The Licensee acts as a central purchasing body within the meaning of Act No. 134/2016 Coll., on Public Procurement, as amended, for concluding license agreements on behalf of Participating Institutions as listed in Appendix B ("**Participating Institutions**") as part of the project CzechELib. In the event the Licensee is listed in Appendix B, all and any provisions related to Participating Institutions shall be without any limitation applicable also to the Licensee.

The Licensee shall be entitled to grant the necessary authorization or sublicense to

Participating Institutions.

In consideration of the mutual promises contained herein and other good and valuable considerations, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. Subject of the Agreement, Content of Licensed Materials; Grant of License

- 1.1 **Statement.** The Distributor hereby guarantees that it has all the authority, competence and license to grant a license to the Licensed Materials to the Licensee as defined in this Agreement.
- 1.2 **Subject of the Agreement.** The subject of this Agreement is to define the conditions of cooperation and the rights and duties of the contracting Parties while providing the Licensed Materials to the Licensee and the Participating Institutions as are defined in this Agreement.
- 1.3 **Licensed Materials.** The materials ("**Licensed Materials**") that are the subject of this Agreement are set forth in Appendix A.
- 1.4 **Grant of License.** The Distributor hereby grants to the Licensee a non-exclusive, non-transferable (except the following sublicenses to the Participating Institutions), system-wide perpetual right, or if perpetual is not objectively possible under applicable law then to the maximum extent permissible under applicable law (regardless whether in form of a license or a sublicense), to use the Licensed Materials pursuant to this Agreement and also as further specified in Appendix A, limited to the territory of the Czech Republic. The Licensee is entitled to grant the sublicenses to the Participating Institutions. The Distributor entitles the Licensee to access and use the Licensed Materials to the Authorized Users (which are defined in Section 4.1 of this Agreement) of the Participating Institutions (which are listed in the Appendix B) in accordance with the terms of this Agreement.
- 1.5 **Ownership of Intellectual Property.** Nothing in this Agreement shall be interpreted to transfer ownership of any copyright, trademarks, service marks from the Distributor or its suppliers to the Licensee or the Authorized Users.

2. Delivery & Access

- 2.1 The Distributor will provide the Licensed Materials to the Licensee and to the Participating Institutions in the following manner:

Network Access. The Licensed Materials will be stored at one or more Publisher's locations in digital form accessible by telecommunication links between such locations and authorized locations of the Licensee and the Participating Institutions.

3. Fees

- 3.1 **Fees and Payment.** The Licensee shall pay the Distributor a fee for the license concerning the Licensed Materials pursuant to the terms set forth in Appendix A ("**Fee**"). All Fees are due and payable by the Licensee by 30 May of the respective calendar year, unless otherwise stipulated in Appendix A.
- 3.2 **Incomplete Payment.** The Licensee may cover the invoice partially if a Participating Institution did not provide its financial contribution in time. In the event of such incomplete payment, the Licensee will notify the Distributor in writing of the intended difference no less than ten (10) days prior to the due date. In such case the Licensee is not in delay with the payment and the Distributor or the Publisher may suspend the IP addresses of such Participating Institution until the Fee is completely paid.
- 3.3 **Change of number of Participating Institutions listed in Appendix B.** In case any Participating Institution shall lose its status as a Participating Institution or in case any Potential Participating Institution and/or new scientific (or similar) institution shall reveal its intent to become a Participating Institution, the Distributor shall enter into negotiations with the Licensee to amend this Agreement and to renegotiate the amount of the Fee.

4. Authorized Use of Licensed Materials

- 4.1 **Authorized Users.** "**Authorized Users**" are:

- (a) Persons affiliated with the Participating Institutions. Full and part-time employees, faculty, staff and students of the Participating Institutions, and registered users, in case of public research libraries, in-site or remotely using secure authentication system implemented by the Licensee or Participating Institutions. For the Participating Institutions, see Appendix B.
- (b) Walk-ins. Patrons not affiliated with the Participating Institutions who are physically present at the Participating Institutions' site(s) ("**Walk-ins**").

- 4.2 **Access by and Authentication of Authorized Users.** Authorized Users of the Participating Institutions shall be granted access to the Licensed Materials pursuant to the following:

- (a) IP Addresses. Authorized Users shall be identified and authenticated by the use of Internet Protocol ("IP") addresses provided by the Licensee to the Distributor. The use of proxy servers is authorized as long as any proxy server IP addresses provided limit remote or off-campus access to the Authorized Users. Authorized IP Addresses are listed in Appendix C. An updated list will be sent to the Distributor on an annual or as-needed basis without the need to amend this Agreement. Alternatively, if the Publisher is utilizing its own and/or third-party system for IP range change notification, then an updated list may be sent via such system instead. The Distributor shall ensure that the Publisher shall use reasonable efforts to cooperate with the Participating Institutions in the implementation of new authentication protocols and procedures (such as Shibboleth) as they are developed during the term of this Agreement. Both the Licensee and the Distributor will provide cooperation to coordinate or facilitate this process but they will not be liable for correct implementation of such authentication protocols and procedures (which remain the full responsibility of the Publisher and the respective Participating Institution).
- (b) Distributor or Publisher - Administered Authentication. Where the Distributor or the Publisher provides alternative methods of access and authentication beyond the Licensee-administered methods described herein, e.g. by allowing users to establish a personal login from an on-campus IP address (thereby enabling access via username and password when logging in to a vendor website) or device authentication, which affiliates the device or application by use of a token, cookie, or vendor-managed proxy prefix, neither the Licensee nor any Participating Institution will be responsible or liable for claims of breach or validity of such use.
- (c) Personally Identifiable Information (Personal Data) of Authorized Users. The Licensee, the Distributor and the Publisher together and individually acknowledge and agree that the Licensee neither transfers nor provides any personally identifiable information (personal data) of the Authorized Users to the Distributor. Access to the Licensed Materials is primarily granted via IP Addresses pursuant to Section 4.2(a) of this Agreement which prevent any identification of the Authorized User. In case of the Distributor or the Publisher - Administered Authentication pursuant to Section 4.2(b) of this Agreement, the Distributor and the Publisher are required to ensure lawful processing of any personally identifiable information (personal data). This does not preclude the Licensee to hand over the contact details of the Participating Institutions' contact persons or other personal data where the Licensee has a valid legal basis therefor.

4.3 **Authorized Uses.** The Participating Institutions and the Authorized Users may make all use of the Licensed Materials as is consistent with Czech Republic copyright law and these licensing conditions ("**Authorized Uses**"). In addition, the Licensed Materials may be used for purposes of research, education or other non-commercial use as particularly follows:

- (a) Display. The Participating Institutions and the Authorized Users shall have the right to electronically display the Licensed Materials.
- (b) Digital Copy. The Participating Institutions and Authorized Users may download and digitally copy a reasonable portion of the Licensed Materials.
- (c) Print Copy. The Participating Institutions and the Authorized Users may print a reasonable portion of the Licensed Materials.
- (d) Recover Copying Costs. The Participating Institutions may charge a reasonable fee to cover costs of copying or printing portions of the Licensed Materials for the Authorized Users.
- (e) Archival/Backup Copy. The Distributor shall provide to the Licensee upon request, or the Licensee may independently create, one (1) copy of the entire set of the Licensed Materials to be maintained as a backup copy. In the event that this Agreement is terminated, or the Publisher no longer offers the Licensed Materials online, the Licensee and Participating Institutions may use the backup copy to exercise their rights under Section 12 (*Perpetual Rights*) of this Agreement. Distributor shall charge Licensee for the postage and time spent fulfilling any request made under this clause.
- (f) Caching. The Participating Institutions and the Authorized Users may make local digital copies of the Licensed Materials in order to ensure efficient use by Authorized Users by appropriate browser or other software. For the avoidance of doubt, the cached copy is not a derivative work.
- (g) Classroom Use. The Participating Institutions and the Authorized Users may distribute single copies of individual articles or items of the Licensed Materials in print or electronic form to the Authorized Users. For the avoidance of doubt, classroom handouts shall include the distribution of a copy for teaching purposes to all individual Authorized Users in a class at Authorized Sites (Appendix B).
- (h) Collections of Information. The Participating Institutions and the Authorized Users shall be permitted to extract or use information contained in the Licensed Materials for educational, scientific, or research purposes, including extraction and manipulation of information for the purpose of illustration, explanation, example, comment, criticism, teaching, research, or analysis.
- (i) Course Packs (Print and Electronic). The Participating Institutions and the Authorized Users may use a reasonable portion of the Licensed Materials in the preparation of course packs or other educational materials ("**Course Packs**").
- (j) Course Reserves (Print and Electronic). The Participating Institutions and the Authorized Users may use a reasonable portion of the Licensed Materials for use in connection with specific courses of instruction offered by the Licensee and/or the Participating Institutions.

- (k) Electronic Links. The Participating Institutions and the Authorized Users may provide hyperlinks from the Licensee's, the Participating Institutions' and the Authorized Users' web page(s) or web site (s) to individual units of content within the Licensed Materials.
- (l) Scholarly Sharing. On an ad hoc basis, the Authorized Users may transmit to a third party, in hard copy or electronically, minimal, insubstantial amounts of the Licensed Materials for personal use or scholarly, educational, or scientific research or professional use in the nature of collaboration, comment, or scholarly exchange of ideas but in no case for resale or commercial purposes or in a manner that would substitute for direct access to the Licensed Materials via services offered by the Distributor and/or the Publisher.
- (m) Text and Data Mining. For the avoidance of doubt, the Distributor as well as the Publisher acknowledge and agree that the rights and authorizations under this Section may not be excluded or limited pursuant to Article 7(1) of Directive (EU) 2019/790 of the European Parliament and of the Council of 17 April 2019 on copyright and related rights in the Digital Single Market and amending Directives 96/9/EC and 2001/29/EC, and that such rights and authorizations are in addition to, and not in lieu of, the rights and authorizations provided to the Authorized Users under statutory provisions governing the scope of such authorizations (i.e. text and data mining).

The Parties therefore hereby stipulate that the Authorized Users may use the Licensed Materials to perform and engage in text and/or data mining activities for academic research, scholarship, and other educational purposes and may utilize and share the results of text and/or data mining in their scholarly work and make the results available for use by others, so long as the purpose is not to create a product for use by third parties that would substitute for the Licensed Materials.

To facilitate these activities, the Distributor and the Publisher will, upon receipt of a written request, cooperate with the Licensee and the Authorized Users as will be reasonably necessary for making the Licensed Materials available in a manner and form most useful to the Authorized User. The Distributor shall ensure that the Publisher will provide the Licensee, upon request, with copies of the Licensed Materials for text and data mining purposes without any extra fees, except for any objective and reasonable fees directly and exclusively attributable to the Publisher's extra costs in providing such copies. If any such direct involvement of the Distributor or Publisher is required by the respective Authorized User or Participating Institution, any objective and reasonable fee may be in advance agreed and paid directly between the Distributor and that particular Authorized User or Participating Institution, without any involvement of the Licensee and without any impact on the Fee under this Agreement.

- (n) Interlibrary Loan. Using electronic, paper, or intermediated means, the Participating Institutions may at their discretion fulfill occasional requests from other institutions, a practice commonly called Interlibrary Loan ("ILL"). The Distributor agrees and ensures that the Publisher will agree that the electronic

form of the Licensed Materials may be used as a source for the ILL whereby articles and/or chapters can be printed and these print copies can be delivered via postal mail, fax, or fax-based service to fulfill ILL requests from an academic, research or other non-commercial library. Requests received from for-profit companies will not be honored. An ILL through secure electronic transmission, as demonstrated by the ARIEL, is permitted. For the avoidance of doubt, such secure electronic transmission could also be fulfilled by any system which satisfies all of the following features: 1) ensures that requesting user (researcher/scholar) is affiliated to eligible institution; 2) enables limiting number of items requested per each journal title over a given period; 3) enables limiting number of requests fulfilled by the delivering library over a given period; 4) before getting access to the delivered pdf file, the requesting scholar (who is fully identifiable) must provably declare his/her full compliance with publisher's intellectual property rights. Limitations imposed in points 1), 2) and 3) of this paragraph could be mutually agreed between Distributor, Publisher and Licensee. Files transmitted in this manner must carry copyright notices and comply with the copyright laws of Czech Republic.

- (o) Bibliographic Citations. The Participating Institutions and the Authorized Users may use, with appropriate credit given, figures, tables, and brief excerpts from the Licensed Materials in the Authorized Users' own scientific, scholarly, and educational works. For the avoidance of doubt, the Participating Institutions and the Authorized Users may use citation and abstract information in faculty profiling systems, in lists of publications on faculty and institutional web pages, and to create bibliographies, and store a single copy of an individual document being part of the Licensed Materials, including within secure personal bibliographic reference/citation management systems.

4.4 **No Diminution of Rights.** Nothing in this Agreement, including but not limited to the Authorized Uses, shall be interpreted to diminish the rights and privileges of the Participating Institutions or the Authorized Users with respect to any of the Licensed Materials, including exceptions or limitations to the exclusive rights of copyright owners. In the event that any content included in the Licensed Materials is in the public domain or has been issued under a Creative Commons or other open license, neither the Distributor nor the Publisher shall place access, use or other restrictions on that content beyond those found in the open license, where applicable.

4.5 **The Rights of the Author to Use Own Work.** Intentionally omitted.

4.6 Intentionally omitted.

4.7 **Definitions.** Intentionally omitted.

4.8 **Scope of Authorized Use and Access to Licensed Materials.**

Unlimited Access. Subject to the terms of this Agreement, the Participating Institutions and their Authorized Users shall have unlimited and simultaneous user access to the Licensed Materials.

5. Specific Restrictions on Use of Licensed Materials

- 5.1 **Unauthorized Use.** Licensee, The Participating Institutions, or the Authorized Users shall not knowingly permit anyone other than the Authorized Users to access the Licensed Materials.
- 5.2 **Modification of Licensed Materials.** Licensee, the Participating Institutions or the Authorized Users shall neither modify nor manipulate the Licensed Materials without the prior written permission of the Publisher.
- 5.3 **Removal of Copyright Notice.** Licensee, The Participating Institutions or the Authorized Users shall not remove, obscure or modify any copyright or other notices included in the Licensed Materials.
- 5.4 **Commercial Purposes.** Licensee, The Participating Institutions or the Authorized Users may not use the Licensed Materials for commercial purposes, including but not limited to the sale of the Licensed Materials, fee-for-service use of the Licensed Materials; nor may the Licensee and the Participating Institutions impose special charges on the Authorized Users for use of the Licensed Materials beyond reasonable printing or administrative costs. For the avoidance of doubt, research conducted by Licensee, the Participating Institutions and Authorized Users that is supported by a commercial entity shall not be considered use for commercial purposes.

6. Mutual Performance Obligations

- 6.1 **Notification and Cure of Unauthorized Use.** In the event the Licensee and/or any of the Participating Institutions has notice of an unauthorized use of the Licensed Materials and cannot promptly remedy it, the Licensee or the Participating Institution shall promptly notify the Distributor or the Publisher. In the event the Distributor or Publisher has notice of unauthorized use of the Licensed Materials, the Distributor shall, or shall ensure that the Publisher will, promptly notify the Licensee and the respective Participating Institution in writing.
- 6.2 In the case of unauthorized use, the Distributor or the Publisher may temporarily suspend such offending individual Authorized User's access to the Licensed Materials (e.g. by blocking an individual user's IP address), provided that the Distributor without significant delay notifies, or shall ensure that the Publisher immediately notifies the Licensee and the respective Participating Institution of any such suspension, including the reason for the block and any supporting details. Such temporary suspensions will be of the shortest possible duration and the maximally limited extent sufficient to terminate the alleged unauthorized activity and prevent its resumption. In the event that such suspension lasts longer than the shortest period necessary to prevent such unauthorized use, the Distributor is obliged to reimburse the Licensee the respective pro rata part of the Fee (calculated with respect to the

actual number of excessively suspended Authorized Users) for the period of duration of such excessive suspension. Any excessive suspension of access to the Licensed Materials can shall be subject to Section 11 of this Agreement, including the cure period.

7. Distributor Performance Obligations

- 7.1 The Distributor will use reasonable efforts to ensure that Publisher's performance will meet or exceed industry standards and practices. Additionally, the Distributor agrees to the following performance standards.
- 7.2 The Distributor is obliged to acquaint the Publisher with the content of this Agreement. The Distributor shall ensure that all Distributor's obligations under this Agreement shall be met and that any negotiation of the Publisher shall not prevent to fulfill its obligations. The Distributor is obliged to secure and is liable for any damages with respect to the validity of the license granted by the Distributor to the Licensee for the duration of this Agreement. The Distributor is obliged to follow the contract concluded between the Distributor and the Publisher about the license to the Licensed Materials. In the case of breach of such contract the Distributor is responsible for all the damages of the Licensee and Participating Institutions caused by the suspension of the license to the Licensed Materials to the Distributor and by this to the Licensee and Participating Institutions.
- 7.3 **Availability of the Licensed Materials.** Upon the Effective Date of this Agreement, the Distributor will make the Licensed Materials available to the Licensee, the Participating Institutions and the Authorized Users.

Should the Effective Date of this Agreement occur after 1 January 2026, Distributor shall ensure that the Publisher will make, or has already made, the Licensed Materials available to the Licensee, the Participating Institutions and Authorized Users in the full scope of the license stipulated herein already as of 1 January 2026 due to the necessity of access to the Licensed Material as of 1 January 2026, to the Participating Institutions and Authorized Users in the full scope of the authorization stipulated herein including all and any possible rights and authorizations such as potential archiving rights, extent of the access to the backfile content of Licensed Materials or Open Access publishing under this Agreement. Performance of the Distributor's obligation to ensure that the Licensed Materials become available before this Agreement takes effect shall be considered entirely as a performance according to and in compliance with this Agreement.

- 7.4 **Discovery of the Licensed Materials.** The Distributor shall make reasonable efforts to ensure that the Publisher will make the Licensed Materials available through the Licensee's and/or the Participating Institutions' **Discovery Service System(s)** for indexing and discovery purposes. The Distributor shall make reasonable effort to provide the Licensee's and/or the Participating Institutions' discovery service vendors on an ongoing basis the citation and complete descriptive metadata (including all subject headings, abstracts, and keywords) and full-text content necessary to

facilitate optimal discovery and accessibility of the content for the benefit of the Participating Institutions and the Authorized Users. Discovery Service Systems are defined as user interface and search systems for discovering and displaying content from local, database and web-based sources.

- 7.5 **Persistent Linking.** The Distributor shall make reasonable effort to ensure the Publisher complies with the most current version of the OpenURL standard (ANSI/NISA Z39.88 or any that replaces it during the term of this Agreement) and to provide a mechanism for persistent links to content.
- 7.6 **Online Terms and Conditions.** In the event that the Publisher requires the Authorized Users to agree to additional terms relating to the use of the Licensed Materials (commonly referred to as "**click-through**" or "**clickwrap**" licenses), or otherwise attempts to impose terms on the Authorized Users through online terms and conditions invoked by the mere use or viewing of the Licensed Materials, such terms shall not materially differ from the provisions of this Agreement and violation of these additional terms by the Authorized Users will not be considered as breach of this Agreement but merely and exclusively as breach of these additional terms. In the event of any conflict between the click-through terms or on-line terms and conditions and this Agreement, the terms of this Agreement shall prevail. The Distributor or the Publisher alone shall be liable and responsible for any personal data processing that occurs with respect to these additional online terms and conditions as either the Distributor or the Publisher determines the scope and purpose of such personal data processing. For the avoidance of doubt, the Authorized Users are not a party to this Agreement.
- 7.7 **Documentation.** If available, The Distributor will provide or shall ensure that the Publisher will provide, complete and up-to-date help and operational documentation to the Licensee, the Participating Institutions and the Authorized Users in an electronic format. Such documentation may be provided by means of the Distributor's and/or Publisher's online system and/or system for administrators.
- 7.8 **Support.** The Distributor will provide activation and installation support, including assisting the Participating Institutions and Authorized Users with the implementation of any Publisher software. The Distributor will offer reasonable levels of continuing support to assist the Participating Institutions and Authorized Users in the use of the Licensed Materials. If there is a change of a contact for support, the Distributor is obliged to notice the Licensee and the Participating Institutions of such change. The change is effective by the delivery of the notice to the Licensee and the Participating Institutions.
- 7.9 **Training.** The Distributor will, upon agreement and in a reasonable quantity, provide to the Licensee, the Participating Institutions and the Authorized Users appropriate on-site or online training related to the use of the Licensed Materials and/or any

Publisher's software. The Distributor shall also provide additional training to the Licensee and the Participating Institutions staff if made necessary by any updates or modifications to the Licensed Materials or any of the Publisher's software.

- 7.10 **Updates.** The Distributor shall ensure that the Publisher will provide and implement regular system and project updates to the Participating Institutions as they become available. No additional fee shall be charged for updates.
- 7.11 **Quality of Service.** The Distributor shall ensure that the Publisher will use reasonable efforts to ensure that the Publisher's server or servers have sufficient capacity and rate of connectivity to provide the Participating Institutions and their Authorized Users with a quality of service comparable to current standards in the on-line information provision industry in the Participating Institutions' locale. The Distributor shall ensure that the Publisher shall use reasonable efforts to provide continuous service seven (7) days a week with an average of 98% up-time per month. The 2% down-time includes periodic unavailability due to server maintenance; software installation or testing; loading or making available additional Licensed Materials as they become available. The Distributor shall ensure that the Publisher may schedule brief unavailability periods provided (a) that the Publisher will use commercially reasonable effort to give at least forty-eight (48) hours' prior notice to the Licensee, and (b) in ways and at times that minimize inconvenience to, the Participating Institutions and its Authorized Users, regardless of when notice has been given.
- 7.12 **Problems with Licensed Materials.** If the Licensed Materials fail to operate, display, load, or render in conformance with the terms of this Agreement, the Licensee or the Participating Institution shall immediately notify the Distributor or the Publisher in writing, and the Distributor shall ensure that the Publisher will promptly use reasonable efforts to restore access to the Licensed Materials as soon as possible. In the event that the non-conformity materially affects the Participating Institutions' or the Authorized Users' use of the Licensed Materials, and the Publisher fails to repair the nonconformity within five (5) business days, the Distributor shall reimburse the Licensee for such problems in an amount that is proportional to the Fees annually paid by Licensee under this Agreement.
- 7.13 **Transfer or Acquisition of Titles.** If any portion of the Licensed Materials is transferred to or acquired from another party, the Distributor shall ensure that the Publisher shall use reasonable efforts to ensure that the Participating Institutions do not lose access to the content subject to this Agreement as a result of the transfer or acquisition. Any archival and perpetual access rights that have been granted shall be honored, whether the Publisher is acting as the transferring or acquiring party. If the Publisher is transferring any portion of the Licensed Materials to another party, the Distributor shall ensure that the Publisher will use reasonable efforts to assign all rights and obligations to the assignee. If the Publisher is acquiring works that become subject to this Agreement, the Distributor shall ensure that the Publisher will use reasonable efforts to acquire the rights to perform under this Agreement, including but not limited to perpetual access rights. The Distributor agrees to use reasonable efforts to communicate with the party from which it is acquiring works to exchange

such relevant payment and rights information. For journal titles, the Distributor shall use reasonable efforts to ensure that the Publisher will comply with the NISO Transfer Code of Practice.¹

- 7.14 **Completeness of Content.** The Distributor shall use reasonable efforts to ensure that the Publisher will inform the Licensee and/or Participating Institutions of instances where the online content substantially or materially differs from print versions of the Licensed Materials. Where applicable, the Distributor shall ensure that the Publisher will cooperate with the Licensee and the Participating Institutions to identify and correct content errors or omissions, and when necessary, the Distributor shall ensure that the Publisher shall use reasonable efforts to ensure that the online content: (1) is at least as complete as the print and other physical format versions of the Licensed Materials; and (2) represents complete, accurate, and timely replications of the corresponding content contained within the print and other physical format versions of such Materials.
- 7.15 In order to facilitate the assessment of completeness of content, the Distributor shall use reasonable efforts to ensure that the Publisher will provide upon the Licensee's request a report of the content in the Licensed Materials at the title, issue, chapter, or item level. The Distributor shall ensure that the Publisher will disclose to the Licensee content known or found to be missing from the Licensed Materials, including but not limited to images, pages, issues, and chapters.
- 7.16 If the online content is a digitized version of the print content and differs from the print or other physical format versions of the Licensed Materials so as to be substantially less useful to the Licensee, the Participating Institutions or their Authorized Users, the Licensee may seek to terminate this Agreement for breach pursuant to Section 11 of this Agreement.
- 7.17 **Notification of Modifications of Licensed Materials.** From time to time, the Publisher may add, change, or modify portions of the Licensed Materials, or migrate the Licensed Materials to other formats. When such changes, modifications, or migrations occur, the Distributor shall use reasonable efforts to ensure that the Publisher will give prior written notice of any such changes to the Licensee as soon as is practicable, but in no event less than sixty (60) days in advance of modification. Such a notice may also be given directly by the Publisher to the Licensee. If any of the changes, modifications, or migrations render the Licensed Materials substantially less useful to the Participating Institutions or their Authorized Users, the Licensee may seek to terminate this Agreement for breach pursuant to Section 11 of the Agreement.
- 7.18 **Withdrawal of Licensed Materials.** The Publisher reserves the right to withdraw from the Licensed Materials any item or part of an item for which it no longer retains the right to publish, or which it has reasonable grounds to believe infringes copyright or is defamatory, obscene, unlawful, or otherwise objectionable. The Distributor shall

use reasonable efforts to ensure that the Publisher will give notice of the withdrawal to the Licensee as soon as is practicable, but in no event less than thirty (30) days in advance of withdrawal, specifying the item or items to be withdrawn. Such a notice may also be given directly by the Publisher to the Licensee.

- 7.19 If any such withdrawal renders the Licensed Materials less useful to the Participating Institutions or their Authorized Users, the Distributor shall reimburse the Licensee for the withdrawal in an amount proportional to the total Fees owed by Licensee for the Licensed Materials under this Agreement. If any such withdrawal renders the Licensed Materials substantially less useful to the Participating Institutions or their Authorized Users, the Licensee may seek to terminate this Agreement for breach pursuant to the termination provisions in Section 11 of this Agreement.
- 7.20 **Itemized Holdings/Title List.** Prior to the beginning of every calendar year, the Distributor or the Publisher will provide the Licensee with the current itemized holdings report that specifies the titles included in the Licensed Materials for the next Subscription. The Distributor will use reasonable efforts to update itemized holdings reports as soon as is practicable when the holdings information changes, and will provide this information in a timely manner to the Licensee on request. This information may also be provided by means of a Publisher's website. If the Licensed Materials include content covered by the NISO Knowledge Bases And Related Tools (KBART) Recommended Practice,² the Distributor or the Publisher will use reasonable efforts to provide itemized holdings lists for the Licensed Materials in a KBART-compliant format, including a column/field for dates (YYYY-MM) of additions.
- 7.21 **Usage Statistics.** The Distributor shall use reasonable efforts to ensure that the Publisher will provide access to both composite system-wide use data and itemized data to the Licensee for the Participating Institutions, on a monthly basis. The statistics shall meet or exceed the most recent project Counting Online Usage of NeTworked Electronic Resources ("COUNTER") Code of Practice Release,³ including but not limited to its provisions on customer confidentiality. When a release of a new COUNTER Code of Practice is issued, the Distributor shall use reasonable efforts that the Publisher will comply with the implementation time frame specified by COUNTER to provide use statistics in the new standard format. It is more than desirable that the Standardized Usage Statistics Harvesting Initiative (SUSHI) Protocol⁴ is available for the Licensee to harvest the statistics.
- 7.22 The Distributor and Publisher shall not provide the Licensee's usage statistics in any form to any third party without the Licensee's written authorization, unless the third party owns rights in the Licensed Materials. The Distributor and Publisher shall not provide usage statistics of any Participating Institution in any form to any third party with the exception of the Licensee without the Participating Institution's written authorization, unless the third party owns rights in the Licensed Materials. In all

cases, the disclosure of such data shall fully protect the anonymity of individual users and the confidentiality of their searches, and will comply with all applicable privacy laws. The Distributor shall not disclose or sell to other parties usage data or information about the Licensee, any Participating Institution or the Authorized Users without the Licensee's and/or their Participating Institution's written permission or as required by law.

- 7.23 **Confidentiality of Personally Identifiable Information (Personal Data).** The Distributor agrees and is obliged to ensure that the Publisher will agree that no personally identifiable information (personal data), including but not limited to log-ins recorded in system logs, IP addresses of patrons accessing the system, saved searches, any identification data, usernames and passwords, will be shared with third parties, except in cases required or allowed by the applicable law, particularly by the Data Protection Law (as specified in Section 16.1 of the Agreement). If the Distributor or the Publisher is compelled by law or court order to disclose personally identifiable information (personal data) of the Authorized Users or patterns of use, the Distributor shall provide the Licensee with adequate written notice as soon as is practicable, so that the Licensee, the Participating Institution or the Authorized Users may seek protective orders or other remedies. The Distributor or the Publisher will notify the Licensee and Authorized Users as soon as is practicable if the Distributor's or Publisher's systems are breached and the confidentiality of personally identifiable information (personal data) is compromised.
- 7.24 **Notice of the Use of Digital Rights Management Technology.** In the event that the Publisher utilizes or implements any type of digital rights management **DRM** technology to control the access to or usage of the Licensed Materials, the Distributor will provide or shall ensure that the Publisher will provide the Licensee with a description of the technical specifications of the DRM and how it impacts access to or usage of the Licensed Materials. In no event may such Digital Rights Management technology be used in such a way as to limit the usage rights of the Participating Institution or any Authorized User as specified in this Agreement or under applicable law. If the use of DRM renders the Licensed Materials substantially less useful to the Participating Institutions or their Authorized Users, the Licensee may seek to terminate this Agreement for breach pursuant to Section 11 of this Agreement.
- 7.25 **Use of Digital Watermarking Technology.** In the event that the Publisher utilizes any type of watermarking technology for any element of the Licensed Materials, the Distributor shall use reasonable efforts to ensure that the Publisher agrees that the watermarks may not reduce the readability of the content or degrade image quality. These watermarks shall not contain user-related information, including but not limited to an account number, IP address, and usernames. If digital watermarking technology is implemented, the Distributor will notify or shall ensure that the Publisher will notify the Licensee at least thirty (30) days in advance of implementation, and provide the technical specifications for the technology used.
