## Annex II

Please see the actual DQS Audit and Certification Regulations (CF10) and their special supplements in your respective language on the DQS Global Website: <https://www.dqsglobal.com/intl/about/accreditation-and-notification/dqs-group-auditing-and-certification-rules>. These regulations become integral part of the contract with the local DQS office and (if applicable) the respective accredited/authorized DQS office.

## Annex III - General Business Conditions of DQS Slovakia s.r.o.

### 1. General

DQS performs certification, audit and assessment services on behalf of their client.

Notwithstanding individual agreements to the contrary, the client accepts the General Business Conditions and prices of DQS, as well as the "DQS Auditing and Certification Regulations" in their current issue at the time of order placing. A client's contrary or deviating business conditions shall only be binding in case of express written acceptance by DQS.

### 2. Service delivery

DQS certifies audits and assesses the management system of the client, or parts thereof, with the goal of evaluating its conformity with specified or agreed requirements, including the effectiveness of the system or parts thereof. The client receives a written expertise and/or a DQS certificate, respectively a declaration of conformity or other attestation. As a matter of principle, assessments are performed at the clients' place of operations. DQS is independent, neutral, and objective in their audits. Performance of services is subject to the provisions laid down in the current issue of the "DQS Auditing and Certification Regulations" available on [www.dqsglobal.com](http://www.dqsglobal.com) which are binding for both parties. Scope and extent of services delivered by DQS are specified in writing at the time of order placing; partial delivery is permitted.

Parties agree on the exact dates of the proceeding separately. Where during proper performance of the order, changes and/or expansions to the original extent of the order are identified, these additions shall be agreed upon in writing by both parties in advance. Insofar as changes or expansions make it unreasonable for the client to adhere to agreed provisions, they have the right to withdraw from the contract. In doing so, however, the client is required to pay the fee agreed or, where there is no such agreement, a suitable fee.

### 3. Duties of the client

The client shall make available to DQS all information and documents necessary for the contracted services to be delivered; completely, diligently, and in a timely manner. The client shall point out all procedures and circumstances that may be significant to the delivery of contracted services, without prompting. Unless the above-mentioned items have been complied with, the delivery of services will take place at the sole risk of the client, provided there is no contributory negligence on the part of DQS.

**4. Confidentiality, copyright, data security** DQS observes business confidentiality, taking precautions to ensure that written expertise or any other facts or documents made available in the context of service delivery regarding the client and the subject matter are not forwarded, exploited, or publicized without authorization. DQS may copy

written documents, which have been made available to it for review or during service provision, for its own records. Insofar as written expertise, evaluation results, etc. have been created in the context of the order, which are subject to copyright protection, DQS grants the client a non-exclusive, non-transferrable right of use, as far as necessary in accord with the contractually prescribed purpose. No further rights are granted; in particular, the client is not authorized to modify written expertise, evaluation results, and the like.

DQS also processes and uses personal data for their own purposes within DQS Group only. To this end, DQS also employs automatic data processing systems. In order to comply with the data security requirements of Article 32 of the General Data Protection Regulation (GDPR), DQS has implemented measures of a technical and organizational nature designed to ensure the security of stored data and data processing. Employees involved in processing have committed themselves to the strict adherence to all applicable provisions of the GDPR and all relevant data security regulations.

### 5. Warranty

The warranty of DQS covers only the services expressly stated in the order. In the case of certification services, DQS is obliged to issue the certificate, provided the respective preconditions have been fulfilled. Insofar as DQS provides general services, the parties agree that DQS owes only services, not any specified success. Any decisions based upon the services delivered are incumbent upon the client alone, within their own sphere of risk and decision-making.

### 6. Liability

Irrespective of legal basis, DQS, its vicarious agents and auxiliary persons, may be held liable for damages only in case of intent or gross negligence, or in case of negligent breach of an essential contractual duty ("material duty"). In case of a breach of essential contractual duties, the liability of DQS is always limited to the extent of the foreseeable damage typical for the contract at the time of its closing. Liability for collateral damages, to include collateral damage typical for the contract, is exempt. Otherwise, the liability of DQS is limited to the value of the order value in current year, with a maximum of EUR 25 000 € per business transaction.

### 7. Terms of payment

For the calculation of services, the respective and currently valid prices of DQS apply, unless a fixed fee or other basis for calculation has been expressly agreed upon. Invoices will be issued following each stage of performance and are due for payment in full within 21 days from the date of the invoice, without deduction. In case of delayed payment, DQS is entitled to charge interest at the current bank rate.

DQS reviews its prices on a regular basis. If rising overhead or procurement costs require an adaptation of

current prices, the increase will be notified 4 months before it takes effect. Price increases or other fees by third parties like IATF, OASIS, DaKKS reporting- and certification fees and other charges are excluded from notice 4 months in advance. Existing prices will still apply to services that have already been confirmed in writing.

### 8. Deadlines and due dates

DQS and the client schedule appointments for audit as far in advance as possible. Appointments are confirmed in writing. In case a confirmed appointment cannot be maintained by reason of the client, DQS may charge the client for expenditures actually incurred in preparing for this appointment.

If the client cancels less than eight weeks before the date of service provision, DQS shall bill the client 80% of the contract's value, including travel costs incurred and cancellation fees.

If the client cancels fewer than seven working days before the date of service provision, DQS shall bill the client 100% of the contract's value, including travel costs incurred and cancellation fees.

### 9. Duration and termination

The contract is concluded for an unlimited period of time on the date of order placing. The client may issue a written notice of termination for a minimum of six weeks to the end of the quarter, without giving reasons.

In the case of termination by the client, DQS reserves the right to charge for services already provided. If the client terminates less than eight weeks before the date of service provision, DQS shall bill the client 80% of the contract's value, including travel costs incurred and cancellation fees.

If the client terminates fewer than seven working days before the date of service provision, DQS shall bill the client 100% of the contract's value, including travel costs incurred and cancellation fees. DQS may only terminate upon good cause shown.

### 10. Final provisions

The court of jurisdiction is in Žilina. Slovak law applies in all respects. Only the Slovak language version of these Business Terms and Conditions is legally binding upon both parties. Should any individual provision be or become void, the validity of the remaining provisions hereof shall not be affected. In such cases, the void provision shall be replaced by relative provisions coming as close as possible to the business purpose of the contract and safeguarding the interests of each party as much as feasible.

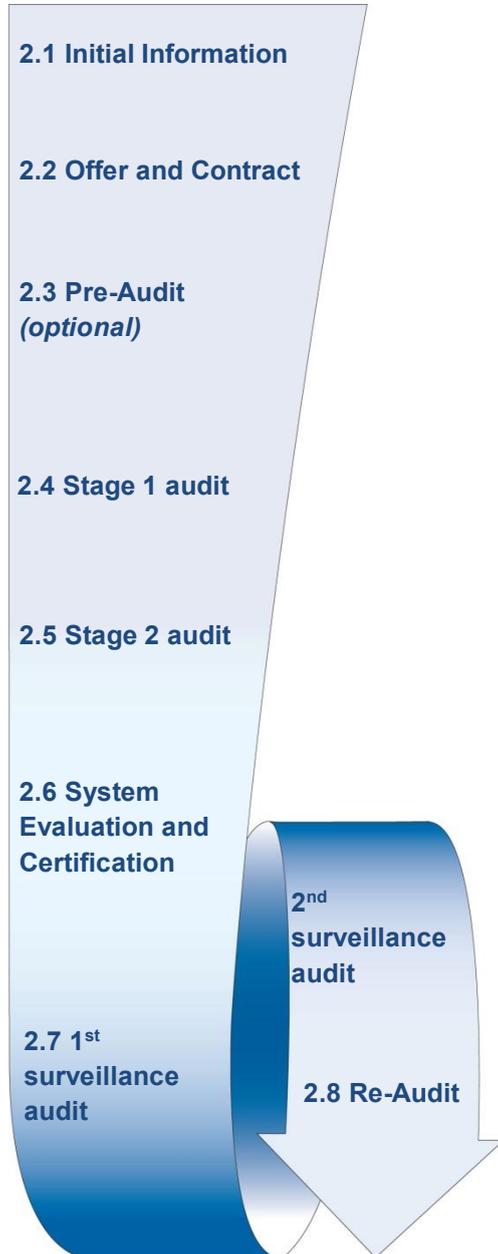

In addition to the provisions stipulated above, individual certification services are subject to specific requirements in their currently valid version, as well as their supplementary interpretations.

With this issue, all of our previous general business conditions cease to be valid.

Issue date: December 2024

## Annex IV - The Certification Process

The Certification Process generally includes the following steps:

- 2.1** The process starts with the client's needs and expectations. DQS wants to learn about the client's organization, its management system, size and types of operation. Together both parties will define objectives for the assessment and/or certification, including applicable standards and specifications.
- 2.2** DQS will provide a detailed offer for assessment and certification services, tailored to individual client needs, based on the information provided initially. A written contract will specify all relevant deliverables as well as applicable assessment and certification criteria.
- 2.3** A pre-audit can serve as initial performance or gap analysis, identifying strengths and areas for improvement. For larger assessment and certification projects, a project-planning meeting provides a valuable opportunity for the client to meet the lead assessor and develop a customized assessment plan for all functions and locations involved. Both services are optional.
- 2.4** Stage 1 audit: The assessment procedure itself begins with review and evaluation of system documentation, goals, results of management review and internal audits. During this process, it will be determined whether the client's management system is sufficiently developed and ready for certification. The assessor will explain findings and coordinate any required activities to prepare for the on-site system assessment.
- 2.5** Stage 2 audit: The assigned auditor team will audit the client's management system at the place of production or service delivery. Applying defined management system standards and specifications, the assessment team will evaluate the effectiveness of all functional areas as well as all management system processes, based upon observations, inspections, interviews, review of pertinent records, and other assessment techniques. The audit result, including all findings will be presented to the client during the closing meeting. Required action plans will be agreed upon as necessary.
- 2.6** System Evaluation: The independent certification function of DQS will evaluate the audit process and its results, and decide independently about issuance of the certificate. The client receives an audit report, documenting the audit results. When all applicable requirements are fulfilled, the client also receives the certificate.

**2.7** Surveillance audits: Either semi-annually or at least once per year, there will be an on-site audit of the critical components of the management system. Improvement potential will be identified, with a focus on continual improvement and sustained effectiveness.

**2.8** Re-Audit: A management system certificate is valid for a limited period of time, frequently for a maximum of three years. At the end of this cycle, a re-audit will be carried out to ensure the ongoing fulfillment of all applicable requirements. Subject to this fulfillment, a new certificate will be issued.

*For sector specific standards, the described certification process may differ.*

Všeobecné obchodné podmienky spoločnosti DQS Slovakia s.r.o., ďalej len "DQS", pre voľne objednané služby, najmä posudzovacie a audítorské činnosti v mene zmluvných strán, ďalej len "klient".

### 1. VŠEOBECNÉ

DQS vykonáva certifikačné, audítorské a posudzovacie služby v mene svojho klienta.

Bez ohľadu na individuálne dohody o opaku, klient akceptuje Všeobecné obchodné podmienky a ceny DQS, ako aj "Auditorský a certifikačný poriadok DQS" v ich aktuálnom vydaní v čase zadania objednávky. Odlišné alebo odchylné obchodné podmienky klienta sú záväzné len v prípade výslovného písomného súhlasu spoločnosti DQS.

### 2. POSKYTOVANIE SLUŽIEB

DQS certifikuje, audituje a posudzuje systém manažérstva klienta alebo jeho časti s cieľom posúdiť jeho zhodu so stanovenými alebo dohodnutými požiadavkami vrátane účinnosti systému alebo jeho častí. Klient dostane písomný odborný posudok a/alebo certifikát DQS, resp. vyhlásenie o zhode alebo iné potvrdenie. Posudzovanie sa zásadne vykonáva v mieste prevádzky klienta. Spoločnosť DQS je pri svojich auditoch nezávislá, neutrálna a objektívna. Výkon služieb sa riadi ustanoveniami uvedenými v aktuálnom vydaní "Pravidiel pre audit a certifikáciu DQS", dqsglobal.com, ktoré sú záväzné pre obe strany. Rozsah a rozsah služieb poskytovaných DQS je písomne špecifikovaný pri zadávaní objednávky; čiastočné dodávky sú prípustné.

Presné termíny konania si zmluvné strany dohodnú samostatne. Ak sa počas riadneho plnenia objednávky zistia zmeny a/alebo rozšírenia pôvodného rozsahu objednávky, tieto doplnenia budú vopred písomne odsúhlasené oboma stranami. Pokiaľ zmeny alebo rozšírenia spôsobia, že pre objednávateľa nebude možné dodržať dohodnuté ustanovenia, má právo od zmluvy odstúpiť. Pritom je však klient povinný zaplatiť dohodnutú odmenu alebo, ak takáto dohoda neexistuje, primeranú odmenu.

### 3. POVINNOSTI KLIENTA

Klient je povinný sprístupniť spoločnosti DQS všetky informácie a dokumenty potrebné na poskytnutie zmluvných služieb; úplne, riadne a včas. Klient je povinný bez vyzvania poukázať na všetky postupy a okolnosti, ktoré môžu mať význam pre poskytovanie zmluvných služieb. Pokiaľ nebudú dodržané vyššie uvedené body, dodanie služieb sa uskutoční na výhradné riziko klienta, za predpokladu, že nedôjde k zavineniu zo strany DQS.

### 4. DÔVERNOSŤ, AUTORSKÉ PRÁVA, BEZPEČNOSŤ ÚDAJOV

Spoločnosť DQS dodržiava obchodné tajomstvo, pričom prijíma opatrenia, aby písomné expertízy alebo akékoľvek iné skutočnosti či dokumenty sprístupnené v súvislosti s poskytovaním služieb týkajúce sa klienta a predmetu služby neboli bez oprávnenia odovzdávané, využívané alebo zverejňované. Spoločnosť DQS si môže písomné

hodnotenia a podobne. Spoločnosť DQS spracúva a používa osobné údaje aj na vlastné účely len v rámci skupiny DQS. Na tento účel DQS využíva aj systémy automatického spracovania údajov. S cieľom splniť požiadavky na bezpečnosť údajov podľa článku 32 všeobecného nariadenia o ochrane údajov (GDPR) spoločnosť DQS zaviedla opatrenia technickej a organizačnej povahy určené na zaistenie bezpečnosti uložených údajov a ich spracovania. Zamestnanci zapojení do spracovania sa zaviazali prísne dodržiavať všetky platné ustanovenia GDPR a všetky príslušné predpisy o bezpečnosti údajov.

## 5. ZÁRUKA

Záruka spoločnosti DQS sa vzťahuje len na služby výslovne uvedené v objednávke. V prípade certifikačných služieb je spoločnosť DQS povinná vydať certifikát, ak boli splnené príslušné predpoklady. Pokiaľ DQS poskytuje všeobecné služby, zmluvné strany sa dohodli, že DQS dlhuje len služby, nie akýkoľvek špecifikovaný úspech. Akékoľvek rozhodnutia na základe poskytnutých služieb prináležia výlučne klientovi, a to v rámci jeho vlastnej sféry rizika a rozhodovania.

## 6. ZODPOVEDNOSŤ

Bez ohľadu na právny základ môže byť spoločnosť DQS, jej zástupcovia a pomocné osoby zodpovedné za škodu len v prípade úmyslu alebo hrubej nedbanlivosti alebo v prípade porušenia podstatnej zmluvnej povinnosti z nedbanlivosti ("podstatná povinnosť"). V prípade porušenia podstatných zmluvných povinností je zodpovednosť DQS vždy obmedzená na rozsah predvídateľnej škody typickej pre zmluvu v čase jej uzavretia. Zodpovednosť za vedľajšie škody, ktorá má zahŕňať aj vedľajšie škody typické pre zmluvu, je vylúčená. V ostatných prípadoch je zodpovednosť spoločnosti DQS obmedzená na dvojnásobok hodnoty zákazky, maximálne však na 25 000 EUR na jednu obchodnú transakciu a 25 000 EUR za kalendárny rok.

## 7. PLATOBNÉ PODMIENKY

Pre výpočet služieb platia príslušné a aktuálne platné ceny spoločnosti DQS, pokiaľ nebol výslovne dohodnutý pevný poplatok alebo iný základ výpočtu. Faktúry budú vystavené po každej fáze plnenia a sú splatné v plnej výške do dvadsaťjeden dní od dátumu vystavenia faktúry bez zrážky. V prípade oneskorenej platby je DQS oprávnená účtovať úrok podľa aktuálnej sadzby.

Spoločnosť DQS pravidelne prehodnocuje svoje ceny. Ak si zvyšujúce sa režijné náklady alebo náklady na obstarávanie vyžadujú úpravu súčasných cien, zvýšenie cien bude oznámené 4 mesiace pred ich účinnosťou. Zvýšenie cien alebo iných poplatkov tretích strán, ako sú IATF, OASIS, poplatky za podávanie správ a certifikáciu a iné poplatky, sú vylúčené z oznamovania 4 mesiace vopred. Na služby, ktoré už boli písomne potvrdené, sa naďalej vzťahujú existujúce ceny.

## 8. TERMÍNY A SPLATNOSTI

DQS a klient si plánujú termíny auditu v čo najväčšom predstihu. Termíny sa potvrdzujú písomne. V prípade, že potvrdený termín nie je možné dodržať z dôvodu na strane klienta, DQS môže klientovi účtovať výdavky, ktoré mu skutočne vznikli pri príprave na tento termín.

Ak klient zruší termín menej ako osem týždňov pred termínom poskytnutia služby, DQS vyúčtuje klientovi 80 % hodnoty zmluvy vrátane vzniknutých cestovných nákladov a storno poplatkov.

Ak klient zruší termín menej ako sedem pracovných dní pred termínom poskytnutia služby, DQS vyúčtuje klientovi 100 % hodnoty zmluvy vrátane vzniknutých cestovných nákladov a storno poplatkov.

## 9. TRVANIE A UKONČENIE ZMLUVY

Zmluva sa uzatvára na dobu neurčitú odo dňa zadania objednávky. Klient môže podať písomnú výpoveď minimálne šesť týždňov pred koncom štvrtroka bez udania dôvodu.

V prípade výpovede zo strany klienta si DQS vyhradzuje právo vyúčtovať už poskytnuté služby. Ak klient vypovie zmluvu menej ako osem týždňov pred dátumom poskytnutia služby, DQS vyúčtuje klientovi 80 % hodnoty zmluvy vrátane vzniknutých cestovných nákladov a storno poplatkov.

Ak klient vypovie zmluvu menej ako sedem pracovných dní pred dátumom poskytnutia služby, DQS vyúčtuje klientovi 100 % hodnoty zmluvy vrátane vzniknutých cestovných nákladov a storno poplatkov. Spoločnosť DQS môže zmluvu vypovedať len na základe preukázaného oprávneného dôvodu.

## 10. ZÁVEREČNÉ USTANOVENIA

Práva a záväzky sa riadia právom v Slovenskej Republike zákonom č. 513/1991 Zb. a zák. č. 18/1996 Z. z. v znení neskorších predpisov a v Českej Republike zákonom č. 526/1990 Sb. a zákonom č. 89/2012 Sb v znení neskorších predpisov a zároveň príslušnými právnymi predpismi platnými v danej krajine. Vo všetkých ohľadoch sa v prvom rade uplatňuje Slovenské právo. Pre obe strany je právne záväzná len slovenská jazyková verzia týchto obchodných podmienok.

Ak by niektoré jednotlivé ustanovenie bolo alebo sa stalo neplatným, platnosť ostatných ustanovení týchto podmienok tým nie je dotknutá. V takýchto prípadoch sa neplatné ustanovenie nahradí príbuznými ustanoveniami, ktoré sa čo najviac približujú obchodnému účelu zmluvy a čo najviac chránia záujmy každej strany.

Okrem vyššie uvedených ustanovení sa na jednotlivé certifikačné služby vzťahujú špecifické požiadavky v ich aktuálne platnom znení, ako aj ich dopĺňajúce výklady. Týmto vydaním strácajú platnosť všetky naše predchádzajúce všeobecné obchodné podmienky.
