically required by law.

- 7.23 **Confidentiality of Personally Identifiable Information (Personal Data).** Without prejudice to the applicable data protection law, the Distributor agrees and shall ensure that within the scope of this Agreement the Publisher ensures that no personally identifiable information (personal data), including but not limited to log-ins recorded in system logs, IP addresses of patrons accessing the system, saved searches, any identification data, usernames and passwords, will be shared with third parties, except in cases required or allowed by the applicable law, particularly by the Data Protection Law (as specified in Section 16.1 of this Agreement). If the Distributor or the Publisher is compelled by law or court order to disclose personally identifiable information (personal data) of the Authorized Users or patterns of use, the Distributor shall provide the Licensee with adequate prior written notice as soon as is practicable, so that the Licensee, the Participating Institution or the Authorized Users may seek protective orders or other remedies. The Distributor or the Publisher will notify the Licensee and Authorized Users as soon as is practicable if the Distributor's or Publisher's systems are breached and the confidentiality of personally identifiable information (personal data) is compromised.
- 7.24 **Notice of the Use of Digital Rights Management Technology.** In the event that the Distributor or the Publisher utilizes or implements any type of digital rights management ("DRM") technology to control the access to or usage of the Licensed Materials, the Distributor will provide or shall ensure that the Publisher will provide the Licensee with a description of the technical specifications of the DRM and how it impacts access to or usage of the Licensed Materials. In no event may such DRM technology be used in a way that would limit the usage rights of the Participating Institution or any Authorized User as specified in this Agreement or under applicable law. If the Distributor cannot provide a solution or remedy, if the use of DRM renders the Licensed Materials substantially less useful to the Participating Institutions or their Authorized Users, the Licensee may seek to terminate this Agreement for breach pursuant to Section 11 of this Agreement.
- 7.25 **Use of Digital Watermarking Technology.** In the event that either the Distributor or the Publisher utilizes any type of watermarking technology for any element of the Licensed Materials, the watermarks may not reduce the readability of the content or degrade image quality. Such watermarks shall not contain user-related information, including but not limited to an account number, IP address, and usernames. If digital watermarking technology is implemented, the Distributor will notify or shall ensure that the Publisher will notify the Licensee at least thirty (30) days in advance of such

implementation, and provide the technical specifications for the watermarking technology used. In the event that the Parties fail to settle the dispute amicably within thirty (30) days, they shall submit the dispute to informal mediation, as further described below in this paragraph. The Parties shall continue to perform their respective obligations under this Agreement, unless such performance would be objectively hindered due to the existing dispute. The Party invoking mediation shall inform the other Party with a written notice of its decision to seek informal mediation, and the notice must include a description of the subject to the dispute and a proposed resolution thereof. Designated representatives of both Parties shall attempt to resolve the dispute within five (5) working days starting from the day after the delivery of such notice to the other Party. This reservation will be effected, as the case may be, by means of an amendment to this Agreement based on the interest of Potential Participating Institutions mentioned in the preceding sentence to receive performance under this Agreement. The Parties may include the price for the licenses for these Potential Participating Institutions in the Appendix B.

23. Severability

23.1 If any provision or provisions of this Agreement shall be held to be invalid, illegal, unenforceable or in conflict with the law, the validity, legality, and enforceability of the remaining provisions shall not in any way be affected or impaired thereby. 24. Waiver of Contractual Right

24.1 Waiver of any right, power or remedy herein shall not be deemed a waiver of any other right, power or remedy herein, nor shall waiver of any right, power or remedy regarding a breach of this Agreement be construed as a continuing waiver of any right, power or remedy regarding other breaches of the same or other provisions of this Agreement.

25.1 All notifications, invitations, information, legal acts and other communications ("**Notices**") made in the matters of and under this Agreement must be made in writing, the written form being retained if Notices are delivered by e-mail.

Appendix E: Science ONLINE JOURNALS CONSORTIAL LICENSE TERMS AND CONDITIONS FOR TEXT AND DATA MINING (“TDM”)

I. The following Terms and Conditions shall be deemed to complement and extend the rights of the Licensee, Authorized and Walk-in-Users under Article 7(1) of Directive (EU) 2019/790 of the European Parliament and of the Council of 17 April 2019 on copyright and related rights in the Digital Single Market and amending Directives 96/9/EC and 2001/29/EC and nothing in these Terms and Conditions shall constitute a waiver of any statutory rights held by the Licensee and/or Authorized Users.

II. The terms and conditions herein are further defined by the definitions, terms and restrictions of the Science ONLINE JOURNALS CONSORTIAL LICENSE AGREEMENT (the "License") of which this ANNEX E is a part.

III. The terms and conditions herein apply only to non-commercial Members with an active subscription to the Licensed Materials as defined in the License.

IV. The rights granted herein are extended only to Authorized Users as defined in the License who have a predetermined and limited list of articles that they seek to text and/or data mine for non-commercial internal research purposes only.

V. Corporate entities and/or Members who wish to use the Licensed Materials for TDM projects that are commercial in nature or that do not meet the criteria of I-IV above should contact the Licensing Department to negotiate a separate License Agreement.

VI. The rights granted herein do not apply to any Complimentary Resources that might be included with the Consortium's subscription.

1. TEXT AND DATA MINING RIGHTS. Authorized Users of the Licensee, as defined in the License, may, subject to the restrictions below:

a. Download, at a reasonable rate and speed, articles from the Licensed Materials from the Server for storage on Member's or third party server;

b. Index and extract semantic entities from the copies of the Licensed Materials stored on Member's or third party server for the purpose of recognition and classification of the relations between them;

c. Mount, load, integrate and analyze the results, evaluations, or interpretations on Authorized User's computer or Member's server dedicated to Member's text mining system (but not on a library server, repository or archive) for use and access by Authorized Users;

d. Distribute aggregate data and analysis produced as a result of TDM of the Licensed Materials in the form of research communications such as scholarly papers, journals, and similar work product created by the Authorized User during the regular course of the Authorized User's research and work for the Member. In all such cases, Authorized User is required to cite the appropriate journal as the source of the data and to indicate that the results or views expressed are entirely those of the author;

e. Make TDM results or conclusions available on an externally facing website (in response to a search query, for example) subject to the limitations in section 2 below.

2. LIMITATIONS. Except as expressly stated in this ANNEX E or otherwise permitted in the License or by other written agreement with the Publisher, Member and its Authorized Users may not:

a. Substantially or systematically reproduce, retain, or redistribute the Licensed Materials;

b. Perform systematic or substantive extracting, especially for the purposes of creating a product or service for use by third parties;

c. Use the results or output of TDM to enhance institutional or subject repositories in ways that compete with or have the potential to substitute for or replicate the Licensed Materials or any work of the Publisher;

Where TDM results or conclusions are made available to non-Authorized Users on an externally facing website as a result of a search query, and where such outputs include original, copyright protected material, only a snippet of that original, copyright protected material may be displayed/presented. For the purposes of this ANNEX E, a snippet shall mean an extract that is no more than 150 characters. All snippets must cite the appropriate journal as the source of the material;

e. Extract, develop or use the Licensed Materials for any commercial activity;

f. Abridge, modify, translate or create any derivative work based on the Licensed Materials, except as may be necessary to make it perceptible on a computer screen to Authorized Users;

g. Remove, obscure or modify any copyright notices or other notices or disclaimers that appear in the Licensed Materials;

h. Crawl or use other automated programs or algorithms to continuously download, search, scrape, extract, deep link, index or disrupt the normal function of the Publisher's websites or access to the Licensed Materials by other users.

3. SECURITY.

a. Member agrees to implement and maintain adequate and effective data security systems and measures, in line with international industry standards and best practice, to protect the security of the Licensed Materials from unauthorized disclosure or use.

b. Publisher shall have the right, at its sole discretion, cost and expense to audit Member's TDM system at any time during the term of this License.

c. Should either Publisher or Member become aware of abuses of the Licensed Materials emanating from any of Licensee's locations, the party aware of such abuse will notify the other, and both parties will cooperate in locating and attempting to stop the specific individuals who are abusing the service. If the specific abuser(s) cannot be identified or stopped, Publisher has the right to suspend rights granted to the Member in this ANNEX E and discontinue access to the Licensed Materials until a remedy can be implemented.

4. BREACH. In addition to any contractual rights and remedies under the applicable law, Publisher shall retain the right to deny access to any publisher-hosted content where the Member is in breach of any of the conditions of this ANNEX E. In cases where Member has made any Licensed Materials available to third parties, Publisher shall be entitled to terminate the License, including this ANNEX E, with respect to the Member, and also to charge the Member any Subscription Fee that would have been payable to the Publisher had the use in question been licensed. Alternatively, for the avoidance of doubt, the foregoing contractual remedies apply in addition and not in substitution of any rights and remedies for breach available in the law, such as the right to terminate the License, the right to claim damages, and disgorging of any profits generated by activities prohibited under this ANNEX E.

5. POST TERMINATION OBLIGATIONS. Upon termination of the License or of this ANNEX E the Member shall destroy all copies of the Licensed Materials and portions thereof that were created pursuant to the terms of this ANNEX E. Upon request from Publisher, Member shall provide a letter signed by an authorized officer of the Member confirming that all copies have been destroyed no later than 30 days after termination.

6. FEE. There is no additional charge for the TDM rights granted herein provided the scope of the TDM remains purely non-commercial as defined above and for as long as the Member maintains a subscription to the Licensed Materials being mined.

Appendix F – License to Publish

Science Journals License to Publish

I. Requirement of Acceptance:

The following Grant of License ("License") must be signed and returned to the American Association for the Advancement of Science ("AAAS") before a manuscript can be accepted for publication in *Science* or one of its sibling journals (*Science Advances*, *Science Immunology*, *Science Robotics*, *Science Signaling*, *Science Translational Medicine*).

By signing this License, you represent and warrant that you have the authority and all necessary rights to execute this License. For example, if your institution places limitations on publishing agreements or asserts its own right to distribute or provide access to the works of its faculty in conflict with the terms of this License you must obtain a waiver from your institution that releases you from such restrictions so that you can sign this License. After publication of your manuscript by AAAS, your institution may exercise all rights to use the Work (as defined below) as are retained by Authors in section III of this License.

If the copyright in the contribution is owned by your employer, your employer or an authorized representative must sign this form.

Should AAAS decide not to publish your manuscript, upon final written notification to you that AAAS will not publish your manuscript, this License shall be null and void. AAAS retains complete discretion as to whether to publish any manuscript, and in what form.

II. Rights of Publication

In consideration of publication by AAAS of the manuscript currently titled _____ (the "Work")
and authored by _____ ("You"),

You hereby grant to AAAS the irrevocable right to publish, reproduce, distribute, transmit, display, store, translate, create derivative works from and otherwise use the Work, for any purpose, including commercial purpose, in any form, manner, format,

or medium, whether now known or hereafter developed, throughout the world and in any language, for the entire duration of any such right and any renewal or extension thereof and to permit/sublicense others to do any or all of the foregoing as well.

With regard to associated supplementary materials, data, audio and/or video files that You have submitted for publication with Your manuscript, You hereby grant to AAAS the non-exclusive right to publish, reproduce, distribute, transmit, display, store, translate, create derivative works from and otherwise use these supplementary materials in any form, manner, format, or medium, whether now known or hereafter developed, throughout the world and in any language, for the entire duration of any such right and any renewal or extension thereof and to permit/sublicense others to do any or all of the foregoing as well.

For the purposes of this License the "Final Published Version" (aka "Version of Record" or "VoR") shall be defined as the final, copyedited and proofed version of the Work that is published by AAAS.

For the purposes of this License the "Accepted Version" (aka "Author Accepted Manuscript" or "AAM") shall be defined as the version of the Work that is accepted for publication by AAAS including changes resulting from peer review but prior to AAAS's copy editing and production.

You agree the license granted to AAAS with respect to the Final Published Version is exclusive to AAAS. However, You retain the rights to make the Accepted Version and prior versions thereof available to the public consistent with the requirements of any "open access" policy of your employer or the grant funding your research.

You retain copyright, subject to the rights You grant to AAAS above, and all rights not expressly granted in this License. No rights in patents or trademarks or other intellectual property rights other than as described above are transferred to AAAS in this License.

You also authorize AAAS, but AAAS undertakes no obligation to, at its own expense, enforce the rights granted under this license on Your behalf against third parties whom AAAS believes to be infringing the copyright in the Work.

III. Author Rights

Some but not all of AAAS's journals make the Final Published Version available under the author's choice of Creative Commons license. Any such options, if applicable, will be made available to You after acceptance and may be subject to an Article Processing Charge ("APC").

A. Except as provided for in Sections III.B and III.C, You and Your co-authors

The definitive version was published in [*Science Journal Title*] on [date]; doi: [doi number for your manuscript]." The Accepted Version should not be modified to resemble the publisher-formatted Final Published Version.
9. If Your article **is** peer-reviewed research, You can post your Accepted Version to your website or the public repository of your choice upon publication by AAAS (The Accepted Version should not be modified to resemble the publisher-formatted Final Published Version). You agree to include a link to the Final Published Version published on the *Science* website and the appropriate license terms as follows:

b. If 9a above does not apply and Your manuscript was submitted to a *Science* subscription journal on or after January 1, 2023 and it is subject to "open access" policies of Your employers and/or funders that require distribution of the Accepted Version under a CC BY license, You may apply the CC BY license to your Accepted Version.

c. If neither 9a nor 9b above apply, You agree to include the following on the Accepted Version that you distribute pursuant to this license: "This is the author's version of the work. The definitive version was published in [*Science Journal Title*] on [date]; doi: [doi number for your manuscript]."

B. If the option to publish the Work under the Creative Commons Attribution 4.0 International Public License (CC BY) was provided by AAAS after acceptance of Your manuscript and You selected such option and paid any applicable APC: After publication of the Work by AAAS, You and Your co-authors may make all uses of the article permitted by the CC BY license, subject to all conditions of that license.

C. If the option to publish the Work under the Creative Commons Attribution-Non Commercial 4.0 International Public License (CC BY-NC) was provided by AAAS after acceptance and You selected such option and paid any applicable APC: After publication of the Work by AAAS, You and Your co-authors may make all uses of the article permitted by the CC BY-NC license (subject to all conditions of that license), plus, if applicable, the uses set forth in III.A above.
