The Distributor is acting on behalf of *The Institute of Electrical and Electronics Engineers, Incorporated, 445 Hoes Lane Piscataway, NJ 08854, USA* ("Publisher" or "IEEE")

The Licensee acts as a central purchasing body within the meaning of Act No. 134/2016 Coll., on Public Procurement, as amended, for concluding license agreements on behalf of Participating Institutions as listed in Appendix B ("**Participating Institutions**") as part of the project CzechELib. In the event the Licensee is listed in Appendix B, all and any provisions related to Participating Institutions shall be without any limitation applicable also to the Licensee.

The Licensee shall be entitled to grant the necessary authorization or sublicense to Participating Institutions.

In consideration of the mutual promises contained herein and other good and valuable considerations, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. Representation, Subject of the Agreement, Content of Licensed Materials; Grant of License

- 1.1 **Representation.** The Distributor hereby represents and warrants that it has the authority to enter into this Agreement. Where the performance of the Distributor's obligation depends on the activity and/or cooperation of the Publisher, the Distributor shall make reasonable efforts to ensure and is liable for any violation of the rights and/or obligations stipulated herein as a result of the activity or inactivity of the Publisher and this can serve as a reason for termination of this Agreement pursuant to Section 12.
- 1.2 **Subject of the Agreement.** The subject of this Agreement is to define the conditions of cooperation and the rights and duties of the Parties while providing the Licensed Materials to the Licensee and the Participating Institutions as defined in this Agreement.
- 1.3 **Licensed Materials.** The materials that are the subject of this Agreement are set forth in Appendix A ("Licensed Materials").
- 1.4 **Grant of License.** The Distributor hereby grants to the Licensee a non-exclusive, non-transferable (except the following sublicenses or other corresponding authorization), system-wide right to use the Licensed Materials pursuant to this Agreement, limited to the territory of the Czech Republic. The Licensee is entitled to grant the sublicenses or any other corresponding authorization to the Participating Institutions as listed in the Appendix B in order to provide the Licensed Materials to the Authorized Users (as defined in Section 4.1 of this Agreement) of the Participating Institutions in accordance with the terms and conditions of this Agreement. Licensee shall notify Distributor if Licensee wishes to grant sublicenses to any other institution that is not listed in Appendix B. Licensee and Distributor shall negotiate in good faith to amend Appendix B and the fee. The Distributor's consent to granting such sublicenses shall not be unreasonably withheld or delayed and any extension of granting of additional license or sublicense will occur in compliance with the applicable public procurement rules. Licensee shall ensure that the Permitted Uses and Restrictions granted by the respective sublicenses shall not differ in any way from Section 3, 4 and 6 of this Agreement.
- 1.5 **Ownership of Intellectual Property.** Nothing in this Agreement shall be construed, interpreted or understood to transfer of ownership of any copyright, trademarks,

service marks or any other intellectual property from the Distributor or its suppliers to the Licensee or the Authorized Users. Licensee acknowledges and agrees that all right, title and interest in and to the Licensed Materials, including all copyright and other intellectual property rights under United States and international laws and treaties, remain with the Publisher and its distributors.

2. Delivery & Access

2.1 The Distributor will provide the Licensed Materials to the Licensee and to the Participating Institutions in the following manner:

Network Access. The Licensed Materials will be stored at one or more of the Publisher's locations in digital form accessible by telecommunication links between such locations and authorized locations of the Licensee and the Participating Institutions.

3. Fees

3.1 **Fees and Payment.** The Licensee shall pay the Distributor a fee for the license concerning the Licensed Materials pursuant to the terms set forth in Appendix A based on an invoice issued by the Distributor ("Fee"). All Fees are due and payable by the Licensee by 30 April of the respective calendar year, unless otherwise stipulated in Appendix A.

3.2 **Incomplete Payment.** INTENTIONALLY OMITTED.

3.3 **Change of number of Participating Institutions listed in Appendix B.** In case any Participating Institution shall lose its status as a Participating Institution or shall lose its right to sub-license to its Authorized Users or in case any Potential Participating Institution and/or new scientific (or similar) institution shall reveal its intent to become a Participating Institution, the Distributor shall enter into negotiations with the Licensee to amend this Agreement and to correspondingly renegotiate the Fee.

4. Authorized Use of Licensed Materials

4.1 **Authorized Users.** "Authorized Users" are:

(a) **Persons affiliated with the Participating Institutions.** Full and part-time employees and self-employed persons (including faculty, staff) of the Participating Institutions, students of the Participating Institutions, and registered users, regardless of the physical location of such persons (excluding former Authorized

User(s) whose access to the Licensed Materials has been revoked due to non-compliance with the terms of this Agreement). Registered persons physically present in Licensee's or Participating Institution(s)' facilities; and other such persons as Distributor may, at the request of Licensee and in Licenser's sole discretion, authorize in writing to access the Licensed Materials. For authorized sites of the Participating Institutions, see Appendix B. Should the Licensee be listed in the Appendix B as the Participating Institution, all provisions concerning the Participating Institution and the Authorized Users shall apply also with respect to the Licensee.

(b) Walk-ins. INTENTIONALLY OMITTED.

4.2 Access by and Authentication of Authorized Users. Authorized Users of the Participating Institutions shall be granted access to the Licensed Materials pursuant to the following:

- (a) IP Addresses. Authorized Users shall be identified and authenticated by the use of Internet Protocol ("IP") addresses provided by the Licensee to the Distributor. The use of proxy servers by the Licensee or the Participating Institutions is authorized as long as any proxy server IP addresses provided limit remote or off-campus access to the Authorized Users. Authorized IP Addresses are listed in Appendix C. An updated list will be sent to the Distributor on an annual or as-needed basis without the need to amend this Agreement. Alternatively, if the Publisher is utilizing its own and/or third-party system for IP range change notification, then an updated list may be sent via such system instead. The Distributor shall ensure that the Publisher shall use reasonable efforts to cooperate with the Participating Institutions in the implementation of new authentication protocols and procedures (such as Shibboleth) as they are developed during the term of this Agreement. Both the Licensee and the Distributor will provide cooperation to coordinate or facilitate this process but they will not be liable for correct implementation of such authentication protocols and procedures (which remain the full responsibility of the Publisher and the respective Participating Institution).
- (b) Distributor or Publisher - Administered Authentication. Where the Distributor or the Publisher provides alternative methods of access and authentication beyond the Licensee-administered methods described herein, e.g. by allowing users to establish a personal login from an on-campus IP address (thereby enabling access via username and password when logging in to a website of the Distributor) or device authentication, which affiliates the device or application by use of a token, cookie, or vendor-managed proxy prefix, neither the Licensee nor any Participating Institution will be responsible or liable for claims of breach or validity of such use. None of the Licensee, the Distributor, Publisher and the

Participating Institutions shall be responsible or liable for the processing of personally identifiable information (personal data) by any such other entity.

(c) Personally Identifiable Information (Personal Data) of Authorized Users. The Licensee, the Distributor and the Publisher together and individually acknowledge and agree that the Licensee neither transfers nor provides any personally identifiable information (personal data) of the Authorized Users to the Distributor (other than personal data of its own Authorized Users). Access to the Licensed Materials is primarily granted via IP Addresses pursuant to Section 4.2(a) of this Agreement which prevent any identification of the Authorized User. In case of the Distributor or the Publisher - Administered Authentication pursuant to Section 4.2(b) of this Agreement, the Distributor and the Publisher are required to ensure lawful processing of any personally identifiable information (personal data). This does not preclude the Licensee to hand over the contact details of the Participating Institutions' contact persons or other personal data where the Licensee has a valid legal basis therefor.

4.3 **Authorized Uses.** The Participating Institutions and the Authorized Users may make all use of the Licensed Materials solely for purposes of scholarly research, or education as particularly follows:

- (a) Display. The Participating Institutions and the Authorized Users shall have the right to electronically display the Licensed Materials.
- (b) Digital Copy. The Participating Institutions and Authorized Users may download and digitally copy a reasonable portion of the Licensed Materials. Digital copies may not be transmitted electronically except purposes stated in 4.3(l) or made available in any other way electronically to anyone.
- (c) Print Copy. The Participating Institutions and the Authorized Users may print a reasonable portion of the Licensed Materials.
- (d) Recover Copying Costs. The Participating Institutions may impose a reasonable fee on the Authorized Users to cover costs of copying or printing portions of the Licensed Materials by or for the Authorized Users.
- (e) Archival/Backup Copy. INTENTIONALLY OMITTED.
- (f) Caching. The Participating Institutions and the Authorized Users are authorized in the course of an automatic process of an internet browser or any other software to make temporary local digital copies of the Licensed Materials solely to ensure proper operation and use of such internet browser or for proper

functioning of such software. For the avoidance of doubt, the cached copy is not a derivative work.

- (g) Classroom Use. The Participating Institutions and the Authorized Users may distribute single copies of individual articles or items of the Licensed Materials in print or provide the pdf link to the individual Article or item to the Authorized Users. For the avoidance of doubt, classroom handouts shall include the distribution of a copy for teaching purposes to all individual Authorized Users in a class at Authorized Sites (Appendix B).
- (h) Collections of Information. The Participating Institutions and the Authorized Users shall be permitted to extract or use information contained in the Licensed Materials for educational, scientific, or research purposes, including extraction and manipulation of information for the purpose of illustration, explanation, example, comment, criticism, teaching, research, or analysis with proper citations and credits.
- (i) Course Packs (Print and Electronic). The Participating Institutions and the Authorized Users may use a reasonable portion of the Licensed Materials in the preparation of a packet of the materials used in the classroom ("**Course Packs**") or other educational materials.
- (j) Course Reserves (Print and Electronic). The Participating Institutions and the Authorized Users may use a reasonable portion of the Licensed Materials in connection with specific courses of instruction offered by the Participating Institutions. Participating Institution may post up to twenty-five (25) Articles or eBooks per semester, per course in PDF or HTML format for the purposes of electronic or print course reserves. All electronic course reserves should be on Licensee's or Participating Institution internal, secured computer network accessible only to Authorized Users.
- (k) Electronic Links. The Participating Institutions and the Authorized Users may provide hyperlinks from the Participating Institutions' and the Authorized Users' web page(s) or website(s) to individual units of content within the Licensed Materials.
- (l) Scholarly Sharing. On an ad hoc basis, the Authorized Users may transmit to a third party, in hard copy or electronically, minimal, insubstantial amounts or a portion of the Licensed Materials for personal use or scholarly, educational, or scientific research or professional use in the nature of collaboration, comment, or scholarly exchange of ideas but in no case for resale or commercial purposes or in a manner that would substitute for direct access to the Licensed Materials via services offered by the Distributor and/or the Publisher.

(m) Text and Data Mining. The Distributor as well as the Publisher acknowledge and agree that the rights and authorizations under this Section are guided by Article 3 and Article 7(1) of Directive (EU) 2019/790 of the European Parliament and of the Council of 17 April 2019 on copyright and related rights in the Digital Single Market and amending Directives 96/9/EC and 2001/29/EC, and that such rights and authorizations are in addition to, and not in lieu of, the rights and authorizations provided to the Authorized Users under statutory provisions governing the scope of such authorizations (i.e. text and data mining).

The Authorized Users may use the Licensed Materials to perform and engage in text and/or data mining activities for academic research, scholarship, and other educational purposes and may utilize and share the results of text and/or data mining in their scholarly work and make the results available for use by others, with proper citation and credits provided that such results or derivative products are not made available in a manner that substitutes for the Licensed Materials. The Authorized Users are encouraged to notify the Distributor of the nature and scope of substantial TDM projects for planning and support purposes. Nothing in this Agreement shall be construed to diminish or restrict any statutory rights to text and data mining under applicable copyright law, which shall remain unaffected.

To facilitate these activities, the Distributor and the Publisher will, upon receipt of a written request, cooperate with the Licensee and the Authorized Users as will be reasonably necessary for making the Licensed Materials available in a manner and form most useful to the Authorized User. The Distributor shall ensure that the Publisher will provide the Licensee, upon request, with copies of the Licensed Materials for text and data mining purposes without any extra fees.

(n) Interlibrary Loan. Using electronic, paper, or intermediated means, the Participating Institutions may at their discretion fulfill occasional requests from other institutions, a practice commonly called Interlibrary Loan ("ILL"). The Distributor agrees and ensures that the Publisher will agree that the electronic form of the Licensed Materials may be used as a source for the ILL whereby articles and/or chapters can be printed and these print copies can be delivered via postal mail, fax, or fax-based service to fulfill ILL requests from an academic, research or other non-commercial library. Requests received from for-profit companies will not be honored. An ILL through secure electronic transmission, as demonstrated by the ARIEL, is permitted. For the avoidance of doubt, such secure electronic transmission could also be fulfilled by any system which satisfies all of the following features: 1) ensures that requesting user (researcher/scholar) is affiliated to eligible institution; 2) enables limiting number of items requested per each journal title over a given period; 3) enables limiting

number of requests fulfilled by the delivering library over a given period; 4) before getting access to the delivered pdf file, the requesting scholar (who is fully identifiable) must provably declare his/her full compliance with publisher's intellectual property rights. Limitations imposed in points 1), 2) and 3) of this paragraph could be mutually agreed between Distributor, Publisher and Licensee. Files transmitted in this manner must carry copyright notices. Such practice must not result in systematic reproduction of the Licensed Materials, any journal or issue of a journal, any Article, or any portion of the foregoing; and (iii) must not be used for any Publisher's Standards.

- (o) **Bibliographic Citations.** The Participating Institutions and the Authorized Users may use, with appropriate credit given, figures, tables, and brief excerpts from the Licensed Materials in the Participating Institutions' and the Authorized Users' own scientific, scholarly, and educational works. For the avoidance of doubt, the Participating Institutions and the Authorized Users may use citation and abstract information in faculty profiling systems, in lists of publications on faculty and institutional web pages, and to create bibliographies, and store a single copy of an individual document being part of the Licensed Materials, including within secure personal bibliographic reference/citation management systems.

4.4 **No Diminution of Rights.** Except as expressly provided herein, nothing in this Agreement, including but not limited to the Authorized Uses, shall be interpreted to diminish the rights and privileges of the Licensee, the Participating Institutions or the Authorized Users with respect to any of the Licensed Materials, including exceptions or limitations regarding the exclusive rights of copyright owners.

4.5 **The Rights of the Author to Use Own Work.** INTENTIONALLY OMITTED.

4.6 INTENTIONALLY OMITTED.

4.7 **Definitions:** INTENTIONALLY OMITTED.

4.8 **Scope of Authorized Use and Access to Licensed Materials.**

System-wide Access. Subject to the terms of this Agreement, the Participating Institutions and the Authorized Users shall have system-wide and simultaneous user access to the Licensed Materials.

5. Specific Restrictions on Use of Licensed Materials

The Licensee shall not and shall ensure via a separate written agreement that the Participating Institutions will be obliged to ensure that their Authorized Users will not:

- 5.1 **Unauthorized Use.** Permit anyone other than the Authorized Users to access the Licensed Materials. Licensee shall not and shall cause Participating Institutions not to display or otherwise make available any part of the Licensed Materials to anyone other than Authorized Users.
- 5.2 **Systematic Downloads.** Download, reproduce, retain or redistribute the Licensed Materials or any journal or issue of a journal in the Licensed Materials in its entirety or in any substantial or systematic manner, including, but not limited to, accessing the Licensed Materials using a robot, spider, crawler, screen scraping or similar technological device.
- 5.3 **Modification of Licensed Materials.** Modify or manipulate the Licensed Materials without the prior written permission of the Publisher.
- 5.4 **Removal of Copyright Notice.** Remove, obscure or modify any copyright or other notices or disclaimers included in the Licensed Materials or appear on Articles or in eBooks.
- 5.5 **Commercial Purposes.** Use the Licensed Materials for commercial purposes, including but not limited to the sale of the Licensed Materials, fee-for-service use of the Licensed Materials; nor may the Licensee and the Participating Institutions impose special charges on the Authorized Users for use of the Licensed Materials beyond reasonable printing or administrative costs. For the avoidance of doubt, research conducted by the Participating Institutions and Authorized Users that is supported by a commercial entity shall not be considered use for commercial purposes. Licensee may not sell, resell, rent, lease, license, sublicense with exception of sublicense to the Participating Institutions, assign or otherwise transfer any rights granted under this Agreement, including, but not limited to, use of the Licensed Materials for document delivery, fee-for-service or any other substantially similar commercial purpose.
- 5.6 **Electronic Distribution.** Electronically distribute, via e-mail or otherwise, any Article or eBook, unless authorized in Section 4.3
- 5.7 Except as expressly permitted in this Agreement, (1) download, reproduce, retain or redistribute the Licensed Materials or any journal or issue of a journal in the Licensed Materials in its entirety or in any substantial or systematic manner, including, but not

limited to, accessing the Licensed Materials using a robot, spider, crawler, screen scraping or similar technological device; (2) electronically distribute, via e-mail or otherwise, any Article or eBook; (3) abridge, modify, translate or create any derivative work based upon the Licensed Materials without the prior written consent of the Publisher; (4) display or otherwise make available any part of the Licensed Materials to anyone other than Authorized Users; (5) sell, resell, rent, lease, license, sublicense (with the exception of the allowed sublicenses by this Agreement), assign or otherwise transfer any rights granted under this Agreement, including, but not limited to, use of the Licensed Materials for document delivery, fee-for-service or any other substantially similar commercial purpose; or (6) remove, obscure or modify in any way copyright notices, other notices or disclaimers that appear on Articles or eBooks or in the Licensed Materials.

6. Mutual Performance Obligations

- 6.1 **Notification and Cure of Unauthorized Use.** In the event the Licensee and/or any of the Participating Institutions becomes aware of an unauthorized use of the Licensed Materials , the Licensee shall or shall use commercially reasonable efforts to cause the Participating Institution to notify the Distributor or the Publisher without undue delay. In the event the Distributor or Publisher becomes aware of unauthorized use of the Licensed Materials, the Distributor shall, or shall ensure that the Publisher will, without undue delay notify the Licensee and the respective Participating Institution in writing.
- 6.2 In the case of unauthorized use which is causing serious and immediate material harm to the Publisher, the Publisher may temporarily suspend such offending individual Authorized User's access to the Licensed Materials (e.g. by blocking an individual user's IP address), provided that the Distributor immediately notifies, or shall ensure that the Publisher immediately notifies the Licensee and the respective Participating Institution of any such suspension, including the reason for the suspension and any supporting details. Excessive suspension of access to the Licensed Materials shall be governed by Section 12.4.

7. AI Usage Restrictions

- 7.1 Prohibited Uses: Unless specifically permitted by this Agreement or in writing by IEEE, Licensee may not, and shall take all necessary steps to notify its Authorized Users that they may not, use the Licensed Products in combination with AI tools to:
 - a) Create AI tools or output that can substitute and/or replicate any IEEE product, service and/or solution including, but not limited to, IEEE Xplore;

- b) Disrupt the functionality of the Licensed Products or any IEEE platform;
- c) Create derivative works (e.g., summaries, taxonomies, etc.) from the Licensed Content that are turned into products or made publicly available; or
- d) Distribute, publish, reproduce, or post the Licensed Content or derivative works (e.g., AI outputs generated from the Licensed Products) to unauthorized third parties. However, brief quotations for purposes of comment, criticism or similar scholarly purposes are permitted.

7.2 Permitted Uses:

- a) AI tools must be used solely for non-commercial academic or research purposes.
- b) AI tools must operate in a local or closed hosted environment accessible only to the Licensee or Authorized User and may not be removed from such local or closed hosted environment or utilized for any other purpose. For the avoidance of doubt, a “closed hosted environment” means an AI environment that is technically restricted so that no data is used for AI model training, no data is shared with external parties, and access is limited exclusively to the Licensee or Authorized Users (e.g., Gemini, ChatGPT, or Copilot with AI training fully disabled).
- c) Licensee and Authorized Users may upload, transmit, or provide a reasonable number of documents from the Licensed Content to an AI tool for summarization purposes, provided that the AI tool does not use the Licensed Content as part of its training set. For the avoidance of doubt, IEEE expressly prohibits use of the Licensed Content for developing or training AI tools and further prohibits the storage or retention of the Licensed Content within any AI tool.

7.3 Security Standards & Evolving Laws:

- a) AI tools may not be used without implementing reasonable information security standards to undertake, mount, load, or integrate the Licensed Products on Licensee's or Authorized Users' servers or equipment.
- b) The parties acknowledge the ongoing evolution of AI technologies and their implications in educational, academic, research, and scholarly contexts, and agree to engage in good faith negotiations concerning this section on legal clarity as AI develops.

8. Performance Obligations

- 8.1 The Distributor will use reasonable efforts to ensure that its or the Publisher's performance will meet or exceed industry standards and practices. Additionally, the Distributor agrees to the following performance standards set out in this Section 8.
- 8.2 The Distributor shall acquaint the Publisher with the content of this Agreement. The Distributor shall ensure that all Distributor's obligations under this Agreement will be fulfilled and that the Publisher will not prevent such fulfillment. The Distributor may under no circumstances exclude or limit its liability due to any lack of cooperation from the Publisher. The Distributor shall ensure that the Publisher will provide its cooperation in duly and timely manner so all obligations stipulated herein may be orderly fulfilled.
- 8.3 **Availability of the Licensed Materials.** Upon the Effective Date (as specified in Section 10.1 of this Agreement), the Distributor shall ensure that the Licensed Materials become available to the Participating Institutions and the Authorized Users.

Should the Effective Date of this Agreement occur after 1 January 2026, Distributor shall ensure that the Publisher will make, or has already made, the Licensed Materials available to the Licensee, the Participating Institutions and Authorized Users in the full scope of the license stipulated herein already as of 1 January 2026 due to the necessity of access to the Licensed Material as of 1 January 2026, to the Participating Institutions and Authorized Users in the full scope of the authorization stipulated herein including all and any possible rights and authorizations such as potential archiving rights (the potential archiving rights subject to potential additional fees and stipulations), extent of the access to the backfile content of Licensed Materials under this Agreement. Performance of the Distributor's obligation to ensure that the Licensed Materials become available before this Agreement takes effect shall be considered entirely as a performance according to and in compliance with this Agreement.

- 8.4 **Discovery of the Licensed Materials.** The Distributor shall ensure that the Publisher will make reasonable efforts to make the Licensed Materials available through the third party user interface and search systems for discovering and displaying content from local, database and web-based sources ("**Discovery Service System**") for indexing and discovery purposes. The Distributor secures that the Publisher agrees to provide to the Licensee's and/or the Participating Institutions' a list of discovery service vendors from time to time for the benefit of the Participating Institutions and the Authorized Users. Discovery Service Systems are defined as user interface and search systems for discovering and displaying content from local, database and web-based sources.

8.5 **Persistent Linking.** The Distributor shall ensure that the Publisher will make reasonable efforts to comply with the most current version of the OpenURL standard (ANSI/NISA Z39.88 or any that replaces it during the term of this Agreement) and will provide a mechanism for persistent links to content.

8.6 **Online Terms and Conditions.** In the event that the Distributor or the Publisher requires the Authorized Users to agree to additional terms relating to the use of the Licensed Materials (commonly referred to as "click-through" or "clickwrap" licenses), or otherwise attempts to impose terms on the Authorized Users through online terms and conditions invoked by the mere use or viewing of the Licensed Materials, such additional terms shall not materially differ from the provisions of this Agreement or limit the Licensee, Participating Institutions or Authorized Users. In the event of any conflict between the additional terms and this Agreement, the terms of this Agreement shall prevail.

8.7 **Documentation.** The Distributor will provide or shall ensure that the Publisher will provide, complete and up-to-date help and operational documentation to the Licensee, the Participating Institutions and the Authorized Users in an electronic format. Such documentation may be provided by means of the Distributor's and/or Publisher's online system and/or system for administrators.

8.8 **Support.** The Distributor shall ensure that the Distributor or Publisher will provide activation and installation support, including assisting the Licensee, Participating Institutions and Authorized Users with the implementation of any Publisher software. The Distributor will offer reasonable levels of continuing support to assist the Licensee, Participating Institutions and Authorized Users in the use of the Licensed Materials. The Distributor shall ensure that the Distributor or Publisher will make its personnel available by email [REDACTED] and/or [REDACTED] and/or phone [REDACTED] during cross section of the Publisher's and the Licensee's and/or the Participating Institutions' regular business hours, Monday through Friday, for feedback, problem-solving, or general questions, and they will respond in a timely manner. If there is a change in a contact for support, either the Distributor or the Publisher will notify the Licensee and the Participating Institutions of such change. The change is effective by the delivery of the notice to the Licensee and the Participating Institutions.

8.9 **Training.** The Distributor shall ensure that the Distributor or Publisher will, upon agreement and in a reasonable quantity, provide to the Licensee, the Participating Institutions and the Authorized Users appropriate on-site or online training regarding the use of the Licensed Materials and any Publisher software. The Distributor shall also ensure that the Distributor or the Publisher will provide additional training to the Licensee and the Participating Institutions staff if made necessary by any updates or modifications to the Licensed Materials or any of the Publisher's software.

8.10 **Updates.** The Distributor shall ensure that the Publisher will provide and implement regular system and project updates to the Licensee and the Participating Institutions as they become available. No additional fee shall be charged for updates.

8.11 **Quality of Service.** INTENTIONALLY OMITTED.

8.12 **Availability.** The Licensed Materials may be subject to periodic unavailability due to regular maintenance, including, but not limited to, maintenance of the server(s) and other equipment used to host the Licensed Materials, installation or testing of software and loading of content as it becomes available. Publisher shall use commercially reasonable efforts to minimize the extent of any period of unavailability due to such regular maintenance. Licensee shall not be entitled to any credit, reduction or set-off against the License Fee for downtime or any interruption in the availability of the Licensed Materials unless such interruption exceeds twenty-four (24) continuous hours in duration. In such event, Licensor shall provide Licensee with a credit equal to 1/365 of the annual License Fee for each continuous twenty- four (24) hour period from the time of interruption until restoration of Licensee's access to the Licensed Materials, provided that Licensee promptly notifies Licensor in writing of the service interruption. No credit will be issued for accumulating periods of non-continuous interruptions or any interruption caused by any negligence or willful misconduct of Licensee or failure of equipment, software or services not provided by the Distributor.

8.13 **Problems with Licensed Materials.** If the Licensed Materials fail to operate, display, load, or render in conformance with the terms of this Agreement, the Licensee or the Participating Institution shall immediately notify the Distributor or the Publisher in writing, and the Distributor shall ensure that the Publisher will promptly use reasonable efforts to restore access to the Licensed Materials.

8.14 **Transfer or Acquisition of Titles.** INTENTIONALLY OMITTED.

8.15 **Completeness of Content.** INTENTIONALLY OMITTED.

8.16 INTENTIONALLY OMITTED.

8.17 INTENTIONALLY OMITTED.

8.18 **Notification of Modifications of Licensed Materials.** From time to time, the Publisher may add, change, or modify portions of the Licensed Materials, or migrate the Licensed Materials to other formats. When such substantive changes, modifications, or migrations occur, the Distributor shall ensure that the Publisher will give prior written notice of any such changes to the Licensee and the Participating

Institutions as soon as is practicable, but in no event less than sixty (60) days in advance of such event. Such a notice may also be given directly by the Publisher to the Licensee. If any of the changes, modifications, or migrations render the Licensed Materials substantially less useful to the Participating Institutions or their Authorized Users, the Licensee may seek to terminate this Agreement for breach pursuant to Section 12 of this Agreement.

8.19 **Withdrawal of Licensed Materials.** The Publisher reserves the right to withdraw from the Licensed Materials any item or part of an item for which it no longer retains the right to publish, or which it has reasonable grounds to believe infringes copyright or is defamatory, obscene, unlawful, or otherwise objectionable. If the withdrawal represents more than ten percent (10%) of the content of the Licensed Materials, then the Licensee shall be entitled to a proportionate reduction in the annual license fee upon thirty (30) days written notice to the Distributor.

8.20 INTENTIONALLY OMMITED.

8.21 **Itemized Holdings/Title List.** Upon request, prior to the beginning of every calendar year, the Distributor or the Publisher will provide the Licensee with the current itemized holdings report that will specify the titles included in the Licensed Materials for the next Subscription Period (as specified in Section 10.3 of this Agreement). The Distributor shall ensure that the Publisher will use reasonable efforts to update itemized holdings reports as soon as is practicable when the holdings information changes, and will provide this information to the Discovery Service System in a timely manner and to the Licensee on request. If the Licensed Materials include content covered by the NISO Knowledge Bases And Related Tools (KBART) Recommended Practice,¹ the Distributor or the Publisher will provide itemized holdings lists for the Licensed Materials in a KBART-compliant format, including a column/field for dates of additions.

8.22 **Usage Statistics.** The Distributor shall ensure that the Publisher will provide access to both composite system-wide use data and itemized data for the Licensee, the Participating Institutions, individual campuses or labs, on a monthly basis, provided that Licensee or the Participating Institutions specified how the accounts should be set up for the access. The statistics shall meet or exceed the most recent project Counting Online Usage of Networked Electronic Resources ("COUNTER") Code of Practice Release,² including but not limited to its provisions on customer confidentiality. When a release of a new COUNTER Code of Practice is issued, the Distributor shall ensure that the Publisher will comply with the implementation time

¹ <http://www.niso.org/workrooms/kbart>

² http://www.projectcounter.org/code_practice.html

frame specified by COUNTER to provide usage statistics in the new standard format. It is more than desirable that the Standardized Usage Statistics Harvesting Initiative (SUSHI) Protocol³ is available for the Licensee to harvest the statistics.

8.23 Neither the Distributor nor the Publisher shall provide the Licensee's usage statistics in any form to any third party without the Licensee's prior written consent, unless the third party owns rights in the Licensed Materials; in such case the Distributor shall ensure that the usage statistics will not be provided to any other third party. The Distributor shall not provide and shall ensure that the Publisher will also not provide usage statistics of any Participating Institution in any form to any third party (with the exception of the Licensee) without the Participating Institution's prior written consent, unless the third party owns rights in the Licensed Materials. In all cases, the disclosure of such data shall fully protect the anonymity of individual users and the confidentiality of their searches, and will comply with all applicable privacy legislation. Neither the Distributor nor the Publisher shall disclose or sell to any third party usage data or information about the Licensee, any Participating Institution or the Authorized Users without the Licensee's and/or the relevant Participating Institution's prior written consent or unless specifically required by law.

8.24 **Confidentiality of Personally Identifiable Information (Personal Data).** The Distributor agrees and shall ensure that the Publisher ensures that no personally identifiable information (personal data), including but not limited to log-ins recorded in system logs, IP addresses of patrons accessing the system, saved searches, any identification data, usernames and passwords, will be shared with third parties, except in cases required or allowed by the applicable law, particularly by the Data Protection Law (as specified in Section 17.1 of this Agreement). If the Distributor or the Publisher is compelled by law or court order to disclose personally identifiable information (personal data) of the Authorized Users or patterns of use, the Distributor shall provide the Licensee with adequate prior written notice as soon as is practicable, so that the Licensee, the Participating Institution or the Authorized Users may seek protective orders or other remedies. The Distributor or the Publisher will notify the Licensee and Authorized Users as soon as is practicable if the Distributor's or Publisher's systems are breached and the confidentiality of personally identifiable information (personal data) is compromised.
